

# STATE LEVEL EXPERT APPRAISAL COMMITTEE (SEAC), BIHAR

2<sup>nd</sup> Floor, BELTRON Bhawan, Shastri Nagar, Patna – 800023.

Ref. No. - 25

Patna Dated: - 12/01/2024

## MINUTES OF 34<sup>rd</sup> MEETING OF STATE LEVEL EXPERT APPRAISAL COMMITTEE (SEAC), BIHAR CONSTITUTED ON 12.08.2021

VENUE: SEIAA Office

DATE: 10<sup>th</sup> January, 2024.

### Minutes/Proceeding of the Meeting

- 1. Opening Remarks of the Chairman:** The Chairman and Members extended a warm welcome to each other and among participants of the meeting. Thereafter, the meeting was opened for the proceedings as per the agenda adopted for the meeting.
- 2. Confirmations of Minutes of 33<sup>th</sup> Meeting (33/2023) vide Ref. No.- 20, dated:- 10.01.2024 of State Expert Appraisal Committee held on 06<sup>th</sup> January, 2024.** The State Expert Appraisal Committee, hereinafter referred to as SEAC, was informed that no representation has been received regarding projects considered in the meeting held on 06<sup>th</sup> January, 2024. The minutes of the said SEAC meeting was confirmed by the Committee.
- 3. Consideration of Proposals:** The SEAC considered the proposals received as per the agenda adopted for the 34<sup>th</sup> meeting (34/2023) vide Ref. No. - 16, dated - 08.01.2024. The key points of the deliberations held were as follows.
- 4. Observation:** Some ghats were found to be situated on the concave side of the river and mining at such ghats may change the course of the river. On the other hand, plenty of sand deposition was seen outside some ghats, so precaution should be taken to stop any kind of illegal mining activity nearby such ghats. In future, whenever the DSR is amended, such ghats situated in the concave side of river should be removed and the area on convex side where sand is available and not included in the present District Survey Report (DSR), should be included in the potential site for mining.

5. With regard to the proposals submitted for the Real-estate / apartment / Residential building projects, industry, Sand Mining project, etc. and various issues concerning the green belt area / greenery, public health hazards, and status of Waste Management, etc. were thoroughly discussed and scrutinized.

### Consideration of Environmental Clearance Proposal

#### AGENDA ITEM NO. 01

**Sand Mining Project on river Ulai at Jamui Block No.-01 Sand Ghat of Jamui district, Area -15.5 Ha. (File No.:- SIA/1(a)/2270/2023). Online Proposal No.:- SIA/BR/MIN/443633/2023).**

Proponent:-M/s Mukesh Kumar,

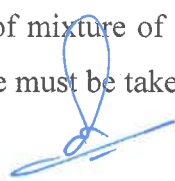

Consultant: - P & M Solution,

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 30<sup>th</sup> January, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2270/2023, dated 02.02.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 23.06.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 29.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant P & M Solution, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet

- tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
  3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
  4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
  5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
  6. The Project Proponent must maintain existing ponds nearby, if any.
  7. Proper care should be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
  8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

**AGENDA ITEM NO. 02**

**Sand Mining Project on river Kiul at Jamui Block No.-03 Sand Ghat of Jamui district, Area – 34.9 Ha. (File No.:- SIA/1(a)/2356/2023). Online Proposal No.:- SIA/BR/MIN/443750/2023).**

Proponent:-M/s Sajany Kumar,

Consultant: - P & M Solution,

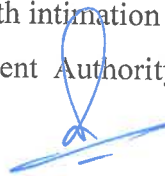

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 17<sup>th</sup> April, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2356/2023, dated 21.04.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 16.08.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 20.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant P & M Solution, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.

4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

**AGENDA ITEM NO. 03**

**Sand Mining Project on river Ulai at Jamui Block No.-02 Sand Ghat of Jamui district, Area – 14.4 Ha. (File No.:- SIA/1(a)/2325/2023). Online Proposal No.:- SIA/BR/MIN/443928/2023).**

Proponent:-M/s Kundan Kumar,

Consultant: - P & M Solutions

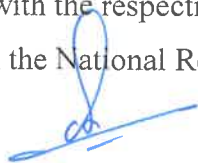

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 03<sup>rd</sup> March, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2325/2023, dated 24.03.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 23.06.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 13.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant P & M Solution, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of

Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

**AGENDA ITEM NO. 04**

**Sand Mining Project on river Gajhi at Jamui Block No.-01 Sand Ghat of Jamui district, Area -14.6 Ha. (File No.:- SIA/1(a)/2250/2023). Online Proposal No.:- SIA/BR/MIN/445483/2023).**

Proponent:-M/s Ram Naresh Sharma,

Consultant: - P & M Solution,

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 19<sup>th</sup> January, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2250/2023, dated 27.01.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 19.06.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 11.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant P & M Solution, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.

3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

#### **AGENDA ITEM NO. 05**

**Sand Mining Project on Gaya Morhar River at Block-38 (Gaya Morhar-25 Ghat) of District- Gaya Area –18 Ha. (File No. - SIA/1(a)/2411/2023), Online Proposal No.:- SIA/BR/MIN/445945/2023).**

Proponent:-Maalik Transport Company,

Consultant:- Cognizance Research India Pvt. Ltd.

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 26<sup>th</sup> May, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2411/2023, dated 01.06.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 12.08.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 20.12.2023 for obtaining Environmental Clarence (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 258, dated 23.05.2022.

The Project Proponent along with their environmental consultant Cognizance Research India Pvt. Ltd. made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee observed that during public consultation meeting local people in the area have raised Objection to this project during the public hearing.

The committee after discussion decided to keep the screening of proposal on hold and refer the matter to the Mines and Geology Dept. Govt. of Bihar for its opinion regarding the issues raised in the public consultation.

#### **AGENDA ITEM NO. 06**

**Sand Mining Project on river Sukhna at Jamui Cluster No.-01 Sand Ghat of Jamui district, Area – 07.42 Ha. (File No.:- SIA/1(a)/2450/2023). Online Proposal No.:- SIA/BR/MIN/451107/2023).**

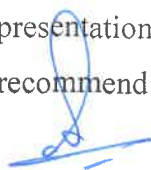

Proponent:-M/s Ganpati Enterprises,

Consultant: - P & M Solutions

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 12<sup>th</sup> July, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2450/2023, dated 19.07.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 07.10.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 13.12.2023 for obtaining Environmental Clearance (EC).

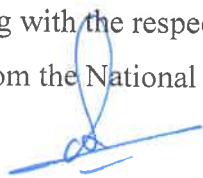

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant P & M Solution, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of

Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC).

**AGENDA ITEM NO. 07**

**Sand Mining Project on river Ulai at Jamui Block No.-08 Sand Ghat of Jamui district, Area – 08.26 Ha. (File No.:-SIA/1(a)/2372/2023). Online Proposal No.:- SIA/BR/MIN/453158/2023).**

Proponent:-M/s R.P. Project,

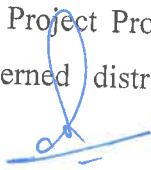

Consultant: - P & M Solution,

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 02<sup>nd</sup> May, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2372/2023, dated 03.05.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 26.10.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 11.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant P & M Solution, made a presentation on the key parameters and salient features of the project.   3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
  4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
  5. The project proponent should do the sand mining limited to 02 meter (Two meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
  6. The Project Proponent must maintain existing ponds nearby, if any.
  7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
  8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

**AGENDA ITEM NO. 10**

**Sand Mining Project on river Bhajan at Jamui Block No.-01 Sand Ghat of Jamui district, Area – 5.0 Ha. (File No.:-SIA/1(a)/2297/2023). Online Proposal No.:-SIA/BR/MIN/455462/2023).**

Proponent:-Sri Kundan Kumar,

Consultant: - Oceao-Enviro Management Solutions (India) Pvt. Ltd.

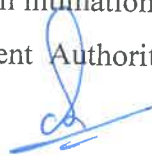

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 07<sup>th</sup> February, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2297/2023, dated 16.02.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 26.07.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 18.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant Oceao-Enviro Management Solutions (India) Pvt. Ltd, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate .State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.

4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

**AGENDA ITEM NO. 11**

**Sand Mining Project on river Anjana at Jamui Block No.-03 Sand Ghat of Jamui district, Area – 05.54 Ha. (File No.:-SIA/1(a)/2298/2023), Online Proposal No.:-SIA/BR/MIN/455465/2023).**

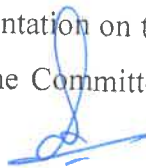

Proponent:-M/s Mata Vaishno Devi Traders,

Consultant: - Oceao-Enviro Management Solutions (India) Pvt. Ltd.

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 07<sup>th</sup> February, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2298/2023, dated 16.02.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 03.08.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 18.12.2023 for obtaining Environmental Clarence (EC).

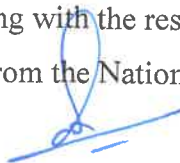

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant Oceao-Enviro Management Solutions (India) Pvt. Ltd. made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal

satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view) from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

**AGENDA ITEM NO. 12**

**Sand Mining Project on river Ulai at Jamui Block No.-05 Sidhesri Sand Ghat of Jamui district, Area – 09.37 Ha. (File No.:- SIA/1(a)/2332/2023). Online Proposal No.:- SIA/BR/MIN/455717/2023).**

Proponent:-M/s Sanjay Kumar,

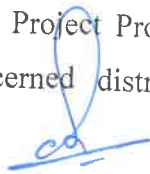

Consultant: - Oceao-Enviro Management Solutions (India) Pvt. Ltd.

Application along with filled up 'Form - I' and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 17<sup>th</sup> March, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2332/2023, dated 24.03.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 26.08.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 18.12.2023 for obtaining Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 268, dated 23.05.2022.

The Project Proponent along with their environmental consultant Oceao-Enviro Management Solutions (India) Pvt. Ltd. made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Environmental Clearance subject to the following additional conditions along with standard conditions mentioned in Annexure "A".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.

3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

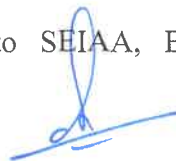

### **AGENDA ITEM NO. 13**

**Sand Mining Project on Sone River at Rohtas Sone (Block-01) Balu Ghat, of District-Rohtas, Area - 18.88 Ha. (File No. - SIA/1(a)/2366/2023), Online Proposal No.:- SIA/BR/MIN/444012/2023).**

Proponent:- M/s Banshidhar Construction Pvt. Ltd.

Consultant:- M/s Rian Enviro Private Limited.

Application along with filled up 'Form - I 'and Pre-feasibility report in the prescribed format was submitted to SEIAA, Bihar on 21<sup>st</sup> April, 2023 for obtaining Terms of Reference (ToR). SEIAA, Bihar Issued System Generated ToR Vide SIA/1(a)/2366/2023, dated 25.04.2023 and public hearing for the proposed project was conducted by Bihar State Pollution Control Board on 21.06.2023. Final EIA report was submitted by Project Proponent in the prescribed format to SEIAA, Bihar on 14.09.2023 for obtaining Environmental Clarence (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 269, dated 23.05.2022.

Earlier in the meeting dated – 22.09.2023 and 23.09.2023, the committee had sought the comments from the project proponent to submit recent geo-tagged colour photographs and a video clip of the said proposed site. Reply received from project proponent was placed before the committee and the Project Proponent along with the environmental consultant made a presentation and the same was found satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for the grant of Environmental Clearance subject to the following additional conditions along with standard conditions as mentioned in Annexure "B".

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 03 meter (Three meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.

7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view from the National Remote Sensing Center (NRSC), Hyderabad for the month of June and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC)).

#### **AGENDA ITEM NO. 14**

**Proposed Commercial Building Project “Azalfa Trade Centre” at Mauza:-Mainpura Shankar, Saugna More, Tehsil:- Danapur, District:- Patna, State:- Bihar; by M/s Azalfa Building Construction Private Limited [Total Plot Area:- 5,194.74 m<sup>2</sup>, Total Built-up Area:- 25,934.71 m<sup>2</sup>]-Reg. Environmental Clearance.**

**(File No.: SIA/8(a)/2454/2023, Proposal No.: SIA/BR/INFRA2/437780/2023).**

**Environment Consultant: M/s Rian Enviro Private Limited.**

Application along with filled up Form – I, Form –I (A) and Conceptual Plan in the prescribed format was submitted to SEIAA, Bihar on 31<sup>st</sup> July, 2023 for obtaining Environmental Clearance (EC).

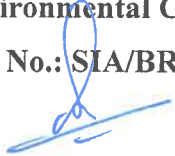

Earlier in the meeting dated – 05.08.2023, the Project Proponent requested the committee to consider the proposal in next meeting to make minor revision in the proposed plan. The Project Proponent revised the proposal i.e. total plot area 5194.74 Sqm. to 10000 Sqm. and total build-up Area 25939.71 Sqm to 51789.23 Sqm.

The Committee considered this proposal in the light of the amendments made so with respect to plot area and the built-up area. Accordingly, the Committee decided to reject this proposal with instruction to submit this amended proposal afresh.

#### **AGENDA ITEM NO. 15**

**Residential cum Commercial Building Project “TIRUVANTPURAM CITY (VIDHUT SECTOR)” at Mauza:- Adampur, Tehsil:- Danapur, District:- Patna, State:- Bihar; by M/s Nesh India Infrastructure Private Limited [Total Plot Area:- 25,259.40 m<sup>2</sup>, Total Built-up Area:- 88,542.81 m<sup>2</sup>]-Reg. Environmental Clearance.**

**(File No.: SIA/8(a)/2425/2023, Proposal No.: SIA/BR/INFRA2/437808/2023).**

**Environment Consultant:** M/s PARAMARSH (Servicing Environment and Development).

Application along with filled up Form - I, Form – I(A) and Conceptual Plan in the prescribed format was submitted to SEIAA, Bihar on 31<sup>st</sup> May, 2023 for obtaining Terms of Reference (ToR) under violation category. ToR was issued by SEIAA, Bihar vide SIA/8(a)/2425/2023, dated 07.07.2023. Final EIA report in the prescribed format was submitted to SEIAA, Bihar on 31<sup>st</sup> July, 2023 for obtaining Environmental Clearance (EC).

Considering the order dated 02.01.2024 in W.P (C) No. 1394/2023 Vansakti Vs Union of India & Ors by the Hon'ble Supreme Court and MoEF&CC, GoI OM vide F.No. IA3-3/4/2024-IA.III [E 230791], dated 08.01.2024, the committee decided to keep this proposal in abeyance, in the light of its nature being a violation case involving post-facto approval of EC.

**Consideration/ Reconsideration of Environmental Clearance (Extension/Amendment/ Corrigendum)**

**AGENDA ITEM NO. 16**

**Sand Mining Project on river Kiul at Cluster-II, Block No.-11 & 12) Sand Ghat of Lakhisarai district, Area – 32.0 Ha. (File No.:- SIA/1(a)/2072/2022). Online Proposal No.:-SIA/BR/MIN/307986/2024).**

Proponent:-Shri Gopal Kumar,

Consultant: - P & M Solution.

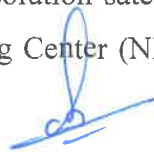

Application along with filled up 'Form – 4 Amendment in Environmental Clearance for in the prescribed format was submitted to SEIAA, Bihar on 5<sup>th</sup> January, 2024 for Amendment Environmental Clearance (EC).

The proposal has been mentioned in the District Survey Report (DSR) approved by the State Environment Impact Assessment Authority (SEIAA), Bihar vide letter no. 235, dated 23.05.2022.

The Project Proponent along with their environmental consultant P&M Solution, made a presentation on the key parameters and salient features of the project. Based on the discussion, the Committee found their presentation and proposal satisfactory and acceptable, hence the Committee decided to recommend the proposed proposal for grant of Amendment in Environmental Clearance (EC). The amendment of EC Specific Condition No. 05 as contained in Annexure "G" of the SEAC MoM vide Ref. No. 243, dated 09.08.2023 of the original SEIAA proposal No. – SIA/1(a)/2072/2022 which was recommended by the

committee & issued EC letter No.- SIA/1(a)/2072/2022 dated – 20.08.2023 (EC Identification No.- EC23B001BR191749) and accordingly the Project proponent shall take up the mining activities using semi-mechanised method without using any heavy machine, preferably by manual excavation. Subject to the following additional conditions as imposed by the Committee:-

1. The proposed plantation consisting of mixture of indigenous and fast growing species of trees must be done and proper care must be taken. Plantation of a minimum of 5 feet tall plants must be done in the 1<sup>st</sup> year of lease period and properly maintained till the validity of Environmental Clearance.
2. The Project Proponent shall execute and conduct measurable CER activities like facilities for drinking water supply, infrastructure creation solar power, Rain Water Harvesting, Solid Waste Management Facilities, sanitation, essential furnitures for the local government schools and Anganwadi Kendra. A display board must be placed for the information to the public. The Project Proponent has to intimate the concerned District Magistrate and the concerned district level officers of the concerned departments.
3. Under the Corporate Environment Responsibilities the modalities of all expenditure on skill development programme need to be done in consultation with and guidance of Bihar Skill Devolvment Mission, with intimation to the concerned Districh magistrate ,State Environment Impact Assessment Authority, Bihar and Bihar State Pollution Control Board.
4. Project Proponent has to fix display board on each mining site mentioning thereupon various activities to be done under Environment Management Plan (EMP).
5. The project proponent should do the sand mining limited to 1 meter (One meter) depth by semi-mechanised method without using any heavy machine, preferably by manual excavation.
6. The Project Proponent must maintain existing ponds nearby, if any.
7. Proper care should to be taken during transportation of sand from the sand mining site. There should be freeboard of atleast 3 inches from the body level of the vehicle, so that the sand doesn't get spilled on the road and doesn't affect the air quality as well.
8. Proponent should submit high resolution satellite images with stereoscopic 3D view from the National Remote Sensing Center (NRSC), Hyderabad for the month of June

and December of every year, along with the respective half-yearly compliance report in hard and soft copy (as received from the National Remote Sensing Center (NRSC).

**LIST OF PARTICIPANTS IN 34<sup>th</sup> MEETING OF SEAC, BIHAR HELD ON 10<sup>th</sup> January, 2024.**

Member Secretary, SEIAA, Bihar for information and necessary action.

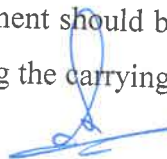

## Annexure – A (Sand Mining Projects – EC) for one meter depth

### A. Specific Condition

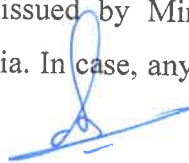

1. The Project Proponent shall obtain all necessary clearance/ permission from all concerned departments before commencement of mining works.
2. The Environmental Clearance will be valid for mine lease period subject to a ceiling of 5 years.
3. The project proponent before starting any activity /preparation of ground, on the leased area shall demarcate his lease hold by RCC pillars erected at the cost of lease holder after certification of the mining officer. On each pillar Geo-Coordinate and fore bearing/ back bearing shall be written with permanent paint mark as described in the mining plan. All the pillars should remain intact at same geo-coordinate. Establishment/ labeling of Benchmark at each pillars or ground control points.
4. Extraction of sand beyond annual production capacity is not permitted.
5. The Project Proponent should undertake the sand mining limited to 01 meters (one meter) depth by semi-mechanised method (without using any heavy machine), preferably by manual excavation.
6. Extraction will be carried out up to a maximum depth of 01 meters from surface of mineral deposit and not less than one meter from the water level of the River channel whichever is earlier.
7. No mining shall be carried out in the areas prominently used by wild animals (birds and reptiles) for nesting. Restricted working hours-Sand mining operation has to be carried out between 6 am to 7 pm.
8. No mining shall be carried out in 3 meter wide strip from the river bank in a River flood plain and within flowing/live water channel.
9. To maintain the safety and stability of River banks, 3 meter or 10% of the width of the River whichever is more will be left intact as "No Mining Zone".
10. No stream shall be diverted for the purpose of sand mining. No natural water course and / or water reservoirs shall be obstructed due to mining operations.

11. The pollution due to transportation load on the environment will be effectively controlled & water sprinkling will also be done regularly. Vehicles with PUCC only will be allowed to ply. The mineral transportation shall be carried out through covered vehicles / trucks only and the vehicle shall not be overloaded. Project should obtain 'PUC' certificate for all the vehicles from authorized pollution testing centre.
12. The stacking area of mined-out sand which shall be situated near the mining site within a fenced area from all sides to avoid being spread in the nearby areas by high winds and the height of stacking should not exceed 2 meter. Transportation shall be confined to day time only that is from sunrise to sunset, to avoid inconvenience to local population in anyway.
13. Rubbish burial shall not be done in the Rivers.
14. Adequate steps shall be taken to check soil erosion and control of debris flow etc. by constructing engineering structures.
15. Mining activity shall not be done for mine lease where mining can cause danger to site of flood protection works, places of cultural, religious, historical, and archaeological importance.
16. The approach road from loading point upto main road shall be properly developed with proper width and geometry required for safe movement of traffic by lease holder at his own cost.
17. Main haulage road in the mine shall be provided with permanent water sprinklers and other roads shall be regularly wetted with water tankers fitted with sprinklers.
18. Transportation of the Minerals by road passing through the village shall not be allowed. A 'bypass' road should be constructed (say, leaving a gap of at least 200 meters) for the purpose of transportation of the minerals so that the impact of sound, dust and accidents could be mitigated. The Project Proponent shall bear the cost towards the widening and strengthening of existing public road-network in case the same is proposed to be used for the Project. No road movement should be allowed on existing village road network without appropriately increasing the carrying capacity of such roads.

19. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
20. Project Proponent shall appoint a Monitoring committee to monitor the replenishment study, traffic management, levels of production, river Bank erosion and maintenance of Road etc.
21. Project Proponent shall submit the annual replenishment report certified by an authorized agency. In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
22. Regular monitoring of the flow rate of the springs and seasonal stream flowing in and around the mine lease shall be carried out and records maintained. Regular monitoring of water quality upstream and downstream of water bodies shall be carried out and record of monitoring data should be maintained and submitted to the SEIAA, Bihar, Regional office, Ranchi, Central Ground water Authority, Regional Director, Central Ground water Board, State Pollution Control Board and Central Pollution Control Board.
23. The project proponent shall abide by the Hon'ble Supreme Court order dated 08.01.2020 [Writ Petition 9 (s) (Civil No. (s) 114/2014]. Proposal of re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. In compliance to the direction dated 8<sup>th</sup> January, 2020 of Hon'ble Supreme Court in Writ Petitioner(s) Civil No. 114/2014, Common Cause Vs Union of India & Ors.
24. The individual sand ghat-miner will take appropriate measures to avoid parking of empty / loaded vehicles on nearest highway/ public roads to avoid traffic congestion.
25. Project Proponent will adhere to all applicable provisions of Sustainable Sand Mining Management Guidelines 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 (EMGSM – 2020) issued by Ministry of Environment, Forest and Climate Change, Government of India. In case, any ambiguity or variation between the

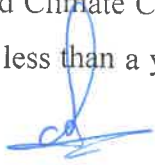

provision of both these document arises, the provision made in “Enforcement and Monitoring Guidelines for Sand Mining – 2020” shall prevail.

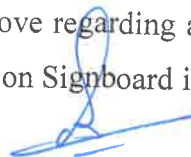

26. All specific and general conditions which are of public concern at large shall be permanently displayed at a prominent place for public along with address and contact details of authority where the violation of EC conditions can be reported.
27. Project proponent shall erect a signboard on his project site and display information regarding name of the project, No. & date of validity period of EC, annual production capacity of the mineral and other relevant information for the general public.

**B. General condition**

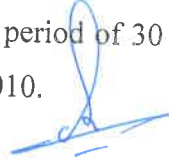

1. No stacking of sand is allowed on road side of any public road including national highways/ State highways.
2. No labour camp shall be allowed in riverbed.
3. Provision shall be made for housing labour with all necessary infrastructure and facilities (outside mining Block and river-bed) such as fuel for cooking, toilets / mobile toilets, safe drinking water, First-Aid facilities, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
4. Labour & Personnel working in dusty areas shall wear protective respiratory devices and they shall also be provided with adequate training and information on safety and health aspects. Occupational health surveillance program of the workers shall be undertaken periodically to observe any adverse health impact due to exposure to dust and take corrective measures, if needed.
5. The Project Proponent shall make arrangements for safe drinking water, first aid facility along With anti-venom injection, in case of emergency for the workers.
6. The project proponent shall maintain register for production and dispatch of mineral and submit periodic return (six-monthly) to the SEIAA, Bihar / Regional Office of Ministry of Environment, Forest and Climate Change, Government of India, Ranchi. If the remaining period of lease is for less than a year, the Project Proponent shall submit a monthly return of production.

7. The EC holder shall keep a correct account of quantity of mineral mined out, dispatched from the mine, mode of transport, registration number of vehicle and mine plan. This should be produced before officers of Central and State Government for inspection whenever asked for.
8. Regular monitoring of ground water table shall be carried out at the upstream and depth of water available in the adjoining dug-well.
9. Monitoring of Ambient Air Quality, Water Quality & Noise Quality shall be carried out as per the Notification, as amended from time to time by the Central Pollution Control Board. Water sprinkling should be increased at places of loading and unloading points & transfer points to reduce all sorts of fugitive emissions.
10. The funds earmarked for environmental protection measures should be kept in a separate bank account and should not be diverted for other purpose. Year-wise expenditure should be reported to the SEIAA, Bihar.
11. The Project proponent shall provide all necessary logistic support to the authorized officer of this authority as and when required. They will facilitate and assist the authority in site inspection and monitoring.
12. All the provisions made and restrictions imposed as envisaged in the Bihar Minor Mineral Rule, shall be complied with; particularly regarding Environment Management and payment of compensation to the affected land owner(s).
13. No change in mining technology and scope of working should be made without prior approval of the SEIAA, Bihar.
14. The Ministry / SEIAA may alter / modify the above conditions or stipulate any additional condition(s) in the interest of environment.
15. Concealing of factual data or submission of false / fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal/suspension of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.
16. The instruction contained herein above regarding air and noise pollution and details of mining proposals shall be displayed on Signboard in Hindi for the public information.

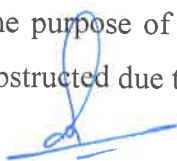

17. The SEIAA may impose additional conditions in the interest of Environment & Ecology whenever it becomes necessary to do so.
18. Any appeal against this environmental clearance shall lie with the Hon'ble National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.

## Annexure – B (Sand Mining Projects – EC) for three meter depth

### A. Specific Condition

1. The Project Proponent shall obtain all necessary clearance/ permission from all concerned departments before commencement of mining works.
2. The Environmental Clearance will be valid for mine lease period subject to a ceiling of 5 years.
3. The project proponent before starting any activity /preparation of ground, on the leased area shall demarcate his lease hold by RCC pillars erected at the cost of lease holder after certification of the mining officer. On each pillar Geo-Coordinate and fore bearing/ back bearing shall be written with permanent paint mark as described in the mining plan. All the pillars should remain intact at same geo-coordinate. Establishment/ labeling of Benchmark at each pillars or ground control points.
4. Extraction of sand beyond annual production capacity is not permitted.
5. The Project Proponent should undertake the sand mining limited to 03 meters (three meters) depth by semi-mechanised method (without using any heavy machine), preferably by manual excavation.
6. Extraction will be carried out up to a maximum depth of 03 meters from surface of mineral deposit and not less than one meter from the water level of the River channel whichever is earlier.
7. No mining shall be carried out in the areas prominently used by wild animals (birds and reptiles) for nesting. Restricted working hours-Sand mining operation has to be carried out between 6 am to 7 pm.
8. No mining shall be carried out in 3 meter wide strip from the river bank in a River flood plain and within flowing/live water channel.
9. To maintain the safety and stability of Riverbanks, 3 meter or 10% of the width of the River whichever is more will be left intact as "No Mining Zone".
10. No stream shall be diverted for the purpose of sand mining. No natural water course and / or water reservoirs shall be obstructed due to mining operations.

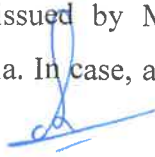

11. The pollution due to transportation load on the environment will be effectively controlled & water sprinkling will also be done regularly. Vehicles with PUCC only will be allowed to ply. The mineral transportation shall be carried out through covered vehicles / trucks only and the vehicle shall not be overloaded. Project should obtain 'PUC' certificate for all the vehicles from authorized pollution testing centre.
12. The stacking area of mined-out sand which shall be situated near the mining site within a fenced area from all sides to avoid being spread in the nearby areas by high winds and the height of stacking should not exceed 2 meter. Transportation shall be confined to day time only that is from sunrise to sunset, to avoid inconvenience to local population in anyway.
13. Rubbish burial shall not be done in the Rivers.
14. Adequate steps shall be taken to check soil erosion and control of debris flow etc. by constructing engineering structures.
15. Mining activity shall not be done for mine lease where mining can cause danger to site of flood protection works, places of cultural, religious, historical, and archaeological importance.
16. The approach road from loading point upto main road shall be properly developed with proper width and geometry required for safe movement of traffic by lease holder at his own cost.
17. Main haulage road in the mine shall be provided with permanent water sprinklers and other roads shall be regularly wetted with water tankers fitted with sprinklers.
18. Transportation of the Minerals by road passing through the village shall not be allowed. A 'bypass' road should be constructed (say, leaving a gap of at least 200 meters) for the purpose of transportation of the minerals so that the impact of sound, dust and accidents could be mitigated. The Project Proponent shall bear the cost towards the widening and strengthening of existing public road-network in case the same is proposed to be used for the Project. No road movement should be allowed on existing village road network without appropriately increasing the carrying capacity of such roads.

19. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
20. Project Proponent shall appoint a Monitoring committee to monitor the replenishment study, traffic management, levels of production, river Bank erosion and maintenance of Road etc.
21. Project Proponent shall submit the annual replenishment report certified by an authorized agency. In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
22. Regular monitoring of the flow rate of the springs and seasonal stream flowing in and around the mine lease shall be carried out and records maintained. Regular monitoring of water quality upstream and downstream of water bodies shall be carried out and record of monitoring data should be maintained and submitted to the SEIAA, Bihar, Regional office, Ranchi, Central Ground water Authority, Regional Director, Central Ground water Board, State Pollution Control Board and Central Pollution Control Board.
23. The project proponent shall abide by the Hon'ble Supreme Court order dated 08.01.2020 [Writ Petition 9 (s) (Civil No. (s) 114/2014)]. Proposal of re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. In compliance to the direction dated 8<sup>th</sup> January, 2020 of Hon'ble Supreme Court in Writ Petitioner(s) Civil No. 114/2014, Common Cause Vs Union of India & Ors.
24. The individual sand ghat-miner will take appropriate measures to avoid parking of empty / loaded vehicles on nearest highway/ public roads to avoid traffic congestion.
25. Project Proponent will adhere to all applicable provisions of Sustainable Sand Mining Management Guidelines 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 (EMGSM – 2020) issued by Ministry of Environment, Forest and Climate Change, Government of India. In case, any ambiguity or variation between the

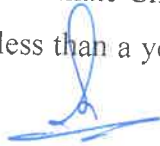

provision of both these document arises, the provision made in “Enforcement and Monitoring Guidelines for Sand Mining – 2020” shall prevail.

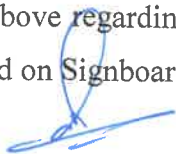

26. All specific and general conditions which are of public concern at large shall be permanently displayed at a prominent place for public along with address and contact details of authority where the violation of EC conditions can be reported.
27. Project proponent shall erect a signboard on his project site and display information regarding name of the project, No. & date of validity period of EC, annual production capacity of the mineral and other relevant information for the general public.

**B. General condition**

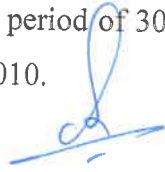

1. No stacking of sand is allowed on road side of any public road including national highways/ State highways.
2. No labour camp shall be allowed in riverbed.
3. Provision shall be made for housing labour with all necessary infrastructure and facilities (outside mining Block and river-bed) such as fuel for cooking, toilets / mobile toilets, safe drinking water, First-Aid facilities, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
4. Labour & Personnel working in dusty areas shall wear protective respiratory devices and they shall also be provided with adequate training and information on safety and health aspects. Occupational health surveillance program of the workers shall be undertaken periodically to observe any adverse health impact due to exposure to dust and take corrective measures, if needed.
5. The Project Proponent shall make arrangements for safe drinking water, first aid facility along With anti-venom injection, in case of emergency for the workers.
6. The project proponent shall maintain register for production and dispatch of mineral and submit periodic return (six-monthly) to the SEIAA, Bihar / Regional Office of Ministry of Environment, Forest and Climate Change, Government of India, Ranchi. If the remaining period of lease is for less than a year, the Project Proponent shall submit a monthly return of production.

7. The EC holder shall keep a correct account of quantity of mineral mined out, dispatched from the mine, mode of transport, registration number of vehicle and mine plan. This should be produced before officers of Central and State Government for inspection whenever asked for.
8. Regular monitoring of ground water table shall be carried out at the upstream and depth of water available in the adjoining dug-well.
9. Monitoring of Ambient Air Quality, Water Quality & Noise Quality shall be carried out as per the Notification, as amended from time to time by the Central Pollution Control Board. Water sprinkling should be increased at places of loading and unloading points & transfer points to reduce all sorts of fugitive emissions.
10. The funds earmarked for environmental protection measures should be kept in a separate bank account and should not be diverted for other purpose. Year-wise expenditure should be reported to the SEIAA, Bihar.
11. The Project proponent shall provide all necessary logistic support to the authorized officer of this authority as and when required. They will facilitate and assist the authority in site inspection and monitoring.
12. All the provisions made and restrictions imposed as envisaged in the Bihar Minor Mineral Rule, shall be complied with; particularly regarding Environment Management and payment of compensation to the affected land owner(s).
13. No change in mining technology and scope of working should be made without prior approval of the SEIAA, Bihar.
14. The Ministry / SEIAA may alter / modify the above conditions or stipulate any additional condition(s) in the interest of environment.
15. Concealing of factual data or submission of false / fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal/suspension of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.
16. The instruction contained herein above regarding air and noise pollution and details of mining proposals shall be displayed on Signboard in Hindi for the public information.

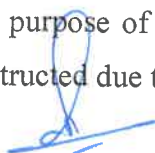

17. The SEIAA may impose additional conditions in the interest of Environment & Ecology whenever it becomes necessary to do so.
18. Any appeal against this environmental clearance shall lie with the Hon'ble National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.

A handwritten signature in blue ink, consisting of a stylized, cursive 'S' shape with a horizontal line underneath it.

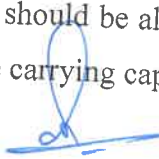

## Annexure – C (Sand Mining Projects – EC) for two meter depth

### A. Specific Condition

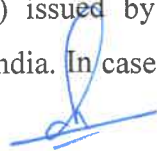

1. The Project Proponent shall obtain all necessary clearance/ permission from all concerned departments before commencement of mining works.
2. The Environmental Clearance will be valid for mine lease period subject to a ceiling of 5 years.
3. The project proponent before starting any activity /preparation of ground, on the leased area shall demarcate his lease hold by RCC pillars erected at the cost of lease holder after certification of the mining officer. On each pillar Geo-Coordinate and fore bearing/ back bearing shall be written with permanent paint mark as described in the mining plan. All the pillars should remain intact at same geo-coordinate. Establishment/ labeling of Benchmark at each pillars or ground control points.
4. Extraction of sand beyond annual production capacity is not permitted.
5. The Project Proponent should undertake the sand mining limited to 02 meters (two meters) depth by semi-mechanised method (without using any heavy machine), preferably by manual excavation.
6. Extraction will be carried out up to a maximum depth of 02 meters from surface of mineral deposit and not less than one meter from the water level of the River channel whichever is earlier.
7. No mining shall be carried out in the areas prominently used by wild animals (birds and reptiles) for nesting. Restricted working hours-Sand mining operation has to be carried out between 6 am to 7 pm.
8. No mining shall be carried out in 3 meter wide strip from the river bank in a River flood plain and within flowing/live water channel.
9. To maintain the safety and stability of River banks, 3 meter or 10% of the width of the River whichever is more will be left intact as "No Mining Zone".
10. No stream shall be diverted for the purpose of sand mining. No natural water course and / or water reservoirs shall be obstructed due to mining operations.

11. The pollution due to transportation load on the environment will be effectively controlled & water sprinkling will also be done regularly. Vehicles with PUCC only will be allowed to ply. The mineral transportation shall be carried out through covered vehicles / trucks only and the vehicle shall not be overloaded. Project should obtain 'PUC' certificate for all the vehicles from authorized pollution testing centre.
12. The stacking area of mined-out sand which shall be situated near the mining site within a fenced area from all sides to avoid being spread in the nearby areas by high winds and the height of stacking should not exceed 2 meter. Transportation shall be confined to day time only that is from sunrise to sunset, to avoid inconvenience to local population in anyway.
13. Rubbish burial shall not be done in the Rivers.
14. Adequate steps shall be taken to check soil erosion and control of debris flow etc. by constructing engineering structures.
15. Mining activity shall not be done for mine lease where mining can cause danger to site of flood protection works, places of cultural, religious, historical, and archaeological importance.
16. The approach road from loading point upto main road shall be properly developed with proper width and geometry required for safe movement of traffic by lease holder at his own cost.
17. Main haulage road in the mine shall be provided with permanent water sprinklers and other roads shall be regularly wetted with water tankers fitted with sprinklers.
18. Transportation of the Minerals by road passing through the village shall not be allowed. A 'bypass' road should be constructed (say, leaving a gap of at least 200 meters) for the purpose of transportation of the minerals so that the impact of sound, dust and accidents could be mitigated. The Project Proponent shall bear the cost towards the widening and strengthening of existing public road-network in case the same is proposed to be used for the Project. No road movement should be allowed on existing village road network without appropriately increasing the carrying capacity of such roads.

19. The project proponent shall comply with the provisions contained in this Ministry's OM vide F.No. 22-65/2017-IA.III dated 1st May 2018, as applicable, regarding Corporate Environment Responsibility.
20. Project Proponent shall appoint a Monitoring committee to monitor the replenishment study, traffic management, levels of production, river Bank erosion and maintenance of Road etc.
21. Project Proponent shall submit the annual replenishment report certified by an authorized agency. In case the replenishment is lower than the approved rate of production, then the mining activity / production levels shall be decreased / stopped accordingly till the replenishment is completed.
22. Regular monitoring of the flow rate of the springs and seasonal stream flowing in and around the mine lease shall be carried out and records maintained. Regular monitoring of water quality upstream and downstream of water bodies shall be carried out and record of monitoring data should be maintained and submitted to the SEIAA, Bihar, Regional office, Ranchi, Central Ground water Authority, Regional Director, Central Ground water Board, State Pollution Control Board and Central Pollution Control Board.
23. The project proponent shall abide by the Hon'ble Supreme Court order dated 08.01.2020 [Writ Petition 9 (s) (Civil No. (s) 114/2014)]. Proposal of re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. In compliance to the direction dated 8<sup>th</sup> January, 2020 of Hon'ble Supreme Court in Writ Petitioner(s) Civil No. 114/2014, Common Cause Vs Union of India & Ors.
24. The individual sand ghat-miner will take appropriate measures to avoid parking of empty / loaded vehicles on nearest highway/ public roads to avoid traffic congestion.
25. Project Proponent will adhere to all applicable provisions of Sustainable Sand Mining Management Guidelines 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 (EMGSM – 2020) issued by Ministry of Environment, Forest and Climate Change, Government of India. In case, any ambiguity or variation between the

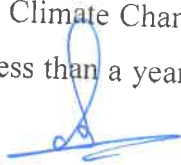

provision of both these document arises, the provision made in “Enforcement and Monitoring Guidelines for Sand Mining – 2020” shall prevail.

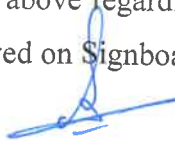

26. All specific and general conditions which are of public concern at large shall be permanently displayed at a prominent place for public along with address and contact details of authority where the violation of EC conditions can be reported.
27. Project proponent shall erect a signboard on his project site and display information regarding name of the project, No. & date of validity period of EC, annual production capacity of the mineral and other relevant information for the general public.

**B. General condition**

1. No stacking of sand is allowed on road side of any public road including national highways/ State highways.
2. No labour camp shall be allowed in riverbed.
3. Provision shall be made for housing labour with all necessary infrastructure and facilities (outside mining Block and river-bed) such as fuel for cooking, toilets / mobile toilets, safe drinking water, First-Aid facilities, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
4. Labour & Personnel working in dusty areas shall wear protective respiratory devices and they shall also be provided with adequate training and information on safety and health aspects. Occupational health surveillance program of the workers shall be undertaken periodically to observe any adverse health impact due to exposure to dust and take corrective measures, if needed.
5. The Project Proponent shall make arrangements for safe drinking water, first aid facility along With anti-venom injection, in case of emergency for the workers.
6. The project proponent shall maintain register for production and dispatch of mineral and submit periodic return (six-monthly) to the SEIAA, Bihar / Regional Office of Ministry of Environment, Forest and Climate Change, Government of India, Ranchi. If the remaining period of lease is for less than a year, the Project Proponent shall submit a monthly return of production.

7. The EC holder shall keep a correct account of quantity of mineral mined out, dispatched from the mine, mode of transport, registration number of vehicle and mine plan. This should be produced before officers of Central and State Government for inspection whenever asked for.
8. Regular monitoring of ground water table shall be carried out at the upstream and depth of water available in the adjoining dug-well.
9. Monitoring of Ambient Air Quality, Water Quality & Noise Quality shall be carried out as per the Notification, as amended from time to time by the Central Pollution Control Board. Water sprinkling should be increased at places of loading and unloading points & transfer points to reduce all sorts of fugitive emissions.
10. The funds earmarked for environmental protection measures should be kept in a separate bank account and should not be diverted for other purpose. Year-wise expenditure should be reported to the SEIAA, Bihar.
11. The Project proponent shall provide all necessary logistic support to the authorized officer of this authority as and when required. They will facilitate and assist the authority in site inspection and monitoring.
12. All the provisions made and restrictions imposed as envisaged in the Bihar Minor Mineral Rule, shall be complied with; particularly regarding Environment Management and payment of compensation to the affected land owner(s).
13. No change in mining technology and scope of working should be made without prior approval of the SEIAA, Bihar.
14. The Ministry / SEIAA may alter / modify the above conditions or stipulate any additional condition(s) in the interest of environment.
15. Concealing of factual data or submission of false / fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal/suspension of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.
16. The instruction contained herein above regarding air and noise pollution and details of mining proposals shall be displayed on Signboard in Hindi for the public information.

17. The SEIAA may impose additional conditions in the interest of Environment & Ecology whenever it becomes necessary to do so.
18. Any appeal against this environmental clearance shall lie with the Hon'ble National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.
