1.	01.11.2019	Nil 11.11.2019 11.11.2019 15.02.2020 - received from SEAC 27.05.2020 received Clarification	45688/04 -MIN- V/09- 2019	Non Coal Mining	1(a)	Joruri Iron & Mn Ore Mines of M/s Tarini Minerals Pvt. Ltd over mining lease area 66.368 Ha for "enhancement of iron ore production to 4.27 lakh TPA along with existing crushing unit of Primary Crusher (40 Tph) And 2 X 12 Tph secondary crusher, located at Village(s) Jajang & Khandbandh, Tehsil-Barbil, District Keonjhar, Odisha	M/s Tarini Minerals Pvt. Ltd	Keonjhar	7525 / 20.11. 19	The SEAC in its meeting held on 07.02.2020 has recommended for grant of EC for the project with specific conditions in terms of the provisions of the MoEF&CC, Govt. of India notification dated 14 th March, 2017 in addition to the conditions stipulated as per Annexure-A. However, the EC shall be issued by the SEIAA after receipt of Stage-I Forest Clearance from the Proponent.			

The Proposal was placed in the 18th meeting of SEIAA and was decided as follows:

Apparently, this mining lease has operated since the year 1995. Whether EC was obtained under EIA Notification 1994 and 2006 from MoEF&CC is not forthcoming from the records furnished. EC for expansion proposal was filed before MoEF, much later, and ToR was issued by the Ministry on 18.01.2010. The proposal with EIA reports etc. was taken up for appraisal before EAC in their meeting on 22nd to 24th July, 2013. Clarifications were sought for further consideration. This proposal was however kept in abeyance for want of NEERI report. It is stated in the SEAC appraisal report on the basis of information submitted by the PP that as per order of Hon'ble Supreme Court of India dated 02.08.2017 in WP(C) No. 114 of 2014 (Common cause Vs Union of India & Ors.) the State Govt. was directed to raise demand on the erring lessee for exceeding the production beyond the granted EC and for production without EC. The lessee has paid Rs. 67.3384159 crores to the State Govt. on 30.12.2017. The lessee submitted EC application for expansion proposal in the violation portal of MoEF, which was transferred to SEIAA on 20.11.2018. SEAC, Odisha issued a specific ToR on 14.12.2018. Detailed EIA study report on this specific ToR was filed by PP and the same was transmitted to SEAC for appraisal on 20.11.2019. It is only the excess production part that is sought to be covered by the said penalty paid by the PP; but the PP is required to comply with the Notification of 14.03.2017 of MoEF&CC to carry out the restitution of the environmental damage caused on account of the lessee's violations of EC conditions. For each item of environmental damage, on account of violations of EC conditions the damage has to be assessed and a proper scheme for its restoration and restitution has to be drawn up by an accredited consultant and submitted by the PP for consideration. The cost estimate of restitution activities to be carried out will flow from such a scheme.

The Stage-I Forest Clearance application has been submitted only recently on 03.12.2019. The PP has to submit Stage-I Forest Clearance Order before the EC application can be disposed. In the meantime, he is required to file a proper environmental restitution plan for all the EC conditions violated in course of his mining operation for further consideration of the proposal, in terms of Notification of MoEF&CC dated 14.03.2017.

Now the PP has submitted the necessary clarification for consideration of EC.

Decision of SEIAA :- Deferred to the next meeting.

8. Other proposals received online by SEIAA (Extension of validity of EC) (Scrutiny prior to sending to SEAC).
