NIL								

**DELIBERATION IN SEIAA**

After detailed deliberations, the committee observed:- **The Authority seeks the following additional details in respect of your project. 1.Emergency gates proposed are inadequate and required to be increased. Ideally such gates should be located near to the assembly points. Hence you are required to submit the additional locations of emergency gates shown on the site plan. 2.In order to control dust pollution water mist generator. Please submit the locations and number of water mist generators. 3.The urban forest area proposed is 2,000 sq mts as against total area of 1,89,930/- sq mts. An area of one acre may be proposed for urban forest. The location for the proposed urban forest with area may be depicted on site plan and submitted. 4.The project proponent may identify additional locations for installation of solar PV modules and submit revised proposal for solar PV module installation at the project site.**

**RECOMMENDATIONS OF SEIAA**

The committee's recommendation: **Authority has decided to get more details from the respective proponent.**

**Conclusion**

Deferred

and also enclosed as **Annexure-I**

6:40:32 PM

The proposal was considered by Expert Appraisal Committee in its **58th SEIAA MEETING**. the meeting held during **11 May 2021 to 11 May 2021** . After detailed deliberation the committee recommended for grant of Environment Clearance subject to Specific and General conditions.
