

STATE EXPERT APPRAISAL COMMITTEE – TAMIL NADU

Minutes of the 158th Meeting of the State Expert Appraisal Committee (SEAC) held on 22nd June 2020 (Monday) for appraisal of Building and Construction Projects & Mining projects conducted through video conference.

Agenda No. 158-01

File No.6912/2019

Proposed Earth Quarry over an extent of 2.25.0 Ha in S.F.No.197/1 Thirpaniputhan Taruvai Village (lease in PWD Tank), Sathankulam Taluk, Thoothukudi District, Tamil Nadu by Thiru. P.I. JAMBERT MADURAM. - For Environmental Clearance

(SIA/TN/MIN/38904/2019)

The proposal was placed in this 159th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, Thiru. P.I. Jambert Maduram, has applied for Environmental Clearance for the proposed earth quarry over an extent of 2.25.0 ha in S.F.No.197/1, Thirpaniputhan Taruvai Village (lease in PWD Tank), Sathankulam Taluk, Thoothukudi District for quarrying of 22500 cu.m of earth in PWD Tank for a period of three months.
2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

The Project proponent has not turned up for the meeting (Absent). Hence, the Committee decided to defer the proposal.

The Project proponent has not turned up for the meeting (Absent). Hence, the Committee decided to defer the proposal.

Agenda No. 158-09

File No. 7108/2019

Residential Building Complex by M/s. RIDA Estates Private Limited at S.F Nos. 77/5C2, 77/5D1, 77/5G1, 77/5H1, 77/5I1, 77/6A3A1, 77/7A, 82/4A1E1, 77/5E, 77/5F, 82/3B1B, 82/4A1B, 77/5C1, 77/5C3, 77/5D2, 77/5G2, 77/5H2, 77/5I2, 77/6A3A2, 77/7B, 82/4A1E2 of Egattur village, Thiruporur Taluk, Kancheepuram district. - For Environmental Clearance

(SIA/TN/MIS/105511/2019)

The SEAC noted the following:

1. M/s. RIDA ESTATES PRIVATE LIMITED has applied for Amendment in Environmental Clearance for the construction of residential Building Complex in the total land area of project is 23,590Sq.m with total built up area is 1,13,494Sq.m S.F.Nos. S. Nos 77 /5G1, 77 /5H1,77 /5 I1, 77 /5D1, 77 /5E, 77 /5C2, 77 /5F, 77 /6A3A1 ,77 /7A ,82 /4A1B, 82 / 4A1E1 , 82 /3B1B of Egattur Village, Thiruporur Taluk, Kancheepuram district, Tamil Nadu.
2. The project/activity is covered under Category “B” of Item 8 (a) “Building and Construction project” of the Schedule to the EIA Notification, 2006.
3. Earlier Environmental Clearance (EC) was accorded by SEIAA for the built up area of 73,691 Sq.m (Block A, B – B+S+14 Floors & EWS Block - B+S+9 Floors) vide Lr.No.SEIAA/TN/F.2300/EC/8a/305/2014 dated 15.05.2014.
4. An expansion in Environmental Clearance Application was submitted at SEIAA during September 2016.

After perusal of the file, SEAC request the SEIAA office to clarify the following points:

- a) The project proponent have not submitted the certificated compliance report for the earlier EC obtained vide Lr.No.SEIAA/TN/F.2300/EC/8a/305/2014 dated 15.05.2014.
- b) Further, the project proponent has submitted EC application for expansion during September 2016 to SEIAA and now the proponent has applied another application for seeking amendment in EC to SEIAA. The application submitted to SEIAA during September 2016 for Expansion project is pending, the current proposal shall not be taken up for the appraisal. Hence, SEIAA office shall thoroughly check the status of the application before placing this subject again for appraisal.

The Project proponent has not turned up for the meeting (Absent). Hence, the Committee decided to defer the proposal.

Agenda No. 158-10
File No. 7192/2019

Proposed Lime Kankar lease over an extent of 2.30.0 Ha in S.F.Nos. 33/1A and 33/1B Karuppur (Senapahty) Village, Ariyalur Taluk, Ariyalur District, Tamil Nadu by M/s. Chettinad Cements Corporation Pvt. Ltd - For Terms for Reference (SIA/TN/MIS/105511/2019)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, M/s. Chettinad Cements Corporation Pvt. Ltd. has applied for Terms for Reference for the Proposed Lime Kankar quarry lease over an extent of 2.30.0 Ha in S.F.Nos. 33/1A and 33/1B Karuppur (Senapahty) Village, Ariyalur Taluk, Ariyalur District, Tamil Nadu.
2. The project/activity is covered under Category "B" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.

The Project proponent has not turned up for the meeting (Absent). Hence, the Committee decided to defer the proposal.

Agenda No. 158-11
File No. 7290/2019

Proposed Savudu quarry lease over an extent of 3.15.0 Ha in S.F.Nos. 26(Part), Ramankoil Village (lease in PWD Tank), Tiruvallur Taluk, Tiruvallur District, Tamil Nadu by Thiru. R. Siva- For Environmental Clearance (SIA/TN/MIN/127012/2019)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, Thiru. R. Siva has applied for Environmental clearance for the Proposed Savudu quarry lease over an extent of 3.15.0 Ha in S.F.Nos. 26(Part),

Ramankoil Village (lease in PWD Tank), Tiruvallur Taluk, Tiruvallur District, Tamil Nadu for quarrying of 28350 Cu.m of savudu up to a depth of 0.9m for a period of sixty days.

2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the committee decided to defer the proposal to know the present status on the availability of mineral resources in the proposed mine lease area and legal issues, if any. Since the permission was given by the PWD more than one and half years back. The Monsoon inflow of the tank at every year will be varying. The Committee directed the project proponent to get the letter from EE, PWD whether the same quantity in the same tank in the same location is valid in the current year.

Hence the SEAC has directed the proponent to furnish the above said details and on receipt of aforesaid details, the SEAC would further deliberate on this project and decide the further course of action.

to SEIAA subject to the following conditions in addition to normal conditions:

1. Groundwater quality monitoring should be conducted once every six months and the report should be submitted to TNPCB.
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent shall provide the fencing around the boundary of the proposed area and shall furnish the photocopies of the same before obtaining the CTO from TNPCB.
4. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
5. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
6. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
7. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
8. The proponent shall develop an adequate green belt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture university.
9. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
10. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016

(M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016,M.A.No.920/2016,M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981/2016, M.A.No.982/2016 & M.A.No.384/2017).

11. Prior clearance from Forestry & Wildlife including clearance from the committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance.
12. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
13. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
14. The amount of Rs. 15,000 (2% of the total project cost) shall be utilized as CER activities to carry out the development of the Toilet Facilities & Drinking Water Facilities in Echampattu Govt. School as reported before obtaining the CTO from TNPCB.

The SEAC noted the following:

1. The Proponent, Thiru. D. Sampath has applied for Environmental Clearance for the proposed Savudu Quarry lease over an extent of 2.22.0 Ha in S.F.Nos. 123/8, 129/11B1, 11B2, 129/10, 11A, 12, 14, 15, 17, 19, 2, 20, 21, 22, 3, 5, 6, 130/6A, 123/11B, 123/10, 11A1, 6B and 123/9, Sirullapakkam Village, Ponneri Taluk, Thiruvallur District, Tamil Nadu for quarrying of 31080 Cu.m of savudu

up to a depth of 1.0m for a period of one year.

2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the committee decided to recommend the proposal for grant of Environmental Clearance to SEIAA subject to the following conditions in addition to normal conditions:

1. Groundwater quality monitoring should be conducted once every six months and the report should be submitted to TNPCB.
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent shall provide the fencing around the boundary of the proposed area and shall furnish the photocopies of the same before obtaining the CTO from TNPCB.
4. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
5. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
6. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
7. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
8. The proponent shall develop an adequate green belt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture

university.

9. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
10. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016,M.A.No.920/2016,M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).
11. Pulicut Bird Sanctuary located at 2.7 km from the mining lease area. Hence, Prior clearance from Forestry & Wildlife including clearance from the committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation.
12. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
13. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
14. The amount of Rs. 25,000 (2% of the total project cost) shall be utilized as CER activities to carry out the development of the Toilet Facilities & Drinking Water Facilities for Sirullapakkam Government School before obtaining the CTO from TNPCB.

Agenda No. 158-18

File No. 7475/2020

Proposed Rough Stone and Gravel Quarry lease over an extent of 0.98.0 Ha in S.F.Nos. 25/1D, 1E, 1F, 1G Andipalayam Village, Kinathukadavu Taluk, Coimbatore District, Tamil Nadu by Tvl.Negamam Granites (P) Ltd – For Environmental Clearance.

MEMBER SECRETARY

CHAIRMAN
SEAC-TN

(SIA/TN/MIN/141192/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, Tvl.Negamam Granites (P) Ltd has applied for Environmental Clearance for the proposed Rough Stone and Gravel Quarry lease over an extent of 0.98.0 Ha in S.F.Nos. 25/1D, 1E, 1F, 1G Andipalayam Village, Kinathukadavu Taluk, Coimbatore District, Tamil Nadu.
2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the committee decided to recommend the proposal for grant of Environmental Clearance to SEIAA with restricted to a ultimate depth of mining of 38 m from the ground level leaving the last bench of 6m depth as accepted by the proponent and accordingly the production quantity of rough stone is restricted to 77,745 Cu.m subject to the following conditions in addition to normal conditions:

1. Groundwater quality monitoring should be conducted once every six months and the report should be submitted to TNPCB.
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent shall provide the fencing around the boundary of the proposed area and shall furnish the photocopies of the same before obtaining the CTO from TNPCB.
4. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the

growth of fodder, flora, fauna etc.

5. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
6. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
7. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
8. The proponent shall develop an adequate green belt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture university.
9. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
10. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016,M.A.No.920/2016,M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).
11. Prior clearance from Forestry & Wildlife including clearance from the committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance.
12. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
13. The mine closure plan submitted by the project proponent shall be strictly

followed after the lapse of the mine.

14. The project proponent shall provide bio fencing (tree plantation) all along the boundary of the mining lease area before commencement of the mining operation in order to minimize the air pollution.
15. The amount of Rs. 75,000 (2% of the total project cost) shall be utilized as CER activities to carry out the development of the Toilet Facilities & Drinking Water Facilities for Andipalayam Village Government School before obtaining the CTO from TNPCB.

Agenda No. 158-19

File No.7482/2020

Proposed Building and Construction projects in S. Nos 13/3A, 13/3B, 13/4A, 13/4B1, 13/4B2, 13/4D, 13/5, 13/6A, 13/6B1, 13/6B2, 13/7A2 of Mugalivakkam Village, Alandur Taluk, Kancheepuram district, Tamil Nadu by M/s. Lifestyle Housing and Infrastructure - For Environmental Clearance
(SIA/TN/MIS/146377/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, M/s. Lifestyle Housing and Infrastructure has applied for Environmental Clearance for Proposed Building and Construction projects in S. No. 13/3A, 13/3B, 13/4A, 13/4B1, 13/4B2, 13/4D, 13/5, 13/6A, 13/6B1, 13/6B2, 13/7A2 of Mugalivakkam Village, Alandur Taluk, Kancheepuram district, Tamil Nadu for Construct its Multi Storied Residential Group Development with total build-up area of 41247.31 Sq.m.
2. The project/activity is covered under Category “B2” of Item 8(a) “Building and Construction Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the SEAC directed the proponent to furnish the following details:

1. A detailed storm water plan to drain out the water coming into the site during heavy rainy period from site shall be prepared in accordance with the contour levels of the proposed project considering the flood occurred in the year 2015 and also considering the surrounding development.
2. The project site is proximity to the water bodies such as Perumal Temple Pond - 1.85 km, Coovam River – 2.11 km, Porur Lake -2.22 km, Adyar River – 2.5 km etc. The project proponent shall obtain flood inundation certificate from the PWD considering the 2015 flood level.
3. The proponent shall furnish a copy of revised layout plan incorporating the green belt development area earmarked with GPS co-ordinates submitted to CMDA/DTCP for necessary approval. The proponent shall ensure that greenbelt width of 3m all along the boundaries of the project site shall be included in the revised layout plan.
4. Considering the location of the project site which is vulnerable for failure and to avoid any failure of building and to ensure the security of the occupants, it is decided that the project proponent shall furnish the stability certificate from an reputed Government institutions like IIT,NIT, Anna university etc.
5. The project proponent shall furnish a detail on Evacuation management plan.
6. The proponent shall furnish the provision for minimum utilization of 10 % of solar energy for streetlight and other purpose within the premises.
7. The proposal for CER shall be furnished as per the office memorandum of MoEF & CC dated 01.05.2018 after working out the cost of project.

SEAC direct the proponent to furnish the above said details and on receipt of aforesaid details, the SEAC would further deliberate on this project and decide the further course of action.

Agenda No. 158 – 20

File No. 7510/2020

Proposed construction of Warehouse projects in S. No. 18/5, 19, 20/1, 20/6, 20/7, 20/8, 21, 22, 23, 24, 38/1A3B of Orakkadu Village, Ponneri Taluk, Thiruvallur district, Tamil Nadu by M/s. Polytrusions Infrastructure, LLP - For Environmental clearance (SIA/TN/MIS/147541/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, M/s. Polytrusions Infrastructure, LLP has applied for Environmental Clearance for Proposed project in S.F No. 18/5, 19, 20/1, 20/6, 20/7, 20/8, 21, 22, 23, 24, 38/1A3B of Orakkadu Village, Ponneri Taluk, Thiruvallur district, Tamil Nadu for Construct its Warehouse with total build-up area of 36,036 Sq.m.
2. The project/activity is covered under Category “B2” of Item 8(a) “Building and Construction Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the SEAC directed the proponent to furnish the following details:

1. A detailed storm water plan to drain out the water coming into the site during heavy rainy period from site shall be prepared in accordance with the contour levels of the proposed project considering the flood occurred in the year 2015 and also considering the surrounding development.
2. The project proponent shall furnish the remarks of the Public Works Department (PWD) on inundation point of view and for the construction of culvert across the channel in the site as specified in the CMDA vide Letter.No.R1/13585/19-2 dated 03.03.2020.
3. The proponent shall furnish a copy of revised layout plan incorporating the green belt development area earmarked with GPS co-ordinates submitted to

SEAC-TN

CHAIRMAN
SEAC-TN

CMDA/DTCP for necessary approval. The proponent shall ensure that greenbelt width of 3m all along the boundaries of the project site shall be included in the revised layout plan.

4. The project proponent shall explore the possibilities of providing the Grey water treatment plant. Accordingly, the water balance shall be revised along with the disposal details.
5. The proponent shall furnish an undertaking in stamp paper stating that the proposed activity only will be undertaken in the warehouse.
6. The proponent shall furnish copy of 'A' register and village map of the proposed project.
7. The project proponent shall furnish a detailed Evacuation management plan and risk assessment plan.
8. The proponent shall furnish Solid waste management plan.
9. The proponent shall furnish the provision for minimum utilization of 10 % of solar energy for streetlight and other purpose within the premises.
10. The proposal for CER shall be furnished as per the office memorandum of MoEF & CC dated 01.05.2018 after working out the cost of project.

SEAC direct the proponent to furnish the above said details and on receipt of aforesaid details, the SEAC would further deliberate on this project and decide the further course of action.

Agenda No. 158 – 21

File No. 7513/2020

Proposed Savudu Quarry lease over an extent of 1.00.0 Ha in S.F.Nos. 279/1(Part) in PWD Tank at Illupur Village, Tiruvallur Taluk, Tiruvallur District, Tamil Nadu by Thiru. D. Ramaraj – For Environmental Clearance.

(SIA/TN/MIN/52335/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

MEMBER SECRETARY

CHAIRMAN
SEAC-TN

The SEAC noted the following:

1. The Proponent, Thiru. D. Ramaraj has applied for Environmental Clearance for the Proposed Savudu Quarry lease over an extent of 1.00.0 Ha in S.F.Nos. 279/1(Part) in PWD Tank at Illupur Village, Tiruvallur Taluk, Tiruvallur District, Tamil Nadu for quarrying of 9000 Cu.m of Savudu up to a depth of 0.9m for a period of 75 days only.
2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the committee decided to defer the proposal to know the present status on the availability of mineral resources in the proposed mine lease area and legal issues, if any. Since the permission was given by the PWD more than one and half years back. The Monsoon inflow of the tank at every year will be varying. The Committee directed the project proponent to get the letter from EE, PWD whether the same quantity in the same tank in the same location is valid in the current year.

Hence the SEAC has directed the proponent to furnish the above said details and on receipt of aforesaid details, the SEAC would further deliberate on this project and decide the further course of action.

Agenda No. 158 – 22

File No. 7514/2020

Proposed Savudu Quarry lease over an extent of 2.52.0 Ha in S.F.Nos. 243/1(Part) in PWD Tank at Koppur Village, Tiruvallur Taluk, Tiruvallur District, Tamil Nadu by Thiru. R. Vignesh – For Environmental Clearance.

(SIA/TN/MIN/148610/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, Thiru. R. Vignesh has applied for Environmental Clearance for

the Proposed Savudu Quarry lease over an extent of 2.52.0 Ha in S.F.Nos. 243/1(Part) in PWD Tank at Koppur Village, Tiruvallur Taluk, Tiruvallur District, Tamil Nadu for quarrying of 22680 Cu.m of Savudu up to a depth of 0.9m for a period of 75 days only.

2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the committee decided to defer the proposal to know the present status on the availability of mineral resources in the proposed mine lease area and legal issues, if any. Since the permission was given by the PWD more than one and half years back. The Monsoon inflow of the tank at every year will be varying. The Committee directed the project proponent to get the letter from EE, PWD whether the same quantity in the same tank in the same location is valid in the current year.

SEAC directed the proponent to furnish the above said details and on receipt of aforesaid details, the SEAC would further deliberate on this project and decide the further course of action.

Agenda No. 158 – 23

File No. 7519/2020

Proposed Red Earth and Pebbles Quarry lease over an extent of 2.22.5 Ha in S.F.Nos. 171/4, 171/5, 171/6, 176/5, 176/6 & 176/7 and 110/11, 110/14, Alathur & Kurumbaram Village, Marakkanam Taluk, Viluppuram District, Tamil Nadu by Thiru. R. Murugaiyan – For Environmental Clearance.

(SIA/TN/MIN/131789/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

for the Proposed Red Earth and Pebbles Quarry lease over an extent of 2.22.5 Ha in S.F.Nos. 171/4, 171/5, 171/6, 176/5, 176/6 & 176/7 and 110/11, 110/14, Alathur & Kurumbaram Village, Marakkanam Taluk, Viluppuram District, Tamil Nadu for quarrying of 36,812 Cu.m of Red Earth and Pebbles up to a depth of 3.0m (1m ABL + 2m BGL) for a period of Two Years.

2. The project/activity is covered under Category “B” of Item 1(a) “Mining of Minerals Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the committee decided to recommend the proposal for grant of Environmental Clearance to SEIAA subject to the following conditions in addition to normal conditions:

1. Groundwater quality monitoring should be conducted once every six months and the report should be submitted to TNPCB.
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent shall provide the fencing around the boundary of the proposed area and shall furnish the photocopies of the same before obtaining the CTO from TNPCB.
4. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
5. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
6. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
7. The Project Proponent shall comply with the mining and other relevant rules

and regulations wherever applicable.

8. The proponent shall develop an adequate green belt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture university.
9. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
10. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016,M.A.No.920/2016,M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).
11. Prior clearance from Forestry & Wildlife including clearance from the committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation if the project site attracts the NBWL clearance.
12. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
13. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
14. The project proponent shall provide bio fencing (tree plantation) all along the boundary of the mining lease area before commencement of the mining operation in order to minimize the air pollution.
15. The amount of Rs. 75,000 (2% of the total project cost) shall be utilized as CER activities to carry out the development of the Toilet Facilities & Drinking Water Facilities for kurumbaram Village Government School before obtaining the CTO

from TNPCB.

16. The Low Tension E.B line passing through the applied mine lease area should be shifted 50 m away from the mine lease applied area before execution of the lease deed as per the mining plan approval issued by the Ad, Mines, villupuram.

Agenda No. 158 – 24

File No. 7411/2020

Proposed to Construct 630 EWS tenements at S.F No. 4247/5 of Valleswaran Kovil Thottam Village, Mylapore - Triplicane Taluk, Chennai district, Tamil Nadu by M/s. Tamil Nadu Slum Clearance Board - For Environmental clearance
(SIA/TN/MIS/138231/2020)

The proposal was placed in this 158th SEAC Meeting held on 22.06.2020. The details of the project furnished by the proponent are enclosed as Annexure.

The SEAC noted the following:

1. The Proponent, M/s. Tamil Nadu Slum Clearance Board has applied for Environmental Clearance for Proposed to Construct 630 EWS tenements in S.F No. 4247/5 of Valleswaran Kovil Thottam Village, Mylapore - Triplicane Taluk, Chennai district, Tamil Nadu.
2. The project/activity is covered under Category “B” of Item 8(a) “Building and Construction Projects” of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the SEAC directed the proponent to furnish the following details:

1. The unit shall revise the layout plan incorporating the basic amenities such as playground, children park, community hall, two wheeler/four wheeler parking etc.,
2. A detailed storm water plan to drain out the water coming into the site during heavy rainy period from site shall be prepared in accordance with the contour

MEMBER SECRETARY

CHAIRMAN
SEAC-TN

levels of the proposed project considering the flood occurred in the year 2015 and also considering the surrounding development.

3. It was proposed to demolish the existing building to re-construct 630 EWS tenements. Hence, the project proponent shall furnish a detail demolish plan as per Construction and Demolition Waste Management Rules, 2016
4. The layout plan should be furnished for the greenbelt area earmarked with GPS co-ordinates by the project proponent on the periphery of the site and the same shall be submitted for CMDA/DTCP approval. The greenbelt width may be of 3m all along the boundaries of the project site.
5. It was noted that the project proponent has proposed to utilise the excess treated Sewage for watering the Avenue plantation & roadside trees. Hence, the proponent shall explore the possibilities of utilizing the maximum treated water within the premises. Accordingly, revised the water balance incorporating the complete recycle of treated sewage.
6. The proponent shall furnish the provision for minimum utilization of 10 % of solar energy for street light and other purpose within the premises.
7. The proposal for CER shall be furnished as per the office memorandum of MoEF & CC dated 01.05.2018 after working out the cost of project.

SEAC directed the proponent to furnish the above said details and on receipt of aforesaid details, the SEAC would further deliberate on this project and decide the further course of action.
