PRADESH  
HELD ON  
27<sup>th</sup>March 2023, AT VIJAYAWADA A.P.

**MINUTES OF THE 216<sup>th</sup> MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 27<sup>th</sup>&28<sup>th</sup>March 2023 AT VIJAYAWADA, A.P.**

**Present: The following members were present. (Through Video Conference)**

1.	Dr.G.V.R.SrinivasaRao, Professor, Civil Engineering Department, Andhra University, Visakhapatnam	Chairperson
2.	Dr.DineshSankar Reddy. Registrar(I/C), Professor of Chemical Engineering, NIT, Tadepalligudem, West Godavari	Member
3.	Prof. G. Gnana Mani, Retd., Professor of Zoology, Andhra University, Visakhapatnam	Member
4.	Prof. U. Shameem. Chairman, Dept. of Zoology, Andhra University, Visakhapatnam	Member
5.	Dr.Kiranmai, Assistant Professor, Dept. of Biotechnology, VikramaSimhapuriUniversity,Nellore,SPSRNelloreDistrict	Member
6.	Prof. C. Sasidhar, Professor, Civil Engineering Dept, JNTU, Anantapur	Member
7.	Prof. N. Siva Prasad Reddy, Director (Academics), Brindavan Institute of Technology &Science, Kurnool	Member
8.	Prof. D. Bharathi, Professor, Dept. of Bio Sciences & Sericulture, Sri PadmavathiMahilaViswaVidhyalayam, Tirupati	Member
9.	Sri KatamneniVenkataRamana, Head of Mining Dept. Government Polytechnic, Narsipatnam.	Member
10.	Dr.M. Sunandana Reddy, Associate Professor,RGM College of Engineering & Technology (Autonomous), Nandyal.	Member
11.	Sri Matli. Chandra Sekhar Professor, Head of Department of Civil Engineering, NIT, Warangal.	Member
12.	Dr. G. Madhavi, Associate Professor, Department of Chemistry, Sri Venkateswara University, Tirupati	Member
13.	Prof. K. ThyagaRaju,Professor,Department of Biochemistry, S.V.University, Tirupati	Member
14.	Dr.GummallaPrasanthi, Professor, Vijaya Institute of Pharmaceutical Sciences, Vijayawada	Member
15.	Sri. B. Siva Prasad, Chief Environmental Engineer, Andhra Pradesh Pollution Control Board. Vijayawada	Member Secretary.

**MINUTES OF THE 216<sup>th</sup> MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 27<sup>th</sup>&28<sup>th</sup>March 2023 AT VIJAYAWADA, A.P.**

in respect of non-coal mine lease).

The representative of proponent and their consultant Hubert Enviro Care Systems, have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Vizianagaram, vide Lr. dated: 10.01.2023, there are 06 existing quarry leases within the radius of 500 mts area. All are before 2013 mines. The total cluster area is < 5.0 Ha.

This is a First renewal lease. The proponent has obtained work order on 13.03.2013 for 15 years.

And whereas, pursuant to the order of the Hon'ble Supreme Court dated the 27<sup>th</sup> February, 2012 in I.A. No.12-13 of 2011 in Special Leave Petition (Civil) No.19628-19629 of 2009, in the matter of Deepak Kumar etc. Vs. State of Haryana and Others etc., prior environmental clearance has now become mandatory for mining of minor minerals and the Central Government has published notification number S.O.141(E), dated the 15th January, 2016 making prior environment clearance mandatory for all minerals (major as well as minor) irrespective of size of the mine lease; And whereas, all mine lease holders are required to obtain prior environment clearance.

NGT order in OA No 136 of 2017 (SZ) : So under these circumstances, the application can be disposed of, giving the following directions: (i)The applications which are pending as on 31.3.2016 for Environment Clearance have to be treated as normal applications and not violation applications and the authorities are directed to dispose of those applications in accordance with law. 81 (ii) The persons who have not filed applications on or before 31.3.2016 and filed thereafter, can be treated as violation applications and the MoEF& CC /SEIAA is directed to dispose of those applications as violation cases in accordance with law. (iii) It is also made clear that all mining leases, either major or minor, even less than 5 hectares area, has to apply and get Environment Clearance as per the amended EIA Notification dated 15.1.2016. This will apply to the existing mining leases as well. The points are answered accordingly.

The committee noted that the proponent operated mine from after 2016 without obtaining environmental clearance as required under EIA notification 2006 after promulgation of S.O. 141 (E) dt 15.01.2016 and hence to be treated as identified violation case as per OM 07.07.2021.

In KML file it is observed that the mining is done beyond lease boundary area and hence clarification is needed from mines department on the DGPS coordinates of the mine.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to raise ADS for uploading of

- i) Certified DGPS Survey Sketch of the mine from concerned authority of DMG
- ii) Clarification from Department of Mines and Geology on the quarrying observed outside the mine lease boundary.

**Agenda Item: 216.03** 1.610 Ha, Mining of Road Metal of M/s Sarada Stone Crusher at at Survey No.: 801 Paritala Village, Kanchikacherla Mandal, N T R District, Andhra Pradesh - Violation TOR - Reg.

**SIA/AP/M** The project proponent has not attended the hence, committee recommended to raise ADS for seeking reasons for not attending the meeting.

**Agenda Item No: 216.04** 4.961 Ha Mining of Colour Granite Mine of M/s. Hanuman Exports at Sy. No. 934/27P, Konidena Village, Ballikurava Mandal, Prakasam District, Andhra Pradesh - EC Corrigendum - reg.

**SIA/AP/M IN/29685 4/2023** The committee noted that the SEIAA has issued EC to this project on 27.07.2022. The project proponent has applied for **Corrigendum** in EC for the following.

Sl. No	As per EC order			Corrigendum needed		
	Sl.No.	Latitude	Longitude	Point	Latitude	Longitude
1	1.	18°36'39.62"N	84°10'20.92"E	A	16°02'04.52" N	80°02'12.8 0"E

				J	16°02'03.70" N	80°02'12.56" E
				Through Water tankers from nearby village ponds		

The representative of proponent and their consultant S V Enviro labs , have attended the meeting.

The committee verified the application i.e., Form-I, Mining plan and DGPS sketch and observed that the GPS coordinates mentioned in the EC order is need to be corrected and hence the above **Corrigendum** is recommended.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue Corrigendum to Environmental Clearance as above.

Air pollution , cattle grazing , Pandurajpuram Konda, and The Lord Sai Baba temple issues are the main reasons raised in the public hearing.

The reply by the proponent for the issues raised in the PH is as follows:

Sri A Ravindra Reddy, Managing Partner, Sri A Bala Prasad Road Metal & Building Stone mine (18.088 Ha) while addressing the concerns raised by the public informed the following.

1. M/s. Sai Baba temple is located 4 km from the proposed mining quarry and also the nearest habitation is more than 2 km.
2. Plantation programme will be taken up as per the norms at buffer zone and all along the roads.
3. There are no agricultural lands near by the proposed mining quarry.
4. They have already closed a mining project (Road metal located near by the temple based on the request made by the management of temple).
5. Separate roads will be formed without connecting any villages.
6. More job opportunities will be provided to the surrounding people.

The base line data was collected from October, 2021 to December, 2021.

The predominant wind direction is observed to be North- East to South -West.

The maximum concentration of SPM is observed to be 62.46  $\mu\text{g}/\text{m}^3$ . The incremental concentration is 1.32  $\mu\text{g}/\text{m}^3$ . The GLC of SPM will fall at 1.32 Km in South- East side direction of the mine.

The proponent volunteered to provide drainage system Kakavedu Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. The committee perused the ADS reply furnished by the project proponent on 25.02.2023 and appraised baseline data , EIA report and forest NOC dt 04.03.2020.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications, ADS reply & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall develop native species plants and fruit plants in surrounding villages.
8. The project proponent shall comply other assurances given in the public hearing.
9. The project proponent shall construct garland drain in 1<sup>st</sup> year only.

No specific environmental issues raised. MG puram villagers submitted representation against the mine.</p> <p>The reply by the proponent for the issues raised in the PH is as follows:</p>

  
Member Secretary  
SEAC

  
Chairman  
SEAC

Response of the management regarding the issues raised by the public:

Shri. G. Pulla Reddy, Project Proponent, stated that along with establishment of the proposed mining project as per the LOI granted to them, the management will provide RO drinking water plant in the village, employment to the local villagers, hire local tractors & tippers for transportation and conduct health checkups for villagers. He further informed that, they are prepared to address any other requirement for the development of the village.

The base line data was collected from October,2021 to December,2021.

The predominant wind direction is observed to be east to west.

The maximum concentration of SPM is observed to be 49 µg/m<sup>3</sup>. The incremental concentration is 4.49µg/m<sup>3</sup>. The GLC of SPM will fall at 0.23 Km in Western side direction of the mine.

The proponent volunteered to provide Health camps and Water treatment plant to Issukapalli village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications, ADS reply & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall develop native species plants and fruit plants in surrounding villages.
8. The project proponent shall comply other assurances given in the public hearing.
9. The proponent shall provide 185m trench on Eastern lease boundary side to prevent surface runoff.
10. The proponent shall provide 200m Rock bund with trench on North West side of lease boundary to prevent surface runoff.

Agenda Item: 216.13	M/s. R Square Motels Resorts and Infra Pvt. Ltd., proposing to construct "The Kadapa Central Mall & Multiplex" at Sy.No: 184/1, 184/3, 185/1, 185/2, 202/1A, 203/2, 204, 205/1, 205/2, 205/3, 205/605/1, 205/2, 205/3, Maruthi Nagar, Kadapa Municipal Corporation, YSR Kadapa District, Andhra Pradesh - Environmental Clearance - Reg.
SIA/AP/I NFRA2/4 14384/20	Category :B2 The Proposal of R Square Motels Resorts and Infra Pvt. Ltd.,is for Environmental Clearance for construction of Central Mall & Multiplex.

23

The project falls under Item No. 8(a)- Building and Construction Projects (<20,000 Sq.mtrs and >1,50,000 sq. m. of built up area).

The Committee noted that the project proponent proposes for construction of **Central Mall & Multiplex** project with Built Up area - **87586.15** Sq.m and total plot area is **14278.99**Sq.m. **The proponent submitted development agreement made on 24.11.2022 with land owners. The Geo-technical investigation was conducted by MEDINI GEO- Engineer Services Hyderabad.**

The proponent and their consultant, M/s. Space enviro solutions have attended the meeting.

S.No.	Block Details	No. of floors	Built Up Area (Sqm)
1.	Commercial Floor wise BUA	Ground + 6 Upper Floors + Terrace Floors	63,513.07
2.	Parking BUA	3 Basements	24,073.08
<b>Total Built-Up Area</b>			<b>87,586.15</b>

The project proponent has the obtained following statutory permissions from concerned departments.

1. The project proponent has obtained NOC from Airport Authority of India on 09.12.2022.
2. The project proponent has obtained fire NOC on 06.02.2023.

The committee noted that the 925.13 KLD water required for the proposal, the water source is Municipal Supply, Kadapa and Total Wastewater Generation - 605 KLD. The proponent proposed to provide 650 KLD sewage treatment plant and 545 KLD water after treatment is is proposed to be used for Flushing, Gardening.

About 2552.09 kgs/day of garbage is expected to be generated for which the proponent proposed to provide garbage chute to ensure the disposal as per solid management rules 2016.

The committee appraised the application from the Environmental point of view only with respect to liquid, solid and air pollution managements. The water balance report submitted is not clear and around 350KLD is shown as evaporation losses which is highly un-realstic.

The proponent volunteered to develop avenue plantation in Kadapa city as a part of Corporate Social Responsibility (CSR) activity and shall maintain till its grows.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs, detailed deliberations, recommended to raise ADS for uploading of:
