

Agenda notes for SEIAA meeting dated 03.01.2022 etc. and minutes of the meeting

Online Proposals

67th Meeting of SEIAA, Odisha dated 03.01.2022 and 04.01.2022 at 11.00 a.m.

| Sl. No. | Proposal Category (B1, B2) and Proposal type (TOR/ EC/ MO/ D/ MOD/ OR/ Transfer of EC) | Project Sector and EIA notification Schedule. | Auto generated File No. | Name of the Applicant/ Project Proponent | Title of the proposal | Date of receipt of the proposal online | Status indicated in the PARIVESH portal | Decisions of SEIAA in the previous meeting | Current Status and Agenda Note | |
|---------|--|---|-------------------------|---|--|--|---|--|---|---|
| 1. | B1, EC | 8(b) Building and Construction projects | 7012-3/64-MIS/12-2021 | Odisha Bridge & Construction Corporation Limited (OB&C) | Proposal for redevelopment of SCB Medical College Hospital Cuttack, Odisha (Phase-I) at Odisha | 19.12.2021 | Under examination of SEIAA after SEAC | This is a fresh online proposal for EC sent to SEAC for appraisal. Appraisal report of SEAC has been received. | <p>This is a proposal for Development of SCB Medical College & Hospital, Cuttack, Odisha (Phase-I)</p> <p>Note on the Proposal:</p> <p>This is regarding an Township and Area Development Project. The project is submitted at SEIAA under Category 'B' as per the EIA Notification, 2006. It falls in the schedule Sl.No.8(b) – "Township & Area Development" as the built up area ≥ 1,50,000 Sqm or area ≥ 50 Ha. The present proposal is submitted for Environmental Clearance for Construction SCB Medical College & Hospital, Cuttack, Odisha (Phase-I) and the project proponent is Sri Pradipta Kumar Bal</p> <ul style="list-style-type: none"> The project proponent has submitted Form-1, Form-1A, Conceptual Plan, EIA/EMP report. The PP has obtained TOR vide letter 2696/SEIAA dt. 16.09.2021 for EIA study. Total Plot area-5,51,865 Sqm/136.37 Ac or 55,18658 Ha, Total built up area(existing + proposed)-7,81,081.48 Sqm. | EC may be given. A suitable draft with all necessary stipulations may be put up for approval. |

| | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| • | <p>Existing Built up area for Clinical = 66,733.19 Sqm, Residential for (Professor Quarters) = 5979.61 Sqm, for Hostel = 37940.33 Sqm, Academic = 40177.19 Sqm, Under construction = 4099.77 Sqm (Total Existing BUA = 1,54,930.09 Sqm).</p> <p>• Proposed BUA Hostel = 96328.93 Sqm, Residential = 170575.11Sqm, Clinical = 349543.00 Sqm, Other facilities = 9704.35 Sqm (Total Proposed BUA = 6,26,151.39 Sqm).</p> <p>• Total proposed parking area for clinical=100,361.00 sqm and Residential=62,137.29 sqm (total- 162,498.0 sqm (30 % of total FAR Area as per ODA planning standards) or 5106 ECS). Excavation will be done for laying Basement and foundation structure, which involves cut and fill of earth sections. Maximum height of above ground building will be 45 m (S+12) (Residential Building), Clinical building block- (G+1) to (G+10), Hostel Building Block – S+12, Residential Building- S+12.</p> <p>• The project site is located next to Mahanadi River and - 2.13km away from Cuttack Railway station, 1.2k from Ravenshaw University, 2.08 km from Barabati Stadium</p> <p>• The quantity of water consumption during construction- 417 KLD and the source from Municipality Supply water. Total water requirement for operation-534 KLD</p> <p>• There is provision for STP capacity-100 KLD(60,000 liters/day for building construction + 40,000 litre/day for domestic), During operation-2757 KLD and the source of water from Municipality supply water</p> <p>• The generated waste water from Hospital will be treated 925 KLD STP and 75 KLD of ETP.</p> <p>• Total 22911 m² rain water will be harvested and discharged to underground through 135 nos. of pits.</p> <p>• Total Domestic waste generation will be 12,313.6 Kg/day, Total Biomedical waste generation from existing and proposed building will be932.4 Kd/day</p> <p>• Area provision for green belt-1,32454.77 sq.m (23% of plot area), parking 1,20,523.85 sq.m(19.89% of built of area).</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| | | | | | | | | |
|--|--|--|--|--|--|--|--|--|
| | | | | | | | | <ul style="list-style-type: none"> • The SEAC recommended the proposal for grant of EC valid for a period of 7 years with stipulated conditions. <ol style="list-style-type: none"> 1. All the land kisam shall be converted to "Gharaban" before going for construction activity for the project by appropriate revenue authority including that of "SABAK/ HAAL" records as well. 2. No of trees that are cut with due permission as stated during the process of redevelopment of the project site, necessary compensatory plantation shall be done by PP or the authority concerned or by the Forest department, Government of Odisha under deposit scheme as per the Government rules. 3. Plantation and solar facilities to be implemented as proposed at appropriate time. 4. Parking in terms of ECS (4-wheeler,2-wheeler and bicycles) shall be provided compatible with patience and attending visitors, OPD patients and visitors with them, Doctor's and staffs, nursing sisters and at least 10% floating population in confirmative building by-law/NBC norm/ applicable laws and rules for this kind of project. 5. The proponent shall operate STP and ETP separately as standalone system and both shall not be inter-connected. ETP outlet effluent shall not be discharged to outside the project premises i.e. "Zero Liquid Discharge" from ETP to outside the premises shall be maintained. 6. Under no circumstances, treated waste water discharge from ETP shall be used for dual plumbing for flushing purpose. 7. Existing ETP outlet of present SCBMCH shall be disconnected from the Tank to which domestic effluents are put and discharged to drain without treatment. This Tank shall be connected to any one of the two STPs proposed under expansion. 8. The Decongestion plan as given by the proponent in the traffic density study report shall be implemented for compliance with a definite time frame. 9. The proponent shall have the provision of incinerator of adequate capacity and design must be there to |

| 2. | B1, EC | 1(a) Mining of minerals | 7022/2/65-MINB/1/12-2021 | M/s Odisha Mining Corporation Ltd; Sri.Su man Krishn a Sit,GM | Proposal of EC of M/s Odisha Mining Corporation Ltd for Sukhapada Decorative Stone Mine over an area of 46.159 Ha or 114.062 Acres at Village-Bandareswar & Kesharaipur, Tahasil-Darpan, District- Jajpur (ToR issued vide letter no.2344/SEIA A dated 31.08.2021, Final EIA/EMP) | 18.1 2.20 21 | Under examination of SEIA A after SEAC | This is a fresh online proposal for EC sent to SEAC for appraisal. Appraisal report of SEAC has been received. | <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p> <p>This is regarding a New proposal for mining of minor mineral Decorative Stone. The project has submitted by the applicant under Category 'B1' for EC</p> <p>The project proponent has submitted proposal for EC of Sukhapada Decorative Stone Quarry over a lease area 46.159Ha/114.062 acre at village-Bandareswar & Kesharaipur, Tahasil-Darpan and District-Jajapur and the project proponent is Odisha Mining Corporation Ltd.</p> <p>The following documents have been received</p> <p>Checklist, form-1, PFR, D.L.C, EMP/EIA, Public Hearing report, topomap, village sheet, lease order, mining approval letter, mining plan, cluster clarification.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Not submitted DSR <p>Distance from nearest sanctuary/ESZ-Kapilash WLS-33.7km</p> <p>Whether the lease area coming in D.L.C. report-No</p> <p>Whether the lease area is reflecting in DSR-Yes.</p> <p>Method of mining-Semi-mechanized</p> <p>Distance from Nearest Road Bridge-</p> <p>Whether it is part of cluster -No</p> <p>Whether EC obtained earlier - No</p> <p>Production capacity per annum-28,975 cum/annum(max.), Geological reserve-61,99,785 cum, mineable reserve-57,27,717 cum</p> <p>This is a B2 category project.</p> <p>Whether SEAC recommended the proposal- Yes, for EC with specific condition</p> <p>i) While Land use of the proposed project site is stated to be "Non forest Agricultural land (Abada Ajogya Anabadi)" by the lessee, it is also said to be of "Parbat-2" Kisam by the lessee. Therefore, land conversion / diversion for mining purpose shall be done with the approval of the concerned authority confirming to land use policy of the State.</p> <p>ii) The lessee shall provide the settling tank of suitable design & capacity to accommodate run-off / wash off from</p> | EC may be given. Put up a suitable draft with all relevant stipulations. EMP may be beefed up. |
|----|--------|-------------------------|--------------------------|---|--|--------------------|--|--|---|--|

- non – saleable stone / waste dumps without outflowing in addition to retaining wall & garland drain.
- iii) The lessee shall prepare the "SOP" for silt management in place including desiltation (if any, by analysing the presence of silt and fine sand and other fine minerals if any) of water bodies / Birupa river / Agricultural & Crop lands and implement the same.
 - iv) Permission for use of village road shall be obtained from appropriate Govt authority before use of the same.
 - v) Perennial periodical maintenance of the above said village road shall be done by the lessee in consultation & as advised by the authority of the road or it will be maintained by the authority of the road as required based on the "deposit scheme" of appropriate fund by the lessee with the authority.
 - vi) Suitable haulage road shall be constructed by the lessee from lease boundary till NH-5A (Datarl- Paradeep State Highway) of 200 meters & also maintained by them with permanent auto sprinkling arrangement on the said road for fugitive dust suppression.
 - vii) The lessee shall provide the permanent sprinkling system inside the mines.
 - viii) Rain water harvesting Management shall be in place with the pond for use in green belt, water sprinkling etc.; and reduce the burden of water drawal from elsewhere.
 - ix) The lessee shall make all efforts for transplantation of trees / saplings / afforestation done earlier in the hillocks fall, within the safety zone and non=mineral zone of mining area. Besides this, compensatory plantation/ afforestation shall be done for the trees to be cut if unavoidable with due permission of the appropriate Govt. Forest authority under deposit scheme as per the Govt. rules. Three tier/ dense green belt shall be maintained in safety zone around mining area by planting more saplings.
 - x) Lessee shall make avenue plantation on both sides of haulage road and village road.
 - xi) Since the manpower is 40+ including floating population, the lessee shall install a STP of minimum 5 KLD capacity of suitable design for treatment of domestic waste water.

| | | | | | | | | |
|--------|---|--|--|--|--|--|--|--|
| xii) | The lessee shall make all efforts for "Zero discharge" to outside the lease boundary. | | | | | | | |
| xiii) | The Lessee should provide large Sumps in the mined out/ non-mining area for collection of rain water & simultaneously recharge the Ground water. | | | | | | | |
| xiv) | Provision of matching capacity of Settling Pond for sedimentation shall be provided to release the supernatant water through Check dam/ grass way/stone gabions if the water quality is within permissible limit and if Zero Discharge concept is not achieved in exigencies. | | | | | | | |
| xv) | This EC is granted subject to strict compliance by the lessee / PP on the commitments made by them during Public Hearing. | | | | | | | |
| xvi) | This EC is granted without prejudice to any order or direction from any court of competent jurisdiction or competent authority under applicable laws. | | | | | | | |
| xvii) | The lessee shall comply with all the conditions of EC and if anything is found otherwise at any point of time, the EC so granted shall be deemed to have withdrawn / revoked with immediately effect besides levy of penalty as applicable under the applicable laws. | | | | | | | |
| xviii) | Mines closure plan shall be strictly followed by the lessee. | | | | | | | |
| xix) | Protection of Nalas/Water body(s)/ ponds at the bottom of the Hillock shall be ensured by the Lessee with the construction of "Retention Wall" of appropriate length, height and construction materials that will also protect fish cultivation and arrest erosion. | | | | | | | |
