

**REVISED MINUTES of 207<sup>th</sup> MEETING OF STATELEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON 09.02.2023 AT VIJAYAWADA A.P.**

**207<sup>th</sup> SEIAA**

**09.02.2023**

**REVISED MINUTES OF THE 207<sup>th</sup> MEETING OF STATELEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON 09.02.2023 AT VIJAYAWADA A.P.**

**Present:**

**The following members were present. (Through Video Conference)**

1.	Sri P.Venkata Rami Reddy, I.A.S, (Retired).	Chairman
2.	Dr.Thatiparthi Byragi Reddy Professor. Department of Environmental Sciences, Andhra University, Visakhapatnam	Member

3.	Dr.P.V.Chalapathi Rao, I.F.S  Special Secretary to Govt., Environment, Forests, Sciences and Technology Department, Govt. of Andhra Pradesh & Member Secretary, SEIAA, A.P.	Member Secretary
----	---	------------------

09/03/2023

Agenda Item: 210.02 & 2 07.01	4.920 Ha Ordinary Sand Mine of M/s. Jai Prakash Power Ventures Private Limited, KASARABADA-1 Sand Reach at Sy No. 01, Kasarabada village, Chandralapadu Mandal, Annamayya District, Andhra Pradesh- Environmental Clearance- Reg. SIA/AP/MIN/412983/2023
--	--

Recommendations of the SEAC on 18.01.2023.

**Category: B2**

The project proposal is for mining Ordinary Sand in an area of 4.920Ha with a proposed production quantity of **Ordinary Sand Mine – 49,200 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited and** their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Kasarabada Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended for issue of Environmental clearance for Semi Mechanised method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The boundary pillars shall be erected with geo co-ordinates marked on them.
5. No sand mining shall be done during the rainy season.
6. The ramp ( i.e., approach road) shall be removed after sand mining is completed.
7. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed.
8. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
9. Under any circumstance under water sand mining shall not be carried out.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

Agenda Item: 210.03 & 207.02	4.980 Ha Ordinary Sand Mine of M/s. Jai Prakash Power Ventures Private Limited, KASARABADA-2 Sand Reach at Sy No. 01, Kasarabada village, Chandralapadu Mandal, NTR District, Andhra Pradesh – Environmental Clearance- Reg. SIA/AP/MIN/413011/2023
------------------------------	---

Recommendations of the SEAC on 18.01.2023.

**Category : B2**

The project proposal is for mining Ordinary Sand in an area of 4.980Ha with a proposed production quantity of **Ordinary Sand Mine – 49,800 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited and** their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Kasarabada Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended for issue of Environmental clearance for Semi Mechanised method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated: 14.12.2020 shall be scrupulously followed.
4. The boundary pillars shall be erected with geo co-ordinates marked on them.
5. No sand mining shall be done during the rainy season.
6. The ramp ( i.e., approach road) shall be removed after sand mining is completed.
7. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed.
8. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
9. Under any circumstance under water sand mining shall not be carried out.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

	<p>Recommendations of the SEAC on 18.01.2023 <b>Category: B2.</b></p> <p>The proposed project is for mining Mica, <b>Quartz, Feldspar &amp; Vermiculate</b> in an area of 4.87 Ha.with a proposed production quantity of <b>Mica Scrap -46 TPA, Quartz- 61 TPA, Feldspar- 153 TPA</b> with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The project proponent obtained EC on 18.01.2016 for production capaci</p>

ty of **Mica Scrap -46 TPA, Quartz- 61 TPA, Feldspar- 153 TPA** with a **validity of 5.4 years** which expired on 30.04.2022 after considering 1 year covid extension period . The mine operator made an application for extension of EC on 17.06.2022 within 90 days of expiry of EC . DMG, Govt of AP Proceedings No. 3049/M/2005 Dt: 22.05.2009 issued lease for 20 years (20 Year Lease period)

After conducting resurvey for mineral reserves and with fresh approved mining plan dt 02.07.2019, it is observed that mineral is available and the life of the mine is 207 years.

The proponent volunteered to provide School uniforms and Bags to Gokulabrundavanam Village primary School as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine .

A complaint dt. 01/07/2022 and 09.01. 20223 as received against this unit stating that not to issue permission and there are two Writ petitions on this unit vide W.P no. 30679 of 2018 and 17614 of 2011. 6<sup>th</sup> respondent is the applicant.

The committee observed that the cases are for dispute pertaining to ownership of land of mining lease area .

HON'BLE SRI JUSTICE R. RAGHUNANDAN RAO W.P.No.30679 of 2018 ORDER: The petitioner is the owner of Ac.5.90 cents of land in Sy.No.535 of Gokula Brindavanam Village, Sydapuram Mandal, Nellore District. The 6th respondent had been given a mining lease over Ac.12.05 cents of land in Sy.No.535. The petitioner claims that his land has also been included in the above Acres 12.05 cents and the 6th Respondent cannot undertake mining in his land. The ownership of the petitioner over the said land was brought into doubt due to the proceedings of the Joint Collector dated 19.02.2011. These proceedings have been suspended by this Court in W.P.No.17614 of 2011. In view of the suspension of the proceedings of the Joint Collector, this Court would not be going into the question of title of the petitioner over the said land. 2. It is the case of the petitioner that the 6th respondent, under the guise of carrying on mining activity in his lease area, had undertaken underground mining whereby he had entered into the land of the petitioner below the surface and is carrying on extensive mining activity without obtaining any permission for such activity and without obtaining environment clearance and other clearances required for such mining activity. Initially a large amount of pleadings and material papers have been filed before this Court on the question of the extent of mining being undertaken by the 6th respondent, and whether such mining is permissible or not. 3. The 6th respondent, by a Memo, has filed the mining plan and the approval obtained for underground mining. The said approval had been given under the covering letter bearing No.4166/MS/Qurds/ RRR,J W.P.No.30679 of 2018 2 NLR/2018 dated 02.07.2018 from the Joint Director of Mines and Geology to Deputy Director of Mines and Geology (FAC), Guntur. The said approved mining plan is for a period of five years i.e., from 2020 to 2024. In th

Under the circumstances, the contention of the petitioner that the 6th respondent was undertaking underground mining without the approval, would have to be rejected. However, the petitioner would also contend that this approval has been given behind the back of the petitioner and he would be entitled to challenge the same. 4. The petitioner, in turn, filed a Memo dated 04.07.2022 enclosing the notice issued by the A.P. Pollution Control Board dated 02.06.2022 in Lr.No.N-785/APPCB/RO-NLR/2022 wherein the 6th respondent was directed to stop operations of mining in Sy. No.535/P immediately. The petitioner also produced Lr.No.3049/M/2005, dated 06.06.2022 from the Assistant Director of Mines and Geology, Nellore to the State Environmental Impact Assessment Authority, Vijayawada. In this letter the Assistant Director of Mines and Geology has stated that the Environmental clearance of the 6th respondent had expired on 30.04.2021 and no production has been carried out from 01.05.2021. 5. Basing upon these two documents, Sri K.S. Murthy, learned Senior Counsel appearing for the petitioner would submit that the 6th respondent cannot carry on any mining activities until the lease granted to the 6th respondent is renewed and the prohibitory order issued by the A.P. Pollution Control Board on 02.06.2022 is withdrawn. The learned Senior Counsel would also point to Condition No.1 in the letter dated 14.03.2012 issued by the Director of Mines Safety to the 6th respondent, stipulating that the connections between the mines shall exclusively be utilised as second outlet purpose and would contend that this condition cannot be RRR,J W.P.No.30679 of 2018 3 extended to mean that the 6th respondent may go through the land of the petitioner. 6. Sri N. Vijay, learned counsel appearing for the 6th respondent would submit that in view of the approved mining plan, the 6th respondent would be entitled to carry on underground mining activities subject to the withdrawal of the prohibitory orders of the A.P. Pollution Control Board and after environmental clearance is obtained by the 6th respondent.

7. In view of the aforesaid submissions, this writ petition is disposed of directing the respondents not to permit the 6<sup>th</sup> respondent to undertake any mining activities except in accordance with the approved mining plan and after prohibitory orders of A.P. Pollution Control Board dated: 02.06.2022 are withdrawn and the 6<sup>th</sup> respondent obtaining Environment Clearance for the mining lease for his mining area. Needless to say, it would also be open to the petitioner to challenge the grant of approval of mining plan of the 6<sup>th</sup> respondent and such other proceedings as would be permissible under law. There shall be no order as to costs.

8. As a sequel, pending miscellaneous petitions, if any, shall stand closed. \_\_\_\_\_ R. RAGHUNANDAN RAO, J. 5th August, 2022 Js. RRR,J W.P.No.30679 of 2018 4 HON'BLE SRI JUSTICE R. RAGHUNANDAN RAO W.P.No.30679 of 2018 5th August, 2022 Js.

The proponent has applied for extension of Environmental Clearance within time stipulated and hence considered by the committee.

Decision of SEIAA in 200th meeting :-Refer to SEAC to appraise after w

	<p>Withdrawal of APPCB orders dt 02.06.2022.</p> <p>The committee observed that <b>the withdrawal of APPCB orders dt 02.06.2022 is mentioned in the Court order and accordingly mentioned in the minutes.</b></p> <p>The project proponent has submitted a letter from Regional office, Nellore, APPCB dt. 03.01.2023 stating the order dt.02.06.2022 can be vacated only after obtaining the Environmental clearance from SEIAA; CFE&amp;CFO from the A.P Pollution Control Board.</p> <p>The Committee after examining the project proposals, approved mining plan, presentations, MoEF&amp;CC' Notifications &amp; OMs and detailed deliberations recommended to issue EC extension upto 21.05.2029 till the lease period with following conditions.</p> <ol style="list-style-type: none"> <li>1. The proponent shall comply with the proposals furnished in Environmental management plan.</li> <li>2. The project proponent shall develop greenbelt along approach roads &amp; village Road sides.</li> <li>3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.</li> </ol> <p>Decision of SEIAA:- Refer to SEAC to examine the complaints forwarded vide letter dated 10.01.2023 by the Regional Office, Vijayawada of MoEF&amp;CC.</p>

se.

The project proponent has obtained TOR with public hearing on 25.05.2022 and public hearing was held on 28.10.2022.

**Public hearing details**

**There is no specific issues raised in the public hearing.**

The reply by the proponent for the issues raised in the PH is as follows:

**Sri A. Subhaskar Reddy, Mine Advisor & Authorized Person of M/s. Lakshmi Granites** informed the following:

- Lot of quarry leases were granted to carry out mining in the Un-surveyed Hill block area in Sy.No.103 without any survey and some portion is left over at Sy.No.103.
- Recently, the survey was conducted and identified left over gaps in the Hill block area by the District Revenue Department and the same was communicated to the Department of Mines & Geology.
- As a part of that, applied for 5 quarry leases, out of which two leases were granted to M/s.Lakshmi Granites to an extent of 0.461 Ha and 0.186 Ha respectively.
- Now, the EPH is being conducted for the lease area to the extent of 0.461 Ha.
- At present, one quarry lease is already in operation.
- The mining will be carried out duly obtaining all the statutory clearances and follow all the norms stipulated for mining without any problems to the surrounding villagers.
- Already they are doing developmental activities under CSR activity, and the same will be continued after the commencement of this proposed mine also.
- The management extends their support to the surrounding villages in providing education, water facility etc., in each Grampanchayath through management or owners association.
- There is no possibility to develop green belt in the hill block area. Hence they have undertaken green belt in the patta lands taken for dumping the waste.
- As per the APPCB directions, they are planning to develop green belt along approach roads and village roads in the next season.
- Water tanker provided for sprinkling water at regular intervals in the quarry lease area and in the waste dump area, and water tanker is also provided for water sprinkling regularly in common roads through association to mitigate dust pollution.
- The mining will be carried out in the wire saw cutting method followed by hydraulic drilling operations, and no major & primary blasting operations are involved in the mining activity and hence dust pollution & noise pollution will be at a minimum level so that noise levels will be within the prescribed standards.
- Given assurance that the management will look after them without any damage or trouble to the villagers.

	<p>The base line data was collected from January,2022 to March,2022. The predominant wind direction is observed to be South - East to North-West.</p> <p>The maximum concentration of SPM is observed to be 73.4µg/m<sup>3</sup>. 	<p>Recommendations of the SEAC on 18.01.2023</p> <p><b>Category: B2 at par with B1</b></p> <p>The proposed project is for mining of <b>Colour granite</b> in an area of <b>0.186 Ha.</b> with a proposed production quantity of <b>Colour granite – 749 m<sup>3</sup>/annum</b> with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals</p>

(<250 ha of mining lease area in respect of non-coal mine lease).  
The proponent and their consultant M/s. SV Enviro Labs & Consultants, have attended the meeting and presented the case.  
The project proponent has obtained TOR with public hearing on 25.05.2022 and public hearing was held on 07.12.2022.

**Public hearing details**

**There is no specific issues raised in the public hearing.**

The reply by the proponent for the issues raised in the PH is as follows:

**Sri A. Subhaskar Reddy, Mine Advisor & Authorized Person of M/s. Lakshmi Granites** informed the following:

- The extent of land 0.186Ha proposed at the Hill block area is un-surveyed land and the quarry leases had been issued in the un-surveyed Hill block since 1995. The bottom of the Hill block area has been issued quarry leases and the mining work is going on.
- Recently, a survey was conducted and identified leftover gaps in the upper area of the Hill block by the Revenue and the Mines & Geology Departments.
- As per the directions of the Mines & Geology Department they applied for the leftover portion, and hence the small gap area is granted for quarry lease.
- Letter of Intent (LOI) issued in the month of September 2021.
- The mining plan was approved on 22.03.2022
- The SEIAA committee issued TOR on 25.05.2022 for conducting the public hearing.
- Now, the EPH is being conducted for the lease area to the extent of 0.186Ha.
- The proposed Colour Granite mine production is 749 m<sup>3</sup>/annum, which is very less when compared to the overall production capacity of 1.25 lakh m<sup>3</sup>/annum operating the quarry leases in the Ballikurva area.
- The capacity proposed production is 749 m<sup>3</sup>/annum is below 1% max when compared to the overall production capacity and hence there will not be more pollution impact from the proposed quarry mine.
- There are existing two quarry leases the same management. One is in operation and the Public hearing was conducted to another mine in the last month.
- It is proposed to provide additional employment to 17 persons and there is a possibility to generate additional employment for 50 persons for maintenance, workshops.
- The existing water streams & roads in the core zone & in the buffer zone area will not be disturbed.
- The mining will be carried out in the wire saw cutting method followed by hydraulic drilling operations and hence dust pollution will be at a minimum level. The dust pollution during vehicular movement will be controlled by sprinkling water for the suppression of dust.
- The management has proposed to engage higher quality ISI standard machinery in mining operations so noise will be within the limits only.

- Already they are doing developmental activities under CSR activity in the existing quarry for the past 15 years. The management is extending support in providing education, medical assistance, water facility etc., to the villagers and the same will be continued after the commencement of this proposed quarry mine also.
- The management will be front forward to extend their support for the sake of the villagers.
- Developed the green belt in the surroundings waste dump sites to safeguard the environment, and proposed to develop additional greenbelt in the dump sites in future and in both sides of the roads & as per the suggestion of the village panchayat green belt will be developed in the available vacant lands.
- Mining will be carried out duly obtaining all the statutory clearances, and follow all the norms stipulated to control pollution.

The base line data was collected from January,2022 to March,2022.

The predominant wind direction is observed to be South - East to North-West.

The maximum concentration of SPM is observed to be 73.4 $\mu\text{g}/\text{m}^3$ . The incremental concentration is 3.60  $\mu\text{g}/\text{m}^3$ . The GLC of SPM will fall at 0.91 Km in North-West direction of the mine.

The proponent volunteered to provide Digital class rooms in the Kondayapalem primary school as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 27 years.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. As mentioned the PH minutes the project proponent shall carryout mining with the wire saw cutting method followed by hydraulic drilling operations, and no major & primary blasting operations are involved in the mining activity.
6. The project proponent shall comply other assurances given in the public hearing.
7. The project proponent shall acquire 0.5 Ha of additional dump area for waste disposal.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

No.249, Pokkanuru Village, Chandarlapadu Mandal, Ntr District, Andhra Pradesh State– Environmental Clearance- Reg. SIA/AP/MIN/412915/2022</p>

Recommendations of the SEAC on 18.01.2023

**Category : B2**

The project proposal is for mining Ordinary Sand in an area of 4.880Ha with a proposed production quantity of **Ordinary Sand Mine – 48,800 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited and** their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the POKKANURUVillage under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended for issue of Environmental clearance for Semi mechanised method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The boundary pillars shall be erected with geo co-ordinates marked on them.
5. No sand mining shall be done during the rainy season.
6. The ramp ( i.e., approach road) shall be removed after sand mining is completed.
7. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed.
8. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
9. Under any circumstance under water sand mining shall not be carried out.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

Agenda Item: 210.28 & 207.24	4.950 Ha Ordinary Sand Mine of M/s. Jai Prakash Power Ventures Private Limited, POKKANURU-2 Sand Reach Over An Extent Of 4.950 Ha, In Sy. Recommendations of the SEAC on 18.01.2023

**Category : B2**

The project proposal is for mining Ordinary Sand in an area of 4.980Ha with a proposed production quantity of **Ordinary Sand Mine – 49,800 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited** and their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the **ALLURUPADU** Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended for issue of Environmental clearance for Semi Mechanised method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The boundary pillars shall be erected with geo co-ordinates marked on them.
5. No sand mining shall be done during the rainy season.
6. The ramp ( i.e., approach road) shall be removed after sand mining is completed.
7. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed.
8. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
9. Under any circumstance under water sand mining shall not be carried out.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

Agenda Item: 210.34 & 2 07.30	4.850 Ha Ordinary Sand Mine Of M/S. Jai Prakash Power Ventures Private Limited, CHEVITIKALLU-1 Sand Reach over an extent of 4.850Ha, in Sy. No.242, Chevitikallu Village, Kanchikacherla Mandal, NTR District, Andhra Pradesh State– Environmental Clearance- Reg. SIA/ AP/MIN/412793/2023
-------------------------------------	--

Recommendations of the SEAC on 18.01.2023

**Category : B2**

The project proposal is for mining Ordinary Sand in an area of 4.850Ha with a proposed production quantity of **Ordinary Sand Mine – 48,500 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited** and their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the **CHEVITIKALLU** Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended for issue of Environmental clearance for Semi Mechanised method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.

9. Under any circumstance under water sand mining shall not be carried out.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

Agenda Item: 210.45 & 207.40	4.910 Ha Ordinary Sand Mine Of M/S. Jai Prakash Power Ventures Private Limited, SENAGAPADU -1 Sand Reach over an extent of 4.910Ha, In Sy. No.180, Senagapadu Village, Penuganchiprolu Mandal, NTR District, Andhra Pradesh State– Environmental Clearance- Reg. SIA /AP/MIN/413062/2023
------------------------------	--

Recommendations of the SEAC on 18.01.2023

**Category : B2.**

The project proposal is for mining Ordinary Sand in an area of 4.910Ha with a proposed production quantity of **Ordinary Sand Mine – 49,100 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited** and their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the SENAGAPADU Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended for issue of Environmental clearance for Semi Mechanised method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The boundary pillars shall be erected with geo co-ordinates marked on them.
5. No sand mining shall be done during the rainy season.
6. The ramp ( i.e., approach road) shall be removed after sand mining is completed.
7. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed.
8. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
9. Under any circumstance under water sand mining shall not be carried out.

Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.

Agenda Item: 210.46 & 207.41	4.920 Ha Ordinary Sand Mine Of M/S. Jai Prakash Power Ventures Private Limited, SENAGAPADU -2 Sand Reach over an extent of 4.920 Ha, In Sy. No.180, Senagapadu Village, Penuganchiprolu Mandal, NTR District, Andhra Pradesh State– Environmental Clearance- Reg. SIA/AP/MIN/413049/2023
------------------------------	--

Recommendations of the SEAC on 18.01.2023

**Category : B2.**

The project proposal is for mining Ordinary Sand in an area of 4.920Ha with a proposed production quantity of **Ordinary Sand Mine – 49,200 m<sup>3</sup>/annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The representative of the project proponent of **M/s. Jai Prakash Power Ventures Limited** and their RQP, NVSPL Ravikanth have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Nandigama, vide Letter dated: 29.12.2022, there are no existing sand reaches within the radius of 500 mtrs area and obtained LOI on 29.12.2022.

The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the SENAGAPADU Village under Corporate Social Responsibility (CSR).

No.12-13 of 2011 in Special Leave Petition (Civil) No.19628-19629 of 2009, in the matter of Deepak Kumar etc. Vs. State of Haryana and Others etc., prior environmental clearance has now become mandatory for mining of minor minerals and the Central Government has published notification number S.O.141(E), dated the 15th January, 2016 making prior environment clearance mandatory for all minerals (major as well as minor) irrespective of size of the mine lease; And whereas, all mine lease holders are required to obtain prior environment clearance.</p> <p>NGT order in OA No 136 of 2017 (SZ) : So under these circumstances, the application can be disposed of, giving the following directions: (i)The applications which are pending as on 31.3.2016 for Environment Clearance have to be treated as normal applications and not violation applications and</p>

the authorities are directed to dispose of those applications in accordance with law. 81 (ii) The persons who have not filed applications on or before 31.3.2016 and filed thereafter, can be treated as violation applications and the MoEF& CC /SEIAA is directed to dispose of those applications as violation cases in accordance with law. (iii) It is also made clear that all mining leases, either major or minor, even less than 5 hectares area, has to apply and get Environment Clearance as per the amended EIA Notification dated 15.1.2016. This will apply to the existing mining leases as well. The points are answered accordingly.

The committee noted that the proponent operated mine from after 2016 without obtaining environmental clearance as required under EIA notification 2006 after promulgation of S.O. 141 (E) dt 15.01.2016 and hence to be treated as identified violation case as per OM 07.07.2021

The proposal was placed in the 193rd SEAC meeting. The Committee recommended to raise ADS for submission of latest cluster letter and High court disposal order of W,P no. 9578/2021. Accordingly the project proponent submitted latest cluster letter dt 27.08.22 and court interim order in IA 2 of 2021 of 9578 of 2021.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue specific ( **Violation**) **Terms of Reference with Public Hearing** and with the following conditions:

1. The proponent shall prepare cluster EIA & EMP.
2. The proponent shall submit Plantation Plan and shall maintain buffer zone
3. The proponent shall include proper benches remediation plan.
4. The project proponent shall upload the final court order w.r.t disposal of W.P No. 9578/2021 at the time of applying for EC.
5. The project proponent shall submit surface runoff prevention measures plan.
6. The proponent is liable to pay the penalties as levied by the concerned competent authority, as per the OM No.28.1.2022 and clause No 12 of SOP dated 07-07-2021, duly incorporating the total production during the violation period and submit the calculation of penalties based on the project cost and the total turnover during the violation period.
7. Credible action to be initiated through concerned Regional office, APPCB under section 15 read with section 19 of E(P) Act 1986.
8. The project proponent shall carry assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as an independent chapter in the environment impact assessment report by the accredited consultants.

The collection and analysis of data for assessment of ecological damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory duly notified under Environment (Protection) Act, 1986, or an environmental laboratory accredited by National Accreditation Board for Testing and Calibration Laboratories, or a laboratory of a Council of Scientific and Industrial Research institution working in the field of environment.

9. The project proponent shall ensure implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation.
10. The project proponent will be required to submit a bank guarantee equivalent to the amount of remediation plan and Natural and Community Resource Augmentation Plan with the State Pollution Control Board.
11. The project proponent shall give an undertaking by way of affidavit to comply with all the statutory requirements and judgment of Hon'ble Supreme Court dated the 2nd August 2017 in writ petition (Civil) No.144 of 2014 in the matter of common cause verse union of India and Ors. The undertaking inter-alia includes commitment of the PP not to repeat any such violation in future.& OMs and detailed deliberations, recommended to issue Terms of Reference.

**Decision of SEIAA:- Refer to SEAC to examine the cluster applicability as per notification S.O no 2269 dated 01.07.2016 issued by MoEF&CC, as the mine lease was issued before 2013 and it may not covered under the cluster.**

**This proposal is placed in 206<sup>th</sup> SEAC meeting:**

The Committee after re-examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, **recommended to raise ADS for seeking reasons for not attending the meeting.**

**Again this proposal is placed in 210<sup>th</sup> SEAC meeting:**

The Committee during the re-examination of the proposal, noted that as per cluster letter issued by Asst. Director of Mines & Geology (FAC), Visakhapatnam, vide Lr. dated: 27.08.2022, the following quarry leases are existing within the radius of 500 mts from the periphery of the boundaries of the proposed quarry lease area of M/s Sanjana Granites. The details are as follows.

Sno	Name of the lessee	Extent (Hect.)	Name of mineral	Lease period

1	Sri GVV Harivarma	10.00	RM&BS	29-12-2016 to 28-12-2026
2	M/s Nagabhushanam&Co	5.00	RM&BS	10-05-2016 to 09-05-2026
3	M/s Vishnupriya Granites	8.00	RM&BS	10-05-2016 to 09-05-2026
4	VVR Crushaer& Constructions	17.50	RM&BS	10-05-2011 to 09-05-2025
5	Smt P. Ratnalatha	2.43	RM&BS	21-11-2015 to 20-11-2030
6	Smt P. Ratnalatha	6.50	RM&BS	18-01-2010 to 17-01-2020
7	M/s Sanjana Granites	4.047	RM&BS	25-06-2013 to 24-06-2028
8	M/s SVS Nookambika constructions	21.00	RM&BS	LOI Issued

From the above details of quarry leases existing within the 500mts area of the proposed quarry lease, the quarry leases Viz., 1) Sri GVV Harivarama (10.00 Ha), M/s Nagabhushanam&Co ( 5.00 Ha), 3) M/s Vishnupriya Granites (8.00 Ha) and 4) Smt P. Ratnalatha ( 2.43 Ha) with a total area of 25.43 Ha are considered for the calculation of cluster area for the proposed quarry lease. Since, the cluster area is 25.43 Ha which is more than 5.00 Ha, **the committee recommended for the issue of Violation TOR with Public Hearing in the earlier meeting.**

After re-examining the project proposals and presentations and detailed deliberations the committee is of the opinion that the **earlier recommendation for the issue of Violation TOR with Public Hearing holds good.**

Decision of SEIAA:- Deferred.
