

STATE EXPERT APPRAISAL COMMITTEE – TAMIL NADU

Minutes of the 176th Meeting of the State Expert Appraisal Committee (SEAC) held on 19th September 2020 (Saturday) for Appraisal of Building and Construction Projects, Townships and Area Development projects, Synthetic organic chemicals (API products) & Mining projects conducted through video conference.

Agenda No. 176-01

(File No. 7622/2020)

Proposed installation of new API unit with production capacity of 33360 TPA, by M/s. Nanjil Industries at plot no. S-112, S-113, S-114, Mukundrayapuram Village, Ranipet SIPCOT industrial complex, Phase-III, Wallajah Taluk, Vellore District, Tamil Nadu for Environmental Clearance

(SIA/TN/IND2/154912/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, M/s. Nanjil Industries has applied for Environmental Clearance for the proposed installation of new API unit with production capacity of 3336 TPA, at plot no. S-112, S-113, S-114, Mukundrayapuram Village, Ranipet SIPCOT industrial complex, Phase-III, Wallajah Taluk, Vellore District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 5(f) "Synthetic organic chemicals industry (dyes & dye intermediates; bulk drugs and intermediates excluding drug formulations; synthetic rubbers; basic organic chemicals, other synthetic organic chemicals and chemical intermediates)" of the Schedule to the EIA Notification, 2006.
3. The ToR was issued by MoEF & CC vide F.No.22-25/2020-IA.III dated: 13.04.2020.

Based on the presentation made by the project proponent and the documents furnished,

Member Secretary
SEAC

1/31

Chairman
SEAC

the SEAC instructed the project proponent to furnish the following details;

1. The proponent has to earmark the greenbelt area with dimension and GPS coordinates for the green belt area all along the boundary of the project site with at least 3 meters wide and the same shall be included in the layout out plan, totaling to a minimum of 15% of the total area.
2. The detailed proposal for CER shall be furnished as per the MoEF&CC O.M. dated 01.05.2018.
3. The proponent shall carry out the Risk Assessment Study based on the MSDS of the individual chemicals during handling/Solvent storage/Storage of chemicals.
4. The proponent shall submit the detailed report on Occupational Health and Safety precautions for the workers.
5. The project proponent shall furnish detailed baseline monitoring data with prediction parameters for modeling for the VOC Emissions and model the same.
6. The project proponent shall obtain necessary permission from PWD Department for the extraction of Ground water.
7. The project proponent shall submit the expected characteristics of the Effluent generated during the processes and the design of the treatment plant based on those characteristics.
8. The proponent shall submit the proposal for treatment of sewage and design of the STP.
9. The proponent shall furnish the design details of Effluent Treatment Plant (ETP) with the detailed process descriptions.
10. The project proponent shall furnish the study on Industrial Hygienic Survey and furnish the detailed report on health safety management for the employees.
11. The Environmental Management Plan (EMP) for the proposed project shall be revised considering the above points and same shall be submitted.

On receipt of the above details, the SEAC decided to direct the proponent make a presentation for the further course of action on the proposal.

SEAC

Agenda No. 176-02

(File No.7692/2020)

Proposed construction of 464 TNGRHS flats at in T.S.Nos. 3(Part), 6 of Ward No.AD, Block No.13, Old Circuit house colony of Sengulam Village, Trichy East Taluk, Trichy District, Tamil Nadu by M/s. Tamil Nadu Housing Board– For Environmental Clearance (SIA/TN/MIS/164125/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, M/s. Tamil Nadu Housing Board has applied for Environmental Clearance for the proposed construction of 464 TNGRHS flats with total builtup area 361015sq.m at in T.S.Nos. 3(Part), 6 of Ward No.AD, Block No.13, Old Circuit house colony of Sengulam Village, Trichy East Taluk, Trichy District, Tamil Nadu.
2. The project/activity is covered under Category "B" of Item 8(a) "Building and Construction projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the SEAC instructed the project proponent to furnish the following documents;

1. The proponent has to earmark the greenbelt area with dimension and GPS coordinates for the green belt area all along the boundary of the project site with at least 3 meters wide and the same shall be included in the layout out plan and the total green belt area should be minimum of 15% the total area.
2. A detailed storm water drainage plan with layout of main drains and sub-drains shall be furnished to drain out the storm water coming from the upstream side without any hindrance by designing the storm water drainage arrangement including the main drains and sub-drains to avoid the future flood inundation in the project site. The same shall be prepared in accordance with the contour levels of the proposed project area and considering the surrounding development.

Member Secretary
SEAC

3/31

Chairman
SEAC

3. The STP location provided by the proponent is near to the OSR area. Hence, the project proponent is instructed to submit the proposal to build a wall between the STP area and OSR Area. The cost should be included in the EMP.
4. The proposal should have other amenities like playing area, Community Hall etc., it should be earmarked in the revised layout, and the provision of space for playing area is excluded from the OSR area.
5. The project proponent shall furnish the revised CER proposal as per the MoEF&CC O.M. dated 01.05.2018.
6. The project proponent shall furnish the revised Solid Waste management plan as per Solid waste management Rules, 2016.
7. The water balance should be revised as per the MoEF&CC guidelines.
8. The Proponent shall furnish the revised treatment system for the grey water treatment and the capacity, size and dimensions of each components.
9. The proponent shall submit the proposal for the treatment of STP Sludge.
10. The Project proponent shall submit the necessary permission letter for the usage of excess treated water to the OSR area and Avenue Plantation area from the competent corporation authority.
11. Detailed proposal on Rain water harvesting sump with adequate capacity shall be furnished.
12. The Environmental Management Plan (EMP) for the proposed project shall be revised and submitted.

On receipt of the above details, the SEAC decided to direct the proponent make a presentation for the further course of action on the proposal.

Agenda No. 176-03

(File No.6974/2020)

Proposed chemical manufacturing of organic chemicals with the quantity of 123TPM by M/s. Zenith Flavors and chemicals at S.F.No.237/1, Plot No.117 to 120, SIDCO

Member Secretary
SEAC

Chairman
SEAC

Pharmaceutical Industrial Estate, Alathur Village, Thiruporur Taluk, Kanchipuram District, Tamil Nadu– For Environmental Clearance
(SIA/TN/IND2/53032/2019)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, M/s. Zenith Flavours and chemicals has applied for Environmental Clearance for the proposed chemical manufacturing of organic chemicals with the quantity of 123 TPM at S.F.No.237/1, Plot No.117 to 120, SIDCO Pharmaceutical Industrial Estate, Alathur Village, Thiruporur Taluk, Kanchipuram District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 5(f) "Synthetic organic chemicals industry (dyes & dye intermediates; bulk drugs and intermediates excluding drug formulations; synthetic rubbers; basic organic chemicals, other synthetic organic chemicals and chemical intermediates)" of the Schedule to the EIA Notification, 2006.
3. The ToR was issued by SEIAA-TN vide Lr.No.SEIAA-TN/F.No.6974/SEAC/5(f)/TOR-656/2019, dated: 18.10.2019.

Based on the presentation made by the proponent and the documents furnished, the SEAC instructed the project proponent to furnish the following details;

1. The Project proponent shall furnish details of all the products with chemical name and formula and the reaction kinetics including the list of intermediate products.
2. The project proponent shall furnish detailed baseline data with prediction parameters for modeling for the VOC Emissions and model the VOC emission.
3. Details of raw materials to be used with unit and quantity shall be furnished.
4. Proposal for possibility of recycling of waste water from Stage 4 to Stage 1 with adequate treatment facility so as to reduce the effluent generation.
5. The proponent shall furnish the stoichiometric balance of the materials (Mass

Member Secretary
SEAC

5/31

5

Chairman
SEAC

balance & Molar Balance).

6. The proponent shall furnish the proposal for the dedicated STP plant for the treatment of sewage. The proponent should not combine the sewage and effluent as given in the proposal.
7. Detailed report on characteristics of the various type wastes (solid, liquid & gaseous) which are generated from the processes and the same shall be furnished.
8. The proponent shall furnish the report on characteristics Effluent Treatment Plant (ETP) Inlet and Outlet.
9. Details on the Compatibility (Adequacy) of the proposed ETP for the treatment of effluent to be generated from the processes and the same shall be furnished.
10. The proponent shall carry out the Risk Assessment Study along with disaster management plan based on the MSDS of the individual chemicals during handling/Solvent storage/Storage of chemicals.
11. A detail report on the safety measure and health aspects of the workers shall be submitted.
12. Height of the stack for the process emission and the DG Sets should be recalculated by considering the nearest tallest building as per the CPCB guidelines.
13. The project proponent shall furnish the details CER proposal as per the MoEF&CC O.M. dated 01.05.2018.
14. The project proponent shall submit the specific compliance for the each condition imposed in the Terms of Reference which has been issued to the unit.
15. The proposed Solvent storage area should not be placed near by the boiler; further the proponent may submit the safety measures on the same.

On receipt of the above details, the SEAC decided to direct the proponent make a presentation for the further course of action on the proposal

Agenda No. 176-04

(File No.7623/2020)

The Existing products of mineral salts of Gluconates, Citrate, Lactate, Lactobionate, Fumerates, ortate, etc production capacity of 1020TPA, Calcium Glubionate, Calcium

Member Secretary
SEAC

6

Chairman
SEAC

Boro Gluconate, Calcium Lacto Gluconate and other Mineral salt production capacity of 1034TPA and the proposed installation of new API unit with production capacity of 100TPA by M/s. Global Calcium Private Limited Unit-III at plot no. 19 & 19B in Hosur Village, SIPCOT industrial complex, Hosur Taluk, Krishnagiri District, Tamil Nadu– For Environmental Clearance

(SIA/TN/IND2/154634/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, M/s. Global Calcium Private Limited Unit-III has applied for Environmental Clearance for the existing products of mineral salts of Gluconates, Citrate, Lactate, Lactobionate, Fumerates, ortate, etc production capacity of 1020TPA, Calcium Glubionate, Calcium Boro Gluconate, Calcium Lacto Gluconate and other Mineral salt production capacity of 1034TPA and the proposed installation of new API unit with production capacity of 100TPA at plot no. 19 & 19B in Hosur Village, SIPCOT industrial complex, Hosur Taluk, Krishnagiri District Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 5(f) "Synthetic organic chemicals industry (dyes & dye intermediates; bulk drugs and intermediates excluding drug formulations; synthetic rubbers; basic organic chemicals, other synthetic organic chemicals and chemical intermediates)" of the Schedule to the EIA Notification, 2006.
3. The Earlier EC was obtained from MoEF & CC vide F.No.J-110114/417/2006-IA.II(I) dated: 18.07.2007 for 1034TPM API products by M/s. Calci Tech india (P) Ltd and transfer of EC obtained from MoEF & CC vide F.No.J-11011/417/2006-IA.II(I) dated: 25.06.2018 to M/s. Global Calcium(P) Ltd.

Based on the presentation made by the proponent and the documents furnished, the SEAC instructed the project proponent to furnish the following details;

1. The project proponent shall distinguish between the list of API Salts and the Mineral Salts and the same shall be furnished in details.

Member Secretary
SEAC

7/31

7

Chairman
SEAC

2. The proponent has to earmark the greenbelt area with dimension and GPS coordinates for the green belt area all along the boundary of the project site with at least 3 meters wide and the same shall be included in the layout out plan.
3. The detailed proposal for CER shall be furnished as per the MoEF&CC O.M. dated 01.05.2018.
4. The proponent shall carry out the Risk Assessment Study based on the MSDS of the individual chemicals during handling/Solvent storage/Storage of chemicals.
5. The proponent shall submit the detailed report on Occupational Health and Safety precautions for the workers.
6. The project proponent shall furnish detailed baseline monitoring data with prediction parameters for modeling for the VOC Emissions.
7. The project proponent shall obtained necessary permission from PWD Department for the extraction of Ground water. The ground water table level on Monsoon and post monsoon period, ground water quality and Category of the ground water level in the area should be submitted from TWAD/PWD ground water department.
8. The project proponent shall submit the characteristics of the Effluent generated during the processes.
9. The proponent shall furnish the design details of Effluent Treatment Plant (ETP) with the detailed process descriptions.
10. The project proponent shall conduct an Industrial Hygienic Survey and furnish the detailed report on health safety management for the employees.
11. The existing greenbelt area percentage furnished by the project proponent is 27%, Hence the SEAC directed the proponent to provide the more greenbelt area to achieve the green belt area not less than 33% of the total land area of the project as per MoEF &CC guidelines.
12. The Environmental Management Plan (EMP) for the proposed project shall be revised considering the above points and submitted.

On receipt of the details, the SEAC would further make an on - the - spot inspection to assess the present status of the site by the sub-committee constituted by the SEAC. Based on the inspection report, SEAC would further deliberate on this project and decide the further course of action.

Agenda No. 176-05

(File No. 7318/2020)

Proposed Rough stone quarry lease over an extent of 2.02.5ha at S.F.No.117/6 in Neikulam village, Lalgudi Taluk, Tiruchirappalli District, TamilNadu by Thiru.R. Manivannan- For Environmental Clearance.

(SIA/TN/MIN/130370/2020)

The proposal was placed in this 176nd SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, Thiru.R.Manivannan has applied for Environmental Clearance for the Rough stone quarry lease over an extent of 2.02.5ha in 268280cu.m of Rough stone for the period of 5 Years in depth of 50m S.F.No.117/6 in Neikulam village, Lalgudi Taluk, Tiruchirappalli District, TamilNadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Mineral Projects" of the Schedule to the EIA Notification, 2006.

During presentation the proponent has informed that as per MoEF & CC Notification S.O 2269(E) dated 01.07.2016 in the Paragraph (b) (i) (6)

" A cluster shall be formed when the distance between the peripheries of one lease is less than 500 meters from the periphery of other lease in a homogenous mineral area which shall be applicable to the mine lease or quarry licenses granted on and after 9th September 2013"

In AD (Mines), Tiruchirappalli vide RC No.602/2019/mines dated: 27.07.2019 stating as follows.

- a) There is no existing quarry.
- b) The total extent of proposed quarry - 01 No. (2.02.5 ha)
- c) The detail of abandoned quarries as follows,
 - (i). Thiru.N.JayaRaj -1.52.0 ha – the lease period from 27.02.2012 to 26.12.2017
 - (ii) R.Senthilkumar - 2.00.0 ha -the lease period from 24.08.2009 to 23.08.2019
 - (iii) Thiru.J.Anand -2.00.0 ha -the lease period from 15.06.2009 to 14.06.2019.

Member Secretary
SEAC

9/31

9

Chairman
SEAC

Hence, SEAC decided that the project proponent shall submit the details of the quarry licenses granted (first transport permit issued and last transport permit issued) for the above said expired and abandoned quarries from the AD (Mines), Tiruchirapalli District. After receipt of the above said details, SEIAA office may verify the document before placing the subject to SEAC.

Agenda No. 176-06

(File No.7576/2020)

Proposed construction of residential & commercial development project namely "Nivasan Udhyaana" by M/s. Nivasan homes Private Limited at in old S.F.Nos. 418/1 (T.S.No.4/1, Ward No.26, Block No.7 of Gurusamy Nagar) of Vilankurichi Village, Coimbatore North Taluk, Coimbatore District, Tamil Nadu- For Environmental Clearance

(SIA/TN/MIS/151279/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, M/s. Nivasan homes Private Limited has applied for Environmental Clearance for the proposed construction of residential & commercial development project namely "Nivasan Udhyaana" with total built-up area is 30764.71 Sq.m by M/s. Nivasan homes Private Limited at in old S.F.Nos. 418/1 (T.S.No.4/1, Ward No.26, Block No.7 of Gurusamy Nagar) of Vilankurichi Village, Coimbatore North Taluk, Coimbatore District, Tamil Nadu.
2. The project/activity is covered under Category "B" of Item 8(a) "Building and Construction projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the SEAC instructed the project proponent to furnish the following documents;

1. A detailed storm water drainage plan with layout shall be designed for draining out the storm water coming from the upstream side without any hindrance by designing the storm water drainage arrangement including the main drains and

Member Secretary
SEAC

Chairman
SEAC

- sub-drains to avoid the future flood inundation in the project site. The same shall be prepared in accordance with the contour levels of the proposed project area and considering the surrounding development.
2. The proposal should have other amenities like community hall, playing area etc., it should be earmarked in the revised layout; the provision of space for playing area is excluded from the OSR area.
 3. The project proponent shall carry out and furnish the detailed Vehicular Emission modeling study to the surrounding Traffic conditions.
 4. Height of the stacks for the process emission and the DG Sets should be recalculated by considering the nearest tallest building as per the CPCB guidelines.
 5. The detailed proposal for CER shall be furnished as per the MoEF&CC O.M. dated 01.05.2018.
 6. The project proponent shall furnish detailed baseline monitoring data for Air, Noise, Water and Soil.
 7. Detailed proposal on the Energy Consumption Measures using the solar panel in the proposed project site.

On receipt of the above details, the SEAC decided to take for the further course of action on the proposal.

Agenda No. 176-07

(File No.7707/2020)

Proposed Savudu quarry lease over an extent of 2.02.5 ha at S.F.No.433/2C2 (P) in Vettangudi Village, Sirkali Taluk, Nagapattinam District, Tamil Nadu by Thiru. V. Manivannan– for Environment Clearance.

(SIA/TN/MIN/164977/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, Thiru. V. Manivannan has applied for Environment Clearance for the proposed Savudu quarry lease over an extent of 2.02.5ha in 29976cu.m

Member Secretary
SEAC

of Savudu for the period of 2 Years in depth of 2m at S.F.No. 433/2C2 (P) in Vettangudi Village, Sirkali Taluk, Nagapattinam District, Tamil Nadu.

2. The project/activity is covered under Category "B2" of Item 1(a) "Mining projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, after detail deliberation, the SEAC decided to recommend the proposal for grant of Environmental Clearance to SEIAA subject to the following conditions in addition to normal conditions:

1. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which might have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
2. Proper barrier for reducing the Noise level and to combat the dust pollution shall be established like providing Green Belt along the boundary of the quarrying site, etc. and to prevent dust pollution, suitable working methodology needs to be adopted taking wind direction into consideration.
3. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
4. The transportation of the mined out product should not disturb the tank bund structures and channel course.
5. The project proponent shall undertake plantation/afforestation work by planting the native species on all sides of the tank bunds.
6. Floor of excavated pit should be levelled and sides to be sloped gently in the mine closure phase.
7. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
8. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
9. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.

Member Secretary

SEAC

10. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016,M.A.No.920/2016,M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).
11. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of mining operation.
12. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
13. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wild life as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance.
14. The amount of Rs. 50,000/- shall be utilized as CER activities to for providing the sanitation facilities & drinking water facilities for Vettangudi Village Government School as reported before obtaining the CTO from TNPCB.

Agenda No. 176-08

(File No.7243/2020)

Proposed Rough stone & Gravel quarry lease over an extent of 0.84.0 ha at S.F.No.997 in Irumburai Village, Mettupalayam Taluk, Coimbatore District, Tamil Nadu by Thiru. S.Sathish - for Environment Clearance.

(SIA/TN/MIN/148731/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, Thiru. S.Sathish has applied for Environment Clearance for the proposed Rough stone & Gravel quarry lease over an extent of 0.84.0 ha in 1,11,655 cu.m of Rough stone & 20680 cu.m of Gravel for the period of 5 Years

Member Secretary

in depth of 40 m at S.F.No. 997 in Irumbarai Village, Mettupalayam Taluk, Coimbatore District, Tamil Nadu.

2. The project/activity is covered under Category "B2" of Item 1(a) "Mining projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, after detail deliberation, the committee decided to recommend the proposal for grant of Environmental Clearance to SEIAA for restricting the ultimate depth of 35 m and quantity of 1,04,855 m³ of rough stone and 20,680 m³ of gravel for five years with a bench height of 5 m as per the approved mining plan considering the hydro geological regime of the surrounding subject to the following conditions in addition to normal conditions;

1. Groundwater level and quality should be monitored once in six months in few wells around the quarry and the record should be maintained and annual report should be submitted to the TNPCB
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent should erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
4. Proper barrier to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing green belt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
5. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
6. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.

Member Secretary
SEAC

Chairman
SEAC

7. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
8. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
9. The proponent shall develop adequate green belt with native species on the periphery of the mine lease area before commencement of the mining activity, in consultation with DFO of the concern district/agriculture university.
10. The quarrying activity shall be stopped if the entire quantity indicated in the Environmental clearance is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
11. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).
12. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wild life as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance.
13. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of mining operation.
14. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
15. The amount of Rs. 70,000/- shall be utilized as CER activities to carry out the work for providing the Smart class facilities & sanitation facilities for Irumburai Village Government School as reported before obtaining the CTO from TNPCB.

Chairman
SEAC

Proposed Rough stone & Gravel quarry lease over an extent of 1.71.0 ha at S.F.No.757/1A in Alathur Village, Avinashi Taluk, Tiruppur District, Tamil Nadu by Thiru. P.Sivakumar-- for Environment Clearance.

(SIA/TN/MIN/126767/2019)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, Thiru. P.Sivakumar has applied for Environment Clearance for the proposed Rough stone & Gravel quarry lease over an extent of 1.71.0 ha in 111590 cu.m of Rough stone & 17848 cu.m of Gravel for the period of 5 Years in depth of 12m at S.F.No. 757/1A in Alathur Village, Avinashi Taluk, Tiruppur District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, after detail deliberation, the SEAC decided to recommend the proposal for grant of Environmental Clearance to SEIAA subject to the following conditions in addition to normal conditions:

1. Groundwater level and quality should be monitored once in six months in few wells around the quarry and the record should be maintained and annual report should be submitted to the TNPCB
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent should erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
4. Proper barrier to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing green belt

- and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
5. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
 6. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
 7. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
 8. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
 9. The proponent shall develop adequate green belt with native species on the periphery of the mine lease area before commencement of the mining activity, in consultation with DFO of the concern district/agriculture university.
 10. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
 11. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A. No. 843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).
 12. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wild life as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance.
 13. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of mining operation.

14. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
15. The amount of Rs. 72,000/- (2% of the project cost) shall be utilized as CER activities to carry out the work for providing the smart class facilities & sanitation facilities for Alathur Village Government School as reported before obtaining the CTO from TNPCB.

Agenda No. 176-10

(File No.7726/2020)

Proposed Construction of High Rise Building with Commercial Activity by Rajah Muthiah Chettiar Charitable and Educational Trust represented by the General Power of Attorney Thiru. M.A.M.R. Muthiah Survey No:4277/6, Block No:93, MRC Nagar, Raja Annamalai Puram, Mylapore Taluk, Chennai District, Tamil Nadu- For Environmental Clearance

(SIA/TN/MIS/166695/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, Thiru. M.A.M.R. Muthiah has applied for Environmental Clearance for the Proposed Construction of High Rise Building with Commercial Activity by Rajah Muthiah Chettiar Charitable and Educational Trust with total builtup area is 38053.98Sq.m at Survey No: 4277/6, Block No: 93, MRC Nagar, Raja Annamalai Puram, Mylapore Taluk, Chennai District, Tamil Nadu.
2. The project/activity is covered under Category "B" of Item 8(a) "Building and Construction projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, the SEAC instructed the project proponent to submit the following details;

1. The project proponent shall furnish NoC from Chief Engineer (PWD) for the flood and inundation along with recommendations with considering the 2015

Member Secretary
SEAC

18

Chairman
SEAC

flood.

2. It was noted during presentation that the Sewage generation quantity and the capacity of Sewage Treatment Plant (STP) are equal. Hence, the project proponent shall clarify that with the provided STP capacity will be able to manage the treatment of Sewage Generation without any overload.
3. Details of the Rain Water Harvesting Sump details along with the GPS Co-ordinates for the same earmarked location.
4. The proponent shall submit the CER proposal as per Office Memorandum of MoEF& CC dated 01.05.2018

On receipt of the above details, the SEAC decided to take for the further course of action on the proposal.

Agenda No. 176-11

(File No.7534/2020)

Proposed Rough stone & Gravel quarry lease over an extent of 0.79.0 ha at S.F.No.66/2 in Agrahara Periyapalayam Village, Uthukuli Taluk, Tiruppur District, Tamil Nadu by Thiru. N.Rajamanickam– for Environment Clearance.

(SIA/TN/MIN/149684/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, Thiru. N. Rajamanickam has applied for Environment Clearance for the proposed Rough stone & Gravel quarry lease over an extent of 0.79.0ha in 69180cu.m of Rough stone for the period of 5 Years in depth of 26m at S.F.No. 66/2 in Agrahara Periyapalayam Village, Uthukuli Taluk, Tiruppur District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, after detail deliberation, the committee decided to recommend the proposal for grant of

Proposed Quartz & Feldspar quarry lease over an extent of 1.24.0 ha at S.F.No.12/C1A & 12/C2 in Mulayampoondi Village, Dharapuram Taluk, Tiruppur District, Tamil Nadu by M/s. Naveen Minerals - for Environment Clearance.
(SIA/TN/MIN/148884/2020)

The proposal was placed in this 176th SEAC Meeting held on 19.09.2020. The project proponent gave detailed presentation. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The SEAC noted the following:

1. The Proponent, M/s. Naveen Minerals has applied for Environment Clearance for the proposed Quartz & Feldspar quarry lease over an extent of 1.24.0ha in 15005 Tonnes of Quartz & 10004 Tonnes of Feldspar for the period of 5 Years in depth of 23m at S.F.No. 66/2 in Mulayampoondi Village, Dharapuram Taluk, Tiruppur District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining projects" of the Schedule to the EIA Notification, 2006.

Based on the presentation made by the proponent and the documents furnished, after detail deliberation, the SEAC decided to recommend the proposal for grant of Environmental Clearance to SEIAA subject to the following conditions in addition to normal conditions:

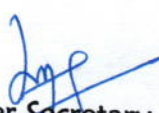

1. Groundwater level and quality should be monitored once in six months in few wells around the quarry and the record should be maintained and annual report should be submitted to the TNPCB
2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent should erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
4. Proper barrier to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing green belt

SEAC

2. After mining is completed, proper levelling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
3. The proponent should erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
4. Proper barrier to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing green belt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
5. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
6. The operation of the quarry should not affect the agriculture activities & water bodies near the project site.
7. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
8. The Project Proponent shall comply with the mining and other relevant rules and regulations where ever applicable.
9. The proponent shall develop adequate green belt with native species on the periphery of the mine lease area before commencement of the mining activity, in consultation with DFO of the concern district/agriculture university.
10. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the District Authorities.
11. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016,M.A.No.920/2016,M.A.No.1122/2016, M.A.No.12/2017 & M.A. No.

843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981 /2016, M.A.No.982/2016 & M.A.No.384/2017).

12. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wild life as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance.
13. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of mining operation.
14. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mine.
15. The amount of Rs. 0.4 Lakhs shall be utilized as CER activities to carry out the work for providing the Smart Class Facilities & sanitation facilities for Chinnamaruthur Village Government School as reported before obtaining the CTO from TNPCB.

Agenda No. 176-16

(OldFile No.3064/2014, New File.7467/2020)

Proposed medical college and Hospital buildings at Survey No.88/1B1B, 1B2B, 1B3B, 2B1B, 282, 3, 4, 5, 6, 7, 8A (Pt), 88, 89/1B1B, 1B2B, 1B3B, 1B4B, 1B5B, 186, 2, 90/1, 2A, 2B, 2C, 2D, 2E, 2F, 3A, 3B, 3C, 3D, 91/2, 94/1(Pt.), 97/2A2, 2B, 2C, 3B1B, 3B2B, 3B3B, 3B4B, 3B5B, 3B6, 3B7, 4A, 4B, 4C, 4D, 5A, 5B, 7A, 7B in Nalrayanpatti Village, Survey No. 38, 39(Pt), 48/8(Pt), 9, 10, 11, 16, 54/1, 2, 3, 4, 8, 10, 11, 12, 13, 15, 17, 21, 22, 23, 24, 25, 26, 27, 55/1, 2(Pt), 3, 4, 5, 117/1, 3(Pt), 118/1, 2, 3, 119/1, 2, 7, 8, 9, 120/6, 7 in Chinnaseeragapadi Village, Survey No. 37/2C, 2E, 2F, 40/1N, 2, 3D(Pt), 42/5A, 6A, 6B, 6E, 6F, 6I, 6J, 6K, 7, 8A, 9, 10, 11A, 11B, 13 in Veerapandi Village, Veerapandi Panchayat Union, Salem Taluk, Salem District, Tamil Nadu by M/s.Vinayaka Missions Kirupananda Variyar Medical College & Hospitals- For Terms of Reference under Violation.

The proposal was deferred for next SEAC meeting due to paucity of time.
