

AGENDA NO.134.01

Proposal No.	SIA/OR/MIN/429196/2023
Date of application	12.06.2023
File No.	429196/815-MINB1/06-2023
Project Type	ToR
Category	B1
Project/Activity including Schedule No.	1(a)- Mining of Minerals
Name of the Project	Proposal for ToR for Khanjamahal Stone Quarry (Cluster Approach) over an area of 244.50 Ac./98.94 Ha. (Khata No-144, Plot No-161, 165, 164, 318, 168, 167, 166, 266, 287, 264, 265, 263) in village-Khanjamahal, Tahasil-Soro, District-Balasore.
Name of the company/Organization	Applicant: Tahasildar Soro
Location of Project	village- Khanjamahal, Tahasil-Soro, District-Balasore.

Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This proposal is for Terms of Reference for obtaining Environmental Clearance for Khanjamahal Stone Quarry (Cluster Approach) over an area of 244.50 Ac./98.94 Ha. (Khata No-144, Plot No-161, 165, 164, 318, 168, 167, 166, 266, 287, 264, 265, 263) in village Khanjamahal, under Soro Tahasil in Balasore district of Tahasildar Soro.
- (ii) There are 61 numbers of quarries leases existing within 500m periphery of each other thus forming a cluster and does not come under DLC certified by Tahasildar vide letter no 2390 dated 09/05/2023.
- (iii) The Cluster lease area has been proposed by Tahasildar, Soro vide Letter No- 175 dated: 15.01.21
- (iv) The Cluster of Khanjamahal consists of 61 numbers of individual stone quarries. The individual stone quarries will be auctioned by the Tahasildar, Soro and allocated to the successful bidder for mining activity on a long-term basis i.e., 5 years from the date of execution of lease deed.
- (v) The Cluster Mining plan has been approved by The Deputy Director Geology & Authorized Officer, The Directorate of Geology, Bhubaneswar, Odisha vide Letter No. GXVII(g) - 86/216334/DG, Dt. 30.10.2021.
- (vi) Location and connectivity: The lease area under reference featured in the Survey of India Topo sheet no. F450/11 is on Khata No-144, Plot No-161, 165, 164, 318, 168, 167, 166, 266, 287, 264, 265, and 263. The geo coordinates of the lease area is 21°20'39.53"N to 21°21'32.76"N and longitude 86°39'38.52"E to 86°40'41.07"E. The area is located 40 km from District Headquarters Balasore and 140 Km from State Capital Bhubaneswar. Nearest railway stations is Soro at a distance of 6.54 Km. Nearest Airport is Bhubaneswar Airport which is at a distance of 149.36 Km. The nearest habitation is Mahumuhan at a distance of 0.5 Km (W), the main connectivity of the lease area for transportation is Mangalpurpur Bagudi PWD Road which is at a distance of 0.7 Km, which is further connected to NH-16 at Soro at a distance of 6.14 KM. Nearest reserve forest is Kuldiha reserve forest which is 1.03 Kms away from the proposed site.
- (vii) Reserves and total production: Estimated geological reserve for all the 61 mines (cluster) is 39.608 Million Cum and Mineable Reserve is 20.881 Million Cum. The total production will be 12.247 Million Cum during the plan period. Annual Production capacity for 61 mines will be 2.484 Million cum/Annum.

Year	Volume (Million m ³)
1 ST YEAR	2.484
2 ND YEAR	2.484
3 RD YEAR	2.484
4 TH YEAR	2.484
5 TH YEAR	2.484
TOTAL	12.427

- (viii) Mining method: Mining operations will be carried out by Semi-mechanized opencast mining method. Conventional method of mining will be adopted in lease area. In the present plan period, it is proposed to shape the quarry with bench height and width of 6m and 6m respectively. The slope of individual bench will be maintained around 80° to 85° with ultimate pit slope of less than 45°. Quarrying activities will be done following all the security majors. Rules and regulations of DGMS and IBM will be observed during the Quarrying operations to avoid unwanted circumstances. Deep & short hole blasting will be carried out with the help of Slurry as explosive and shock tube as accessories for loosening the hard rock. A total of 2972102 m³ of waste will be generated during this plan period. Mined out material will be loaded into the dumpers with the help of JCB and will be send to the nearby established crusher outside the lease area and finally the material of commercial use as per the demand of the market will be transported by Covered trucks / dumpers to its destination.
- (ix) Water requirement: Water requirement for the Khanjamahal cluster project is 164 KLD for mining, spraying, greenbelt development and domestic uses and will be sourced from the nearby available water source/accumulated rainwater in mined out pits.

S. No	Description	Water Requirement (KLD)
1	Drinking & Domestic purpose	31.2
2	Dust suppression	82.0
3	Green Belt	50.8
Total		164.0

- (x) Waste generation and management: Total waste generation will be 2.972 Million cum during the plan period. The waste generated from Khanjamahal Stone Quarry (cluster) will be dumped temporarily at the designated place as per the approved Mining Plan and subsequently utilized for road construction and maintenance during the plan period.
- (xi) Transportation: The open cast semi mechanized method and 10-to-20-ton capacity Tippers and Hyva will be engaged for transportation of minerals.
- (xii) Power requirement: The power required for the office is minimal, shall be taken from the General Electric supply of the area. However, if required for lighting in the project area at night power will be sourced from State Grid.
- (xiii) Greenbelt: About 13113 saplings of local species will be planted under the green belt (safety zone) and non-mineralized area for five years. The plantation proposed in the buffer area and avenue plantation will be carried out in open places in and around the quarry lease area. The budget for afforestation will be around Rs. 19,66,950/-.

Year	No. of Samplings	Species
1st	2625	Mango, Subabul, Chakunda with local species
2nd	2622	

Agenda of 134th Meeting of SEIAA, Odisha Held on 07.09.2023 & 08.09.2023

3rd	2622
4th	2622
5th	2622
Total	13113

- (xiv) Manpower: Total manpower requirement will be 1348 no's for the proposed project.
- (xv) Project cost: The capital cost of Khanjamahal cluster project is 610 Lakhs (6.10 Crore). EMP capital cost of the project is 91.50 Lakhs and EMP Recurring cost is 69.22 Lakhs.

S. No.	Environmental Work	Capital cost in rupees	Recurring cost in rupees	
1	Water sprinkling for dust suppression	Rs.8,00,000/-	Two times water sprinkling per day costs 4000/- including manpower cost and water, tanker cost.	Per year Rs. 12,00,000/-
2	Greenbelt	Rs.19,66,950/-	Daily watering, monitoring and periodic manure, other fertilizer spending's (Cost per month for 13113 plants: Rs.1,50,000/-) 10 months in a year =1,50,000x10	Per year Rs. 15,00,000/-
3	Retaining wall, Garland Drain	Rs.15,00,000/-	Regular monitoring and periodic changes, per year 2 times Rs.3,00,000/- each time.	Per year Rs. 6,00,000/-
4	Septic tank and related	Rs. 5,00,000/-	Yearly once cleaning @ Rs. 1,00,000/-	Per year about Rs. 1,00,000/-
5	Environmental monitoring	Rs. 18,61,050/-	Monthly Rs. 1,00,000/-	Per year about Rs. 10,00,000/-
6	First aid Facility	Rs.5,00,000/-	Per month about Rs.50,000/- (medicines, checkups as per need)	Per year Rs. 5,00,000/-
7	PPE kit	Rs 20,22,000/-	One time per year Rs. 1,500 Per head 1348x1,500 = 20,22,000/-	Per year Rs.20,22,000/-
Total in Rupees		91,50,000/-	69,22,000/-	

- (xvi) The Environment consultant M/s EHS 360 Labs Private Limited, Chennai along with the proponent made a presentation on the proposal before the Committee on 07.07.2023.
- (xvii) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020 and as per the Hon'ble Supreme Court order vide its order dated 10.11.2021 in Civil Appeal Nos. 3661-3662 of 2020 (State of Bihar Vrs. Pawan Kumar and Others)- Yes
- (xviii) Any deficiencies/omission have been noticed in the above documents-PFR to be reviewed.

2. Whether SEAC recommended the proposal –Yes. The SEAC in its meeting held on 07.07.2023 has prescribed the following specific ToRs in addition to standard ToRs in cluster approach for conducting detailed EIA study:

- i. Installation of STP of adequate capacity and requisite design.
- ii. ToRs has been proposed for 1-15 quarries, which is not acceptable. The EIA study shall be carried out and the EMP will be prepared in cluster approach for 61 quarries which will be submitted during submission of Final Environmental Impact Assessment Report at SEIAA. The EIA report should include existing (i.e. EC obtained) and proposed stone quarries in cluster.
- iii. Copies of Previous obtained EC which SEIAA has granted as informed by the proponent.
- iv. Traffic study duly vetted by reputed institution.
- v. Green belt in safety zone of each mine and all-round the clusters to be confirmed with details.
- vi. Arrangement of pipeline sprinkling (permanent water line) to be explored and confirmed.
- vii. Silt management and SoP for the same to arrest /remedy of silt ingress to surrounding agricultural lands.
- viii. Kisam of land to be submitted.
- ix. Safety measures during blasting including provision of warning to be submitted.
- x. Distance of boundary of Kuldiha Wildlife Sanctuary and boundary of its Eco-Sensitive Zone (ESZ) to be Certified by concerned, DFO. Also certificate from DFO that the said cluster is not coming within Eco-Sensitive Zone of Kuldiha wildlife Sanctuary.
- xi. Map showing ESZ, Sanctuary boundary and lease boundary.
- xii. Distance of nearest elephant corridor from cluster.
- xiii. Site photographs along with the consultant.
- xiv. Access road for transportation of mined products from each of the 61 stone quarries, space for storing mined wasted products as well as mined mineral products along with drainage system of rainwater (surface run off) for each 61 quarries to be shown in a common layout map certified by the RQP as per the approved mining plan.
- xv. RL of water table in the mineral stone quarry zone comprising of all 61 quarries during summer and rainy season to be provided along with the RL of the surface post mining as per the approved mining plan of each of 61 leases in the cluster.
- xvi. Individual mining plan for each quarry/mine in the cluster as the proponent has submitted cluster mining plan.
- xvii. Nos of proposed blasting per day as per the approved mining plan for all 61 leases under the cluster approach to be presented.
- xviii. Latest KML file demarcating each quarry of the cluster. Geo-coordinates of the mining lease area boundary of each of 61 leases under the cluster approach superimposed on the cadastral map to be furnished.
- xix. Standard Operating Procedures (SOP) for Blasting of all the quarries along with blasting management.
- xx. Dust Management.
- xxi. Layout of the entire area of 244.50 Ac./98.94 Ha. of Khanjamahal Stone Quarry (Cluster Approach) indicating the location of all 61 mining leases to be considered under the cluster approach along with location of waste dump, product storage area, route of transportation of the mined mineral products to the market, system of rainwater drainage (Garland drain) etc. of each

Agenda of 134th Meeting of SEIAA, Odisha Held on 07.09.2023 & 08.09.2023

of the above-mentioned leases along with the location of the proposed STP as per the approved mining plan.

xx) Details of any court case if any pending for the cluster or any of 61 leases under it.

3. The proposal was placed in the 131st meeting of SEIAA held on 10.08.2023 and 11.08.2023 and the Authority observed that there are 61 quarries in cluster whereas the present application for ToR is proposed for 15 quarries. There is no provision for issue of ToR in Part for a cluster. Further, there are discrepancy in between the approved DSR and PFR in the present ToR application. The DSR also shows the ESZ of Kuldhia WL Sanctuary to be approx. distance of 510 meters which needs to be clarified.

After detailed deliberation in the matter, the Authority decided that the PP is required to apply for issue of ToR for the entire cluster (61nos. quarries) as per approved DSR and shall submit DLC report certified from DFO, Balasore for the 61 no. of quarries along with the ToR application.

4. Now the Tahsildar/PP has submitted the necessary clarification for consideration of ToR.

Decision of Authority: Approved

After detailed deliberation in the matter, the Authority decided to issue ToR (both standard & specific) for undertaking detailed EIA studies for the project with additional stipulation.

- (i) The project proponent shall submit the KML file of the individual quarry with cluster lease area as per SOP of MoEF & CC during EC application.
- (ii) The project proponent shall submit DLC certificate and Eco-Sensitive Zone certificate from concerned DFO with regard to the cluster quarries.
- (iii) Details status of all individual operated quarries with its EC copy, compliance and present status of the quarries.

AGENDA NO.134.02

Proposal No.	SLA/OR/IND/302714/2023
Date of application	31.07.2023
File no.	SIA/OR/IND/301608/2023
Project Type	Proposal for corrigendum of EC
Category	B1
Project/Activity including Schedule No.	3(b) Cement plants
Name of the Project	Proposal for corrigendum of proposal for setting up Cement Grinding Unit of capacity 3.0 MTPA (1.5 MTPA in Phase-1 & 1.5 MTPA in Phase-2) at Village-Byree, Tahasil-Darpan, Dist-Jajpur, Odisha by M/s. My Home Industries Pvt. Ltd.
Name of the company/Organization	My Home Industries Private Limited
Location of Project	Village-Byree, Tahasil-Darpan, Dist-Jajpur, Odisha by M/s. My Home Industries Pvt. Ltd.
ToR Date	N/A
Name of the Consultant	N/A

Proposal in brief:

- The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.
 - This is a proposal for corrigendum of proposal for setting up Cement Grinding Unit of capacity 3.0 MTPA (1.5 MTPA in Phase-1 & 1.5 MTPA in Phase-2) at Village-Byree, Tahasil-Darpan, Dist-Jajpur, Odisha by M/s. My Home Industries Pvt. Ltd.
 - The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC23B009OR194706 dated 23.06.2023 and EC amended for modifying condition of EC on **transportation of 75% of the raw material & 75% of the finished product through road network** on dated 24.07.2023 in favour of the proposal for setting up Cement Grinding Unit of capacity 3.0 MTPA (1.5 MTPA in Phase-1 & 1.5 MTPA in Phase-2) at Village-Byree, Tahasil-Darpan, Dist-Jajpur, Odisha by M/s. My Home Industries Pvt. Ltd.
 - Now, the submitted corrigendum of EC application for stipulated condition of EC letter at Para A(ii), **the following condition is incorporated as follows- transportation of 75% of the raw material & 75% of the finished product through road network to stands amended as follows- transportation of 75% of the raw material & 75% of the finished product through road network**
 - Any deficiencies/omission have been noticed in the above documents- Nil
- Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on **25.08.2023** and the SEAC recommended for corrigendum to the amendment of EC.
- Now the PP has requested to issue necessary corrigendum to the amendment of EC dated 24.07.2023, as following

Condition issued in Page-2 of amendment order dt 24.07.2023.	Correction required in Page-2 of amendment order dt 24.07.2023. s
--	---

Agenda of 134th Meeting of SEIAA, Odisha Held on 07.09.2023 & 08.09.2023

In view of the above, the SEIAA hereby accords corrigendum to environmental clearance issued vide identification No. EC23B009OR194706 dated 23.06.2023. In the EC Order, stipulated condition at Para — A(ii), the following condition is incorporated as follows —

"The PP is allowed to transport 75 % of the raw material & 75% of the finished products through road network."

All other information mentioned & conditions stipulated in the EC order issued vide identification No. EC23B009OR194706 dated 23.06.2023 remains the same.

In view of the above, the SEIAA hereby accords corrigendum to environmental clearance issued vide identification No. EC 23B009OR194706 dated 23.06.2023. In the EC Order, stipulated condition at Para —A(ii), stands amended as follows —

"The PP is allowed to transport 75 % of the raw material & 75% of the finished products through road network."

All other information mentioned & conditions stipulated in the EC order issued vide identification No. EC23B009OR194706 dated 23.06.2023 remains the same.

Decision Of Authority: Approved

After detailed deliberation in the matter, the Authority decided that the stipulated condition of Para-A (ii) of EC letter no. EC23B009OR194706 dated 23.06.2023 is replaced with the following conditions "The PP is allowed to transport 75 % of the raw material & 75% of the finished products through road network".

Agenda of 134th Meeting of SEIAA, Odisha Held on 07.09.2023 & 08.09.2023

AGENDA NO.134.03

Proposal No.	SIA/OR/IND2/303294/2023
Date of application	17.08.2023
File no.	Nil
Project Type	Proposal for Amendment of EC
Category	B1
Project/Activity including Schedule No.	5(g) Distilleries
Name of the Project	Proposal for Amendment in EC of Grain Based Distillery unit (100 KLPD) with Co-generating Power plant (3MW) Project to be set up over an area of 19.9 Acres (8.053 Ha) at Saptasajya, Dhenkanal, Odisha by M/s Indale Spirits Pvt. Ltd.
Name of the company/Organization	INDALC SPIRITS PRIVATE LIMITED
Location of Project	at Saptasajya, Dhenkanal, Odisha by M/s Indale Spirits Pvt. Ltd.
ToR Date	N/A
Name of the Consultant	N/A

Proposal in brief:

1. The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.
 - (i) This is a proposal for Amendment in EC of Grain Based Distillery unit (100 KLPD) with Co-generating Power plant (3MW) Project to be set up over an area of 19.9 Acres (8.053 Ha) at Saptasajya, Dhenkanal, Odisha by M/s Indale Spirits Pvt. Ltd..
 - (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. EC23B022OR125709 dated 14.08.2023
 - (iii) Now, the PP has submitted their for amendment of EC on the specific condition No.1 i.e Ratio of Fresh Water Required to finished product Ethanol 6.02KI/KI instead of 3.5 KI/KI.
 - (iv) Any deficiencies/omission have been noticed in the above documents- Nil
2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on **28.08.2023** with view that Since, SEAC has already recommended for 602KLD fresh water requirement for the project. Hence, the SEAC decided to return this proposal to SEIAA, Odisha as decision will be taken by the SEIAA.

Decision Of Authority: Approved

After detailed deliberation in the matter, the Authority decided to allow fresh water extraction upto 491 KLD for this project as per CGW NOC No. CGWA/NOC/ORIG/2022/16178 valid upto 11.08.2025.

AGENDA NO.134.04

Proposal No.	SIA/OR/IND2/291678/2022
Date of application	13.03.2023
File no.	SIA/OR/IND2/214136/2021
Project Type	Proposal for Extension of validity EC as per excise license period.
Category	B2
Project/Activity including Schedule No.	5(g) Distilleries
Name of the Project	Proposal for Extension of validity EC for production of 1,422 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Badakhandi main Out Still liquor shop, in village- Hinjilicut, Dist-Ganjam
Name of the company/Organization	Smt. Kalia Sethi
Location of Project	village- Hinjilicut, Dist-Ganjam
ToR Date	N/A
Name of the Consultant	N/A

Proposal in brief:

1. The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.
 - (i) This is a proposal for Extension of validity EC for production of 1,422 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Badakhandi main Out Still liquor shop, in village- Hinjilicut, Dist-Ganjam.
 - (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. 7632/SEIAA dated 17.12.2019 and later EC validity of EC extended vide letter no.1838/SEIAA dated 26.07.2021 in favour of Smt. Kalia Sethi (Licensee) for production of 1,422 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Badakhandi main Out Still liquor shop, in village- Hinjilicut, Dist-Ganjam
 - (iii) The excise license No. 12/2019/0085 issued by Superintendent of Excise, Berhampur is valid upto 31.03.2024
 - (iv) The PP has submitted compliance of earlier EC conditions.
 - (v) Any deficiencies/omission have been noticed in the above documents- Nil
2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on **2nd, 3rd, 4th & 5th August 2023** and the SEAC reiterates its earlier recommendation for revalidation of country liquor proposals as decided in its meeting held on 31.10.2019 and opined that revalidation of Environmental Clearance is not required for the unit as it is already operational unit. Further, the SEAC opined that fresh Environmental Clearance is also not required for the proposal as it is not shifting the unit to other location and / or going for higher production capacity. The SEAC recommended returning these proposals to SEIAA, Odisha with a request to communicate the proponents as above.

Decision Of Authority: Approved

After detailed deliberation the Authority **allowed extension of validity of EC** up to expiry license period i.e. 31.03.2024 subject to conditions that the Project Proponent (licensee) shall deposit Rs.50,000/-, with the respective District Environment Society for raising 100 plants of native species especially Mahua Plant (*Madhuca Indica*) within 2 years in a suitable location or village common land adjoining to the unit.

Proposal in brief:

1. The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.
 - (i) This is a proposal for Extension of validity EC for production of 0.636 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Pangidi main Out Still liquor shop, in village- Pangidi , Ps-Buguda, Dist-Ganjam.
 - (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. 7373/SEIAA dated 15.10.2019 and later validity of EC extended vide letter no.4898/SEIAA dt. 26.07.2021 in favour of Sri Susanta Kumar Mahapatra (Licensee) for production of 0.636 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Pangidi main Out Still liquor shop, in village- Pangidi , Ps-Buguda, Dist-Ganjam.
 - (iii) The excise licensee No. 12/2019/0097 issued by Superintendent of Excise, Berhampur is valid upto 31.03.2023
 - (iv) The PP has submitted compliance of earlier EC conditions.
 - (v) Any deficiencies/omission have been noticed in the above documents-Nil
2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on **2nd, 3rd, 4th & 5th August 2023** and the SEAC reiterates its earlier recommendation for revalidation of country liquor proposals as decided in its meeting held on 31.10.2019 and opined that revalidation of Environmental Clearance is not required for the unit as it is already operational unit. Further, the SEAC opined that fresh Environmental Clearance is also not required for the proposal as it is not shifting the unit to other location and / or going for higher production capacity. The SEAC recommended returning these proposals to SEIAA, Odisha with a request to communicate the proponents as above.

Agenda of 134th Meeting of SEIAA, Odisha Held on 07.09.2023 & 08.09.2023

Decision Of Authority: Approved

After detailed deliberation the Authority **allowed extension of validity of EC** up to excise license period i.e. 31.03.2024 subject to conditions that the Project Proponent (licensee) shall deposit Rs.50,000/-, with the respective District Environment Society for raising 100 plants of native species especially Mahua Plant (*Madhuca Indica*) within 2 years in a suitable location or village common land adjoining to the unit.

AGENDA NO.134.16	
Proposal No.	SIA/OR/IND2/302018/2023
Date of application	07.07.2023
File no.	Nil
Project Type	Proposal for Extension of validity EC as per excise license period.
Category	B2
Project/Activity including Schedule No.	5(g) Distilleries
Name of the Project	Proposal for Extension of validity EC for production of 2.214 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Morabai Out Still liquor shop, in village-Morabai, Tahasil-Purushottampur, Dist-Ganjam
Name of the company/Organization	Smt. Hema Sahu
Location of Project	village-Morabai, Tahasil-Purushottampur, Dist-Ganjam
ToR Date	N/A
Name of the Consultant	N/A

Proposal in brief:

1. The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.
 - (i) This is a proposal for Extension of validity EC for production of 2.214 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Morabai Out Still liquor shop, in village-Morabai, Tahasil-Purushottampur, Dist-Ganjam.
 - (ii) The project proponent has obtained EC from SEIAA, Odisha vide EC letter no. 4432/SEIAA dated 20.04.2018 and EC extended vide letter no. 5384/SEIAA dated 02.09.2022 in favour of Smt. Hema Sahu (Licensee) for production of 2.214 KLD Mahua Flower based Country liquor manufacturing unit, M/s. Morabai Out Still liquor shop, in village-Morabai, Tahasil-Purushottampur, Dist-Ganjam.
 - (iii) The excise licensee No. 12/2019/0074 issued by Superintendent of Excise, Berhampur is valid upto 31.03.2024
 - (iv) The PP has submitted compliance of earlier EC conditions.
 - (v) Any deficiencies/omission have been noticed in the above documents- Nil
2. Whether SEAC recommended the proposal – The proposal was placed in the SEAC meeting held on **2nd, 3rd, 4th & 5th August 2023** and the SEAC reiterates its earlier recommendation for revalidation of country liquor proposals as decided in its meeting held on 31.10.2019 and opined that revalidation of Environmental Clearance is not required for the unit as it is already operational unit. Further, the SEAC opined that fresh Environmental Clearance is also not required for the proposal as it is not shifting the unit to other location and / or going for higher production capacity. The SEAC recommended returning these proposals to SEIAA, Odisha with a request to communicate the proponents as above.

Decision Of Authority: Approved

After detailed deliberation the Authority **allowed extension of validity of EC** up to expiry license period i.e. 31.03.2024 subject to conditions that the Project Proponent (licensee) shall deposit Rs.50,000/-, with the respective District Environment Society for raising 100 plants of native species especially Mahua Plant (*Madhua Indica*) within 2 years in a suitable location or village common land adjoining to the unit.
