

 सत्यमेव जयते	<p>MINUTES of 215th MEETING OF STATELEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON 02.05.2023 AT VIJAYAWADA A.P.</p>
---	---

215th SEIAA

Day-1

02.05.2023

**MINUTES OF THE 215th MEETING OF STATELEVEL ENVIRONMENT IMPACT
ASSESSMENT AUTHORITY (SEIAA) A.P., MEETING HELD ON
02.05.2023 AT VIJAYAWADA A.P.**

Present:

The following members were present. (Through Video Conference)

1.	Sri P.Venkata Rami Reddy, I.A.S, (Retired).	Chairman
2.	Dr.ThatiparthiByragi Reddy Professor. Department of Environmental Sciences, Andhra University, Visakhapatnam	Member
3.	Dr.P.V.ChalapathiRao, I.F.S Special Secretary to Govt., Environment, Forests, Sciences and Technology Department,	Member Secretary

	Govt. of Andhra Pradesh & Member Secretary, SEIAA, A.P.	
--	--	--

04/05/2023

Agenda Item No: 218.01 & 215.01	1.650 Ha Mining of Gravel, Earth, Ballast Road metal & Boulders of Sri VenkataSai Stone Crusher at Sy. No. 339-2B of Duddukuru Village, Devarapalli Mandal, West Godavari District, Andhra Pradesh – Environmental Clearance - EIA Case - Reg. SIA/AP/MIN/412347/2022
	<p>Recommendations of the SEAC on 10.04.2023.</p> <p>Category: B2 at par with B1.</p> <p>The proposed project is for Mining of Gravel, Earth, Ballast Road metal & Boulders in an area of 1.650 Ha. with a proposed production quantity of Mining of Gravel, Earth, Ballast Road metal & Boulders – 35930 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the project and their consultant Hubert Enviro Care Pvt., Ltd., have attended the meeting.</p> <p>The project proponent has obtained TOR on 15.11.2019 and public hearing was held on 08.06.2022.</p> <p>The proponent submitted land lease agreement documents in response to ADS and the lease agreement is valid up to 19.09.2030</p> <p>Public Hearing Details:</p> <p>Village developmental activities and employment to villagers, greenbelt development, water sprinkling, and social welfare activities are the main issues raised. There are no specific environmental issues raised during the public hearing.</p> <p>Response of the proponent during the PH:</p> <p>Representative of M/s. Global Environment & Mining Services on behalf of M/s. Sri VenkataSai Stone Crusher: He thanked everyone who participated in the Public Consultation and he explained the public for following prevention & control measures for proposed mining activity:</p> <ul style="list-style-type: none"> • Wet drilling will be adopted and controlled sequential blasting will be

	<p>carried-out. Due to controlled sequential blasting, the vibrations in the surrounding areas will be minimal.</p> <ul style="list-style-type: none"> • The dust may get generated due to transport vehicles that carry the mined mineral. It will be suppressed by water spraying with tankers. • The vehicles carrying the mines material will be covered with tarpaulins. • It is proposed to take- up plantation of 1500 trees suitable to local conditions, in the vacant government land and also on both sides of the approach road. The protection and maintenance of these trees will be the responsibility of the quarry management only. • Once the mining operations gets started, half-yearly monitoring of Ambient Air Quality, Noise Levels, Water quality testing, etc., will be carried out and the reports will be submitted to MoEF&CC Regional Office, APPCB and SEIAA. • In the proposed mine, around 20 people will get direct employment and another 25 persons get indirect employment. In addition, opportunities will be given to locals, in various supporting activities like transportation of mined materials, water spraying on the approach roads, tree plantation and their maintenance etc., • As part of Corporate Social Responsibility, in association with other quarries operating in the village, it is proposed to provide maintenance of RO plant, which is proposed at Duddukuru Village by M/s. Sri Gowri Earth Movers.. Also, it is proposed to arrange health camps on every six months, for the benefit of the people from surrounding villages. • All precautionary measures will take-up for Environmental Protection. <p>The base line data was collected from Dec,2019 to Feb,2020.The predominant wind direction is observed to be East to West.</p> <p>The maximum concentration of SPM is observed to be 62.12 µg/m³. The incremental concentration is 2.169 µg/m³. The GLC of SPM will fall at a distance of 0.32KM towards West direction.</p> <p>The proponent volunteered to maintain Water treatment plan which will be installed by Sri Gowri Eearth movers to Duddukuru village and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide Garland Drain, bunding all around the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, ADS reply, mining plan, MoEF&CC Notifications& OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads &village Road sides.
--	--

	<ol style="list-style-type: none"> 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall comply all assurances given in the public hearing. 8. The project proponent shall adopt for controlled blasting as points raised in the public hearing. 9. The project proponent shall take stream protection measures on North West and North East sides of boundary lease area as mentioned in the EMP report. 10.The project proponent shall arrange fencing around the mine at the time of leaving the mine as per mine closure plan to protect the area. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No: 212.11&21 8.02& 215.02</p>	<p>2.202 Ha Mining of Earth, Ballast, Road Metal & Boulders of M/s Sri Lakshmi Durga Metals at Sy. No. 105/2 of Decherla Village, Kovvuru Mandal, West Godavari District, Andhra Pradesh – Environmental Clearance – EIA Case – Reg. SIA/AP/MIN/412857/2023</p>
	<p>Recommendations of the SEAC on 10.04.2023. Category: B2 at par with B1. The proposed project is for Mining of Gravel, Earth, Ballast Road metal & Boulders in an area of 2.202 Ha. with a proposed production quantity of Mining of Gravel, Earth, Ballast Road metal & Boulders –48,000 m3/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan. The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease). The project proponent and their consultant Hubert Enviro Care Pvt., Ltd., have attended the meeting. The proponent submitted a letter issued by Sri Gowripatnam Primary Agricultural Co-op Society Ltd., stating that the land documents and pass book with them inresponse to ADS. The project proponent has obtained TOR on 18.10.2021 and public hearing was held on 29.06.2022. This is a subsurface mine. Public Hearing Details: Village developmental activities and employment to villagers, greenbelt</p>

development, water sprinkling, and social welfare activities are the main issues raised. There are no specific environmental issues raised during the public hearing.

Response of the proponent during the PH:

Sri P. Vijayakumar, Representative of M/s. Global Environment & Mining Services on behalf of M/s. Sri Lakshmi Durga Metals, Mg.P: Sri

V.S.V.Sivanarayana: He thanked everyone who participated in the Public Consultation and he explained the public for following prevention & control measures for proposed mining activity:

- Wet drilling will be adopted and controlled sequential blasting will be carried-out. Due to controlled sequential blasting, the vibrations in the surrounding areas will be minimal.
- The dust may get generated due to transport vehicles that carry the mined mineral. It will be suppressed by water spraying with tankers continuously.
- The vehicles carrying the mines material will be covered with tarpaulins to prevent dust.
- It is proposed to take- up plantation of 500 trees on every year suitable to local conditions, in the vacant mine land and government land and also on both sides of the approach road. The protection and maintenance of these trees will be the responsibility of the quarry management.
- Once the mining operations gets started, half-yearly monitoring of Ambient Air Quality, Noise Levels, Water quality testing, etc., will be carried out and the reports will be submitted to MoEF& CC Regional Office, APPCB and SEIAA.
- In the proposed mine, around 30 people will get direct employment and another 45 persons get indirect employment. In addition, opportunities will be given to locals, in various supporting indirect activities like transportation of mined materials, water spraying on the approach roads, tree plantation and their maintenance etc.,
- As part of Corporate Social Responsibility, in association with other quarries operating in the village, it is proposed to provide RO water plant to Decherla village. Also, it is proposed to arrange health camps on every six months, for the benefit of the people from surrounding villages.
- Fencing will be provided around the mined area after completion of mining activity.
- All precautionary measures will take-up for Environmental Protection.

The base line data was collected from Nov,2021 to Jan,2022 .The predominant wind direction is observed to be East to West.

The maximum concentration of SPM is observed to be 65.32 $\mu\text{g}/\text{m}^3$. The incremental concentration is 2.08 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall at a distance of 0.29KM towards West direction.

The proponent volunteered to provide Medical infrastructure to **Decherla PHC** and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

	<p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide Garland Drain, bunding all around the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, ADS reply, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall comply all assurances given in the public hearing. 8. The project proponent shall adopt for controlled blasting in view of Public Hearing points. 9. The project proponent shall arrange fencing around the mine at the time of leaving the mine as per mine closure plan to protect the area. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No : 218.03& 214.03</p>	<p>0.817 Ha Mining of Earth, Ballast, Road Metal & Boulders of M/s Suryavathi Granites, Sy.No. 343/2 of Duddukuru Village, Devarapalli Mandal, West Godavari District, Andhra Pradesh – Environmental Clearance – EIA Case - Reg. SIA/AP/MIN/412735/2023</p>
	<p>Recommendations of the SEAC on 10.04.2023.</p> <p>Category: B2 at par with B1.</p> <p>The proposed project is for Mining of Gravel, Earth, Ballast Road metal & Boulders in an area of 0.817 Ha. with a proposed production quantity of Mining of Gravel, Earth, Ballast Road metal & Boulders – 20,691 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤250 ha of mining lease area in respect of non-coal mine lease).</p>

The representative of the project and their consultant Hubert Enviro Care Pvt., Ltd., have attended the meeting.

The project proponent has obtained TOR on 31.05.2022 and obtained TOR amendment to reduce quantity on 27.02.2023 and public hearing was held on 17.08.2022.

Public Hearing Details:

Village developmental activities and employment to villagers, greenbelt development, water sprinkling, and social welfare activities are the main issues raised. There are no specific environmental issues raised during the public hearing.

Response of the proponent during the PH:

Sri K. Ramakrishna Reddy, Consultant to M/s. Global Environment & Mining Services on behalf of M/s. Suryavathi Granites, (Prop: Sri S.Samudra Reddy): He thanked everyone who participated in the Public Consultation and he explained the public for following prevention & control measures for proposed mining activity:

- Wet drilling will be adopted and controlled sequential blasting will be carried-out. Due to controlled sequential blasting, the vibrations in the surrounding areas will be minimal.
- The dust may get generated due to transport vehicles that carry the mined mineral. It will be suppressed by water spraying with tankers continuously.
- The vehicles carrying the mines material will be covered with tarpaulins to prevent dust.
- It is proposed to take-up plantation of 1000 medicinal trees in the vacant mine land and government land and also on both sides of the approach road. The protection and maintenance of these trees will be the responsibility of the quarry management.
- Once the mining operations gets started, half-yearly monitoring of Ambient Air Quality, Noise Levels, Water quality testing, etc., will be carried out and the reports will be submitted to MoEF& CC Regional Office, APPCB and SEIAA.
- In the proposed mine, around 30 people will get direct employment and another 45 persons get indirect employment. In addition, opportunities will be given to locals, in various supporting indirect activities like transportation of mined materials, water spraying on the approach roads, tree plantation and their maintenance etc.,
- As part of Corporate Social Responsibility, in association with other quarries operating in the village, it is proposed to provide maintenance of RO plant, which is proposed at Duddukuru village by M/s. Sai Sri Lakshmi Venkateswara Stone Crusher. Also, it is proposed to arrange health camps on every six months, for the benefit of the people from surrounding villages.
- All precautionary measures will take-up for Environmental Protection.

	<p>The base line data was collected from Dec,2021 to Feb,2022 .The predominant wind direction is observed to be East to West.</p> <p>The maximum concentration of SPM is observed to be 62.12 µg/m³. The incremental concentration is 2.169 µg/m³. The GLC of SPM will fall at a distance of 0.32KM towards West direction.</p> <p>The proponent volunteered to provide Rs.1.0 Lakhs for bore well and Rs. 50,000/- for maintenance of Water treatment plan which will be installed by Sri Sai Lakshmi Venkateshwara stone crusher to Duddukuruvillage and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide Garland Drain, bunding all around the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall comply all assurances given in the public hearing. 8. The project proponent shall adopt for controlled blasting in view of Public Hearing points. 9. The project proponent shall take stream protection measures on North West and North East sides of boundary lease area. 10.The project proponent shall arrange fencing around the mine at the time of leaving the mine as per mine closure plan to protect the area.. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No: 209.25, 218.05&</p>	<p>0.66 MTPA Cement Grinding Unit by M/s. NCL Industries Limited at Sy No. 4,5& 6 of Gaitulapalem and 168, 172 & 173 of Thallapalem Gram panchayat, KasimkotaMandal, Visakhapatnam District, Andhra Pradesh – Environmental Clearance - Reg. SIA/AP/IND1/415896/2023</p>

215.04	<p>Recommendations of the SEAC on 10.04.2023.</p> <p>Category –B1</p> <p>The proposed project is a Cement Clinker Grinding Unit of capacity 0.66 Million TPA and his proposed to be located in the premises of defunct M/s. Tern Distilleries.</p> <p>The proposed project falls under Item No. 3(b) of the schedule of the EIA Notification 2006 and its amendments thereof – Cement Plants (standalone grinding units).</p> <p>The project proponent and their consultant M/s.B.S.Envi Tech Pvt., have attended the meeting and presented the case.</p> <p>The project proponent has obtained TOR on 30.06.2021and public hearing was held on 06.10.2021.</p> <p>The base line data was collected from Dec,2020 to Feb,2021 .The predominant wind direction is observed to be South East to North West and 2nd predominant wind direction is North East South West.</p> <p>The maximum concentration of SPM of PM10 is observed to be 58.6 µg/m3. The incremental concentration is 0.1 µg/m3 at Thallapalem village.</p> <p>The proponent volunteered to develop thallapalem village developmental activities like development of schools and colleges will taken up as a part of CSR in Tallapalem and Gobburu Villages and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity.</p> <p>Public Hearing Details:</p> <p>The public hearing was conducted at the site as per the EIA notification, 2006.</p> <p>Village developmental activities and employment to villagers, greenbelt development, Approach roads to Agricultural lands, road between M/s. Tern Distilleries and Vimala Infrastructure,pollution control measures, veterinary institutes, Erstwhile M/s. Tern Distilleries problems, health issues, depletion of ground water, and social welfare activities are the main issues raised during the public hearing.</p> <p>The District collector has directed to re-circulate the file to re- conduct the public hearing in view of request from villagers of Thallapalem.</p> <p>M/s. NCL Industries Limited have filed Writ Petition no. 13340 of 2022 against the re-conduct of public hearing before the Hon’ble High Court of Andhra Pradesh.</p> <p>The Hon’ble High Court, vide orders dt. 15.09.2022:</p> <p style="padding-left: 40px;">24. A panel constituted for the purpose of holding Public Hearing, in the considered opinion of this Court does not have power to recommend for holding Public Hearing afresh. In fact while referring to the last</p>
--------	--

paragraph of the minutes of the panel constituted for the purpose of Public Hearing, learned Senior Counsel contends that, to the extent of the said paragraph which has recommended for re-holding the hearing cannot sustain in the eye of law. No provision of law nor instructions issued by the Government could be brought to the notice of this Court which confers power on the panel constituted for Public Hearing to recommend for holding the hearing afresh.

25. For the aforesaid reasons, Writ Petition is partly allowed, setting aside the last paragraph of the minutes of the panel for Public Hearing dated 06.10.2021 and consequently it is directed that the matter shall be sent to the authority concerned in accordance with Clause 7(iv) of Environmental Impact Assessment notification dated 14.10.2006, for taking further action by the respondents strictly in accordance with law. There shall be no order as to costs.

130.0 KLD of water consumption is anticipated in the industry which is used for cooling and Domestic purposes. The cooling water will be recycled. About 16 KLD of Domestic wastewater will be generated for which the industry proposed effluent treatment System. The cement grinding is a dry process and no impact on ground water table.

The industry proposes to install on number of vertical roller mill and two packing plants. This is basically an air pollution unit.

The industry proposes to install Bag house for the roller mill, packing plants and storage silos for controlling air pollution. The industry will have one 30m height stack and online monitoring is proposed.

The committee opined that the industry shall have characterization of Gypsum for trace heavy metals before utilizing in the process.

The industry shall provide interlocking facility between the roller mill and back house.

Under EMP budget the proponent has proposed following:

- Proposed to provide Bag house, Hot air gases and Bag filters are the air pollution control equipment's.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The industry shall comply with the proposals furnished in Environmental management plan.
2. The industry shall develop avenue plantation along approach roads , village Road sides and industry premises.
3. The industry shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
4. The industry shall comply with all assurances given in the public hearing.
5. The industry shall provide Rain water harvesting systems.
6. The industry shall have characterization of Gypsum for trace heavy

	<p>metals before utilizing in the process.</p> <p>7. The industry shall provide interlocking facility between the roller mill and back house.</p> <p>8. The industry shall provide continuous emission monitoring system and connect it APPCB server.</p> <p>Decision of SEIAA:-Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No: 218.06& 215.05</p>	<p>9.100 Ha Mining of Road Metal and Gravel of M/s. Ganapathi Stone Crusher at Sy.No. 801 of Paritala Village, Kanchikacherla Mandal, NTR District (Formerly Krishna District), Andhra Pradesh – Environmental Clearance - Reg. SIA/AP/MIN/421959/2023</p>
	<p>Recommendations of the SEAC on 10.04.2023.</p> <p>Category: B2 at par with B1.</p> <p>The proposed project is for Mining of Road metal and Gravel in an area of 9.10Ha. with a proposed production quantity of Mining of Road metal and Gravel–32,500 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the project and their consultant SV Enviro Labs ., have attended the meeting.</p> <p>The project proponent has obtained TOR on 25.06.2021 and public hearing was held on 29.12.2022.</p> <p>Public Hearing Details: Village developmental activities and employment to villagers, greenbelt development , water sprinkling, dust pollution, Damages of Agricultural lands blasting problems, over loading of trucks and social welfare activities are the main issues raised.</p> <p>On observation of KML file, the committee noted that No habitation within 700m and No Agricultural land within radius of 1.0 Km. Agricultural lands alleged to be affected are at a distance of 1.5K on North Western side.</p> <p>The base line data was collected from March,2021 to May,2021 .The predominant wind direction is observed to be South West to North East.</p> <p>The maximum concentration of SPM is observed to be 65.90 $\mu\text{g}/\text{m}^3$. The incremental concentration is 2.86 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall at a distance of 1.0 KM towards North and North West direction.</p> <p>The proponent volunteered to provide Water treatment plant with bore well to</p>

	<p>Kethanakonda Village and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide Garland Drain, trenches in the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall comply with all assurances given in the public hearing. 8. The project proponent shall adopt for controlled blasting as points raised in the public hearing. 9. The project proponent shall provide 200m trench on Eastern side and 200m trench on Southern side lease boundary area to prevent surface runoff. <p>Decision of SEIAA:-Agreed with the recommendations of SEAC to issue Environmental Clearance with a condition that the proponent shall comply with all concerns raised in the public hearing.</p>
<p>Agenda Item No: 218.07 & 215.06</p>	<p>3.779 Ha. Mining of Barytes of M/s Exploration Enterprises at Sy.No. H.B.No.XV of Mottupalli Village, Komarolu Mandal, Prakasam District, Andhra Pradesh – Environmental Clearance – Reg. SIA/AP/MIN/420759/2023</p>
	<p>Recommendations of the SEAC on 10.04.2023. Category: B2.</p> <p>The proposed project is an underground mine of Mining of Barytes in an area of 3.779Ha. with a proposed production quantity of Mining of Barytes –2363 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p>

	<p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of the project and their consultant M/s. Ecomen have attended the meeting.</p> <p>The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, SPSR Nellore, vide Lr. dated: 09.02.2023, there is one existing quarry lease within the radius of 500 mts area. The total cluster area is < 5.0 Ha.</p> <p>The proponent volunteered to Drinking water facilities, Toilets and Digital class rooms to Guntapalli Gov. School and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide trench with rocky bund all around the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall strictly implement DMGS rules and Regulations. 8. The project proponent shall provide 430m trench with rocky bund on Eastern side to prevent surface runoff. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No: 208.25,213.36, 218.08 & 215.07</p>	<p>4.70 Ha Mining of Earth, Ballast, Road Metal & Boulders of M/s Jetty Satyanarayana & Others at Sy. No. 79/1P, 2P, 3P & 4P of Yellamilli Village, Gandepalli Mandal, East Godavari District, Andhra Pradesh – Environmental Clearance – EIA case - Reg. SIA/AP/MIN/411994/2022</p>

Recommendations of the SEAC on 10.04.2023.

Category: B2 at par with B1.

The proposed project is for mining of Earth, Ballast, Road Metal & Boulders in an area of 4.70 Ha. with a proposed production quantity of Ballast, Road Metal & Boulders – 1,08,242 m³ /Annum and Earth- 46,390 m³ /Annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The project proponent and their consultant M/s. SV Enviro Labs & Consultants have attended the meeting and presented the case.

The SEIAA has issued Violation TOR without public hearing on 30.08.2022.

SO No 804 dt 14.03.2017 compliance :

1. Credible action was initiated vide CC No 1852/2022 dt09/12/2022 in the court of junior civil judge court , Peddapuram .
2. Submitted undertaking on 06.06.2022 stating that the violation will not be repeated.
3. Remediation and resource augmentation plan with a cost of Rs 4,09,462/- submitted proof of submission of BG is to submitted.

The base line data was collected from March, 2022 to May, 2022.

The predominant wind direction is observed to be South to North.

The maximum concentration of SPM is observed to be 61.07 $\mu\text{g}/\text{m}^3$. The incremental concentration is 5.65 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall at a distance of 760 m towards Northern side.

The proponent volunteered to provide 4 –Hospital beds, 4 – Oxygen concentrators to the PHC in Gandepalli Mandal as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 6 years.

This proposal is appraised with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The project proponent shall carryout mining with proper benches.

Decision of 208 SEAC meeting:

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & OMs, EIA Reports and detailed deliberations, recommended to raise ADS for following:

6. The project proponent shall submit the project cost and total turnover letter from Mines and Geology Department during the violation period.

Decision of 213th SEAC meeting:

Accordingly, the proponent submitted production and dispatch details vide ADMG letter dt. 26.12.2022.

Penalty amounts to be collected for violation period as per OM dt 07.07.2021: Vide letter dated 26.09.2022, the SEIAA chairman has requested the SEAC chairman to calculate the penalty amount as per the SoP dated 07.07.2021 and OM dated 28.07.2022 issued by MoEF&CC after receiving the information pertaining to the project cost and total turnover of mines during period of violation for violation cases from mines and geology department, records and other sources. After estimation of penalty amount the SEAC may recommend to SEIAA for further course of action. Accordingly the following penalty is calculated and recommended to take further action in complying with OM 07.07.2021 SoP.

SN	Name of the mine	Project cost in Rs	Total production during violation period as reported by mining department letter dated 26.12.2022	Cost of the mineral as reported by the mining department letter dated 26.12.2022	Turnover during violation period in Rs as reported by the mining department vide letter dated 26.12.2022	1% of project cost in Rs	0.25 % of turnover during violation period in Rs	Total penalty amount to be levied as per OM 07.07.2021 in Rs
1.	M/s Jetty Satyanarayan & Others, Managing Partner: Sri Jetty Satyanarayan	Rs. 50,00,000/-	Earth/Overburden is 20,250MT	3,11,90,750/-	3,11,90,750/-	50,000/-	77,977/-	1,27,977/-

	a(SIA/AP/MI N/411994/20 22)		and Road Metal is 1,49,170 MT				
<p>The Committee after examining the ADMG letter dt. 26.12.2022, presentation, and detailed deliberations, recommended to raise ADS for submission of proof of bank guarantee for Rs 4,09,462/- as a part of Remediation and resource augmentation plan and payment of penalty amount of Rs. 1,27,977/- levied as per OM 07.07.2021.</p> <p>Accordingly, the project proponent has uploaded, Bank Guarantee Acknowledgement copy and acknowledge copy of payment of penalty amount in response.</p> <p>The Committee after examining the project proposals, presentations, ADS replies, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The project proponent shall carryout mining with proper benches. 6. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 7. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>							
Agenda Item No: 204.24, 218.10 & 215.08	17.362 Ha. Mining of Barytes M/s. VPR Mining Infrastructure Private at Sy. No. 501/P(1.353 Ha), Sy. No. 520/P (16.009 Ha) of V Kothapalli Village, VemulaMandal, Y.S.R Kadapa District, Andhra Pradesh - Environmental Clearance - EIA Case – Reg. SIA/AP/MIN/403442/2022						
<p>Recommendations of the SEAC on 10.04.2023. Category: B2 at par with B1</p> <p>The proposed project is an underground mining of Barites in an area of 17.362 Ha. with a proposed production quantity of Barites – 11,300 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p>							

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The representative of the proponent and their consultant M/s. Ecomen Laboratories Pvt., Ltd., have attended the meeting and presented the case. They obtained Standard TOR with public hearing on 18/10/2021 and public hearing was held on 026.08.2022.

Public hearing details

Skill development, village development, education facilities & employment are the main issues raised in the public hearing.

The reply by the proponent for the issues raised in the PH is as follows:

Response of the management regarding the issue raised by the public:

Sri. Krishna Reddy, Management Representative, informed the gathering that, the management of M/s VPR Mining Infrastructure Private Limited will give priority to the local villagers in employment and take initiative in providing educational and health care facilities in the surrounding villages. They will take necessary environment protection measures including planting trees and regular maintenance of equipment. He informed that they will provide insurance facility to the workers, ambulance, training to the local youth and other undertake development activities as suggested by the villagers.

The base line data was collected from October,2021 to December,2021.

The predominant wind direction is observed to be South -West to North- East.

The incremental concentration is $0.25 \mu\text{g}/\text{m}^3$. The GLC of SPM will fall within mine lease area.

The decision of 204th SEAC meeting:

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to raise ADS for following.

1. Revised EIA report & base line data for one day and noise level predictions.
2. The project proponent shall submit drawing for ventilation as it is a underground mine.

Accordingly, the project proponent submitted ventilation plans and drawings and one day sampling conducted on 05.01.2023 data.

The maximum concentration of SPM is observed to be $52.57 \mu\text{g}/\text{m}^3$. The

	<p>incremental concentration is 2.5 µg/m³. The GLC of SPM will fall within in mine lease area.</p> <p>The proponent volunteered to provide Amulance to Vemula Government hospital and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide Garland Drain, bunding all around the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, ADS reply. mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The proponent shall comply with the proposals furnished in Environmental management plan. 2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides. 3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall comply all assurances given in the public hearing. 8. The project proponent shall strictly implement DGMS rules and Regulations. <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No: 218.11 & 215.09</p>	<p>48.831 Ha Mining of Barytes M/s VPR Mining Infrastructure Private Limited at Sy. No. 1063 (1.101 Ha), Sy. No. 1064 (4.047 Ha) & Sy. No. 1078 (43.183 Ha) of Vemula Village & Mandal, Y.S.R Kadapa District, Andhra Pradesh – Environmental Clearance – EIA Case – Reg. SIA/AP/MIN/403710/2022</p>
	<p>Recommendations of the SEAC on 10.04.2023.</p> <p>Category: B1</p> <p>The proposed project is an underground mining of Barytes in an area of 48.831Ha. with a proposed production quantity of Barytes – 23,042 TPA with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA</p>

Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The representative of the proponent and their consultant M/s. Ecomen Laboratories Pvt., Ltd., have attended the meeting and presented the case.

The proponent has obtained Standard TOR with public hearing on 18/10/2021 and public hearing was held on 026.08.2022.

Public hearing details

Skill development, village development, education facilities & employment are the main issues raised in the public hearing.

The reply by the proponent for the issues raised in the PH is as follows:

Response of the management regarding the issue raised by the public:

Sri. Krishna Reddy, Management Representative, informed the gathering that, the management of M/s VPR Mining Infrastructure Private Limited will give priority to the local villagers in employment and take initiative in providing educational and health care facilities in the surrounding villages. They will take necessary environment protection measures including planting trees and regular maintenance of equipment. He informed that they will provide insurance facility to the workers, ambulance, training to the local youth and other undertake development activities as suggested by the villagers.

The base line data was collected from October,2021 to December,2021.

The predominant wind direction is observed to be South -West to North- East.

The incremental concentration is $0.25 \mu\text{g}/\text{m}^3$. The GLC of SPM will fall within mine lease area.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to raise ADS for following.

1. Revised EIA report& base line data for one day and noise level predictions.
2. The project proponent shall submit drawing for ventilation as it is an underground mine.

Accordingly, the project proponent submitted ventilation plans and drawings and one day sampling conducted on 05.01.2023 data.

The maximum concentration of SPM is observed to be $52.57 \mu\text{g}/\text{m}^3$. The incremental concentration is $2.5 \mu\text{g}/\text{m}^3$. The GLC of SPM will fall within in mine lease area.

The proponent volunteered to provide 2 class Digital class rooms to V.Kothapalli

	<p>government Scholl and health camps in surrounding villages as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.</p> <p>Under EMP budget the proponent has proposed following:</p> <ul style="list-style-type: none"> • Proposed to provide Garland Drain, bunding all around the mine lease area to control surface runoff • Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles. <p>The Committee after examining the project proposals, presentations, ADS reply, mining plan, MoEF&CC Notifications & OMs, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:</p> <ol style="list-style-type: none"> 1. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed. 4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time. 5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously. 6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement. 7. The project proponent shall comply all assurances given in the public hearing. 8. The project proponent shall strictly implement DGMS rules and Regulations. <p>Decision of SEIAA:-Agreed with the recommendations of SEAC to issue Environmental Clearance.</p>
<p>Agenda Item No: 211.13, 218.12 & 215.10</p>	<p>2.0 Ha. Mining of Road Metal & Gravel of M/s Srinivasa Stone Crushers at Sy.No 795/P of Kondamanjuluuru village, J.PangulurMandal, Prakasam District, Andhra Pradesh – Environmental Clearance – Reg. SIA/AP/MIN/414248/2023</p>
	<p>Recommendations of the SEAC on 10.04.2023. Category: B2.</p> <p>The proposed project is for mining of Road metal & Gravel in an area of 2.0 Ha. with a proposed of production quantity of Road metal –50,880 m3/annum, Gravel – 5,640 m3/annumwith a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha</p>

of mining lease area in respect of non-coal mine lease).

The project proponent and their RQP, NVSPL Ravikanth, have attended the meeting.

The Committee noted that as per the cluster letter issued by the Asst., Director of Mines & Geology, Ongole, vide Letter dated: 29.12.2022, there are no existing quarry leases within the radius of 500 mtrs area and this is a standalone mining unit.

The Decision of 211th SEAC meeting:

The Committee after examining the project proposals, presentations, EIA appraisal, mining plan, MoEF&CC' Notifications & OMs and detailed deliberations, recommended **to raise ADS for submission modified mining plan as per the NGT norms.**

Accordingly, the proponent has submitted modified mining plan dt 14.03.2023 by leaving 1.015 Ha as non- mining zone as the per the NGT norms.

The proponent volunteered to provide Water treatment plant with bore well and overhead tank to **ZPH high school** as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

Under EMP budget the proponent has proposed following:

- Proposed to provide Garland Drain, bunding all around the mine lease area to control surface runoff
- Proposed to provide Continuous water sprinkling through water tanker for Suppression the dust particles.

The Committee after examining the project proposals, presentations, ADS reply, mining plan, MoEF&CC Notifications & OMs, and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The proponent shall carryout suppression of dust generated due to transport vehicles by water spraying with tankers continuously.
6. The vehicles carrying the mines material shall be covered with tarpaulin during vehicular movement.
7. The project proponent shall provide 150m trench on Southern and western side boundary of lease area to prevent surface runoff.

	Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance.
Agenda Item No: 218.14 & 215.11	0.404 Ha Mining of Black Granite of M/s Sowdamini Granites at Sy. No. 106/2 of Gurijepalli Village, SanthamaguluruMandal, Bapatla District, Andhra Pradesh State – EC Extension – Reg. SIA/AP/MIN/298239/2023

And as such the area of the mine reduced to 6.7Ha.</p> <p>The project proponent obtained amendment to the EC order for the area of the mine as 6.70 Ha vide order dt. 24.08.2022 wherein the existing EC order date is mentioned as 21.09.2025 instead of 21.09.2015.</p> <p>Now the proponent applied for corrigendum for date correction and to change the marble granite mining as marble mining</p> <p>The committee verified the The Department of mines and Geology proceedings dt. 16.11.2017 wherein mining activity is mentioned as Marble and Road metal .and in the page no 69 of approved mining plan dt 03.03.2021 and AD mines proceedings dt. 09.04.2003, in 1st renewal proceedings dt. 31.03.2016 the mining activity is mentioned as Marble and Road metal.</p> <p>The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue corrigendum to the EC amendment order dt. 28.04.2022 in the existing EC order date is to be corrected as 21.09.2015 in place of 21.09.2025 (Reference 1) and mining of Marble granite as marble mining.</p> <p>Decision of SEIAA:- Agreed with the recommendations of SEAC to issue Environmental Clearance Corrigendum.</p>
Agenda	M/s. Sri Raghavendra Chemicals at Sy. No. 106F, 108B, 108F, 108G, Isvi

Item No: 215.18	Village, Adoni Mandal, Kurnool District, Andhra Pradesh – Transfer of EC - Reg. SIA/AP/IND3/286610/2022
	Decision of SEIAA: The application for Transfer of EC from M/s. Sri Raghavendra Chemicals to M/s. A-One Pharmachem Private Limited is rejected as the proponent has not submitted the certificate from Registrar of companies stating that the name of the industry has been changed from M/s. Sri Raghavendra Chemicals to M/s. A-One Pharmachem Private Limited
Agenda Item No: 215.19	3.0 Ha. Black Granite Mine of Sri. K. S. Sridhar at Sy.No: 977, Mogarala Village, Pakala Mandal, Chittoor District, Andhra Pradesh – Change of Name - Reg. SIA/AP/MIN/298792/2023
	Decision of SEIAA: Agreed to transfer the EC from Sri. K. S. Sridhar to M/s. Mitra Granites, Mg.Ptr: Sri. Enith Rajkumar.
Agenda Item No: 215.20	4.940Ha. Colour Granite Mine of Sri. Mohammad Akram at Sy. No: 299 of Gudupalli Village, Molakalachervu Mandal, Chittoor District, Andhra Pradesh – Transfer of EC - Reg. SIA/AP/MIN/298816/2023
	Decision of SEIAA: Agreed to transfer the EC from Sri. Mohammad Akram to M/s. Mahinoor Rocks, Proprietor: Sri. Khayum Kampli.
Agenda Item No: 215.21	4.778/4.788Ha. Quartz Mine of M/s. S.R. Minerals at Sy. No: 534/2P of Kongalaveedu Village, BadvelMandal, Y.S.R. Kadapa District, Andhra Pradesh –Transfer of EC - Reg. SIA/AP/MIN/296773/2023
	Decision of SEIAA: Agreed to transfer the EC from M/s. S.R. Minerals, Mg.Ptr: Sri. P.V.Subbareddy to M/s. Midwest Granite Pvt. Ltd., Director: K. Ramachandra.
Agenda Item No:215.22	18.13 Ha. Colour Granite Mine of M/s. Swetha Stones at Sy.No: 379(carved out from Sy.No.10), K.Vallapuram Village, V.Madugula Mandal, Visakhapatnam District, Andhra Pradesh -Transfer of EC - Reg. SIA/AP/IND3/245680/2021
	Decision of SEIAA: Agreed to transfer the EC from M/s. Swetha Stones, Proprietor: Sri G. Pradeep to M/s. Sunrise Granite, Mg.Ptr: Mr. D.V.Chalama Reddy.
Agenda Item No: 215.23	4.370 Ha. Black Granite Mine of M/s. KapotheswaraSwamy Mineralsat Sy.No: 197/1A, Marella Village, PC Palli Mandal, Prakasam District, Andhra Pradesh –Transfer of EC - Reg. SIA/AP/MIN/298574/2023
	Decision of SEIAA: Agreed to transfer the EC from M/s. Kapotheswara Swamy Minerals, Prop: Sri. M. Koteswara Raoto M/s. Swathi Minerals, Mg.Ptr: Sri G. Venkata Kowshik.
Agenda Item No:215.24	Bulk Drugs & Intermediates Manufacturing Unit by M/s. Siflon Drugs at Sy. No.25/4, Rachanapalli Village, Ananthapur District, Andhra Pradesh – Change of name - Reg. SIA/AP/IND3/298945/2023
	Decision of SEIAA: The application for Change of name in EC M/s. Siflon Drugs to M/s.Siflon Pharma Pvt. Ltd, Mg. Director: Rallapalli Ananthaiah is rejected as the proponent has not submitted the certificate from Registrar of companies for change of name.
Agenda	5.587 Ha. Quartz Mine of Sri E.Vishnu Babu at Sy.No: 341/1P of

Item No: 215.25	Jammalamadaka Village, Kanigiri Mandal, Prakasam District, Andhra Pradesh – Transfer of EC - Reg. SIA/AP/MIN/299178/2023
	Decision of SEIAA: Agreed to transfer the EC from Sri E.Vishnu Babu to M/s. Millennia Minerals, Prop: Sri. K. Sai Viswanath.
Agenda Item No: 215.26	12.586 Ha. Mine of Mica, Quartz & Feldspar of Sri. D. Durga Prasad at Sy.No: 47/P, 48/P, 49/1, 50/1, and 51/P Yerrabotlapalli Village, KondapuramMandal, SPSR Nellore District, Andhra Pradesh –Transfer of EC - Reg. SIA/AP/MIN/297754/2023
	Decision of SEIAA: Agreed to transfer the EC from Sri. D. Durga Prasad to M/s. G.RAK Enterprises, Mg.Ptr: Sri.V.Gothandaraman.
Agenda Item No: 215.27	1.324 Ha. mine of Black Galaxy Granite of M/s. Global Exports at Sy.No: 118/P of R.L. Puram Village, ChimakurthyMandal, Prakasam District, Andhra Pradesh –Transfer of EC - Reg. SIA/AP/MIN/299243/2023
	Decision of SEIAA: Agreed to transfer the EC from M/s. Global Exports, Mg.Prt: Sri. P. Sridhar Anand to M/s. Sri Kaamakshi Granites, Partner: Sri. Sidda Raghava Rao.
