SEIAA noted that the above project was taken in its meeting dated 06/07/2019 in which SEIAA opined that the project proponent should submit certified compliance report. The project proponent has submitted his reply vide letter dated 06/08/2019 SEIAA noted that the project proponent has submitted compliance report instead of certified compliance reports. Hence SEIAA opined that the project proponent should submit certified compliance report.

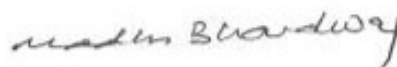

3. "Residential Township" at Village- Bilwa Dohna Pritam Rai and Piperia (Ghanghora), District-Bareilly, U.P., M/s Eldeco Infrabuild Ltd. File No. 4872/Proposal No. SIA/UP/MIS/108331/2019

SEIAA noted that the above project was taken in its meeting dated 23/07/2019 in which SEIAA noted that-"Different size villas have been proposed on 540 plots apart from a school, 4 commercials, kiosk commercial and EWS & LIG. SEIAA noted that population details have been calculated considering 977 residential units whereas total number of plots are 540. SEIAA also noted that 150 KLD surplus treated waste water is proposed to be provided to nearby village for irrigation but land availability details, any MOU signed with villagers or any feasibility report regarding its use for fertirrigation is not submitted. Hence SEIAA opined that the project proponent should submit the clarification on these aspects". The project proponent has submitted his reply vide letter dated 07/08/2019. Project Proponent has clarified the information on number of villas/plots and has also informed that project falls under Bareilly Development Authority (BDA) and surplus treated waste water will be discharged in drainage developed by BDA. Project proponent has also submitted a letter of BDA in this regard. After reviewing the reply SEIAA agreed with the recommendations of the SEAC to grant the prior Environmental Clearance to the proposed project along with all the general and specific conditions as suggested by the SEAC. In addition to the conditions imposed by SEAC the SEIAA added following additional specific conditions:-

- 1- The project proponent shall submit within the next 3 months the details of solar power plant and solar electrification details within the project.
- 2- The project proponent shall ensure to plant broad leave trees and their maintenance. The CPCB guidelines in this regard shall be followed.
- 3- The project proponent shall submit within the next 3 months the details on quantification of year wise CER activities along with cost and other details.
