- The PP applied in prescribed format for Terms of Reference under violation category for the expansion and modification project and uploaded the application in the PARIVESH portal on 20.06.2023 (Proposal No. SIA/WB/INFRA2/432998/2023).
- In accordance with the recommendation of the SEAC, SEIAA, issued ToR vide No. 2074/EN/T-II-1/435/2023 dated 31.08.2023.
- The PP applied for EC in prescribed format and uploaded final EIA report in the PARIVESH portal on 19.12.2023.
- The PP was called for the EC presentation in the 23rd meeting of the SEAC, WB (2023-2026) held on 03.01.2024 and the PP presented their proposal in this meeting.

SEAC Observations and Recommendations:

- Based on the submission made by the PP, the committee accepted the final proposal consisting of various environmental parameters and salient features of the project and **recommended Environmental Clearance under violation category** for the proposed project with the additional condition that :
 - 1) Water-efficient plumbing fixtures and fittings conforming to relevant IS standards should be installed.
 - 2) Recharge pits should be relocated in the green area. RWH tank situated at the old portion, should be revamped and properly connected with the recharge network.

- 3) Connections of the STP with both old and new area should be shown. Backwash lines to be shown for the PSF and ACF of the STP. Backwash water to be fed to the inlet.
 - 4) A report on the impact of basement on groundwater flow to be submitted along with six monthly compliance report.
- It is noted that WBPCB has initiated the process of taking action under Section 15 read with Section 19 of the Environment (Protection) Act, 1986.

Violation calculation :

- As submitted by the project proponent (PP) vide CA declaration dated 16.06.2023, the actual cost incurred till 20/05/2023 for the housing/residential complex project “VERDE” by M/s. Fort Builders is **Rs.3105 lakhs**.
- Therefore, in line with the direction of the Principal Secretary, Dept. of Env., GoWB vide No. 1312/EN/T-II-1/052/2016 dated 30.05.2018, and as submitted by the PP, the expenditure amount for remediation plan, natural and community resource augmentation plan may be fixed at 1.5% of the total project cost incurred i.e. 1.5% of Rs. 3105 lakhs = **Rs.46.575 lakhs**.
- As per the O.M. of MoEF&CC vide No.22-21/2020-IA.III[E 138949] dated 28.01.2022, and as submitted by the PP, a penalty provision of 0.5% of the total project cost for violation and 0.25% of the total turnover of the project during the period of violation should be imposed. As submitted by the project proponent (PP) vide CA declaration dated 30.10.2023, the actual revenue earned upto 31/03/2023 (audited) in relation to Tower 3 of the project “VERDE” by M/s. Fort Builders is Rs.1400 lakhs. Therefore, the penalty cost incurred for violation will be 0.5% of Rs. 3105 lakhs + 0.25% of Rs.1400 lakhs = **Rs.15.525 lakhs + Rs.3.5 lakhs = Rs.19.025 lakhs**.
- Hence, the total amount (RP&NCRAP + Penalty) to be submitted by the PP may be fixed at **Rs. 46.575 lakhs + Rs. 19.025 lakhs = Rs.65.60 lakhs**.
- The budgetary allocation of expenses for the RP&NCRAP amount of **Rs. 46.575 lakhs** is enclosed as **Annexure – 1**.

However, considering the O.M. dated 08.01.2024 issued by MoEF&CC, necessary action may be taken by SEIAA since the EC application was made under violation category and subsequently appraised by SEAC following the O.M. dated 07.07.2021.
