The Authority after detailed discussion and deliberation decided the following:

- Serial No. 1, 6, 8, 9, 11, 13, 15, 17, 19, 21, 24, 25, 27, 32, 33, 36, 37, 38, 39, 41, 42, 44, 46, 56, 61, 64, 65, 70, 72, 73, 74, 75, 76, 81, 82, 84, 85, 86, 87, 88, 89, 90, 91, 92, 94:** The Authority accepted the recommendations and additional conditions of SEAC and decided to **grant EC** to these proposals.
- Serial No. 2,3:** The Authority decided to **refer back** these proposals to SEAC. The earlier ground for closing and delisting this proposal has been clarified from the order of Hon'ble NGT dated 09.08.2024 wherein it has been directed to re-appraise ECs granted by DEIAA from 15.01.2016 to 11.12.2018 for appraisal/ re-appraisal by SEIAA. In view of the above, SEAC may re-appraise the proposal from technical view and re-submit its recommendation.
- Serial No. 4,7, 22, 40, 80, 83, 95:** The Authority accepted the recommendations of SEAC and decided to **close & delist** these proposals.
- Serial No. 5:** For this proposal, the recommendation of SEAC is ambiguous. On one hand they have considered it as a case of "Expansion and Violation" and on the other hand, they

have recommended the proposal for issue of EC for "Expansion and Violation" under the provisions of MoEF&CC notification dated 14.07.2017 and 08.03.2018. However, MoEFCC Notifications dated 14.07.2017 and 08.03.2018 are applicable only for such cases where the applications are submitted within a time period of six months and extended further by one month. Since, in the present case PP has not submitted the application within the window provided for, hence it can not be considered under the provisions of notification 14.07.2017. The plea made by CREDAI before the Hon'ble SC is that changes (increase or decrease) in Builtup area or Number of units are a part and parcel of Building and Construction projects and should be considered as Modification/ Alteration rather than as violation provided that prior EC has been issued and the subsequent changes in BUA or Number of units are approved by the competent authority, the project in the "Permissible Category". Therefore, SEAC may **re-examine its recommendation** in light of the above.

5. **Serial No. 10, 12, 18, 20, 23, 48, 50, 51, 52, 53, 54, 55, 58, 60, 66, 71:** The Authority accepted the recommendations of SEAC and decided to **approve EIA/ EMP and grant EC** to these proposals. PPs shall also ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects along with the conditions laid down by SEAC.

9. **Serial No. 28, 29:** In view of the observations of SEAC, the PP is directed to obtain the latest Cluster Certificates from the Mining Department which should incorporate all Lols/ Leases issued in the proposed area after the issue of previously submitted Cluster Certificates in these proposals.
