

Agenda notes for SEIAA meeting dated 03.08.2022 etc. and minutes of the meeting

Online Proposals

86th Meeting of SEIAA, Odisha dated 03.08.2022 and 04.08.2022, at 11.00 a.m.

Sl. No	Proposal Category (B1, B2) and Proposal type (TOR/EC/MO/DIEC/MODIT OR/Transfer of EC)	Project Sector and EIA notification Schedule.	Auto generated File No.	Name of the Applicant/ Project Propone nt	Title of the proposal	Date of receipt of the proposal online	Status indicated in the PARI VESH portal	Decisions of SEIAA in the previous meeting	Current Status and Agenda Note	Observations / Decisions of SEIAA Meeting
1.	B2, EC	1(a) Mining of minerals	265050/245-MINB2/03-2022	Bargarh Tahasil	Proposal for EC Sayan Zeera River Sand Bed Over an Area 12.02acres or 4.864 hectares In Sayan Village of Bargarh Tahasil In Bargarh District Odisha.	31.03.2022	Deferred by SEIAA	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Sayan Zeera River Sand Bed over an area 12.02acres or 4.864hectares in Sayan village of Bargarh tahasil in Bargarh district Odisha and the PP is Tahasildar, Bargarh</p> <p>The following documents have been received Form-1, Form-2, PFR, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> Quarry operated closed to the river embankment and Bargarh main canal <p>Distance from nearest sanctuary/ESZ-Debrigarh WLS-15.0.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Zeera, Depth of sand deposition-1.0 Meter Distance from Nearest Road Bridge-0.4.0 km, Village road-1.7 Km,</p>	The quarry location has undergone change to keep the operation clear of the canal and river embankment. The distance of quarry is now 500m from canal and 200m from river embankment. No sand be extracted from

									<p>Canal-100 meter, river embankment-200m Whether it is part of cluster –No Whether EC obtained earlier-No Production capacity per annum-3000 cum / annum (max.), Geological reserve-43606 cum, Mineable reserve-33861 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes <u>Other Points</u> 1.The proposal was in the SEIAA meeting held on 22.06.2022 and the authority deliberated in the matter and decided as “It appears the quarry has been operated extracting sand from water channel obstruction the natural flow of the river. Whether it is authorized and legal may be clarified. Tahasildar to clarify whether the quarry operation will affect the canal and embankment situated on one side of the quarry”. In this regards a letter vide letter no.4815/SEIAA dated 01.07.2022 has been issued to the tahasildar, Bargarh for clarification. Now, the Tahasildar has submitted clarification vide their letter no. 3152 dated 27.07.2022 and mentioned that no EC granted for the said quarry but some villagers lifted sand illegally. After clarification they change the lease area boundary what was submitted earlier and mentioned that proposed quarry will be operated 500 meter away from canal, hence the operation quarry will not affect the canal and embankment.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	<p>the stretch through which the water flows. Maximum depth of extraction allowed is 0.5m. Maximum proposed quantity of 3000 cum in 1st year is approved. Rate of replenishment study has to be conducted by November, 2023.</p>
2.	B2, EC	1(a) Mining of minerals	2656 10/25 5-MINB 2/04-2022	Tahasildar Bangiriposi Mayurbhanj	Nafri Stone Quarry No-2 Over an Area Of 4.97 Acres Or 2.01 Hectares In Village Nafri Under Bangiriposi Tahasil Of Mayurbhanj District Of Odisha.	02.04.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Nafri Stone Quarry No-2 over an area of 4.97 Acres or 2.01 hectares in village Nafri under Bangiriposi Tahasil of Mayurbhanj District of Odisha and the PP is Tahasildar, Bangiriposi.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> Not submitted earlier EC compliance <p>Distance from nearest sanctuary/ESZ-Similipal WLS-11.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-5.1 km, village road-0.5Km</p>	<p>EC be given with usual stipulations for stone quarries with blasting. Compliance report of previous EC has to be submitted in one month's time.</p>

									<p>Whether it is part of cluster –Yes and submitted cluster EMP Whether EC obtained earlier-Yes, the quarry operate for the period 2015-16 to 2019-20 as mentioned in the DSR but not submitted earlier EC compliance. Production capacity per annum-11905 cum/annum (max.), Geological reserve-110784 cum, Mineable reserve-65426 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes <u>Other points</u> 1.Clarification on SEAC letter the concerned DFO has mentioned vide their letter no.5342 dated 16.07.2022 that the Eco sensitive zone of Similipal WLS is located 10.5km away from the proposed quarry and outside the ESZ of Similipal Biosphere Reserve.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
3.	B2, EC	1(a) Mining of minerals	2678 23/25 9-MINB 2/04-2022	Akash Panda	Proposal For Grant of Environmental Clearance Of Mahadevpali Stone Quarry Over An Area Of 2.00 Acres Or 0.809 Hectares In Village Mahadevpali Under Puintala Tahasil Of Balangir District.	14.04. 2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Mahadevpali Stone Quarry over an area of 2.00 Acres or 0.809 Hectares in village Mahadevpali under Puintala tahasil of Balangir district and the PP is Sri Akash Panda. The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil Distance from nearest sanctuary/ESZ-Sunabeda WLS-111.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-1.24 km, village road-0.30Km Whether it is part of cluster –No Whether EC obtained earlier-Yes, and submitted earlier EC compliance Production capacity per annum-2565 cum/annum (max.), Geological reserve-43173 cum, Mineable reserve-29025 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.	EC be given with usual stipulations for stone quarries with blasting. Compliance report of previous EC has to be submitted in one month's time.

4.	B2, EC	1(a) Mining of minerals	2536 46/267-MINB 2/04-2022	Tahasil Derabish	Baspur Luna River Sand Quarry, Over An Area Of 4.95 Ha. Plot No-1099, Khata No-439, At: Daspur, Tahasil-Derabish, Dist-Kendrapara, Odisha Of Tahasildar Derabish.	22.04.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Baspur Luna River Sand Quarry, over an area of 4.95 Ha. Plot No-1099, Khata No-439, At: Daspur, Tahasil- Derabish, Dist- Kendrapara, Odisha and the PP is Tahasildar, Derabish, Kendrapara.</p> <p>The following documents have been received Form-1, Form-2, PFR,EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Distance from nearest sanctuary/ESZ-Bhitarkanika WLS-75.0.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Luna, Depth of sand deposition-1.0 Meter Distance from Nearest Road Bridge-0.20 km, Village road-0.5 Km Whether it is part of cluster –No Whether EC obtained earlier-No Production capacity per annum-9537 cum/annum (max.), Geological reserve-26666 cum, Mineable reserve-9537 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes</p> <p>Other Points 1.The PP has submitted replenishment study report with mentioned that during pre-monsoon sand deposition was 26666 cum and after post-monsoon the sand deposition is 9537 cum. In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	Replenishment rate study appears to be faulty. This study may be carried out again in the drone method. EC may be given provisionally. Maximum depth of exploitation allowed is 0.5m. Maximum quantity allowed is 5000 cum in the ensuing year. Replenishment rate study be carried out properly by November, 2023.
5.	B2, EC	1(a) Mining of minerals	2716 18/728-MINB 2/05-2022	Tahasil darkusumimayurbhanj	Langalasila Stone Quarry-II Over An Area Of 3.05 Acre Or 1.234 Hectares In Village Langalasila Under Kusumi, Badampahar Tahasil Of	07.05.2022	Deferred by SEIAA	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Langalasila Stone Quarry-II Over an area of 3.05 Acre or 1.234 Hectares in village Langalasila under Kusumi, Badampahar Tahasil of Mayurbhanj District of Odisha and the PP is Tahasildar, Kusumi.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p>	EC be given. Maximum depth of quarrying shall be 6m at each point from the top surface. Please ask for detailed

					Mayurbhanj District Of Odisha.				<p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Distance from nearest sanctuary/ESZ-Similipal WLS-13.20km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-8.5 km, village road-1.0Km Whether it is part of cluster –Yes, coming under cluster with total lease area-2.848 Ha, B2-project and submitted cluster EMP Whether EC obtained earlier-Yes, and submitted earlier EC compliance Production capacity per annum-2066 cum/annum (max.), Geological reserve-34953 cum, Mineable reserve-10332 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes <u>Other points</u> 1.The proposal was placed in the 83rd meeting of SEIAA held on 07.07.2022 and sought clarification on following points. The PP/Tahsildar may submit the compliance of previous EC conditions with photographic evidence be submitted in 15 days. DSR has shows full locational details of the proposed quarry. Correct distance of Eco-sensitive zone, village habitation, village road, and details land schedule of the quarry area be submitted. 2.Now, the Tahasildar has submitted DSR copy with mentioning details of the quarry, village road is located 0.25 Km, Similipal WLS is located 13.10 Km and submitted EC compliance report with mentioned that no plantation activity was done till date.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	compliance of previous EC conditions in one month's time.
6.	B2, EC	1(a) Mining of minerals	2417 08/74 4-MINB 2/05-2022	Satyapir Srichandan	New Proposal for Grant of EC for Kiajhari White Stone Quarry Over An Area Of 1.00 Acres or 0.405 Hectares in Village Kiajhari By Sri Satyapir Srichandan, Legal Heir of	10.05.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl. No.1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Kiajhari White Stone Quarry over An Area Of 1.00 Acres Or 0.405 Hectares In Village Kiajhari, Tahasil-Khordha, Dist-Khordha by Sri Satyapir Srichandan, Legal Heir of Late Draupadi Srichandan. The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents.</p>	EC may be given with usual conditions for regulation of blasting, minimizing SPM and debris accumulation. Ground water recharge has to

					Late Draupadi Srichandan				<ul style="list-style-type: none"> Nil Distance from nearest sanctuary/ESZ-Chandaka WLS-31.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-4.0 km, village road-0.6Km Whether it is part of cluster –Yes, coming under cluster with total lease area-83.156 Ha, B1-project and submitted cluster EMP for which already cluster EMP approved and letter issued for individual application vide SEIAA letter no. 1929/SEIAA dated 29.07.2021 Whether EC obtained earlier-No Production capacity per annum-1697 cum/annum (max.), Geological reserve-44395 cum, Mineable reserve-14700 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes <u>Other Points</u> 1.This is regarding cluster proposal for which cluster-2 EIA EMP submitted also public hearing completed. The SEAC recommended the EIA & EMP report and requested for individual application. 2.Now, the lessee has submitted individual application as a B2-proposal and SEAC recommend for EC. In view of the above the proposal may be placed in the SEIAA meeting for consideration.	be emphasized.
7.	B2, EC	1(a) Mining of minerals	2827 72/77 7-MINB 2/07-2022	Jaya Panda	Proposal For Environmental Clearance of Umer Stone Quarry Over An Area Of 2.0 Acres 0.809 Ha At Village Umer Under Jaipatna Tahasil Kalahandi District	16.07.2022	Under examination of SEIAA after SEAC	Online proposal for EC	This is regarding a new proposal for mining of minor mineral Stone . The project has submitted at SEIAA under Category ' B2 ' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Umer Stone Quarry over an area of 2.0 Acres 0.809 ha at village Umer under Jaipatna Tahasil Kalahandi District and the PP is Sri Jaya Bhuvan Panda . The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. <ul style="list-style-type: none"> Nil Distance from nearest sanctuary/ESZ-Karalapat WLS-56.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-6.0 km, village road-2.0Km Whether it is part of cluster –No	EC may be given with usual stipulations.

									<p>Whether EC obtained earlier-No Production capacity per annum-2835 cum/annum (max.), Geological reserve-66987 cum, Mineable reserve-48802 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
8.	B2, EC	1(a) Mining of minerals	2472 19/76 1-MINB 2/05-2022	Purna Chandra Nayak	Jamudiha Stone Quarry Over An Area 5.486 Acres Or 2.220hectares Bearing Khata No-82 & Plot No-76 In Village Jamudiha Under Mohana Tahasil Of Gajapati District(Odisha)	25.05.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Amudiha Stone Quarry over An Area 5.486 Acres Or 2.220hectares Bearing Khata No-82 & Plot No-76 In Village Jamudiha Under Mohana Tahasil Of Gajapati District (Odisha) and the PP is Sri Purna Chandra Nayak. The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> The D.F.O., Paralakhemundi has certified that Lakahri valley WLS is located 4.5 Km away from proposed quarry and Eco-sensitive zone of Lakahri valley WLS is 3.0 finalized. Distance from nearest sanctuary/ESZ-Lakhari Valley WLS-4.5km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-16.0 km, village road-1.0Km Whether it is part of cluster –No Whether EC obtained earlier-No Production capacity per annum-2772 cum/annum (max.), Geological reserve-305500 cum, Mineable reserve-249550 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC may be given with usual conditions

9.	B2, EC	1(a) Mining of minerals	2515 37/76 6-MINB 2/05-2022	Tahasil Malkangiri	Proposal for grant of EC of Malkangiri Morrum Quarry Over An Area 5.13ac Or 2.080ha In Malkangiri Village Of Tahasil In Malkangiri District, Odisha	27.05.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Morrum. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of MALKANGIRI MORRUM QUARRY over an area 5.13ac or 2.080ha in Malkangiri village of Malkangiri tahasil in Malkangiri district, Odisha and the PP is Tahasildar, Malkangiri.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> On the reply of our EDS, the concerned Tahasildar, has clarified that there is unauthorized quarry activity by some unknown person that why it appears in the google earth map that excavation near the quarry area. <p>Distance from nearest sanctuary/ESZ-Kangerghati national Park-66.0km</p> <p>Whether the lease area coming in D.L.C. report-No</p> <p>Whether the lease area reflecting in DSR-Yes</p> <p>Method of mining-Semi-mechanized</p> <p>Distance from Nearest Road Bridge-0.80 km, village road-0.0Km</p> <p>Whether it is part of cluster –No</p> <p>Whether EC obtained earlier-No</p> <p>Production capacity per annum-3002 cum/annum (max.), Geological reserve-52984 cum, Mineable reserve-40357 cum</p> <p>This is a B2 category project.</p> <p>Whether SEAC recommended the proposal –Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC be given with maximum depth of excavation being 3m. Standard stipulations be given as in other cases of morrum extraction. Safety of village road is a must, since it is adjacent to the quarry. Earth filling to 1 foot depth after closure of quarry operation.
10.	B2, EC	1(a) Mining of minerals	SIA/OR/MIN/2757 76/20 22	B. Laxmi Narayan Dora	Gallery Stone Quarry Over An Area Of 12.00 Acers Or 4.856 Ha Having Khata No. 1293 Plot No. 19/P In The Village Gallery, Tahasil Ghumusar (Bhanjanagar)	31.05.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤ 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Gallery Stone Quarry over an area of 12.00 Acers or 4.856 Ha having Khata No. 1293 Plot No. 19/P in the village Gallery, Tahasil Ghumusar (Bhanjanagar) in District Ganjam, State Odisha and the PP is Sri. B. Laxmi Narayan Dora.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p>	Fresh EC be given for enhanced production with usual stipulations for quarry operations. Depth of

					In District Ganjam, State Odisha.				<p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> Not clarified quarry operated or not <p>Distance from nearest sanctuary/ESZ-Lakahari Valley WLS-90.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-1.90 km, village road-0.20Km Whether it is part of cluster –No Whether EC obtained earlier-Yes EC granted in the year 2021 by SEIAA, Odisha Production capacity per annum-6000 cum/annum (max.), Geological reserve-848000 cum, Mineable reserve-722240 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes <u>Other Points</u> 1.This is a proposal for increasing production capacity from 2976 cum/annum to 6000 cum/annum as production quantity increased more than 50% of the earlier production, so, the PP applied this proposal fresh application.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	quarrying allowed is maximum 6m from the top surface at every point.
11.	B2, EC	1(a) Mining of minerals	2706 34/77 3-MINB 2/06-2022	Bansidhar Swain	Proposal for EC of Purusottampur Mahanadi Sand Bed over an area of 4.997 ha. at village-Purusottampur, Tahasil-Narsinghpur, Dist-Cuttack.	04.06.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No.1(a)– “mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Purusottampur Mahanadi Sand Bed over an lease area 12.35 acres/5.00 Ha in village Purusottampur, Tahasil-Narasinghpur, Dist-Cuttack and the PP is Sri Bansidhar Swain.</p> <p>The following documents have been received Form-1, Form-2, PFR, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> Nil <p>Distance from nearest sanctuary/ESZ-Daspalla Elephant Reserve-24.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Mahanadi, Depth of sand deposition-0.75 Meter Distance from Nearest Road Bridge-11.0 km, Village road-0.27 Km</p>	DFO, Athagarh may be asked to report the correct distance of this proposed quarry site from the ESZ of Satkosia Gerge and Baisipalli Sanctuaries.

									<p>Whether it is part of cluster –No Whether EC obtained earlier-No Production capacity per annum-4200 cum/annum (max.), Geological reserve-37477 cum, Mineable reserve-32229 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	
12.	B2, EC	1(a) Mining of minerals	2766 33/77 5-MINB 2/06-2022	Tahasil dar, Jharbandh	Proposal For Fresh Ec Of Balangir Sand Quarry Over An Area Of 12.30 Acres Or 4.977 Hectares, At Village-Balangir, Under Jharbandh Tahasil Of Bargarh District, Odisha	05.06.2022	Under examination of SEIAA after SEAC	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Balangir Sand Quarry over an area of 12.30 Acres Or 4.977 Hectares, At Village-Balangir, Under Jharbandh Tahasil Of Bargarh District, Odisha and the PP is Tahasildar, Jharbandh.</p> <p>The following documents have been received Form-1, Form-2, PFR,EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Distance from nearest sanctuary/ESZ-Barnawapara WLS-42.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Jonk, Depth of sand deposition-1.0 Meter Distance from Nearest Road Bridge-5.7 km, Village road- 0.7Km Whether it is part of cluster –No Whether EC obtained earlier-Yes, submitted earlier EC compliance Production capacity per annum-1950 cum/annum (max.), Geological reserve-29730 cum, Mineable reserve-25020 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC may be given. Maximum depth of sand extraction be limited to 0.5m. Replenishment study be done by November, 2023.
13.	B2, EC	1(a) Mining of minerals	2700 96/29 2-MINB 2/06-2022	Abani Nayak	Proposal for EC of Malkangiri Stone Quarry-B Over An Area 4.94 Acres Or 2.00 Hectares	07.06.2022	Under examination of SEIAA	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for EC of Proposal for EC of MALKANGIRI STONE QUARRY-B over an area 4.94 acres or 2.00</p>	EC be given with usual prescriptions for quarrying and blasting

					In Malkangiri Village Under Malkangiri Tahasil in Malkangiri District	A after SEA C		<p>hectares in Malkangiri village under Malkangiri tahasil in Malkangiri district Odisha and the PP is Sri. 									<p>The fresh water requirement will be approx. 117 KLD which will be provided by Bhubaneswar Municipal Corporation. The project will generate approx. 140 KLD of wastewater. The wastewater will be treated in onsite STP of 170 KLD capacity. Treated effluent will be re-used for flushing, horticulture, floor & car washing. Surplus treated effluent will be discharged to external sewer with permission.</p> <p>10. Total no. of Rain water Harvesting pits – 03 nos for the project.</p> <p>11. Power Requirement - The total power requirement for the Residential Project is 850 kVA which will be provided through TCPODL. There will be provision of 2 no. of DG sets of total capacity 570 kVA (1 x 320 kVA + 1*250 kVA) for power back up. The DG sets will be equipped with acoustic enclosure to minimize noise generation and adequate stack height for proper dispersion.</p> <p>12. Solid waste Management - The solid waste generated from the project shall be approx. 591 kg per day. The solid waste will be collected then segregated at source. Adequate number of colored bins (green, blue & dark grey) separate for bio-degradable and non-biodegradable are proposed to be provided at the strategic locations within the site. STP sludge is proposed to be used for horticultural purpose as manure. Horticultural Waste/ Biodegradable waste will be composted by Organic Waste Converter. 100 sqm area has been proposed for OWC. Spent oil from DG sets will be sold to CPCB authorised recyclers.</p> <p>13. Green Belt- Total green is proposed to be 3,400.54 m² (28.48 % of plot area). Plantation area-2,626.5 m² (22%) + Lawn area-773.59 m² (6.48%). Total no. of trees proposed = 153 Nos.</p> <p>14. Parking Details – Total parking area allocated to the project is 7770.60 sqm/ 282ECS.</p> <p>15. The project cost is ` 54 crores and Environmental Monitoring programme – 43.5lakhs.</p> <p>16. The proponent along with the consultant M/s Grass Roots Research & Creation India (P) Ltd. Noida made a detailed presentation before the SEAC on the proposal.</p> <p>17. The SEAC recommended for grant of Environmental Clearance valid for 10 years with stipulated conditions as per Annexure-A in addition to the following specific conditions.</p> <p>i) The Proponent, before implementation of the project, shall convert the land to Gharabari and shall take the ownership of the land if not already taken.</p> <p>ii) The Proponent, before implementation of the project, shall obtain permission/NOC from Executive Engg (PHD) and / or from the appropriate authority for disposal of excess STP treated water to the nearest drain. Also, in case of the connecting drain passing through others land (Govt. or Private</p>
--	--	--	--	--	--	--	--	--	--

									<p>land), the Proponent shall obtain the permission/ possession as the case may be.</p> <p>iii) The proponent shall use solar energy at least to the tune of 5% of total power requirement as proposed.</p> <p>iv) The proponent shall increase the capacities of DG sets and decrease the number and make a common duct for exhaust pipe.</p> <p>v) Trees located within the project area shall be transplanted in green belt along boundary.</p> <p>vi) Use of STP treated water shall be increased by planting more trees in green belt, car & floor washing and discharge to drain should be reduced.</p> <p>vii) As proposed 3 tier green belt/tree cover over minimum 20% of the land area should be maintained meticulously.</p> <p>viii) The project proponent shall obtain NOC from CGWA, Approval of Water Resource Department, Govt. Of Odisha for use of ground water.</p> <p>ix) Water Treatment Plant (WTP) shall be provided if ground water is not Potable. Adequate Number and Capacity of Over Head Tank for Fresh Water and treated Water shall be made. Rain Water harvesting pits should be refreshed periodically and its number be increased for greater ground water recharge.</p> <p>x) Permission of Drainage Division and Sewerage Board/WATCO shall be obtained for Discharge of excess STP treated water.</p> <p>xi) The proponent shall implement the Pollution Control Measures and safeguards as proposed in the Environment Management Plan (EMP) of project report.</p> <p>xii) The proponent shall Comply to the provision of structural stability certificate as per the bye- law of the Development Authority.</p> <p>xiii) Permission from WR Deptt. shall be obtained for water incase of ground water usage.</p> <p>xiv) When the public water supply will be available adjacent to/ in the vicinity of the proposed project in future, the PP shall avail it following due procedure of the Govt if the concerned authority agrees and dispense with the drawl of ground water except one borewell for emergency purpose. The PP shall take up suitably for the purpose with the concerned authority of the Government.</p> <p>xv) Parking in terms of ECS & space, both for 4 wheelers / 2 wheelers / Bicycle for residential apartment shall be provided as per the norms considering the residents and visitors.</p> <p>xvi) All compliances submitted/ committed by PP(s) shall be strictly adhered to them in addition to all the conditions/ specific conditions of EC.</p>	
--	--	--	--	--	--	--	--	--	--	--

									<p>The proposal was placed in the 85th meeting of SEIAA and was decided as follows: "The PP be asked to report in a detail statement the source and quantum of water during construction phase, and operational phase; the quantum of surplus treated waste water and where exactly shall it be disposed of. The solid waste disposal protocol to be adopted has to be elaborately narrated, indicating the location of ultimate disposal site by the vendor. Micro-composting of organic waste is to be carried out by locating a site in the project area".</p> <p>Now the PP has submitted their clarification / ADS for consideration of EC.</p>	
15.	B2, EC	8(a) Building and Construction projects	SIA/OR/MIS/2500/02/2022	M/s Paramitra Smart Infra SNA Private Ltd, Sri.Shyam Sundar Padhy, Director	Proposal of modification & expansion of EC of M/s Paramitra Smart Infra SNA Private Ltd for modification and expansion of proposed "Shanti Nagar Awas Yojna" [Private Developer Project] with Existing builtup area from 49927.11 sqm. to proposed builtup area - 119108.29 sqm] At mouza-Satya Nagar, plot no. - 21'125'126'128' 129'130&143(P), Thana-New Capital Bhubaneswar, District - Khordha	16.01.2022	Under examination of SEIAA after SEA C	<p>The proposal was placed in the 85th meeting of SEIAA and was decided as follows: The PP be asked to report in a detail statement the source and quantum of water during construction phase, and operational phase; the quantum of surplus treated waste water and where exactly shall it be disposed of. The solid waste disposal protocol to</p>	<p>This is regarding a expansion proposal building and construction project. The project has submitted at SEIAA under Category 'B' Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No. 8(a)-"Building & Construction" project. The project proponent has submitted proposal for grant of EC for modification and expansion of "SHANTI NAGAR AWAS YOJNA" [Private Developer Project] with Existing built up area from 49927.11 sqm. to proposed built up area- 119108.29 sqm] At mouza-Satya Nagar, plot no.- 21'125'126'128'129'130 &143(P), Thana-New Capital Bhubaneswar, District -Khordha by M/s Paramitra Smart Infra SNA Private Ltd, Sri.Shyam Sundar Padhy, Director.</p> <p>The following documents have been received Form-1, PFR, Form1A, conceptual plan, checklist etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Other Points.</p> <ol style="list-style-type: none"> 1. The project Authority had obtained EC earlier vide letter 6389/SEIAA dated 03.12.2018 and now proposal for increasing built up area and some modification. The PP has mentioned that the project work is not started yet for which EC obtained earlier. 2. M/s Paramitra Smart Infra SNA Private Ltd. is coming with Environmental Clearance for Expansion and Modification and of proposed "SHANTI NAGAR AWAS YOJNA" [Private Developer Project] At mouza- Satya nagar, plot no. -143(P), Thana-New Capital Bhubaneswar, District -Khordha, Odisha of - M/s Paramitra Smart Infra SNA Private Ltd. 3. Shanti palli slum is located on the land belonging to the General Administration (GA) department. Government of Odisha has decided that BDA, which is also the State Level Nodal Agency, shall implement the in-situ redevelopment project of Santi palli slum. Accordingly, the land (on which the cluster is situated) is being transferred to BDA. There will be permanent change in land use 	<p>The PP may clarify if there is adequate drainage space and drainage system for the estimated volume of storm water likely to flow into this site. Is there proper structural design for separating storm water flow from the waste water of the project? All bio-degradable solid waste of the building complex has to be treated in situ by micro composting.</p>

							<p>be adopted has to be elaborately narrated, indicating the location of ultimate disposal site by the vendor. Micro-composting of organic waste is to be carried out by locating a site in the project area.</p>	<p>pattern as mostly GA land will be used for construction of private development based on the market dynamics and development guidelines.</p> <p>4. Paramitra Smart Infra SNA Private Limited is developing the site in partnership with Bhubaneswar Development Authority (PPP Mode). The project (PPP) guidelines stipulate 7.797 acres land area allocation for EWS Housing, while remaining 2.1 acres land will be utilized for private development based on the market dynamics and development guidelines. Proposed area is coming under Wholesale Commercial Use Zone as per CDP.</p> <p>5. Land has been acquired for residential - development under an In-Shanti slum Redevelopment Project. The land will be used for construction of Residential complex with club. There will be permanent change in land use pattern, as mostly land will be used for construction of Residential Complex with Retail & Club. Total land acquired for this project is 8498.7 sqm 2.10 Ac. Proposed Total Built-up Area is 119108.29 sqm [Existing 49927.11 sqm. to proposed 119108.29 sqm]</p> <p>6. The proposed expansion project will have a total building foot-print of 3111.84 sqm (36.62% of the total plot area & (existing ground coverage 1912.37 SQM. (22.5%) Total green area proposed 3438.57 sqm (40.46 % of total area (exclusive plantation area 1755.83 sq.m. (20.66 %) and lawn area 1682.74 sqm (19.80%) of the plot area)</p> <p>7. The Geographical coordinates of the project site is 20°17'7.54"N & - 85°51'2.19"E. The nearest airport is BijuPattanaik Airport which is 5.4 km away from the project site towards S-S-W direction. Bhubaneswar railway station is 2.36 km away from the project site towards SSW direction. Vanivihar railway station is 0.8 km away from the project site towards N-N-E direction. (Aerial distance). Maharshi College Road is adjacent To Project Site at the distance of 0.70 km in E direction. NH-203 (Cuttack-Puri Road) at the distance of 0.95 km in NW direction.</p> <p>8. The total water requirement is approx. 356 KLD (domestic + flushing), out of which total domestic water requirement for residential and shops are 244 KLD & flushing water is 112 KLD. The total fresh water requirement is approx. 244 KLD on daily basis. The wastewater will be treated up to tertiary level in one STP of 350 KLD capacity provided within the complex generating 260 KLD of recoverable treated waste water from STP which will be recycled within the project sit and excess treated waste water will be discharge to existing municipal drain.</p> <p>9. The power supply shall be supplied by TPCODL. The maximum demand load is estimated at 3658KW There is provision of Power backup for the residential project will be through DG sets of total</p>	<p>Ultimate disposal point of these wastes has to be reported.</p>
--	--	--	--	--	--	--	---	---	--

								<p>capacity -1x2000 KVA & 1X1500 KVA silent DG Set.</p> <p>10. Solid waste generation will be approximately 970 KG/DAY which will be supplied to Bhubaneswar Municipality for further disposal. Recyclable and non-recyclable wastes will be disposed through Govt. approved agency. Hence, the Municipal Solid Waste Management will be conducted as per the guidelines of Solid Wastes Management Rules, 2016.</p> <p>11. During the operational stage, operation of Standby DG Sets and Vehicular Movements are main source for air pollution. Low sulfur diesel oil (LDO or HSD) will be used in DG sets. Water will be sprinkled to suppress dust, while cleaning and sweeping the roads and pavements. Proper traffic management and provision of acoustic enclosure for silent type DG sets will control noise level. Plantation along the peripheral boundary walls will also act as acoustic screen or vegetative barrier against the propagation of noise and pollutants.</p> <p>12. Total project cost is ` 153.84 Cr</p> <p>13. The Environment consultant M/s Visiontek Consultancy Services Pvt. Ltd. Bhubaneswar along with the proponent has made a presentation on the proposal before the Committee on 04.02.2022.</p> <p>14. The proposed site was visited by the sub-committee of SEAC on 22.03.2022. Following are the observations of the sub-committee and proponent needs to submit relevant documents as below:</p> <ol style="list-style-type: none"> Provision of bio waste or compost converter. - Water Requirement** – The total water requirement will be met through Ground Water and Bore well which is approx. **174 KLD**, out of which total domestic water requirement is 165 KLD. The total domestic water will be 165 KLD, out of which fresh water requirement is approx. 108 KLD & flushing water will 57 KLD. Makeup water for swimming pool will be 1 KLD.
- Waste water details:** The project will generate approx. **139 KLD** of wastewater. The wastewater will be treated in an onsite **STP of 170 KLD capacity**. The treated water (139 KLD @ 90% of total waste water) will be reused for flushing (57 KLD), horticulture (8 KLD). Surplus treated water during dry season (60 KLD), monsoon season 67 KLD) and winter season (65 KLD) will be discharged to external sewer with the requisite permission.
- Total no. of Rain water Harvesting pits** – 10 nos for the project.
- Power Requirement** - The power supply will be supplied by State Electricity Board. The requirement load for the project will be approx. 2,502 kW or 3,127 kVA. Power Backup : There is provision of 3 nos. of DG sets total 1515 kVA (1*750 kVA+1*625 kVA+1*140kVA) capacity for power back up. The DG sets will be equipped with acoustic enclosure to minimize noise generation and adequate stack height for proper dispersion.
- Solid waste Management** - The solid waste generated from the project shall be approx. 673 kg per day. The solid waste will be collected then segregated at source. Adequate number of colored bins (green, blue & dark grey) separate for bio-degradable and non-biodegradable are proposed to be provided at the strategic locations within the site. STP sludge is proposed to be used for horticultural purpose as manure. Horticultural Waste/ Biodegradable waste will be composted by Organic Waste Converter.150 sqm area has been proposed for OWC.Spent oil from DG sets will be sold to CPCB authorised

									<p>recyclers.</p> <p>13. Green Belt- Total green area measures 1,626.58 m2 i.e. (36 % of the plot area) which will include Plantation area = 1126.45 m2 (24.93%) + Lawn area = 500.10 m2 (11.07%) No. of trees required = 1 tree/80 sq.m. of plot area =4,517.64/80 = 56.4 say 56 Nos.Total no. of trees proposed = 62</p> <p>14. Parking Details –Total parking area proposed 10,096.88 m2 and 332 ECs will be required.</p> <p>15. The project cost is ` 81.93 crores and Environmental Monitoring programme – 48Lakhs.</p> <p>16. The proponent along with the consultant M/s Grass Roots Research & Creation India (P) Ltd. Noida made a detailed presentation before the SEAC on the proposal.</p> <p>17. The SEAC recommended for grant of Environmental Clearance valid for 10 years with stipulated conditions as per Annexure-B in addition to the following specific conditions.</p> <p>i) The Proponent, before implementation of the project, shall convert the land to Gharabari and shall take the ownership of the land if not already taken.</p> <p>ii) The Proponent, before implementation of the project, shall obtain permission/NOC from Executive Engg (PHD) and / or from the appropriate authority for disposal of excess STP treated water to the nearest drain. Also, in case of the connecting drain passing through others land (Govt. or Private land), the Proponent shall obtain the permission/ possession as the case may be.</p> <p>iii) The proponent shall use solar energy at least to the tune of 5% of total power requirement as proposed.</p> <p>iv) The proponent shall increase the capacities of DG sets and decrease the number and make a common duct for exhaust pipe.</p> <p>v) Trees located within the project area shall be transplanted in green belt along boundary.</p> <p>vi) Use of STP treated water shall be increased by planting more trees in green belt, car & floor washing and discharge to drain should be reduced.</p> <p>vii) As proposed 3 tier green belt/tree cover over minimum 20% of the land area should be maintained meticulously.</p> <p>viii) The project proponent shall obtain NOC from CGWA, Approval</p>	
--	--	--	--	--	--	--	--	--	--	--

								<p>of Water Resource Department, Govt. Of Odisha for use of ground water.</p> <p>ix) Water Treatment Plant (WTP) shall be provided if ground water is not potable. Adequate Number and Capacity of Over Head Tank for Fresh Water and treated Water shall be made. Rain Water harvesting pits should be refreshed periodically and its number be increased for greater ground water recharge.</p> <p>x) Permission of Drainage Division and Sewerage Board/WATCO shall be obtained for Discharge of excess STP treated water.</p> <p>xi) The proponent shall implement the Pollution Control Measures and safeguards as proposed in the Environment Management Plan (EMP) of project report.</p> <p>xii) The proponent shall Comply to the provision of structural stability certificate as per the bye- law of the Development Authority.</p> <p>xiii) Permission from WR Deptt. shall be obtained for water incase of ground water usage.</p> <p>xiv) When the public water supply will be available adjacent to/ in the vicinity of the proposed project in future, the PP shall avail it following due procedure of the Govt. if the concerned authority agrees and dispense with the drawl of ground water except one bore well for emergency purpose. The PP shall take up suitably for the purpose with the concerned authority of the Government.</p> <p>xv) Parking in terms of ECS & space, both for 4 wheelers / 2 wheelers / Bicycle for residential apartment shall be provided as per the norms considering the residents and visitors.</p> <p>xvi) All compliances submitted/ committed by PP(s) shall be strictly adhered to them in addition to all the conditions/ specific conditions of EC.</p> <p>However, the Sub-Committee of SEAC will visit the site within 3 months from the date of issue of Environmental Clearance to verify the progress of the project as well as conditions stipulated in Environmental Clearance. However, either during the visit of the SEAC Sub-committee and/or at any time, if it is noticed that stipulated conditions on which EC is granted is not in place or found otherwise, steps will be taken for revocation of EC granted.</p> <p>The proposal was placed in the 83rd meeting of SEIAA and decided as follows: "Disposal of surplus waste water after treatment in STP and recycling has to be concretised by showing all the planned drains and other structures and clearcut permission of complement authority to these</p>	
--	--	--	--	--	--	--	--	---	--

									plans. NOC has to be submitted from competent authority for drawal of ground water for building construction and subsequent use when the project becomes operational. Solid waste disposal protocol for the building has to be elaborately reported and final disposal site of all bio-nondegradable waste has to be indicated clearly. Also detailed layout of parking area, exit and entry gates, microcomposting site be shown on map. Rainwater harvesting has to be maximised". Now the PP has submitted their clarification / ADS for consideration of EC.																
39.	B2, EC	8(a) Building and Construction projects	SIA/OR/MIS/2633/34/2022	M/s BC Constructions; Sri. Chetan Kumar Tekariwal, Partner	Proposal of M/s BC Constructions for EC of Proposed Construction of Residential Project Over a plot area of 11,408.16 Sqmt. with Builtup area of 1,15,568.68 Sqmt. at Mouza- Bomikhal Rasulgarh Square, Tahasil- Bhubaneswar, Dist-Khordha by Sri. Chetan Kumar Tekariwal, Partner	24.05.2022	Under examination of SEIAA after SEA C	The proposal was placed in the 83 rd meeting of SEIAA and decided as follows: "Disposal of surplus water after treatment in STP and recycling has to be concretised by showing all the planned drains and other structures and clearcut permission of competent authority to	This is regarding a new proposal building and construction project . The project has submitted at SEIAA under Category 'B' Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No. 8(a) –"Building & Construction" project. The project proponent has submitted proposal for grant of EC for construction of residential building over total plot area 14,144.85 sq.m, built-up area (5+6+7) 1,15,568.68 sq.m located Khasra No.-372, 375, 392 to 400, 406, 531, 538, 542, 543, 1015 consist of 28 nos. of revenue plot, Mouza- Bomikhal, Rasulgarh Square, Bhubaneswar, District-Khurda, Odisha M/s. B.C. Construction and the project proponent is Sri Chetan Kumar Tekariwal (Partner). The following documents have been received Form-1, PFR, Form-1A, conceptual plan etc. The following deficiencies/omission have been noticed in the above documents. <ul style="list-style-type: none"> Not submitted checklist, Land schedule Not mentioned the quantity of rain water to be conserve and reuse. Other Points. <ol style="list-style-type: none"> Total built up area of the project is 1,15,568.68 m² and it is coming Category "B", Project or Activity 8(a) Building and Construction projects (EIA Notification). The project facilities include: Dwelling Units (438 nos.) (2B+G+31), Club (Ground, 1st, 2nd and 3rd) and Swimming pool. The building details of the Project: <table border="1"> <thead> <tr> <th>S.
