

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

In view of sudden increase in present pandemic situation of COVID-19 , Maharashtra SEIAA directed SEAC-1 to appraise the proposals by using information technology facilities. Hence, SEAC-1 initiated to appraise the proposals received by the SEIAA through Videoconferencing technology on Cisco Webex platform.

Following members of SEAC-I were present for videoconference meeting.

Shri. Jeevan Patgaonkar	Vice Chairman
Dr. Chandrashekhar Marathe	Expert Member
Ms. Kavita Takale	Expert Member
Shri. Kundan Deshmukh	Expert Member
Shri. Abhay Pimparkar	Secretary

Minutes of 220th Meeting were confirmed. Due to pandemic the Minutes of meeting are approved through emails hence signature is not required.

The meeting is conducted under Vice-Chairman; as regular Chairman Dr. Vijay Kulkarni has resigned from his post and nominated Shri. Jeevan Patgaonkar as Vice-Chairman of the SEAC-1 as per Appendix- 6 of the EIA Notification, 2006 as amended from time to time.

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

Proposal No. 1: SIA/MH/MIN/264514	Type: EC
-----------------------------------	----------

INTRODUCTION:

This has reference to your online application vide proposal No. 264514 submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 1 (a) Mining of Minerals under category B2 of the EIA Notification, 2006 amended from time to time and the proposal is appraised in the SEAC-1 committee.

PROJECT DETAILS:

Environmental clearance for Proposed sand Ghat of Gut No. 49/1,49/2,50,1/1,4,5 an Area in 1.02 Ha, at Village Pimpri, Tehsil Himayatnagar, District Nanded by District Mining Officer Nanded.

Details of earlier EC if any:

No

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

RDC, Nanded, In-charge DMO, Nanded was present for the meeting along with Accredited Environmental consultant M/s. Enviro Techno Services Pvt. Ltd.

The project details as submitted by the PP are as below,

Village Name	Sand Mining Quantity in brass	Name of River	Total area in Ha.	Area dimensions Length x Breadth x Depth in meters	EMP Cost in Rs. Lakhs	Plantation along the approach road (number of trees)	Plantation along the river bank (number of trees)	Date of Public Hearing	Budget proposed for compliance of issues raised in Public Hearing in Rs. Lakhs
Pimpri	1802	Painganga	1.02	170 x 60 x 0.50	9.64	683	85	16.11.2021	1.00

The proposal was appraised based on the information presented by the DMO and their accredited consultant.

DMO, Nanded informed that, there is no cluster formation in the proposed sand ghat area.

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

RECOMMENDATIONS OF SEAC:

After deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for prior Environmental Clearance subject to the specific EC conditions as mentioned in the Annexure- 1 along with following additional conditions,

1. PP to provide 7.5 meter non mining zone from the river channel/bank to avoid erosion of river bank.
2. PP to submit details of green development in the district for the sand ghats to which Environmental Clearance was issued last year.
3. PP to ensure that, the transportation route of mined material shall not pass through the village it should be bypassed so as to avoid road damages, unforeseen accidents and adverse impact on the villagers.
4. PP to submit implementable plan to avoid erosion during sand mining due to concave nature of the sand ghat if any.

CONCLUSION:

Recommended

Balegaon	2944	Godavari	2.23	475 x 47 x 0.50	13.04	1000	250	16.11.2021	1.00

The proposal was appraised based on the information presented by the DMO and their accredited consultant.

DMO, Nanded informed that, there is no cluster formation in the proposed sand ghat area.

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

RECOMMENDATIONS OF SEAC:

After deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for prior Environmental Clearance subject to the specific EC conditions as mentioned in the Annexure- 1 along with following additional conditions,

1. PP to provide 7.5 meter non mining zone from the river channel/bank to avoid erosion of river bank.
2. PP to submit details of green development in the district for the sand ghats to which Environmental Clearance was issued last year.
3. PP to ensure that, the transportation route of mined material shall not pass through the village it should be bypassed so as to avoid road damages, unforeseen accidents and adverse impact on the villagers.
4. PP to submit implementable plan to avoid erosion during sand mining due to concave nature of the sand ghat if any.

The proposed project activity is listed at Sr. No. 1 (a) Mining of Minerals under category B2 of the EIA Notification, 2006 amended from time to time and the proposal is appraised in the SEAC-1 committee.

PROJECT DETAILS:

Environmental clearance for Proposed sand Ghat Gut No. 47,50,51, Area in 1.90 Ha, at village Pithorisirasgaon, Taluka Ambad, Dist. Jalna, by District Mining Officer Jalna.

Details of earlier EC if any:

No

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

Additional Collector, Jalna, In-charge DMO, Jalna was present for the meeting along with Accredited Environmental consultant M/s. Enviro Techno Services Pvt. Ltd.

The project details as submitted by the PP are as below,

Village Name	Sand Mining Quantity in brass	Name of River	Total area in Ha.	Area dimensions Length x Breadth x Depth in meters	EMP Cost in Rs. Lakhs	Plantation along the approach road (number of trees)	Plantation along the river bank (number of trees)	Date of Public Hearing	Budget proposed for compliance of issues raised in Public Hearing in Rs. Lakhs
Pithori Sirasgaon	3362	Galhati	1.90	640x16x0.5	11.92	700	450	23.02.2022	--

The proposal was appraised based on the information presented by the DMO and their accredited consultant.

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

DMO, Jalna informed that, there is no cluster formation in the proposed sand ghat area.

DMO also informed that, the proposed sand ghat does not fall in any eco-sensitive area.

RECOMMENDATIONS OF SEAC:

After deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for prior Environmental Clearance subject to the specific EC conditions as mentioned in the Annexure- 1 along with following additional conditions,

1. PP to submit details of green development in the district for the sand ghats to which Environmental Clearance was issued last year.
2. PP to ensure that, the transportation route of mined material shall not pass through the village it should be bypassed so as to avoid road damages, unforeseen accidents and adverse impact on the villagers.
3. PP to obtain necessary NOC from the forest department if the transportation route is passing through the forest area.
4. PP to submit implementable plan to avoid erosion during sand mining due to concave nature of the sand ghat if any.

Proposal No. 33: SIA/MH/MIN/266010	Type: EC
------------------------------------	----------

INTRODUCTION:

This has reference to your online application vide proposal No 266010 submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 1(a), Mining of Minerals category B of the EIA Notification, 2006 and the proposal is appraised in the SEAC-1 committee.

PROJECT DETAILS:

Environmental clearance for Proposed sand Ghat Gut No. 484,486,473 ,474,476,477, Area in 1.10 Ha, at village Dhasla, Taluka Badnapur, Dist. Jalna, by District Mining Officer Jalna

Details of earlier EC if any:

No

DELIBERATIONS IN SEAC:

Additional Collector, Jalna, In-charge DMO, Jalna was present for the meeting along with Accredited Environmental consultant M/s. Enviro Techno Services Pvt. Ltd.

The project details as submitted by the PP are as below,

Village Name	Sand Mining Quantity in brass	Name of River	Total area in Ha.	Area dimensions Length x Breadth x Depth in meters	EMP Cost in Rs. Lakhs	Plantation along the approach road (number of trees)	Plantation along the river bank (number of trees)	Date of Public Hearing	Budget proposed for compliance of issues raised in Public Hearing in Rs. Lakhs
Dhasla	1943	Dudhna	1.10	1100x10x0.5	8.45	200	550	23.02.2022	--

The proposal was appraised based on the information presented by the DMO and their accredited consultant.

DMO, Jalna informed that, there is no cluster formation in the proposed sand ghat area.

DMO also informed that, the proposed sand ghat does not fall in any eco-sensitive area.

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

RECOMMENDATIONS OF SEAC:

After deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for prior Environmental Clearance subject to the specific EC conditions as mentioned in the Annexure- 1 along with following additional conditions,

1. PP to submit details of green development in the district for the sand ghats to which Environmental Clearance was issued last year.
2. PP to ensure that, the transportation route of mined material shall not pass through the village it should be bypassed so as to avoid road damages, unforeseen accidents and adverse impact on the villagers.
3. PP to obtain necessary NOC from the forest department if the transportation route is passing through the forest area.
4. PP to submit implementable plan to avoid erosion during sand mining due to concave nature of the sand ghat if any.

CONCLUSION:

Proposal No. 39: Chandrapur District Sand Proposals (51 nos.)	Type: EC
---	----------

INTRODUCTION:

This has reference to your online application vide proposal No. as listed below (Total 51 nos.) submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 1(a), Mining of Minerals category B of the EIA Notification, 2006 and the proposal is appraised in the SEAC-1 committee.

PROJECT DETAILS:

As per list attached below

Details of earlier EC if any:

No

DELIBERATIONS IN SEAC:

DMO Chandrapur vide letter dated 13.04.2022 requested to allow to be absent for the meeting.

RECOMMENDATIONS OF SEAC:

The committee's recommendations:-

PP remained absent. Hence deferred

CONCLUSION:

Deferred

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

Sr. No.	Name of Proposal	SEIAA Statement No.
1.	Environmental clearance for Proposed sand Ghat of Gut No. 393, 394, 363, Area in 1.15 Ha, at Village Tulana-2, Tehsil Warora, District Chandrapur by District Mining Officer Chandrapur.	263703
2.	Environmental clearance for Proposed sand Ghat of Gut No. 356/1, 353, 354, Area in 1.32 Ha, at Village Tulana-1, Tehsil Warora, District Chandrapur by District Mining Officer Chandrapur.	263432
3.	Environmental clearance for Proposed sand Ghat of Gut No. 145 to 149, Area in 2.10 Ha, at Village Karanji,, Tehsil Warora, District Chandrapur by District Mining Officer Chandrapur.	263761
4.	Environmental clearance for Proposed sand Ghat of Gut No. 237, 240/1, 240/2, 240/3, 241, Area in 2.75 Ha, at Village Mangaon, Tehsil Bhadravati, District Chandrapur by District Mining Officer Chandrapur.	263866
5.	Environmental clearance for Proposed sand Ghat of Gut No. 6/1, 7, 10, 13, 14, 15, 17 to 25, Area in 4.50 Ha, at Village Ralegaon Rith, Tehsil Bhadravati, District Chandrapur by District Mining Officer Chandrapur.	263932
6.	Environmental clearance for Proposed sand Ghat of Gut No. 38/1, 38/2, 38/3, 51, 71, 72, 73, 75, to 77, 78/4, 79, 82, 84, 85/1, 86, to 88, 99, 184, Area in 1.20 Ha, at Village Mangli Re, Tehsil Bhadravati, District Chandrapur by District Mining Officer Chandrapur.	263980
7.	Environmental clearance for Proposed sand Ghat of Gut No. 241, 240, 239/1, 239/2, 233 Akapur- 117, 114, 112, 111 Area in 2.10 Ha, at Village Akapur, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264024
8.	Environmental clearance for Proposed sand Ghat of Gut No. 445, 442, 439, 438, 454, 455 an Area in 1.13 Ha, at Village Chinchala, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264029
9.	Environmental clearance for Proposed sand Ghat of Gut No. 252, 253,269 an Area in 3.00 Ha, at Village Ushrala Chak, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264063
10.	Environmental clearance for Proposed sand Ghat of Gut No. 935, 922, 905, 907,896 an Area in 2.85 Ha, at Village Rajoli, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264067

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

11.	Environmental clearance for Proposed sand Ghat of Gut No. Chitegaon -287, Motewahi 92, 93, 94 an Area in 1.80 Ha, at Village Chitegaon, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264075
12.	Environmental clearance for Proposed sand Ghat of Gut No. 446, 458, 459, 467 an Area in 3.00 Ha, at Village Yergaon, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264080
13.	Environmental clearance for Proposed sand Ghat of Gut No. 166 to 168, 177 to 180 an Area in 4.20 Ha, at Village Bhejgaon, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264092
14.	Environmental clearance for Proposed sand Ghat of Gut No. 103 an Area in 1.05 Ha, at Village Sushu Dabgaon, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264123
15.	Environmental clearance for Proposed sand Ghat of Gut No. 289, 290, 292, 293, 300, 301, 303 an Area in 4.00 Ha, at Village Borchandli, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264247
16.	Environmental clearance for Proposed sand Ghat of Gut No. 158,160, 161 an Area in 1.35 Ha, at Village Marhegaon, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264268
17.	Environmental clearance for Proposed sand Ghat of Gut No. 171, 168 an Area in 1.25 Ha, at Village Chak Dahegaon-2, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264295
18.	Environmental clearance for Proposed sand Ghat of Gut No. 33 to 36, 1, 72 an Area in 1.20 Ha, at Village Chak Naleshwar, Tehsil Mul, District Chandrapur by District Mining Officer Chandrapur.	264376
19.	Environmental clearance for Proposed sand Ghat of Gut No. 142,145,146,246, 247/1,247/2 an Area in 1.05 Ha, at Village Kalamgaon Tukum, Tehsil Sindewahi, District Chandrapur by District Mining Officer Chandrapur.	264420
20.	Environmental clearance for Proposed sand Ghat of Gut No. 297, 298, 306, 307/5, 237/1, 236/1, 236/2 an Area in 1.05 Ha, at Village Hivra-1, Tehsil Gondpipri, District Chandrapur by District Mining Officer Chandrapur.	264442
21.	Environmental clearance for Proposed sand Ghat of Gut No. 190,191,192 an Area in 1.05 Ha, at Village Kalamgaon Ganna, Tehsil Sindewahi, District Chandrapur by District Mining Officer Chandrapur.	263977

Date: 19th April, 2022
Venue: Through Video Conferencing

22.	Environmental clearance for Proposed sand Ghat of Gut No. 52,53 an Area in 2.20 Ha, at Village Nakoda, Tehsil Chandrapur, District Chandrapur by District Mining Officer Chandrapur.	263565
23.	Environmental clearance for Proposed sand Ghat of Gut No. 628, 629, 630 an Area in 1.80 Ha, at Village SamdaBuj, Tehsil Sawali, District Chandrapur by District Mining Officer Chandrapur.	263873
24.	Environmental clearance for Proposed sand Ghat of Gut No. 34, 35, 36 an Area in 1.05 Ha, at Village Khanbala, Tehsil Rajura, District Chandrapur by District Mining Officer Chandrapur.	263955
25.	Environmental clearance for Proposed sand Ghat of Gut No. 427, 429, to 432,446,447,449 an Area in 1.02 Ha, at Village Palasgaon, Tehsil Ballarpur, District Chandrapur by District Mining Officer Chandrapur.	263920
26.	Environmental clearance for Proposed sand Ghat of Gut No. 197, 198, 200 an Area in 1.08 Ha, at Village Sondri, Tehsil Brahmpuri, District Chandrapur by District Mining Officer Chandrapur.	263984
27.	Environmental clearance for Proposed sand Ghat of Gut No. 159, 160, 161, 162, 164 an Area in 2.00 Ha, at Village Kharkada, Tehsil Brahmpuri, District Chandrapur by District Mining Officer Chandrapur.	264026
28.	Environmental clearance for Proposed sand Ghat of Gut No. 139,167,168,171,172 an Area in 2.00 Ha, at Village Bodhegaon, Tehsil Brahmpuri, District Chandrapur by District Mining Officer Chandrapur.	264033
29.	Environmental clearance for Proposed sand Ghat of Gut No. 58, 59, 62, 63, 64 an Area in 4.80 Ha, at Village Bamarda, Tehsil Warora, District Chandrapur by District Mining Officer Chandrapur.	264480
30.	Environmental clearance for Proposed sand Ghat of Gut No. 171, 172/2, 161/1, 161/2 an Area in 1.05 Ha, at Village Aarvi, Tehsil Gondpipri, District Chandrapur by District Mining Officer Chandrapur.	264521
31.	Environmental clearance for Proposed sand Ghat of Gut No. 309, 310, 311, .312, 313 an Area in 2.52 Ha, at Village Usegaon, Tehsil Chimur, District Chandrapur by District Mining Officer Chandrapur.	263941
32.	Environmental clearance for Proposed sand Ghat of Gut No. 56, 357 ,359, 158 an Area in 4.90 Ha, at Village Vitthalwada-Yenbothla, Tehsil Gondpipri, District Chandrapur by District Mining Officer Chandrapur.	264561

Annexure – 1

EC Conditions for Sand Ghats

Sr. No.	Condition
1	DMO to demarcate the proposed sand ghat with geo-referencing clearly providing adequate space for necessary infrastructure and facilities as presented in the layout
2	The District Collector shall ensure that, the final lease be granted only after ensuring the river bed is dry. No sand mining activity be carried out if there is water in the river bed. PP also to ensure compliance of all issues raised during Gram Sabha before issuing final lease.
3	The District Collector shall ensure that, the approach road from the proposed sand ghat to the sand storage depot is properly identified and demarcated with the consent of the concern land owners /local authority before issuing final lease document. The route shall be from outside of the village to avoid its adverse impact.
4	PP to monitor the groundwater level during sand quarrying operations, a network of existing wells may be established around the sand quarrying area and piezometers shall be installed at all sand quarry sites. Monitoring of Groundwater Quality in the vicinity (one kilometre radius from the sand quarrying site) shall be carried out once in two months
5	PP to ensure that, suitable depots shall be located in the vicinity of the sand quarry site to facilitate the sale of sand. While selecting the site for depots, it must be ensured that the site is within 25 km from the sand quarry site and has an area of around 10-15 Acres with parking facility and proper entry and exit for smooth movement of the vehicles. The depot site shall preferably be a Government land, foreshore area of tank bund etc. near an NH/SH/MDR/ODR. In the absence of any Government land in the vicinity, private land may be leased out and rent fixed as per the approved Government rates applicable there in
6	PP to identify the central 3/4th part of river on map where there is a deposition of sand and remaining 1/4th area needs to be kept as no mining zone for the protection of the bank
7	PP to install permanent boundary pillars at the identified area of the aggradation and deposition outside the bank of the river at a safe location for future surveying. The distance between boundaries on each side of the bank shall not be more than 100 meters
8	PP to ensure that no mining activity is carried out below the depth as approved by the Competent Authority
9	PP to make sure that the Environmental Management Plan as presented shall be included in the lease agreement to be signed with the lease holder and ensure its implementation
10	Any unspent budget for EMP and CER will be transferred to District Mining Fund and will be used for CER/Plantation activities in consultation with District Collector.

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

Sr. No.	Condition
11	PP to ensure that, the distance of mining activity area from the river bank shall be 1/4th of the river bed width and should not be less than 7.5 meters
12	PP to ensure that, sand shall not be extracted up to a distance of 1 km from bridges and highways on both sides, or five times (5x) of the span (x) of bridge, public civil structure (including water intake point) on upstream side and ten times (10 x) the span of such bridge on downstream side, subjected to a minimum of 250 meters on the upstream and 500 meters on the downstream side
13	The District Collector shall define the transportation route from the mining lease considering the maximum production from the mines, size of mining lease, their location, the quantity of mineral that can be mined safely etc considering the movement of trucks/ tippers/tractors for the villages having habitation shall be avoided.
14	PP to ensure following additional measures are to be provided by the leaseholder to prevent any vehicle from transporting sand out of the lease area bypassing the IT enabled system, A. To provide one entry and exit point for vehicles. In case it is necessary to have more than one entry/exit all such points have check points all digital monitoring facilities as mentioned in the Enforcement and Monitoring Guidelines issued by MoEF&CC in January 2020. All other possible ways of entry /exit shall be closed using barriers. All provisions shall be made to not make it possible for any vehicle to enter or exit without entry into the computerized system. B. All such point shall have 24x7 CCTV coverage, the footage of which shall be submitted to the District Collector by the lease holder at mutually agreed frequencies
15	The route of mineral transportation vehicle from source to destination shall be tracked through the system using checkpoints, Radio-frequency identification (RFID) tags, and GPS tracking
16	PP shall carry out sand mining by manual method only. No mechanical /electrical/power driven devices shall be used for sand mining purpose
17	PP to ensure no stream is diverted due to proposed sand mining activity
18	PP to ensure that mining/ loading activity shall be restricted to day hours' time only. No mining activity shall be carried out after sunset and before sun rise
19	PP to ensure that, no heavy vehicles like truck, dumper etc. should ply in the river bed.
20	PP to ensure that, there is no damage to any fauna and its nesting close to the sand mining if any
21	PP to ensure that adequate measures like maintenance of roads, sprinkling of water and plantation is carried out to reduce the dust particulate matter pollution

Minutes of 221st meeting of SEAC-1
Date: 19th April, 2022
Venue: Through Video Conferencing

Sr. No.	Condition
22	PP to provide movable bio toilets to the workers working in the area and the sewage generated shall be properly collected and treated so as to conform to the standards prescribed by MoEF&CC and CPCB
23	PP to ensure that parking shall be done at designated place only and shall not be on Public roads or in the river bed
24	The sand transportation shall be carried out through the covered vehicles only and the vehicles carrying the mineral shall not be overloaded
25	PP to provide PP kits to all workers and First Aid facility at the proposed mining site. PP to impart safety induction training to all workers, impart daily safety briefing to workers, and carry out safety mock drill at least once a month
26.	PP to provide gabion structures of random rubble masonry (no wire mesh to be used) at 200 m interval, if length of sand ghat more than 200 m., as per Sand Mining Guidelines of IBM vide letter 296/7/2000/MRC dated 16 May 2011.
27	The District Collector to ensure strict compliance of all conditions stipulated in the Environmental Clearance. The District Collector should strictly monitor the compliance of the conditions stipulated in the Environment Clearance letter. Gram Dakshata Samiti to ensure that sand mining is limited to stipulated depth and quantity.
28	PP to ensure strict compliance of Enforcement & Monitoring Guidelines published by the MoEF&CC in January 2020
29	PP to adhere to the provisions stipulated in the Sustainable Sand Mining Guidelines issued by MoEF&CC, Maharashtra Minor Mineral Extraction (Development and Regulation) Rules, 2013 and Sand Extraction Policy issued by Maharashtra Government in Revenue and Forest Department
30	The District Collector and District Mining Officer shall ensure that there is no violation of any order with respect to the sand mining activity passed by the Competent Court. (Particularly, the directions given by Hon'ble Supreme Court of India vide order dated 27.02.2012 in Deepak Kumar case [SLP (C) Nos. 19628-19629 of 2009] and order dated 05.08.2013 of the Hon'ble National Green Tribunal in application No. 171/2013 & 173/2018 be strictly followed
