

**MINUTES of 206th (Day-2) MEETING OF STATELEVEL ENVIRONMENT
IMPACT ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD
ON 06.02.2023 AT VIJAYAWADA A.P.**

206th SEIAA

06.02.2023

Day - 2.

**MINUTES OF THE 206th MEETING OF STATELEVEL ENVIRONMENT IMPACT
ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON
06.02.2023 AT VIJAYAWADA A.P.**

Present:

The following members were present. (Through Video Conference)

1.	Sri P.Venkata Rami Reddy, I.A.S, (Retired).	Chairman
2.	Dr.Thatiparthi Byragi Reddy Professor. Department of Environmental Sciences, Andhra University, Visakhapatnam	Member
3.	Dr.P.V.Chalapathi Rao, I.F.S Special Secretary to Govt., Environment, Forests, Sciences and Technology Department, Govt. of Andhra Pradesh & Member Secretary, SEIAA, A.P.	Member Secretary

07/02/2023

Agenda Item:	2.0 Ha. Road Metal & Building stone of Sri N. PeddaVeeraiah, at Sy. No.394 Jami Village & Jami Mandal Vizianagaram District, Andhra Pradesh –
-------------------------	--

<p>209.17 & 206.11</p>	<p>Environmental Clearance – EIA case- Reg. SIA/AP/MIN/72226/2021</p>							
<p>Recommendations of the SEAC on 06.01.2023. Category: B2 The proposed project is for mining of Road Metal & Building stone in an area of 2.0 Ha. with a proposed production quantity of RM& BS – 131112 m3/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan. The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease). The representative of proponent and their consultant SV Enviro Labs & Consultants attended the meeting. The proponent has obtained Specific TOR without Public hearing on 03.02.2022 In 179th SEAC meeting recommended to raise ADS for want of credible action and accordingly project proponent submitted that the APPCB has filed a criminal case under section 15 of E(P) act 1986 before the Hon’ble Jr. Civil Court, Shrugvarapukot vide C.C no. 243/2022. In 199th SEAC meeting recommended to raise ADS following. 1. The project proponent shall submit revised remedial plan including restoration of benches plan. 2. The project proponent shall submit additional Bank Guarantee based on revised remedial plan. Proponent submitted ADS replied on 28.12.2022. SO No 804 dt 14.03.2017 compliance: 1. Credible action was initiated vide CC No 243/2022 dt: 20.09.2016 in the court of Hon’ble Jr. Civil Court, Shrugvarapukota. 2. Submitted undertaking on 16.12.2021 stating that the violation will not be repeated. 3. Remediation and resource augmentation plan with a cost of Rs.1,86,460.00/-. proof of submission of BG is to be submitted. The base line data was collected from Oct, 2021 to Dec, 2021. The predominant wind direction is observed to be East to West. The maximum concentration of SPM is observed to be 60.40 µg/m3. The incremental concentration is 1.74 µg/m3. The GLC of SPM will fall within mine lease area. The project proponent has submitted production dispatch letter from ADMG, Vizainagaram vide letter dt. 27.12.2022 Penalty is calculated and recommended to take further action in complying with OM 07.07.2021 SoP.</p>								
<p>SN</p>	<p>Name of the mine</p>	<p>Project cost in Rs</p>	<p>Total production during violation period as reported by mining departme</p>	<p>Cost of the mineral as reported by the mining departme</p>	<p>Turnover during violation period in Rs</p>	<p>1% of project cost in Rs</p>	<p>0.25 % of turnover during violation period in Rs</p>	<p>Total penalty amount to be levied as per OM 07.07.2</p>

			nt (letter dated)	nt (letter dated)				0 21 in Rs
1.	Sri N. PeddaVeeraiah (SIA/AP/MIN/72226/2021)	Rs. 64,00,000/-	18348Cu m Dt.27.12.2022	12,91,485/-	12,91,485/-	Rs.64,000/-	Rs.3299 /-	Rs.67,229 /-
<p>The proponent volunteered to provide 4 –Oxygen concentrators to the Govt. Hospital at Jami Mandalas a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 4 years.</p> <p>The Committee after examining the project proposals, presentations, MoEF&CC’ Notifications & OMs and detailed deliberations, EIA reports and recommended to issue Environmental Clearance with the following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall carryout mining with proper benches. 6. The project proponent shall submit bank guarantee for Rs.1, 86,460.00/-as a part of Remediation and resource augmentation plan. <p>Decision of SEIAA:- A letter may be addressed to the project proponent to submit the bank guarantee and to pay the penalty amount.</p>								
Agenda Item: 209.19& 206.12	1.0 Ha. Road Metal & Building stone of Sri N. PeddaVeeraiah, at Sy. No.394 Jami Village & Jami Mandal, Vizianagaram District, Andhra Pradesh SIA/AP/MIN/71931/2021							
<p>Recommendations of the SEAC on 06.01.2023.</p> <p>Category: B2</p> <p>The proposed project is for mining of Road Metal & Building stone in an area of 1.0 Ha. with a proposed production quantity of Road Metal & Building stone - 85500 m3/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant SV Enviro Labs &Consultants have attended the meeting.</p> <p>The project proponent has obtained violation TOR without Public hearing on 21.01.2022.</p> <p>The Committee noted that the extent of proposed mine lease area is 1.0 Ha. The project falls under B2 category. Mine life is 4 years.</p>								

In 179th SEAC meeting recommended to raise ADS for want of credible action and accordingly project proponent submitted that the APPCB has filed a criminal case under section 15 of E(P) act 1986 before the Hon'ble Jr. Civil Court, Shrugvarapukot vide C.C no. 242/2022.

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to raise ADS for following.

1. The project proponent shall submit revised remedial plan including restoration of benches plan.
2. The project proponent shall submit additional Bank Guarantee based on revised remedial plan.

Proponent submitted ADS replied on 28.12.2022.

SO No 804 dt 14.03.2017 compliance:

1. Credible action was initiated vide CC No 242/2022 dt: 20.09.2016 in the court of Hon'ble Jr. Civil Court, Shrugvarapukota.
2. Submitted undertaking on 16.12.2021 stating that the violation will not be repeated.
3. Remediation and resource augmentation plan with a cost of **Rs. 1,56,100.00/-** proof of submission of BG is to be submitted.

The base line data was collected from Oct, 2021 to Dec, 2021.

The predominant wind direction is observed to be East to West.

The maximum concentration of SPM is observed to be 60.40 µg/m³. The incremental concentration is 1.74 µg/m³. The GLC of SPM will fall within mine lease area.

The project proponent has submitted production dispatch letter from ADMG, Vizainagaram vide letter dt. 27.12.2022

Penalty is calculated and recommended to take further action in complying with OM 07.07.2021 SoP.

<p>Agenda Item: 209.26 & 206.16</p>	<p>0.878 Ha. Earth, Ballast, Road Metal and Boulders of Sri Talam Ganapathi, at Survey No: 63/P & 101 Decherla Village, Kovvuru Mandal, West Godavari District, Andhra Pradesh SIA/AP/MIN/411195/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2 at par with B1</p> <p>The proposed project is for mining of Earth, Ballast, Road Metal and Boulders in an area of 0.878 Ha. with a proposed production quantity of Top Soil/ Earth- 3,369 CuM/ Annum, Weathered Rock/ Pumice - 6,739 CuM/ Annum&Road Metal/ Ballast - 11,232 CuM/ Annumwith a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant Hubert Enviro Care Systems Private Limited, Chennai, have attended the meeting and presented the case.</p> <p>The proponent has obtained TOR with public hearing on 15.11.2019 and public hearing was held on 22.04. 2022. Public hearing details There are no specific issues raised in the public hearing.</p> <p>The project consultant have spoked for the issues raised in the PH is as follows: Representative of M/s. Global Environment & Mining Services on behalf of M/s. Sri Talam Ganapathi: He thanked everyone who participated in the Public Consultation and he explained the public for following prevention & control measures for proposed mining activity.</p> <ul style="list-style-type: none"> • Wet drilling will be adopted and controlled sequential blasting will be carried-out. Due to controlled sequential blasting, the vibrations in the surrounding areas will be minimal. • The dust may get generated due to transport vehicles that carry the mined mineral. It will be suppressed by water spraying with tankers. • The vehicles carrying the mines material will be covered with tarpaulins. • It is proposed to take- up plantation of 500 trees suitable to local conditions, in the vacant government land and also on both sides of the approach road. The protection and maintenance of these trees will be the responsibility of the quarry management only.

	<ul style="list-style-type: none"> • Once the mining operations gets started, half-yearly monitoring of Ambient Air Quality, Noise Levels, Water quality testing, etc., will be carried out and the reports will be submitted to MoEF&CC Regional Office, APPCB and SEIAA. • In the proposed mine, around 20 people will get direct employment and another 30 persons get indirect employment. In addition, opportunities will be given to locals, in various supporting indirect activities like transportation of mined minerals, water spraying on the approach roads, tree plantation and their maintenance etc., • As part of Corporate Social Responsibility, in association with other quarries operating in the village, it is proposed to provide Drinking Water Supply Unit to this Decherla village. Also, it is proposed to arrange annual health camps, for the benefit of the people from surrounding villages. • All precautionary measures will take-up for Environmental Protection. <p>The base line data was collected from Dec, 2019 to Feb, 2020. The predominant wind direction is observed to be East to West The maximum concentration of SPM is observed to be 59.74 µg/m³. The incremental concentration is 3.26 µg/m³. The GLC of SPM will fall at a distance of 0.4 Km towards West direction. The proponent volunteered to provide water treatment plant and Health camps in the Decherapalli Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 8 years.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall adopt Wet drilling and controlled sequential blasting As per commitment by the proponent during public hearing. 6. The project proponent shall comply other assurances given in the public hearing. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item: 209.27 & 206.17</p>	<p>2.505 Ha. Earth, Road Metal & Building Stone of Smt. A. Sowjanya, at Survey No: 31 Decherla Village, Kovvuru Mandal, West Godavari District, Andhra Pradesh SIA/AP/MIN/412098/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2. The proposed project is for mining of Earth, Road Metal & Building Stone in an</p>

area of 2.505 Ha. with a proposed production quantity of **Earth/ Top Soil: 5,398 m³/ Annum, Semi Weathered Rock/Pumice: 10,796 m³/Annum & Road Metal/Basalt: 17,994 m³/ Annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).

The project proponent and their consultant **Hubert Enviro Care Systems Private Limited, Chennai**, have attended the meeting and presented the case.

The proponent has obtained TOR with public hearing on 15.11.2019 and public hearing was held on 22.04. 2022.

Public hearing details

There are no specific issues raised in the public hearing.

The project consultant have spoken for the issues raised in the PH is as follows:
Representative of M/s. Global Environment & Mining Services on behalf of M/s. Smt. A. Sowjanya: He thanked everyone who participated in the Public Consultation and he explained the public for following prevention & control measures for proposed mining activity.

- Wet drilling will be adopted and controlled sequential blasting will be carried-out. Due to controlled sequential blasting, the vibrations in the surrounding areas will be minimal.
- The dust may get generated due to transport vehicles that carry the mined mineral. It will be suppressed by water spraying with tankers.
- The vehicles carrying the mines material will be covered with tarpaulins.
- It is proposed to take- up plantation of 500 trees suitable to local conditions, in the vacant government land and also on both sides of the approach road. The protection and maintenance of these trees will be the responsibility of the quarry management only.
- Once the mining operations gets started, half-yearly monitoring of Ambient Air Quality, Noise Levels, Water quality testing, etc., will be carried out and the reports will be submitted to MoEF&CC Regional Office, APPCB and SEIAA.
- In the proposed mine, around 20 people will get direct employment and another 30 persons get indirect employment. In addition, opportunities will be given to locals, in various supporting activities like transportation of mined minerals, water spraying on the approach roads, tree plantation and their maintenance etc.
- As part of Corporate Social Responsibility, in association with other quarries operating in the village, it is proposed to provide Drinking Water Supply Unit to this Decherla Village. Also, it is proposed to arrange annual health camps, for the benefit of the people from surrounding villages.
- All precautionary measures will take-up for Environmental Protection.

The base line data was collected from Dec, 2019 to Feb, 2020.

The predominant wind direction is observed to be East to West

The maximum concentration of SPM is observed to be 59.74 µg/m³. The incremental concentration is 3.26 µg/m³. The GLC of SPM will fall at a distance of 0.4 Km towards West direction.

	<p>The proponent volunteered to provide water treatment plant and Health camps in the Decherapalli Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 11.81 years. The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall adopt Wet drilling and controlled sequential blasting As per commitment by the proponent during public hearing. 6. The project proponent shall comply other assurances given in the public hearing. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item: 209.28 & 206.18</p>	<p>1.012 Ha. Quartz of M/s. Universal Minerals, at Survey No: 47/1B, 48/8 & 48/9 Kudapa Village, Reddygudem Mandal, NTR District, Andhra Pradesh SIA/AP/MIN/411920/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2.</p> <p>The proposed project is for mining of Quartz in an area of 1.012 Ha. with a proposed production quantity of Quartz –20,007 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant NVSPL Ravi Kanth, RQP, have attended the meeting and presented the case.</p> <p>The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Vijayawada vide Lr. dt. 21.12.2022, there are no existing quarry leases within the radius of 500 m area. The total cluster area is <5.0 Ha . this is a standalone mining unit.</p> <p>The project proponent has obtained lease in the year 2004 to 2024 and the project proponent has submitted production and dispatch details along with cluster letter dt. 21.12.2022 and committee noted that the proponent has not done any mining after 2016. Hence, the committee treated this proposal as non- violation case and</p>

	<p>recommended for EC.</p> <p>The proponent volunteered to provide Bore well with motor to MP UP school in the Kudapa Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 8 years.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications &Oms, and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall adopt for controlled blasting as the habitation is at a distance of 400m. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item: 209.29& 206.19</p>	<p>4.328 Ha. Lime Kankar and Limestone Slabs (Black) Quarry of M/s Sri Vasista Mining at Sy. No. 337/Part of Palkur Village, Banaganapalli Mandal, Kurnool District, Andhra Pradesh SIA/AP/MIN/412017/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2 at par with B1.</p> <p>The proposed project is for mining of Lime Kankar and Limestone Slabs (Black) in an area of 4.328 Ha. with a proposed production quantity of 60,000 TPA of Lime Kankar 56,000 TPA of Lime Stone Slabs (Black) with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the project and their consultant Global Enviro Labs, have attended the meeting and presented the case.</p> <p>The proponent has obtained TOR with public hearing on 31.05.2022 and public hearing was held on 19.10. 2022. Public hearing details There are no specific issues raised in the public hearing.</p> <p>The project consultant have spoke for the issues raised in the PH is as follows: Response Of The Management Sri T. Murali Krishna, Environmental Consultant, M/s. Global Enviro Labs, Hyderabad: He thanked everyone who attended the public hearing and for their views and Suggestions. He expressed that as per M. Raghuram Reddy's opinion, management is ready to provide saplings to them. He informed that these greenbelt</p>

	<p>development works will be started as mentioned in the mining plan and along with mining execution works. He informed that they will consider the request of the president and will provide drinking water and drainage facility to Deva nagar village. He requested villagers to give representations to govt regarding allotting land for grave yard and management will give its help and support that in all possible ways. He informed that management will consider the all requests and suggestions raised during the public hearing and they will carry out mining activities with cooperation of villagers and everyone. He thanked everyone for the opportunity.</p> <p>The base line data was collected from Oct, 2021 to Dec, 2021. The predominant wind direction is observed to be South East to North West The maximum concentration of SPM is observed to be 57.54 µg/m³. The incremental concentration is 2.66 µg/m³. The GLC of SPM will fall at a distance of 0.5 Km towards North West direction. The proponent volunteered to provide water treatment plant and Health camps in the Banaganapalli as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine for lime kankar is 10.57 years and for lime slabs is 15 years.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall comply other assurances given in the public hearing. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item: 209.30& 206.20</p>	<p>1.250 Ha Lime Kankar and Limestone Slabs (Black) mining of M/s Pudhota Industries located at Sy.No: 322/P & 327/P of Palkur Village, Banaganapalli Mandal, Kurnool District, Andhra Pradesh SIA/AP/MIN/412339/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2 at par with B1 The proposed project is for mining of Lime Kankar and Limestone Slabs (Black) in an area of 1.250 Ha. with a proposed production quantity of Lime kankar – 25000 TPA Limestone slabs (Black) – 12600 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan. The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p>

	<p>The project proponent and their consultant Global Enviro Labs, have attended the meeting and presented the case.</p> <p>The proponent has obtained TOR with public hearing on 31.05.2022 and public hearing was held on 19.10. 2022.</p> <p>Public hearing details</p> <p>There are no specific issues raised in the public hearing.</p> <p>The project consultant have spoked for the issues raised in the PH is as follows:</p> <p>Response from The Management :</p> <p>Sri T. Murali Krishna behalf of management: He thanked DRO, EE PCB, MRO, Villagers, Police department, Print & Electronic Media. He informed that mineral fund will goes to the govt and govt will use that fund for the affected areas development, so he requested people to submit a representation to govt about grave yard issue and management will support people for that. He has informed that they will implement all pollution control measures and consider all suggestion and they will operate mine as per norm, and thanked everyone for the opportunity.</p> <p>The base line data was collected from Oct, 2021 to Dec, 2021. The predominant wind direction is observed to be South East to North West</p> <p>The maximum concentration of SPM is observed to be 57.54 µg/m³. The incremental concentration is 2.66 µg/m³. The GLC of SPM will fall at a distance of 0.5 Km towards North West direction.</p> <p>The proponent volunteered to provide Digital class rooms, furniture and computer to palkur primary school as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine for lime kankar is 5 years and for lime slabs is 6years.</p> <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall strengthen / maintain 1.5Km road in palkur village. 6. The project proponent shall comply other assurances given in the public hearing. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item: 209.31 & 206.21</p>	<p>2.916 Ha. Mining of Black Granite of M/s. Sri Sai Monica Enterprises at Sy.No.1703/4(P), 5(P), 6(P), 1791/1(P), 3, 1899/2(P) & 1896(P) at Jillelamanda Village, K.V.Palli Mandal, Chittoor District, A.P. SIA/AP/MIN/406975/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2.</p>

	<p>The proposed project is for mining of Black granite in an area of 2.916 Ha. with a proposed production quantity of Black granite – 3,600 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant Ampl Environ Pvt., Ltd., have attended the meeting and presented the case.</p> <p>The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Palamaner vide Lr. dt. 30.09.2022, there are no existing quarry leases within the radius of 500 m area. The total cluster area is <5.0 Ha .</p> <p>In 206th SEAC meeting decision is recommended to raise ADS for corrected Geo-coordinates in Mining plan. accordingly, the proponent has submitted Corrected Geo- coordinates in mining plan.</p> <p>The proponent volunteered to provide water treatment plant in the Jillelamanda Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 31.6 years.</p> <p>The Committee after examining the project proposals, ADS reply, presentations, mining plan, MoEF&CC’ Notifications &Oms, and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1200 no of plants along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall acquire 0.5 Ha of additional dump area for waste disposal after 2nd year. 6. The project proponent shall provide 50m bund on Eastern side to protect surface runoff. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item: 209.32 & 206.22</p>	<p>13.962 Ha Mining of Laterite & Fire clay of M/s Sangam Minerals at Sy.No: 35/3 of Kondagunturu Village, Rajanagaram Mandal, East Godavari District Andhra Pradesh State SIA/AP/MIN/294391/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023.</p> <p>The project proponent has obtained EC on 05.03.2011 for laterite – 20,000 TPA and Fire clay – 10,000 TPA and which is valid for 20 years . Now the project proponent has applied for amendment to CPM for fire clay- 30,000 TPA.</p> <p>The committee verified the application, Modified mining plan, EMP, EC and</p>

	<p>recommended to raise ADS for production and dispatch details.</p> <p>Decision of 207th SEAC meeting is as follows: The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed detailed deliberations, recommended to raise ADS for production and dispatch details .</p> <p>Project proponent has submitted ADS reply on 30/12/2022 and submitted production dispatch letter from ADMG on 21/12/2022. Life of the mine is 18 years. The Committee after examining the project proposals, ADS reply, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue EC amendment for fire clay- 30,000 TPA.</p> <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance amendment.</p>
<p>Agenda Item: 209.34 & 206.23</p>	<p>7.991 Ha. Mining of Quartzite, Rough Stone & Gravel Quarry of M/s. VR Infra and Technologies at Sy.No. 104 of Kusuluvada Village, Anandapuram Tehsil, Visakhapatnam District, Andhra Pradesh SIA/AP/MIN/412641/2022</p>
	<p>Recommendations of the SEAC on 06.01.2023. Category : B2 at par with B1.</p> <p>The proposed project is for mining Quartzite, Rough Stone & Gravel in an area of 7.991 Ha. with a proposed production quantity of Quartzite – 34,962 m³/annum, Rough Stone – 32,631.20 m³/annum & Gravel – 1,11,018.40 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the proponent and their Consultant EHS 360 Labs Pvt., Ltd., have attended the meeting and presented the case.</p> <p>The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Visakhapatnam vide Lr. dt. 17.09.2022, there are 02 existing quarry leases within the radius of 500 m area. The total cluster area is > 5.0 Ha and obtained LOI on 06/10/2022.</p> <p>The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue Standard Terms of Reference with public hearing and following additional TORs.</p> <ol style="list-style-type: none"> 1. The project proponent shall prepare cluster EIA& EMP. 2. The project proponent shall prepare a plan for surface runoff prevention measures, with finances. 3. The project proponent shall prepare a plantation plan including no. of species and type of species and area of land allocated for greenbelt. <p>Decision of SEIAA:- Refer to SEAC to examine the complaint received from Sri</p>
