

	<b>MINUTES of 241<sup>th</sup> Day-3 MEETING OF STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON 06.03.2024 AT VIJAYAWADA A.P.</b>
---	---

241<sup>st</sup> SEIAA

(Day-3)

06.03.2024

**MINUTES OF THE 241<sup>st</sup> MEETING OF STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON 06.03.2024 AT VIJAYAWADA A.P.**

**Present:**

**The following members were present. (Through Video Conference)**

1.	Sri P.Venkata Rami Reddy, I.A.S, (Retired).	Chairman
2.	Dr. Thatiparthi Byragi Reddy Professor. Department of Environmental Sciences, Andhra University, Visakhapatnam	Member
3.	S.Sri Saravanan, I.F.S Special Secretary to Govt., Environment, Forests, Sciences and Technology Department, Govt. of Andhra Pradesh & Member Secretary, SEIAA, A.P.	Member Secretary

11/03/2024

240.02 & 241.01	3.24 Ha Ordinary Sand Mine proposed in the name of Thamaram Sand Reach, Thamaram Village, Santhakaviti Mandal, Vizianagaram District by
--------------------	---

241.01	Royalty Inspector, O/o District Mines and Geology officer, Vizianagaram, Andhra Pradesh SIA/AP/MIN/451269/2023
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining of Ordinary Sand in an area of 3.24 Ha with a proposed production quantity of Ordinary Sand – 32,393 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director and Royalty Inspector, O/o District Mines and Geology officer, Department of Mines and Geology, Vizianagaram and their consultant M/s. Hubert Enviro Care Systems (P) Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>The Department of Mines and Geology submitted DSR of Vizianagaram District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 150 of DSR Report.</li> <li>The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.</li> <li>The Department of Mines and Geology vide order dt. 19.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.</li> <li>As per the cluster letter dated: 27.10.2023 issued by the District Mines &amp; Geology officer, Vizianagaram District, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is &lt; 5.0 Ha.</li> <li>As per the approved mining plan dt. 27.10.2023 the total provided mineral reserves are 32,393 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.</li> <li>The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020.</li> <li>This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommend to raise ADS for submission of following:</li> </ol>

- Joint inspection report duly mentioning the date and photographs of sand reach along with the GPS coordinates.
- h. Accordingly, the project proponent submitted Joint inspection report duly mentioning the date and photographs of sand reach.
- i. The lease holder informed that they have allocated Rs. 2.20 Lakhs as capital cost and Rs. 0.8 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Thamaram Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 32,393 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of

	<p>quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>
<p>240.05 &amp; 241.03 241.02</p>	<p>4.230 Ha Ordinary Sand Mine proposed in the name of Chilamakuru Open Sand Reach, Chilamakuru Village, Yellanur Mandal, Anantapuram District by Asst. Geologist, Anantapur, Andhra Pradesh SIA/AP/MIN/452143/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining of Ordinary Sand in an area of 4.230 Ha with a proposed production quantity of Ordinary Sand – 42,300 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Assistant Geologist O/o District Mines and</p>

Geology Office, Ananthapuramu and their consultant M/s. Pollucare Engineers India Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Anantapur District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 09.11.2023, the total provided mineral reserves are 42,300 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020.
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommend to raise ADS for submission of following:
  - letter of intent from Department of Mines and Geology.
  - Joint inspection report in proper format.
- h. Accordingly, the project proponent submitted letter of intent from Department of Mines and Geology and photographs of sand reach.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Chilamakuru Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 42,300 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of

India in respect of sand mining shall be followed.

3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.
16. The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.
17. The lease holder shall keep GPS tracking to the vehicle from source to destination.
18. The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.
19. The lease holder shall remove the sheds constructed at the quarry

	<p>site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>
240.06 & 241.04 241.03	<p>2.13 Ha Ordinary Sand Mine proposed in the name of Ajjayyadoddi Open Sand Reach, Ajjayyadoddi Village, Brahasamudram Mandal, Anantapuramu District by Asst. Geologist, Anantapur, Andhra Pradesh SIA/AP/MIN/452145/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining of Ordinary Sand in an area of 2.13 Ha with a proposed production quantity of Ordinary Sand – 21,300 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease). <p>240.07 &amp; 241.05 241.04</p>	<p>1.4144 Ha Ordinary Sand Mine proposed in the name of Illuru Open Sand Reach, Illuru Village, Garladinee Mandal, Ananthapuramu District by Asst. Geologist, Anantapur, Andhra Pradesh SIA/AP/MIN/452150/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p>

**Category: B2.**

The project proposal is for mining of Ordinary Sand in an area of 1.4144 Ha with a proposed production quantity of Ordinary Sand – 14,144 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Assistant Geologist O/o District Mines and Geology Office, Ananthapuramu and their consultant M/s. Pollucare Engineers India Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Anantapur District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 09.11.2023, the total provided mineral reserves are 14,144 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommend to raise ADS for submission of following:
  - Joint inspection report along with GPS coordinates & date.
  - Photographs of sand reach along with the GPS coordinates.
  - Letter of intent in the name of Assistant Geologist.
- h. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 21.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water

Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates & Letter of intent in the name of Assistant Geologist

- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Illuru Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 14,144 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting

	<p>vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>
<p>240.08 &amp; 241.06 241.05</p>	<p>1.780 Ha Ordinary Sand Mine proposed in the name of Karthanaparathi Open Sand Reach Karthanaparathi Village, Kambaduru Mandal, Anantapuramu District by Asst. Geologist, Anantapur, Andhra Pradesh SIA/AP/MIN/452151/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining of Ordinary Sand in an area of 1.780 Ha with a proposed production quantity of Ordinary Sand – 17,800 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Assistant Geologist O/o District Mines and</p>

Geology Office, Ananthapuramu and their consultant M/s. Pollucare Engineers India Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Anantapur District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 09.11.2023, the total provided mineral reserves are 17,800 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommend to raise ADS for submission of following:
  - Joint inspection report along with GPS coordinates & date.
  - Photographs of sand reach along with the GPS coordinates.
  - Letter of intent in the name of Assistant Geologist.
- h. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 22.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates & Letter of intent in the name of Assistant Geologist
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Karthanaparthi Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended

to SEIAA to issue Environmental clearance for the mining of Ordinary Sand with the production quantity of 17,800 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.
16. The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of

	<p>CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>
<p>240.10 &amp; 241.07 241.06</p>	<p>3.960 Ha Ordinary Sand Mine proposed in the name of Rachumarri Open Sand Reach, Rachumarri Village, Kanekal Mandal, Anantapuramu District by Asst. Geologist, Anantapur, Andhra Pradesh SIA/AP/MIN/452155/2023</p>

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommend to raise ADS for submission of following:
  - latest Joint inspection report.
  - photographs of adjacent excavations along with the GPS coordinates.
  - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 02.02.2024, the total provided mineral reserves are 49,800 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Teeparu Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended

to SEIAA to issue Environmental clearance for the mining of Ordinary Sand with the production quantity of 49,800 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
- 10.The committee directed the lease holder that they shall not carryout river bed mining operation in monsoon period.
- 11.No sand mining shall be done during the rainy season.
- 12.The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
- 13.The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
- 14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
- 15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.
- 16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of

	<p>CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and in stream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>
239.37 & 241.11 241.10	<p>4.93 Ha Ordinary Sand Mine proposed in the name of, A.P., Pandalaparru Sand Reach Pandalaparru Village, Nidadavolu Mandal, East Godavari District , Andhra Pradesh SIA/AP/MIN/452417/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.93 Ha with a proposed production quantity of Ordinary Sand Mine – 49,300 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Pridhivi Enviro Tech Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.</li> <li>The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.</li> <li>The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.</li> </ol>

- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest Joint inspection report.
  - photographs of adjacent excavations along with the GPS coordinates.
  - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 02.02.2024, the total provided mineral reserves are 49,300 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Pandalaparru Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 49,300 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in

the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.

5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.
16. The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.
17. The lease holder shall keep GPS tracking to the vehicle from source to destination.
18. The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.
19. The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.
20. The lease holder shall carry out bank stabilization works.
21. The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.

	<p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>

	<p>Recommendations of the SEAC on 26.02.2024.</p>

**Category: B2**

The project proposal is for mining Ordinary Sand in an area of 4.81 Ha with a proposed production quantity of Ordinary Sand Mine – 48,100 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest Joint inspection report.
  - photographs of adjacent excavations along with the GPS coordinates.
  - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted

- Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 02.02.2024, the total provided mineral reserves are 48,100 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Pendyala Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 48,100 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.

	<p>13.The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. <p>239.47 &amp; 241.15 241.14</p>	<p>4.62 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, Kumaradevam (2023-II) Sand Reach Kumaradevam Village, Kovvuru Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452168/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.62 Ha with a proposed production quantity of Ordinary Sand Mine – 46,200 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Sri. Subrahmanyam Mannem of District of Mines and Geology &amp; and their consultant M/s. Pridhivi Enviro Tech Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.</li> <li>b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers</li> </ol>

- for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
  - d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
  - e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
  - f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
    - latest Joint inspection report.
    - photographs of adjacent excavations along with the GPS coordinates.
    - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
    - Required documents.
  - g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
  - h. As per the approved mining plan dt. 29.02.2024, the total provided mineral reserves are 46,200 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
  - i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Kumaradevam Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 46,200 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.

3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
- 10.The committee directed the lease holder that they shall not carryout river bed mining operation in monsoon period.
- 11.No sand mining shall be done during the rainy season.
- 12.The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
- 13.The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
- 14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
- 15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.
- 16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.
- 17.The lease holder shall keep GPS tracking to the vehicle from source to destination.
- 18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.
- 19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no

	<p>obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to issue Environmental Clearance based on the Joint inspection report.</p>

<p>239.55 &amp; 241.18 241.17</p>	<p>4.98 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, Vegeswarapuram Sand Reach Vegeswarapuram Village, Tallapudi Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452176/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.98 Ha with a proposed production quantity of Ordinary Sand Mine – 49,800 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p>

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is  $< 5.0$  Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest Joint inspection report.
  - photographs of adjacent excavations along with the GPS coordinates.
  - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 02.02.2024, the total provided mineral reserves are  $49,800 \text{ m}^3$  (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.

	<p>i. The committee noted that, as per the photographs submitted by the project proponent, waterlogging exists around the mine lease area. This increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted. Therefore, the committee recommended to reject the proposal.</p> <p>The Committee after re-examining the project proposals, presentations, MoEF&amp;CC Notifications &amp; OM's and detailed deliberations, recommended to SEIAA to <b>reject</b> the proposal as waterlogging exists around the mine lease area and this increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to reject the proposal.</p>
239.36 & 241.19 & 241.18	<p>4.98 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, A.P., Khandavalli Sand Reach Khandavalli Village, Peravali Mandal, East Godavari District , Andhra Pradesh SIA/AP/MIN/452177/2023</p>

	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.81 Ha</p>

with a proposed production quantity of Ordinary Sand Mine – 48,100 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest Joint inspection report.
  - photographs of adjacent excavations along with the GPS coordinates.
  - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 02.02.2024, the total provided

	<p>mineral reserves are 48,100 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.</p> <p>i. The committee noted that, as per the photographs submitted by the project proponent, water logging exists around the mine lease area. This increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted. Therefore, the committee recommended to reject the proposal.</p> <p>The Committee after re-examining the project proposals, presentations, MoEF&amp;CC Notifications &amp; OM's and detailed deliberations, recommended to SEIAA to <b>reject</b> the proposal as water logging exists around the mine lease area and this increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to reject the proposal.</p>
<p>239.56 &amp; 241.21 241.20</p>	<p>4.79 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, Chidipi (2023-III) Sand Reach Chidipi Village, Kovvuru Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452233/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.79 Ha with a proposed production quantity of Ordinary Sand Mine – 47,900 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. <p>239.41 &amp; 241.22 241.21</p>	<p>4.90 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, A.P., Chidipi (2023-I) Sand Reach Chidipi Village, Kovvuru Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452234/2023</p>

Recommendations of the SEAC on 26.02.2024.

**Category: B2**

The project proposal is for mining Ordinary Sand in an area of 4.90 Ha with a proposed production quantity of Ordinary Sand Mine – 49,000 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest Joint inspection report.
  - photographs of adjacent excavations along with the GPS coordinates.
  - The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water

Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.

- h. As per the approved mining plan dt. 02.02.2024, the total provided mineral reserves are 49,000 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Chidipi Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 49,400 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within

	<p>the permitted area.</p> <p>13.The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>239.50 &amp; 241.25 241.22</p>	<p>4.83 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, Vangalapudi (2022-I) Sand Reach Vangalapudi Village, Seethanagaram Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452238/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.83 Ha with a proposed production quantity of Ordinary Sand Mine – 48,300 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p>

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.

As per the cluster letter dated: 02.11.2023 issued by the District Mines&amp; Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is &lt; 5.0 Ha.</li> </ol>

- e. As per the approved mining plan dt. 31.10.2023, the total provided mineral reserves are 46,200 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 19.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Purushothapuram Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 46,200 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.

	<ol style="list-style-type: none"> <li>7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.</li> <li>8. The ramp (i.e., approach road) shall be removed after sand mining is completed.</li> <li>9. Under any circumstance under water sand mining shall not be carried out.</li> <li>10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.</li> <li>11. No sand mining shall be done during the rainy season.</li> <li>12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.</li> <li>13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</li> <li>14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</li> <li>15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</li> <li>16. The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</li> <li>17. The lease holder shall keep GPS tracking to the vehicle from source to destination.</li> <li>18. The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</li> <li>19. The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</li> <li>20. The lease holder shall carry out bank stabilization works.</li> <li>21. The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</li> <li>22. The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</li> </ol> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>240.34 &amp; 241.28 241.25</p>	<p>4.82 Ha Ordinary Sand Mine proposed in the name of Purushothapuram-1 Sand Reach, Purushothapuram Village, Sarubujjili Mandal, Srikakulam District by Assistant Geologist, Srikakulam, Andhra Pradesh SIA/AP/MIN/452219/2023</p>

Recommendations of the SEAC on 26.02.2024.

**Category: B2.**

The project proposal is for mining of Ordinary Sand in an area of 4.82 Ha with a proposed production quantity of Ordinary Sand – 48,200 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director, Assistant Geologist O/o Department of Mines and Geology, Srikakulam and their consultant M/s. SV Enviro Labs & Consultants have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Srikakulam District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 134 of DSR Report
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 21.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 02.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 31.10.2023, the total provided mineral reserves are 48,200 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.
- h. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 19.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water

Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.

- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Purushothapuram Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 48,200 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.

	<p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. Recommendations of the SEAC on 26.02.2024.

**Category: B2.**

The project proposal is for mining of Ordinary Sand in an area of 4.20 Ha with a proposed production quantity of Ordinary Sand – 42,000 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director, Assistant Geologist O/o Department of Mines and Geology, Srikakulam and their consultant M/s. SV Enviro Labs & Consultants have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Srikakulam District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 134 of DSR Report
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 21.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 02.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 31.10.2023, the total provided mineral reserves are 42,000 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.
- j. The committee noted that, as per the photographs submitted by the project proponent, waterlogging exists around the mine lease area.

	<p>This increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted. Therefore, the committee recommended to reject the proposal.</p> <p>The Committee after re-examining the project proposals, presentations, MoEF&amp;CC Notifications &amp; OM's and detailed deliberations, recommended to SEIAA to <b>reject</b> the proposal as water logging exists around the mine lease area and this increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to reject the proposal.</p>

The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches</li> <li>c. The Department of Mines and Geology vide order dt. 21.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.</li> <li>d. As per the cluster letter dated: 02.11.2023 issued by the District Mines &amp; Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is &lt; 5.0 Ha.</li> </ol>

- e. As per the approved mining plan dt. 31.10.2023, the total provided mineral reserves are 49700 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.
- h. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 16.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Nivagam Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 49,700 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.

	<ol style="list-style-type: none"> <li>7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.</li> <li>8. The ramp (i.e., approach road) shall be removed after sand mining is completed.</li> <li>9. Under any circumstance under water sand mining shall not be carried out.</li> <li>10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.</li> <li>11. No sand mining shall be done during the rainy season.</li> <li>12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.</li> <li>13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</li> <li>14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</li> <li>15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</li> <li>16. The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</li> <li>17. The lease holder shall keep GPS tracking to the vehicle from source to destination.</li> <li>18. The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</li> <li>19. The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</li> <li>20. The lease holder shall carry out bank stabilization works.</li> <li>21. The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</li> <li>22. The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</li> </ol> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>240.28 &amp; 241.33 241.30</p>	<p>4.70 Ha Ordinary Sand Mine proposed in the name of Gopalapenta Sand Reach Srikakulam, Gopalapenta Village, Narasannapeta Mandal, Srikakulam District by Assistant Geologist, Srikakulam, Andhra Pradesh SIA/AP/MIN/452270/2023</p>

Recommendations of the SEAC on 26.02.2024.

**Category: B2.**

The project proposal is for mining of Ordinary Sand in an area of 4.70 Ha with a proposed production quantity of Ordinary Sand– 47,000 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director, Assistant Geologist O/o Department of Mines and Geology, Srikakulam and their consultant M/s. SV Enviro Labs & Consultants have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Srikakulam District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 134 of DSR Report
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 21.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 02.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 31.10.2023, the total provided mineral reserves are 47000 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.
- h. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 17.02.2024 conducted by the

Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.

- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Gopalapenta Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 47,000 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting

	<p>vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>240.21 &amp; 241.34 241.31</p>	<p>3.0 Ha Ordinary Sand Mine proposed in the name of Veeraballi River Sand Reach, Veeraballi Village, Veeraballi Mandal, Annamayya District by Royalty Inspector, YSR District, Andhra Pradesh SIA/AP/MIN/452379/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining of Ordinary Sand in an area of 3.0 Ha with a proposed production quantity of Ordinary Sand – 30,000 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following: <ul style="list-style-type: none"> <li>• latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.</li> </ul> </li> <li>h. Accordingly, the project proponent submitted Joint inspection report</li> </ol>

on feasibility of sand reach dated 17.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.

- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Hyathi Nagar Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 32,600 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of

	<p>quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>239.38 &amp; 241.37 241.34</p>	<p>4.98 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, A.P., Malleswaram Sand Reach Malleswaram Village, Peravali Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452162/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.98 Ha with a proposed production quantity of Ordinary Sand Mine – 49,800 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Sri. Subrahmanyam Mannem of District of Mines and Geology &amp; and their consultant M/s. Pridhivi Enviro Tech</p>

Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 09.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - i. latest Joint inspection report.
  - ii. photographs of adjacent excavations along with the GPS coordinates.
  - iii. The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - iv. Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 08.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 02.02.2024, the total provided mineral reserves are 49,800 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Malleswaram Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA to issue Environmental clearance for the mining of Ordinary Sand with the production quantity of 49,800 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.
16. The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that

	<p>particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>

Recommendations of the SEAC on 26.02.2024.

**Category: B2**

The project proposal is for mining Ordinary Sand in an area of 4.59 Ha with a proposed production quantity of Ordinary Sand Mine – 45,900 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 10.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - i. latest Joint inspection report.
  - ii. photographs of adjacent excavations along with the GPS coordinates.
  - iii. The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - iv. Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 09.02.2024 conducted by the

Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.

- h. As per the approved mining plan dt. 16.02.2024, the total provided mineral reserves are 45,900 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Vangalapudi Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA to **issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 45,900 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within

	<p>the permitted area.</p> <p>13.The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>239.49 &amp; 241.41 241.38</p>	<p>4.57 Ha Ordinary Sand Mine proposed in the name of SUBRAHMANYAM MANNEM, Vemagiri-Kadiyapulanka (2022-1) Sand Reach Vemagiri-Kadiyapulanka Village, Kadiyam Mandal, East Godavari District, Andhra Pradesh SIA/AP/MIN/452421/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.57 Ha with a proposed production quantity of Ordinary Sand Mine – 45,700 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p>

Sri. Mohan Rao, Dy. Director & Sri. Subrahmanyam Mannem of District of Mines and Geology & and their consultant M/s. Pridhivi Enviro Tech Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of East Godavari District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 109 of DSR Report.
- b. The Department of Mines and Geology, Ibrahimpatnam, AP issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.
- c. The Department of Mines and Geology vide order dt. 30.10.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 10.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - i. latest Joint inspection report.
  - ii. photographs of adjacent excavations along with the GPS coordinates.
  - iii. The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - iv. Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 09.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 16.02.2024, the total provided mineral reserves are 45,700 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs

and development of village roads in the Vemagiri-Kadiyapulanka Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 45,700 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.

	<p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>240.22 &amp; 241.42 241.39</p>	<p>2.510 Ha Ordinary Sand Mine proposed in the name of Matli River Sand Reach, Matli Village, Veeraballi Mandal, Annamayya District by Royalty Inspector, YSR District, Andhra Pradesh SIA/AP/MIN/452449/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining of Ordinary Sand in an area of 2.510 Ha with a proposed production quantity of Ordinary Sand Mine – 25,100 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof i.e., Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Royalty Inspector, District Mines and Geology officer O/o Department of Mines and Geology, YSR District and their consultant M/s. Pollucare Engineers India Pvt Ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>a. The Department of Mines and Geology submitted DSR of Annamayya District. The same is reviewed in the SEAC meeting and observed that the subject mine is available at Page No. 138 of DSR Report</li> <li>b. The Department of Mines and Geology, Ibrahimpatnam, AP issued</li> </ol>

circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructing to obtain statutory clearance in the name of the officers for 35 sand reaches.

- c. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. As per the cluster letter dated: 14.11.2023 issued by the District Mines & Geology officer, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- e. As per the approved mining plan dt. 08.11.2023, the total provided mineral reserves are **25,100 m<sup>3</sup>** (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- f. The committee in light of the orders of the Hon'ble NGT dated 23.03.2023, recommended to allow for Manual mining only, duly following the sustainable sand mining guidelines 2016 and Enforcement and Monitoring guidelines for sand mining 2020
- g. This proposal was earlier placed in 240<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - latest proper Joint inspection report along with date and photographs of sand reach along with the GPS coordinate.
- h. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 16.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the matli Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 25,100 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.

Sri. Mohan Rao, Dy. Director & Sri. Sairam Sriram of District of Mines and Geology & and their consultant M/s. HECS Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of Dr BR Ambedkar District. The same is reviewed in the SEAC meeting and observed that the subject mine mineral content is available at Page No.47 of DSR Report). The DSR 2023 is under process at SEIAA for approval.
- b. The project proponent submitted Joint inspection report on feasibility of sand reach dated 23.02.2023 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department.
- c. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- d. The Department of Mines and Geology, Ibrahimpatnam, AP has issued circular Memo No: 6588903/Sand- General/2022 dt. 17.10.2023 instructed to obtain statutory clearance in the name of the officers for 35 sand reaches.
- e. As per the cluster letter dated: 10.11.2023 issued by the District Mines & Geology officer, Dr. B. R. Ambedkar Konaseema District, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- f. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - i. latest Joint inspection report.
  - ii. photographs of adjacent excavations along with the GPS coordinates.
  - iii. The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - iv. Required documents.
- g. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 13.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- h. As per the approved mining plan dt. 15.11.2024, the total provided mineral reserves are 47,400 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- i. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs

and development of village roads in the Atreyapuram Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 47,400 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.
13. The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.
14. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
15. The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.

	<p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>

All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>239.31 &amp; 241.49 241.45</p>	<p>0.95 Ha Ordinary Sand Mine proposed in the name of Sompalli (2022-12) Sand Reach Sompalli Village, Razole Mandal, Dr. B. R. Ambedkar Konaseema District, Andhra Pradesh SIA/AP/MIN/452687/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p>

The project proposal is for mining Ordinary Sand in an area of 0.95 Ha with a proposed production quantity of Ordinary Sand Mine – 9,500 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).

Sri. Mohan Rao, Dy. Director & Sri. Sairam Sriram of District of Mines and Geology & and their consultant M/s. HECS Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:

- e. The Department of Mines and Geology submitted DSR of Dr BR Ambedkar District. The same is reviewed in the SEAC meeting and observed that the subject mine mineral content is available at Page No.47 of DSR Report). The DSR 2023 is under process at SEIAA for approval.
- f. The project proponent submitted Joint inspection report on feasibility of sand reach dated 22.06.2022 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department.
- g. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.
- h. As per the cluster letter dated: 10.11.2023 issued by the District Mines & Geology officer, Dr.B.R. Ambedkar Konaseema District, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is < 5.0 Ha.
- i. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following:
  - i. latest Joint inspection report.
  - ii. photographs of adjacent excavations along with the GPS coordinates.
  - iii. The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.
  - iv. Required documents.
- j. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 05.02.2024 conducted by the Revenue Department, Mines & Geology Department, Ground Water Department & Irrigation Department and also submitted Photographs of sand reach along with the GPS coordinates.
- k. As per the approved mining plan dt. 16.02.2024, the total provided mineral reserves are 9500 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.

	<p>l. The committee noted that, as per the photographs submitted by the project proponent, water logging exists around the mine lease area. This increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted. Therefore, the committee recommended to reject the proposal.</p> <p>The Committee after re-examining the project proposals, presentations, MoEF&amp;CC Notifications &amp; OM's and detailed deliberations, recommended to SEIAA to <b>reject</b> the proposal as water logging exists around the mine lease area and this increases the likelihood of seepage (outflow) of water into the remaining area if mining activity is permitted.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC to reject the proposal.</p>
239.30 & 241.51 241.46	<p>4.56 Ha Ordinary Sand Mine proposed in the name of SairamSriram, A.P., Alamuru (2022-10) Sand Reach Alamuru Village, Alamuru Mandal, Dr. B. R. Ambedkar Konaseema District, Andhra Pradesh SIA/AP/MIN/452683/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2.</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.56 Ha with a proposed production quantity of Ordinary Sand Mine – 45,600 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Sri. Sairam Sriram of District of Mines and Geology &amp; and their consultant M/s. HECS Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>a. The Department of Mines and Geology submitted DSR of Dr BR Ambedkar District. 241.47	Dr.B.R.Ambedkarkonaseema District, Andhra Pradesh SIA/AP/MIN/452666/2023
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2</b></p> <p>The project proposal is for mining Ordinary Sand in an area of 4.50 Ha with a proposed production quantity of Ordinary Sand Mine – 45,000 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p> <p>Sri. Mohan Rao, Dy. Director &amp; Sri. Sairam Sriram of District of Mines and Geology &amp; and their consultant M/s. HECS Pvt ltd have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>a. The Department of Mines and Geology submitted DSR of Dr BR Ambedkar District. The same is reviewed in the SEAC meeting and observed that the subject mine mineral content is available at Page No.47 of DSR Report). The DSR 2023 is under process at SEIAA for approval.</li> <li>b. The project proponent submitted Joint inspection report on feasibility of sand reach dated 24.02.2022 conducted by the Revenue Department, Mines &amp; Geology Department, Ground Water Department &amp; Irrigation Department.</li> <li>c. The Department of Mines and Geology vide order dt. 07.11.2023 issued LoI to the subject mine subject to submission of Approved Mining Plan, EC and CFE.</li> <li>d. As per the cluster letter dated: 10.11.2023 issued by the District Mines &amp; Geology officer, Dr.B.R. Ambedkar Konaseema District, there are no existing leases within the radius of 500 mtrs area and the total applicable cluster area is &lt; 5.0 Ha.</li> <li>e. This proposal was earlier placed in 239<sup>th</sup> SEAC meeting and the committee recommended to raise ADS for submission of following: <ol style="list-style-type: none"> <li>i. latest Joint inspection report.</li> <li>ii. photographs of adjacent excavations along with the GPS coordinates.</li> <li>iii. The project proponent shall submit Modified mining plan duly incorporating the excavation details (depth) at Sl. No. 3.2k year wise production of mining plan.</li> <li>iv. Required documents.</li> </ol> </li> <li>f. Accordingly, the project proponent submitted Joint inspection report on feasibility of sand reach dated 06.02.2024 conducted by the Revenue Department, Mines &amp; Geology Department, Ground Water Department &amp; Irrigation Department and also submitted</li> </ol>

- Photographs of sand reach along with the GPS coordinates.
- g. As per the approved mining plan dt. 16.02.2024, the total provided mineral reserves are 45,000 m<sup>3</sup> (As per WALTA Act only 1m sand excavation is permitted) and the entire quantity is proposed to be excavated within the period of 1 year.
- h. The lease holder informed that they have allocated Rs. 2.35 Lakhs as capital cost and Rs. 2.10 Lakhs as a recurring cost budget for the EMP. The project proponent volunteered to allocate funds 10% of the project cost for providing amenities to the local school / PHCs and development of village roads in the Tatapudi Village under Corporate Social Responsibility (CSR).

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OM's and detailed deliberations, recommended to SEIAA **to issue** Environmental clearance for the mining of Ordinary Sand with the production quantity of 45,000 m<sup>3</sup>/annum for one-year period with manual method of mining with the following conditions:

1. There shall be no change in the production quantities approved in Environment Clearance order.
2. All the conditions and guidelines issued by MoEF&CC, Govt of India in respect of sand mining shall be followed.
3. The directions issued by the Hon'ble NGT, Southern Zone, Chennai in the matter of O.A.No. 47 of 2016 (SZ) & 177 of 2016 (SZ), Order dated:14.12.2020 shall be scrupulously followed.
4. The standard environmental conditions for sand mining specified in the Sustainable Sand Mining Guidelines, issued by MoEF&CC, Govt of India, 2016 shall be followed. The mine operator shall not carry mining more than 1 meter depth in compliance with AP WALTA Act.
5. The lease holder shall follow the procedures mentioned in Enforcement & Monitoring Guidelines for Sand Mining January, 2020.
6. The lease holder shall comply with the recommendation and suggestion made by the High-Power Committee as applicable.
7. The mining activities on river beds are allowed strictly as per the provisions of river / stream bed mining policy as under.
8. The ramp (i.e., approach road) shall be removed after sand mining is completed.
9. Under any circumstance under water sand mining shall not be carried out.
10. The committee directed the lease holder that they shall not carry out river bed mining operation in monsoon period.
11. No sand mining shall be done during the rainy season.
12. The lease holder should demarcate boundary with geo-coordinates or geo-fenced to ensure that sand extraction is going on only within the permitted area.

	<p>13.The committee directed the Royalty Inspector to functioning time of quarries/depots shall be 7.00 AM to 6.00 PM. No sand transporting vehicles to be parked inside the quarry/depot site during night time.</p> <p>14.The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</p> <p>15.The committee suggested the Royalty Inspector to the transportation route should be selected in such a way that the movement of trucks/tippers/tractors from the villages having habitation should be avoided.</p> <p>16.The Committee directed the lease holder to maintain electronic weighbridges at the appropriate location identified by the district mining officer, in order to ensure that all mined minerals from that particular mine are accounted for before the material is dispatched from the mine. The weighing bridge shall have the provision of CCTV camera and all dispatch from the mine shall be accounted for.</p> <p>17.The lease holder shall keep GPS tracking to the vehicle from source to destination.</p> <p>18.The lease holder shall not obstruct the river flow, water transport and restoring the riparian rights and instream habitats.</p> <p>19.The lease holder shall remove the sheds constructed at the quarry site. All the roads and pathways may be levelled so that there is no obstruction for the normal flow in the river.</p> <p>20.The lease holder shall carry out bank stabilization works.</p> <p>21.The lease holder shall plant the plants all along the river bank/embankment to control the erosion of river bank.</p> <p>22.The lease holder shall restrict vehicles movement during the peak hours to avoid accidents.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendations of SEAC Environmental clearance based on the Joint inspection report.</p>
<p>234.49 &amp; 241.54 241.48</p>	<p>3.386 Ha Black Galaxy Granite of M/s Bash Granites, Sy. No: 19 (old Sy No. 1) of Yerrakonda, H/o Budawada Village, Chimakurthy Mandal, Prakasam District, Andhra Pradesh SIA/AP/MIN/443465/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2 (Minor mineral).</b></p> <p>The proposed project is for mining of Black Galaxy Granite in an area of 3.386 Ha with a proposed production capacity – 3276 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p>

The representative of the project and their consultant, M/s. SV Enviro Labs & Consultants, have attended the meeting and presented their proposal. The SEAC Committee noted that:

- a. The Department of Mines and Geology submitted DSR of erstwhile Prakasam District and the same is reviewed in the SEAC meeting. The SEAC noted that the mineral content is available in the nearby village /cluster to the subject mine.
- b. The Department of Mines and Geology vide order dt. 03.08.2023 issued Letter of Intent (LOI) for a period of 20 years subject to submission of Approved Mining Plan, EC and CFE within a period of 3 years from the date of issue of LoI
- c. The Committee noted that as per the cluster letter dated: 30.08.2023 issued by the District Mines &Geology Officer, Ongole, there is one existing quarry lease within the radius of 500 mtrs area. The total cluster area is < 5.0 Ha.
- d. As per the approved mining plan dt. 26.08.2023, the total provided mineral reserves are 1,26,847 m<sup>3</sup>. The proponent proposed to excavate Black Galaxy Granite – 3,276 m<sup>3</sup>/annum and Life of the mine is 38 years.
- e. During the appraisal the committee noted that elevation difference for the subject mine is about 60 mts from the bottom of the hill. Hence the committee opined that the subject mine is not feasible for the storage / dumping of the mineral waste. The committee directed the project proponent to acquire an additional land of about 1.0 Ha nearer to the subject mine for storage / dumping of the mineral waste.
- f. During the appraisal the committee noted that the subject mine is inclined towards southern & western sides and there is a possibility of flow of silt and sediments to the adjoining the mine lease area. The committee directed the project proponent to provide 360m trench with rocky bund on Western and Southern side to prevent rain water runoff.
- g. The project proponent allocated Rs. 7.3 Lakhs as capital cost and Rs.2.91 Lakhs as a recurring cost budget for the EMP. The proponent volunteered to provide Water Treatment Plant to Budawada village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Also, the project proponent has proposed to provide scholarships to students of Budawada village.
- h. The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended **to issue** Environmental Clearance for mining of Black Galaxy Granite – 3276 m<sup>3</sup>/annum with following conditions:
  1. The project proponent shall comply with the proposals furnished in the Environmental management plan.

2. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
  3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
  4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
  5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.
  6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
  7. The project proponent shall not use village road/ canal bund roads for mineral transportation purpose.
  8. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.
  9. The project proponent shall maintain village road along with the cluster partners.
  10. The project proponent shall not disturb surrounding agricultural lands and shall not cause any damage to the agricultural land near to the mine lease area.
  11. The project proponent shall avoid over loading of material in trucks.
  12. The project proponent shall acquire 1.0 Ha of additional land for disposal of mineral waste.
  13. The project proponent shall provide 360m trench with rocky bund on Western and Southern side to prevent surface runoff.
- i. The project proposal along with recommendation of SEAC was placed in SEIAA meeting and Decision of SEIAA is as follows  
“Excavations were observed in the KML file uploaded in the PARIVESH portal. Refer to SEAC to constitute a committee for inspection of the site and recommendations may be forwarded to SEIAA”.
- j. Again, this proposal was placed in 241<sup>st</sup> SEAC meeting and noted that:
- The Department of Mines and Geology vide order dt. 03.08.2021 issued Letter of Intent (LOI) to the subject mine for a period of 20 years, subject to submission of Approved Mining Plan, EC and CFE within a period of 1 years from the date of issue of LoI and the committee noted that the project proponent not submitted EC & CFE within stipulated time as mentioned in LOI and again, the project proponent obtained Extension of LOI on 03.08.2023 which is valid up to 02.08.2024.
  - The committee verified KML file and examined imagery dates 2014 to 2023 and observed that Mining pits and dumps were existing since 2016 only and the project proponent has obtained LoI on 03.08.2021.

	<p>The Committee after re-examining the project proposals, presentations, mining plan, MoEF&amp;CC Notifications &amp; OMs and detailed deliberations, recommended <b>that earlier meeting minutes holds good.</b></p> <p><b>Decision of SEIAA:-</b> Deferred.</p>
236.04 & 241.55 241.4 9	<p>1.0 Ha Mining of Black granite of M/s Jai Hanuman Granites at Survey No 17/P of Boppudi Village, Chilakaluripeta Mandal, Palnadu District, Andhra Pardaesh SIA/AP/MIN/426115/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2 (minor mineral).</b></p> <p>The proposed project is for mining of Black granite in an area of 1.0 Ha. with a proposed production quantity of Mining of Black granite – 2,143 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (&lt;250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their Consultant M/s. NVSPL Ravikanth, have attended the meeting The project was appraised in 219th SEAC meeting and committee noted that:</p> <ol style="list-style-type: none"> <li>As per cluster letter dt. 12.04.2023 issued by Asst. Director of Mines &amp; Geology, Guntur, there are two existing leases within the radius of 500 mts area. The total cluster area is &lt;5.0Ha.</li> <li>This mine lease was initially executed to the Sri. Ch. Seetha Ramaiah and later mine lease was transferred to M/s Jai Hanuman Granites on 01.07.2022.</li> <li>The project proponent has submitted production and dispatch details issued by mining department vide letter dt. 04.04.2023 and as per the production and dispatch details letter there is no dispatches after 15.01.2016. Hence, the subject mine does not fall under violation category.</li> <li>The proponent volunteered to provide water treatment plant with 3 bore wells in Boppudi Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</li> <li>Under EMP budget the proponent has proposed the following: <ul style="list-style-type: none"> <li>Proposed to provide Garland Drain and retaining walls to control surface runoff.</li> <li>Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.</li> </ul> </li> <li>This proposal was earlier appraised in 223<sup>rd</sup> SEAC meeting and the committee recommended to issue Environmental Clearance with</li> </ol>

following conditions:

- ii. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
  - iii. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
  - iv. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
  - v. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
  - vi. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
  - vii. The project proponent shall maintain 10m of additional buffer zone in addition to the 7.5 m buffer zone towards road side.
  - viii. The project proponent shall dump waste material in the mine lease area only.
  - i. The proponent shall comply with the proposals furnished in Environmental management plan.
- g. The project proposal was placed in the 216<sup>th</sup> SEIAA meeting held on 14.06.2023 and decided **to Defer** to appraise with DSR.
- h. Again, this proposal was apprised the 223<sup>rd</sup> SEAC meeting held on 12.07.2023 and the SEAC noted that: "The Department of Mines and Geology submitted DSR Report for erstwhile Guntur District. The same is reviewed in the SEAC meeting and observed that the mineral content is available in the nearby village /cluster to the subject mine. (Verified with Draft DSR copy and not received approved DSR copy of Guntur District.)"
- i. Again, this proposal was placed in 220<sup>th</sup> SEIAA meeting and SEIAA recommended as follows: "Refer to SEAC to constitute a committee to examine the status of violation as it is observed excavation of mineral in KML file".
- j. Again, this proposal was apprised the 225<sup>th</sup> SEAC meeting and the committee recommended **to constitute** a subcommittee with the following members 1) Prof. K. Thyagaraju 2) Prof. C. Shasidhar and 3) Dr. M. Sunandana Reddy as per the recommendations of SEIAA to examine the status of violation as it is observed excavation of mineral in KML file.
- k. Accordingly, the SEAC has constituted subcommittee and the subcommittee inspected site on 24.09.2023. The summary of the subcommittee report is as follows:
- ii. Green belt to be maintained all along the boundary line.
  - iii. Waste dump to be maintained in the allocated area only.
  - iv. Proponent should develop and maintain approach road an

	<p>implement dust suppression measures to reduce dust and any other problems.</p> <ul style="list-style-type: none"><li>v. It is proposed to plant trees all along the road and nearby vacant lands in the village.</li><li>vi. It is also suggested that proponent should not transport material through villages.</li><li>vii. Proponent is recommended to submit latest work status from ADMG and land documents related to dump area.</li><li>i. The project proponent is recommended to provide proper road buffer all along the road side.</li></ul> <p>l. Again, this proposal was apprised in 230<sup>th</sup> SEAC meeting and the committee recommended <b>to raise</b> ADS for submission of latest work status report from Department of Mines and Geology along with latest production and dispatch details letter and also requested to submit compliance for Point No: k.</p> <p>m. Accordingly, the project proponent submitted the production despatch particulars issued by the Divisional Mines &amp; Geology Officer, Palnadu vide Lr dt: 04.10.2023 for the period from 01.04.2010 to 04.10.2023. The committee after examining the subcommittee report and as per the production despatch details issued by the mines department noted that there is no production in the subject mine since 01.04.2010 and hence the subject mine does not fall under violation category. The project proponent has also furnished compliance for Point No: k.</p> <p>n. The Committee after re-examining the project proposals, presentations, mining plan, MoEF&amp;CC Notifications &amp; OM's, subcommittee site visit report and detailed deliberations, recommended <b>to issue</b> EC with earlier meeting recommendations subject to the approval of Palnadu DSR by SEIAA.</p> <p>o. The project proposal along with recommendation of SEAC was placed in SEIAA meeting and Decision of SEIAA is as follows "Refer to SEAC to examine the KML map with time lines as excavations observed during 2022-2023".</p> <p>p. Again, this proposal was placed in 241<sup>st</sup> SEAC meeting and noted that the project proponent has submitted production despatch particulars two times issued by the Divisional Mines &amp; Geology Officer, Palnadu vide Lr dt: 04.10.2023 &amp; vide letter dt. 04.04.2023 for the period from 01.04.2010 to 04.10.2023 and as per the production and dispatch details letter there is no dispatches after 15.01.2016. The subcommittee visited site on 24.09.2023 and enquired about existing pits and blocks/dumps in and surrounding to the subject mine and came know that recently local villagers excavated and utilized the blocks for the purpose of survey stones/pillars for the re-survey of lands.</p> <p>The Committee after re-examining the project proposals, presentations,</p>
--	---

	<p>mining plan, MoEF&amp;CC Notifications &amp; OMs and detailed deliberations, <b>recommended that earlier meeting minutes holds good.</b></p> <p><b>Decision of SEIAA:-</b> Deferred.</p>
237.01 & 241.56 241.50	<p>1.230 Ha Mining of Dolomite and Clay (Others) of Sri S. Sudhakar, Sy.No.643/1A, 643/1C (Patta Land) of Kommemarri Village, Peapully Mandal, Kurnool District, Andhra Pardesh SIA/AP/MIN/446431/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2 (Minor mineral)</b></p> <p>The proposed project is for mining of Dolomite and Clay (Others) in an area of 1.230 Ha. with a proposed production quantity of Dolomite - 11,687 TPA &amp; Clay (Others) - 3,339 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<math>\leq 250</math> ha of mining lease area in respect of non-coal mine lease).</p> <p>The project proponent and their consultant, M/s. Ampl Environ Private Limited have attended the meeting and presented their proposal. The SEAC Committee noted that:</p> <ol style="list-style-type: none"> <li>The project proponent informed that the mineral content is not available in the nearby village in DSR of Kurnool District. Hence, the project proponent submitted letter issued by Divisional Mines &amp; Geology Officer (FAC), Banaganapalle dated 04.09.2023 with regard to the confirmation of minerals of Dolomite and Clay (others) in the subject mine lease area of Sri S Sudhar over an extent of 1.059 Hectares in Sy No.643/1A &amp; 643/1C (Patta Land) of Kommemarri village, Peapully Mandal.</li> <li>The Department of Mines and Geology vide order dt. 05.05.2023 issued LoI to the subject mine for a period of 20 years subject to submission of Approved Mining Plan, EC and CFE within a period of 1 year from the date of issue of LoI.</li> <li>As per the cluster letter dated: 04.09.2023 issued by the District Mines &amp; Geology officer (FAC), Banaganapalli, there are 03 existing quarry leases within the radius of 500 mtrs area and the total applicable cluster area is <math>&lt; 5.0</math> Ha.</li> <li>As per the approved mining plan dt. 25.08.2023, the total provided mineral reserves are 2,39,482 Tons of Dolomite and 68,423 Tons of Clay (Others). The proponent proposed to excavate Dolomite - 11,687 TPA &amp; Clay (Others) - 3,339 TPA. The Life of the mine is 20 years.</li> <li>The Jaladurgam Reserve Forest is existing at a distance about 178</li> </ol>

meters to the subject mine and the project proponent submitted Forest NOC dated 17.06.2021 issued by the District Forest Officer, Kurnool.

- f. The subject lease area is a Patta land and the Tahsildar Peapully vide letter dated 22.01.2018 issued NOC to the subject mine.
- g. The Divisional Mines & Geology officer (FAC), Banaganapalle vide letter dt. 03.01.2024 informed that before purchase the land by the S. Sudhakar there is a one pit in Sy No. 643/1A and material has been utilized by villagers for the purpose of Roads and the applicant Sri. S. Sudhakar has no way connected to the pit.
- h. The project proponent informed that they have allocated Rs. 7.04 Lakhs as capital cost and Rs. 4.35 Lakhs as a recurring cost budget for the EMP. The proponent volunteered to provide 4 nos. of Solar Street Lights and Two computers, Furniture and Sports kits to Kommemarri village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.
- i. The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended **to issue** Environmental Clearance for mining of Dolomite - 11,687 TPA & Clay (Others) - 3,339 TPA with following conditions:
  1. The project proponent shall comply with the proposals furnished in the Environmental management plan
  2. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
  3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
  4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
  5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.
  6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
  7. The project proponent shall not use village road/ canal bund roads for mineral transportation purpose.
  8. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.
  9. The project proponent shall not disturb surrounding agricultural lands.
  10. The project proponent shall comply conditions stipulated in the Forest NOC.
  11. The project proponent shall restrict the load of the transport vehicles not more than 21 tons to avoid road damages and dust nuisance to surroundings.
- j. The project proposal along with recommendation of SEAC was placed in SEIAA meeting and Decision of SEIAA is as follows:

	<p>“Refer to SEAC to examine the KML file uploaded in the PARIVESH portal as some excavations are observed in the KML file”.</p> <p>k. Again, this proposal was placed in 241<sup>st</sup> SEAC meeting and noted that:</p> <ul style="list-style-type: none"> <li>• The Department of Mines and Geology vide order dt. 05.05.2023 issued Letter of Intent (LOI) to the subject mine for a period of 20 years, subject to submission of Approved Mining Plan, EC and CFE within a period of 1 years from the date of issue of LoI.</li> <li>• The committee verified KML file and examined imagery dates 2012 to 2023 and observed that Mining pit and dumps were existing since 2012 only and the project proponent has obtained LoI on 05.05.2023.</li> </ul> <p>The Committee after re-examining the project proposals, presentations, mining plan, MoEF&amp;CC Notifications &amp; OMs and detailed deliberations, recommended <b>that earlier meeting minutes holds good.</b></p> <p><b>Decision of SEIAA:-</b> Deferred.</p>
237.04 & 241.57 & 241.51	<p>0.598 Ha. Mining of Colour Granite of M/s. Sri Srinivasa Granites, Sy.No: 103/P (USH) Konidena Village, Balli Kurava Mandal, Bapatla District (Erstwhile Prakasam District), Andhra Pradesh SIA/AP/MIN/447254/2023</p>
	<p>Recommendations of the SEAC on 26.02.2024.</p> <p><b>Category: B2 at par with B1.</b></p> <p>The proposed project is for mining of Colour Granite in an area of 0.598 Ha with a proposed production capacity of Colour Granite –576 m<sup>3</sup> /Annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (&lt;=250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the project proponent and their consultant M/s. SV Enviro Labs &amp; Consultants, have attended the meeting and presented the case. The SEAC committee noted that:</p> <ol style="list-style-type: none"> <li>a. The Department of Mines and Geology submitted DSR of Bapatla District. The same is reviewed in the SEAC meeting and observed that the mineral content is available in the nearby village /cluster to the subject mine (mentioned at S. No. 17 of Page No.119 of DSR Report). The same details were also available in DSR 2023 which is under process at SEIAA for approval</li> <li>b. The Department of Mines and Geology vide order dt. 03.01.2021 issued LoI to the subject mine the subject mine for a period of 20 years subject to submission of Approved Mining Plan, EC and CFE.</li> </ol>

- c. As per the approved mining plan dt: 07.05.2022 the total provided mineral reserves are 18050 m<sup>3</sup>. The proponent proposed to excavate Colour Granite –576 m<sup>3</sup> /Annum (average production). The Life of the mine is 31 years.
- d. The project proponent has obtained Standard TOR on 03.03.2023 and the with public hearing on 26.05.2023.
- e. Public Hearing details: employment issues, DMF&CSR funds issues, greenbelt development, road damages, dust nuisance and water sprinkling are the main issues raised in the public hearing. Hence, the committee directed the project proponent to restrict transport minerals through 21 tons capacity of tippers to avoid road damages and dust nuisance to surroundings.
- f. Reply of the proponent during the public hearing is as follows: Sri G Tirupathi Reddy, Mine Agent, authorized by the Managing Partner: He has given assurance that the mining will be carried out duly following all the Mines Rules & Environmental norms. He assured that they will be sure to follow the suggestions of the villagers. He informed that they provided a training center and providing training to the workers, and engaged a tractor for regular water sprinkling on the roads. He assured that, if necessary, they will provide one more tanker for water sprinkling, and they will be sure to follow all the suggestions and will carry out the mining operations.
- g. The base line data was collected from December, 2022 to February, 2023 and the predominant wind direction is observed to be South East to North West. The maximum concentration of SPM(PM<sub>10</sub>) is observed to be 68.5 µg/m<sup>3</sup>. The incremental concentration is 1.55 µg/m<sup>3</sup> and GLC of SPM will fall at a distance of 0.97 KM towards North west direction from the mine lease area.
- h. The committee noted that the subject mine lease is on the Slope of the hill and there is no provision for dumping the granite waste in lease area. Hence, the committee directed the project proponent to procure 0.5 acre of additional land for granite waste disposal.
- i. The project proponent allocated Rs. 5.7 Lakhs as capital cost and Rs. 3.74 Lakhs as a recurring cost budget for the EMP. The proponent volunteered to provide mini ambulance to the Konidena PHC as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.
- j. The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs EIA Report, Public Hearing minutes, and detailed deliberations, recommended **to issue** Environmental Clearance for mining of Colour Granite –576 m<sup>3</sup> /Annum with following conditions:
1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA.
  2. The project proponent shall develop greenbelt of 1km along

	<p>approach roads &amp; village Roadsides.</p> <ol style="list-style-type: none"> <li>3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.</li> <li>4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.</li> <li>5. The proponent shall carryout suppression of dust generated due to transport vehicles by continuous water spraying using tankers.</li> <li>6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.</li> <li>7. The project proponent shall not use village road/ canal bund roads for mineral transportation purpose.</li> <li>8. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.</li> <li>9. The project proponent shall pay suitable compensations for surrounding agricultural lands as per the norms.</li> <li>10.The project proponent shall maintain village roads along with the cluster partners.</li> <li>11.The project proponent shall comply with the commitments &amp;promises made/given in the public hearing.</li> <li>12.The project proponent shall procure 0.5 acre of additional land for waste disposal.</li> <li>13.The project proponent shall restrict the load of the transport vehicles not more than 21 tons to avoid road damages and dust nuisance to surroundings.</li> <li>l. The project proposal along with recommendation of SEAC was placed in SEIAA meeting and Decision of SEIAA is as follows: “Refer to SEAC to examine the KML file uploaded in the PARIVESH portal as some excavations are observed in the KML file.”.</li> <li>g. Again, this proposal was placed in 241<sup>st</sup> SEAC meeting and noted that: <ul style="list-style-type: none"> <li>• The Department of Mines and Geology vide order dt. 03.01.2022 issued Letter of Intent (LOI) to the subject mine for a period of 20 years, subject to submission of Approved Mining Plan, EC and CFE within a period of 1 years from the date of issue of LoI.</li> <li>• The committee verified KML file and examined imagery dates 2014 to 2023 and observed that granite blocks were existing since, 2014 and the project proponent has obtained LoI on 03.01.2022.</li> </ul> </li> </ol> <p>The Committee after re-examining the project proposals, presentations, mining plan, MoEF&amp;CC Notifications &amp; OMs and detailed deliberations, recommended <b>that earlier meeting minutes holds good.</b></p> <p><b>Decision of SEIAA:-</b> Deferred.</p>
