The proposed project is for extraction of sand. Online proposal for granting EC was submitted on dated 21/01/2023 and accepted by the SEIAA secretariat on dated 13/02/23 and forwarded to SEAC secretariat. The hard copy was submitted by Project proponent on dated 28/02/2022.

The case was listed in 90th meeting of the SEAC held on 23-24th March, 2023. The SEAC decided to list the case in next meeting after compliance to the following observations:

1. The project proponent shall submit details & NOC w.r.t. approach road to the proposed mining site.
2. The project proponent shall submit maps w.r.t. details of mining site of Sh. Puran Lal falling within the periphery of proposed mining site.
3. The project proponent shall present himself physically in next meeting.
4. The project proponent shall submit revised muck disposal plan & plantation plan indicating khasra numbers where plantation is proposed with land revenue records.

After submission of the compliance by the pp on dated 14/8/2024 the case was listed in 102nd meeting of SEAC held on dated 19th to 21st August, 2024. The SEAC recommended the case application for consideration of grant of environmental clearance by the SEIAA, subject to fulfillment of conditions annexed at Annexure-I with following special condition that:

1. The capital cost (@ Rs. 4.00 lacs per ≤ ha.) under CER, shall be deposited in the form of Demand Draft/ transfer of funds in the bank account number mentioned in EC letter to the office of Director (DEST&CC), GOHP. The Director (DEST&CC) may devise a plan for this purpose as per CER guidelines.
2. The project proponent shall provide one plastic waste shredder machine to DEST& CC, Shimla within one month from the date of issuance of EC letter, for further distribution under CER. The machines will be purchased from authorised/ approved sources and CMC/AMC will be assured with supplier for at least three years from date of installation. The Project proponent shall be responsible for functioning of the machines. The size of the shredded plastic shall be less than 2.36 mm. Technical specifications of the plastic waste shredder are as under:

| Plastic Waste Shredder specifications (250Kg/Hr.) | |
|---|---|
| PARAMETER | SPECIFICATION |
| Mechanism type | Double shaft with rotating blades |
| Application | Shredding of RDF waste (Plastic bags, polythene, rags, leather, rubber etc. found in the Municipal Waste) |

3. The project proponent shall sensitize and create awareness among people working within the project area as well as its surrounding area on the ban of SUP in order to ensure the compliance of Notification published by MoEF& CC on 12/08/2021. A report, along with photographs, on the measures taken shall also be included in the six monthly compliance report being submitted by the project proponents.

The matter was listed before SEIAA in its 70th meeting held on 30/9/2024. The SEIAA approved the grant of Environment Clearance in favor of the project proponent as per the terms & conditions recommended by SEAC and with the following additional condition:

1. The mining shall be carried out manually only; no mechanical device shall be used for mining.
2. The mining shall be carried out strictly as per the approved mining plan.
3. The project proponent shall ensure that Forest Clearance, if applicable, shall be obtained before start of the mining activities.

Online proposal for EC was submitted on dated 17/07/2023 and accepted by the SEIAA secretariat on dated 19/07/2023 and forwarded to SEAC secretariat. The hard copy was submitted by project proponent on dated 26/07/2023.

The case was appraised by the SEAC in 96th meeting held on 29/11/2023 with the following observations:

1. The project proponent shall submit a certificate from the Director (Industries) to the fact that the proposed mining site is recommended/approved on the basis of the District Survey Report prepared & approved by SEIAA authorities in conformity with the SO No. 141 (E), SO No. 3611(E) and as per Sustainable Sand Mining Management Guidelines, 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 published by MoEF&CC, Govt.
2. The project proponent shall submit a certificate from the Director (Industries) to the fact that no river bed mining lease exists in 5 k.m. radius from the periphery of the area applied.
3. The project proponent shall submit geo referenced land use change map depicting all the features.
4. The project proponent shall resubmit drone video showing permanent boundary pillars.

The project proponent submitted the clarification and compliance to above observations on dated 01-01-2024.

After submission of compliance of the observations, the case was again listed in 98th meeting of the SEAC held on 6th January, 2024. After deliberating on the information submitted by the project proponent and considering the facts & compliance placed before the committee, the SEAC did not recommend the case for grant of EC in view of the MoEF&CC directions issued vide F. The proposed project is Extraction of Stone.

Online proposal for granting EC was submitted on dated 21/08/2023 and accepted by the SEIAA secretariat on dated 18/11/2023 and forwarded to SEAC secretariat. The hard copy was submitted by Project proponent on dated 21/09/2023.

The case was listed before the SEAC in 96th meeting held on 29/11/2023. As per the request from the project proponent, the SEAC decided to list the case in next meeting after compliance to the following observations:

1. The project proponent shall submit a certificate from the Director (Industries) to the fact that the proposed mining site is recommended/approved on the basis of the District Survey Report prepared & approved by SEIAA authorities in conformity with the SO No. 141 (E), SO No. 3611(E) and as per Sustainable Sand Mining Management Guidelines, 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 published by MoEF&CC, GoI.
2. The project proponent shall submit a certificate from the Director (Industries) to the fact that no river bed mining lease exists in 5 k.m. radius from the periphery of the area applied.
3. The project proponent shall submit geo referenced land use change map depicting all the features.

The project proponent submitted the compliance to the above observations on dated 16/8/2024.

The case was listed in 102nd meeting of SEAC held on dated 19th to 21st August, 2024. The Committee observed that the proposed mining lease is in accordance with the DSR duly endorsed by the SEIAA.

After deliberation on the information submitted by the project proponent and considering the facts placed before the committee, the SEAC recommended the case application for consideration of grant of environmental clearance by the SEIAA, with fulfillment of conditions annexed at Annexure-I with following special condition that:-

1. The capital cost (@ Rs. 4.00 lacs per \pm ha.) under CER, shall be deposited in the form of Demand Draft/ transfer of funds in the bank account number mentioned in EC letter to the office of Director (DEST&CC), GOHP. The Director (DEST&CC) may devise a plan for this purpose as per CER guidelines.
2. The project proponent shall provide one plastic waste shredder machine to DEST& CC, Shimla within one month from the date of issuance of EC letter, for further distribution under CER. The machines will be purchased from authorised/ approved sources and CMC/AMC will be assured with supplier for at least three years from date of

installation. The Project proponent shall be responsible for functioning of the machines. The size of the shredded plastic shall be less than 2.36 mm. Technical specifications of the plastic waste shredder are as under:

| Plastic Waste Shredder specifications (250Kg/Hr.) | |
|---|---|
| PARAMETER | SPECIFICATION |
| Mechanism type | Double shaft with rotating blades |
| Application | Shredding of RDF waste (Plastic bags, polythene, rags, leather, rubber etc. found in the Municipal Waste) |

2. The Clarification from the mining Officer as the proposed site was visited by the Multi Sector Committee and it was observed that there is no adequate mineral available in the said river portion and the river rock is completely exposed and there was no replenishment in the river during the monsoon.

The project proponent submitted the clarification and compliance to above observations on dated 04-01-2024.

After submission of compliance of the observations, the case was again listed in 98th meeting of the SEAC held on 6th January, 2024. After deliberating on the information submitted by the project proponent and considering the facts & compliance placed before the committee, the SEAC did not recommend the case for grant of EC in view of the MoEF&CC directions issued vide F. No. IA3-22/11/2023-IA.III (E-208230) dated 28th April, 2023 w.r.t. Hon'ble NGT order dated 07.12.2022 passed in O.A.142 of 2022 in the matter of Jayant Kumar vs. MoEF&CC; to scrutinize and appraise the EC proposals based on the updated District Survey Report after five years, approved by SEIAA as per Ministry's Notification S.O 3611(E) dated 25.07.2018.

In view of the above, the SEAC decided to list the case of the proposed mining area after ascertaining the current status of mining area, in next meeting after submission of updated District Survey Report duly endorsed by SEIAA.

The case was deferred by the SEAC on the request of the project proponent.

After submission of the compliance, the case was listed in 102nd meeting of SEAC held on dated 19th to 21st August, 2024.

After deliberation on the information submitted by the project proponent and considering the facts & site inspection report placed before the committee, the SEAC recommended the case application for consideration of grant of environmental clearance by the SEIAA, subject to fulfillment of conditions annexed at Annexure-I with following special condition that-

1. The capital cost (@ Rs. 4.00 lacs per \leq ha.) under CER, shall be deposited in the form of Demand Draft/ transfer of funds in the bank account number mentioned in EC letter to the office of Director (DEST&CC), GOHP. The Director (DEST&CC) may devise a plan for this purpose as per CER guidelines.
2. The project proponent shall provide two plastic waste shredder machines to DEST& CC, Shimla within one month from the date of issuance of EC letter, for further distribution under CER. The machines will be purchased from authorised/ approved sources and CMC/AMC will be assured with supplier for at least three years from date of installation. The Project proponent shall be responsible for functioning of the machines. The size of the shredded plastic shall be less than 2.36 mm. Technical specifications of the plastic waste shredder are as under:

| Plastic Waste Shredder specifications (250Kg/Hr.) | |

1. The project proponent shall submit a certificate from the Director (Industries) to the fact that the proposed mining site is recommended/approved on the basis of the District Survey Report prepared & approved by SEIAA authorities in conformity with the SO No. 141 (E), SO No. 3611(E) and as per Sustainable Sand Mining Management Guidelines, 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 published by MoEF&CC, Govt.
2. The project proponent shall submit geo referenced land use change map depicting all the features.

The project proponent submitted the compliance to the above observations on dated:01-05-2024.

After deliberation on the information submitted by the project proponent and considering the facts placed before the committee, the SEAC recommended the case application for consideration of grant of environmental clearance by the SEIAA subject to the prior submission of Certificate from Industries Deptt. that LOI has been issued in accordance with the draft DSR, with fulfillment of conditions annexed at Annexure-I with following special condition that:-

1. The capital cost (@ Rs. 4.00 lacs per \leq ha.) under CER, shall be deposited in the form of Demand Draft/ transfer of funds in the bank account number mentioned in EC letter to the office of Director (DEST&CC), GOHP. The Director (DEST&CC) may devise a plan for this purpose as per CER guidelines.
2. The project proponent shall provide one plastic waste shredder machine to DEST& CC, Shimla within one month from the date of issuance of EC letter, for further distribution under CER. The machines will be purchased from authorised/ approved sources and CMC/AMC will be assured with supplier for at least three years from date of installation. The Project proponent shall be responsible for functioning of the machines. The size of the shredded plastic shall be less than 2.36 mm. Technical specifications of the plastic waste shredder are as under:

| Plastic Waste Shredder specifications (250Kg/Hr.) | |

The proposed project is Extraction of Sand, Stone & Bajri.

Online proposal for EC was submitted on dated 26/11/2023 and accepted by the SEIAA secretariat on dated 13/11/2023 and forwarded to SEAC secretariat. The hard copy was submitted on dated 30/11/2023.

The case was listed in 98th meeting of the SEAC held on 6th January, 2024.

The PP requested to defer the case for next meeting; therefore, the case appraisal was deferred by the SEAC. Now, pp has requested to list the case in next meeting of SEAC.

After submission of the compliance, the case was listed in 102nd meeting of SEAC held on dated 19th to 21st August, 2024.

After deliberation on the information submitted by the project proponent and considering the facts & site inspection report placed before the committee, the SEAC recommended the case application for consideration of grant of environmental clearance by the SEIAA, subject to fulfillment of conditions annexed at Annexure-I with following special condition that:-

1. The capital cost (@ Rs. 4.00 lacs per \leq ha.) under CER, shall be deposited in the form of Demand Draft/ transfer of funds in the bank account number mentioned in EC letter to the office of Director (DEST&CC), GOHP. The Director (DEST&CC) may device a plan for this purpose as per CER guidelines.
2. The project proponent shall provide one plastic waste shredder machine to DEST& CC, Shimla within one month from the date of issuance of EC letter, for further distribution under CER. The machines will be purchased from authorised/ approved sources and CMC/AMC will be assured with supplier for at least three years from date of installation. The Project proponent shall be responsible for functioning of the machines. The size of the shredded plastic shall be less than 2.36 mm. The size of the shredded plastic shall be less than 2.36 mm. Technical specifications of the plastic waste shredder are as under:

| Plastic Waste Shredder specifications (250Kg/Hr.) | |
|---|---|
| PARAMETER | SPECIFICATION |
| Mechanism type | Double shaft with rotating blades |
| Application | Shredding of RDF waste (Plastic bags, polythene, rags, leather, rubber etc. found in the Municipal Waste) |
| Shredder capacity | 250-300 Kg/hr |
| Machine Size | Height- 4.5 ft, Length- Any & Width- Any. |
| Blade MOC | WP 45/ENOS (Harden) |
| Minimum height of hook above shaft & disc | 70-80mm |
| Output shredded material size | <2.36 mm |
| Working chamber | 300mm X 380 mm |
| Motor HP | 7.5HP |
| Total motor | 1 Nos. |
| RPM of shafts | 30-40 |
| Motor make | Havells/ Crompton |
| Motor rating | IE2 |
| Total gearbox | 1Nos. |
| Hopper size | 500mm X 350mm |
| Structure & cover & Hopper MOC | MS with paint |
| Extrafeatures | Cladding total body |
| Supply | 3 Phase 440V- 50Hz. |
| Panel | |
| Panel function | Overload Protection, Short Circuit protection, Tower light, Limit switch for safety (when machine front cover open machine to stop working) |
| Warranty | |
| Duration | 12 months or more |
| Scope under warranty | All the spares & repair work including labor |

3. The project proponent shall sensitize and create awareness among people working within the project area as well as its surrounding area on the ban of SUP in order to ensure the compliance of Notification published by MoEF& CC on 12/08/2021. A report, along with photographs, on the measures taken shall also be included in the six monthly compliance report being submitted by the project proponents.

The matter was listed before SEIAA in its 70th meeting held on 30/9/2024. After detailed deliberations the SEIAA decided to refer back the application to SEAC for further re-examination as per the following observations:

1. The SEIAA while looking at the project site using drone video and kml file observed that the SEAC may reexamine the application assessing how much stability of surrounding area will be affected due to proposed mining.

The proposed project is Construction of various buildings at Dr. Rajendra Prasad Govt. Medical College & Hospital.

Online proposal for granting Term of Reference was submitted on dated 21/01/2021 and accepted by the SEIAA secretariat on dated 02/02/2021 and forwarded to SEAC secretariat. The hard copy was submitted by Project proponent on dated 25/02/2021.

The case was listed in 78th meeting where SEAC observed that the proponent has already undertaken the huge construction work but was not in a position of explaining that what the historical phase wise construction work. The SEAC observed that the project proponent may submit the complete history of the construction with timeline, so as to ascertain that the case of violation is ruled out.

The case was again listed in 89th meeting of SEAC, where SEAC examined the reply submitted by project proponent and directed the representative of the Agency that the process be completed as is required for cases of violation.

Due to non-reply from project proponent within timeline framed by MoEF&CC, the case was automatically delisted from PARIVESH portal.

Now, pp has submitted the online proposal for granting Term of Reference on dated 05/09/2023 and accepted by the SEIAA secretariat on dated 02/11/2023 and forwarded to SEAC secretariat. The hard copy was submitted by Project proponent on dated 23/09/2023 and 11/10/2023.

The case was listed before the SEAC in 96th meeting held on 29/11/2023. After deliberating on the information submitted by the project proponent and considering the facts placed before the Committee, the SEAC decided to list the case in next meeting after compliance to the following observations:

1. *The project proponent shall submit documentary evidence of registration of case of violation by SPCB.*

A letter vide no. HFW-H (DRPGMC) Build. Environ. Clearance/2022-2325-28 dated 08.02.2024 is submitted from the office of the Principal, Dr. R.P. Govt. Medical College, Kangra at Tanda informing that In-charge Regional Lab Dharamshala of HP State Pollution Control Board vide e-mail dated 05.12.2023 made a request to Head office, HP State Pollution Control Board, Shimla to take action against Dr. RPGMC hospital, Kangra as per observations made by SEAC in its 96th meeting. But, HP State Pollution Control Board, Shimla refused to take action against them with the remarks that the State Pollution Control Board is not the competent authority to look into the aspect of Environment Clearance nor grants Environment Clearance under Environment (Protection) Act, 1986.

Thereafter, a letter was also written to the office of the Additional Secretary (Env. S&T) requesting to give necessary orders to HP State Pollution Control Board to initiate action on violation against the applicant under Section-5 of Environment protection Act, 1986. The case was again listed in 100th meeting of SEAC held on dated 30th April to 1st May, 2024. The SEAC after considering the request from the State Government authorities and representatives of the being important project for the State.

After deliberating on the information submitted by the project proponent and considering the facts placed before the committee, the SEAC decided to recommend standard ToR issued by the MoEF&CC, Gol for preparing EIA/EMP report subject to the condition that:

1. *Letter may be written to Secretary (Health), Himachal Government of Pradesh for ensuring that such violations w.r.t. Environment Clearance under EIA notification not be repeated in future.*

Now, a letter has been received from the office of the Principal, Tanda Medical College w.r.t. ratification/addition in the minutes issued earlier. The case was listed in 102nd meeting of SEAC held on dated 19th to 21st August, 2024.

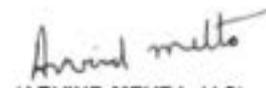

After submission of the compliance, the case was listed in 102nd meeting of SEAC held on dated 19th to 21st August, 2024. After deliberating on the information submitted by the project proponent and considering the fact, the SEAC recommended that the SEIAA may issue standard TORs as per the revised application and details submitted by the proponent.

The matter was listed before SEIAA in its 70th meeting held on 30/9/2024. The SEIAA approved to issue standard TORs as per the revised application and details submitted by the proponent.
