The above-mentioned Sand Mining proposals (Agenda Sl. No, 04 to 14, 16 to 30, 32 to 38) were considered by the Committee as prescribed in the Sustainable Sand Mining Guidelines, 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020. The Project Proponent along with concerned environmental consultant made a presentation on the key parameters and salient features of the project. Based on the discussion, the committee found their presentation and proposal acceptable. Hence it was unanimously decided to recommend the proposals for grant of extension of the validity of Environmental Clearance **upto the month of March 2023** with the following additional specific conditions:-

1. The Project Proponent has to submit the prescribed Replenishment Study Report for the FY 2022-23 for the concerned sand ghats. Till the time the Replenishment Study is conducted (Pre & Post monsoon), the depth of the *sand mining shall be limited to one meter only*. **The sand ghat-wise Replenishment Study (Pre & Post monsoon) has to be submitted for the year 2022-23 to this committee by the end of March, 2023.**
2. The other specific and general conditions, except the mining depth, as contained in the original Environmental Clearance shall be applicable to this Environmental Clearance extension, apart from the extant guidelines and court orders.
3. The Project Proponent must ensure that no mining activity is carried out in the active channels and stabilized islands of the river. And, if the concerned sand ghat is located in the Eco-Sensitive Zone of any Protected Area (Wildlife Sanctuary/National Park/Tiger Reserve, etc.), no mining should be carried out.
4. During presentation the project proponent stated that the sand extracted will be stacked in the secondary storage point adjoining the sand mining lease areas. Regarding this, the committee cautioned the Project Proponent that no sand mining is carried out in the garb of secondary storage point, especially during the rainy season (July to September). The project proponent was also cautioned that all necessary measures should be in place to check illegal sand mining.
5. The sand mining should be carried out in strict compliance of all the relevant extant guidelines of the Government, applicable Acts/Rules and the order of the Hon'ble Courts/Tribunals, for the protection of environment.

6. No mining should be carried out beyond the limits of the concerned sand ghats which are included in the District Survey Report of the concerned District
