After the presentation made by the proponent, the Committee decided to recommend the proposal for the grant of EC to SEIAA after obtaining and considering the following details.</p> <ol style="list-style-type: none"> 1. According to the proposal 173 KLD of treated sewage will be disposed into the CMWSSB sewer. This is a huge quantity which goes as a waste. Hence, the committee suggested that the proponent should attempt to use more of treated sewage for beneficial purposes. Accordingly, the proponent agreed to use 5 KLD of treated sewage for OSR landscaping and 5.5 KLD for lawn maintenance. Thus, the treated sewage that will be disposed into the CMWSSB sewer will come down to 162.5 KLD. 2. In the project proposal submitted no details have been furnished regarding the disposal of the used swimming pool water periodically which will happen once in a month. The proponent should furnish details of the disposal method being
