-----	-----------------------	---

The Authority after detailed discussion and deliberation decided the following:

1. **Serial No. 1:** PP has expressed his inability to appear for personal hearing due to some medical emergency vide his letter dated 11.9.23 and requested to schedule his proposal in upcoming meeting. Hence, the Authority decided to **defer** this proposal on request of PP.
2. **Serial No. 2:** This proposal was deferred in 5.90th meeting of the Authority for personal hearing as parking provided was inadequate looking into the nature of the proposed commercial complex. PP was directed to revise the parking provisions and also provide an undertaking that no vehicle of those working in the commercial complex (and visiting the commercial complex) shall be parked on the roads on account of insufficient parking space.
Based on the comprehensive discussion in personal hearing, in respect of the parking requirements, PP has submitted an undertaking in the meeting to increase the parking provisions further by additional 30 cars and 30 scooters, taking the total parking proposed to 347 ECUs and 360 ECUs. PP has also submitted an undertaking stating that no vehicle of those working in the commercial complex (and visiting the commercial complex) shall be parked on the roads. Hence, the Authority decided to **grant EC** to this proposal.
3. **Serial No. 3:** Proposal was deferred in 5.89th meeting of the Authority for submission of production certificate from 2020-2023. In reply to which PP vide his letter 10.8.23 has submitted production certificate for the asked duration. Hence, the Authority decided to **grant EC** to this proposal.
4. **Serial No. 4:** Proposal was deferred in 5.90th meeting of the Authority for revised DCF certificate mentioning correct ML No. Now, PP has submitted the required document. Hence, the Authority decided to **grant EC** to this proposal.

5. **Serial No. 5:** Proposal was deferred in 5.87th meeting of the Authority for clarification on actual area for which EC is sought along with the submission of revised affidavit of consultant stating whether the project falls in violation category or not. Now, PP has submitted the revised affidavit and an undertaking stating that the plot area on measurement came out to be 7894.41 sqm instead of 8473.96 sqm. Hence, the Authority decided to grant EC to this proposal for the area 7894.41 sqm.
6. **Serial No. 6:** The Authority accepted the recommendations of SEAC and decided to **close & delist** this proposal.
7. **Serial No. 7, 8, 9, 10, 11, 29:** The Authority accepted the recommendations and additional conditions laid down by SEAC and decided to **grant EC** to these proposals.
8. **Serial No. 12:** The Authority accepted the recommendation of SEAC and decided to **reappraise the earlier granted EC** by DEIAA.
9. **Serial No. 13, 14:** General condition no. 10 & 15 of the certified compliance report are not complied in these proposals. Hence, the Authority decided to **defer** these proposals for submission of Action Taken Report on non-complied conditions within 45 days.
10. **Serial No. 15, 16, 18, 19, 20, 21, 22, 23, 24, 25, 26:** The Authority accepted the recommendations of SEAC and decided to **approve EIA/ EMP and grant EC** to these proposals. PPs shall also ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects along with the conditions laid down by SEAC.
11. **Serial No. 17:** The Authority accepted the recommendations of SEAC and decided to **approve EIA/ EMP and grant EC** to this proposal **for expansion and inclusion** of Granite. PP shall also ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects along with the conditions laid down by SEAC.
12. **Serial No. 27, 31:** The Authority accepted the recommendations of SEAC and decided to grant **amendment in EC** to these proposals.

13. **Serial No. 28, 30, 34:** The Authority accepted the recommendations of SEAC and decided to **grant EC** to this proposal **subject to** submission of revised affidavit by the consultant stating whether the project falls in violation or not.
14. **Serial No. 32:** The Authority accepted the recommendations of SEAC and **decided to grant ToR** to this proposal as a case of **violation**. The Authority hereby directs that –
- No further construction shall be done on the project site till EC is issued and in case such violation is done, all construction shall be removed.
 - Since the proposal falls within the ESZ of Chambal Ghariyal WLS, PP shall submit NBWL Clearance at the time of EC application.
15. **Serial No. 33:** The Authority deliberated on the proposal and considering the fact that in the proposal, 298 flats of 3 BHK units and 266 flats of 2 BHK units, are proposed in the part of the residential complex, the provision of 40 cars for parking for such a proposal is grossly inadequate. Similarly, considering 9 blocks and the fact that the complex is dependent exclusively on ground water, the provision of only 3 rain water harvesting structures as proposed, seems inadequate. Hence, the Authority decided to **defer** this proposal. PP may be called for providing a detailed presentation in respect of above identified issues. PP is also advised to apply for connection under the PHED scheme for high rise buildings.
16. **Serial No. 35:** The Authority accepted the recommendations of SEAC and decided to **grant EC** to this proposal **with a direction** to RIICO to allot industrial plots with the condition to maintain Zero Liquid Discharge and reuse the treated waste water from ETP/ STP within the premise of Industries.
17. **Serial No. 36:** In this proposal, production has been carried out exceeding the base year production capacity. Hence, The Authority decided to **grant Transfer EC to this proposal with the condition that the PPs concerned shall apply for TOR under violation within 45 days**. In addition to this, RSPCB must monitor the same and ensure that such application is submitted on the portal within the time provided, in absence of which necessary action be taken to stop production.

18. **Serial No. 37, 38, 39:** In this proposal, production has been carried out exceeding the granted capacity of EC. Hence, The Authority decided to **grant Transfer EC to these proposals with the condition that the PPs concerned shall apply for TOR under violation within 45 days.** In addition to this, RSPCB must monitor the same and ensure that such application is submitted on the portal within the time provided, in absence of which necessary action be taken to stop production.
19. **Serial No. 40, 41, 42:** The Authority decided to **grant Transfer EC to these proposals with a direction that since the ECs were issued by DEIAA, the concerned PP shall apply for reappraisal** within 30 days as per MoEF&CC OM Dated 28/04/2023 and Hon'ble NGT order dated 07/12/2022.

Meeting ended with vote of thanks to the chair.
