MINUTES OF THE 209th MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), ANDHRA
PRADESH
HELD ON
06th January 2023, AT VIJAYAWADA A.P.

MINUTES OF THE 209th MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 05th & 06th January, 2023 AT VIJAYAWADA, A.P.

Present: The following members were present. (Through Video Conference)

1.	Dr.G.V.R.SrinivasaRao, Professor, Civil Engineering Department, Andhra University, Visakhapatnam	Chairperson
2.	Dr.DineshSankar Reddy. Registrar(I/C), Professor of Chemical Engineering, NIT, Tadepalligudem, West Godavari	Member
3.	Prof. G. Gnana Mani, Retd., Professor of Zoology, Andhra University, Visakhapatnam	Member
4.	Prof. U. Shameem. Chairman, Dept. of Zoology, Andhra University, Visakhapatnam	Member
5.	Dr. Kiranmai, Assistant Professor, Dept. of Biotechnology, VikramaSimhapuriUniversity,Nellore,SPSRNelloreDistrict	Member
6.	Prof. C. Sasidhar, Professor, Civil Engineering Dept, JNTU, Anantapur	Member
7.	Prof. N. Siva Prasad Reddy, Director (Academics), Brindavan Institute of Technology &Science, Kurnool	Member
8.	Prof. D. Bharathi, Professor, Dept. of Bio Sciences & Sericulture, Sri PadmavathiMahilaViswaVidhyalayam, Tirupati	Member
9.	Sri KatammeniVenkataRamana, Head of Mining Dept. Government Polytechnic, Narsipatnam.	Member
10.	Dr.M. Sunandana Reddy, Associate Professor,RGM College of Engineering & Technology (Autonomous), Nandyal.	Member
11.	Sri Matli. Chandra Sekhar Professor, Head of Department of Civil Engineering, NIT, Warangal.	Member
12.	Dr. G. Madhavi, Associate Professor, Department of Chemistry, Sri Venkateswara University, Tirupati	Member
13.	Prof. K. ThyagaRaju,Professor,Department of Biochemistry, S.V.University, Tirupati	Member
14.	Dr.GummallaPrasanthi, Professor, Vijaya Institute of Pharmaceutical Sciences, Vijayawada	Member
15.	Sri. B. Siva Prasad, Chief Environmental Engineer, Andhra Pradesh Pollution Control Board. Vijayawada	Member Secretary.

Agenda Item: 209.17	2.0 Ha. Road Metal & Building stone of Sri N. Pedda Veeraiah, at Sy. No.394 Jami Village & Jami Mandal Vizianagaram District, Andhra Pradesh - Environmental Clearance - EIA case- Reg.
SIA/AP/M IN/72226 /2021	<p>Category: B2</p> <p>The proposed project is for mining of Road Metal & Building stone in an area of 2.0 Ha. with a proposed production quantity of RM& BS - 131112 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).</p> <p>The representative of proponent and their consultant SV Enviro Labs & Consultants attended the meeting.</p> <p>The proponent has obtained Specific TOR without Public hearing on 03.02.2022.</p> <p>In 179th SEAC meeting recommended to raise ADS for want of credible action and accordingly project proponent submitted that the APPCB has filed a criminal case under section 15 of E(P) act 1986 before the Hon'ble Jr. Civil Court, Shrugvarapukot vide C.C no. 243/2022.</p> <p>In 199th SEAC meeting recommended to raise ADS <u>following</u>.</p> <ol style="list-style-type: none">1. The project proponent shall submit revised remedial plan including restoration of benches plan.2. The project proponent shall submit additional Bank Guarantee based on revised remedial plan. <p>Proponent submitted ADS replied on 28.12.2022.</p> <p>SO No 804 dt 14.03.2017 compliance:</p> <ol style="list-style-type: none">1. Credible action was initiated vide CC No 243/2022 dt: 20.09.2016 in the court of Hon'ble Jr. Civil Court, Shrugvarapukota.2. Submitted undertaking on 16.12.2021 stating that the violation will not be repeated.3. Remediation and resource augmentation plan with a cost of Rs.1, 86,460.00/- . proof of submission of BG is to be submitted. <p>The base line data was collected from Oct, 2021 to Dec, 2021.</p> <p>The predominant wind direction is observed to be East to West.</p> <p>The maximum concentration of SPM is observed to be 60.40 $\mu\text{g}/\text{m}^3$. The incremental concentration is 1.74 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall within mine lease area.</p> <p>The project proponent has submitted production dispatch letter from ADMG, Vizianagaram vide letter dt. 27.12.2022</p>

MINUTES OF THE 209th MEETING OF STATE EXPERT APPRAISAL COMMITTEE (SEAC), A.P., HELD ON - 05th & 06th January, 2023 AT VIJAYAWADA, A.P.

the Central Government has published notification number S.O.141(E), dated the 15th January, 2016 making prior environment clearance mandatory for all minerals (major as well as minor) irrespective of size of the mine lease; And whereas, all mine lease holders are required to obtain prior environment clearance.

NGT order in OA No 136 of 2017 (SZ) : So under these circumstances, the application can be disposed of, giving the following directions: (i)The applications which are pending as on 31.3.2016 for Environment Clearance have to be treated as normal applications and not violation applications and the authorities are directed to dispose of those applications in accordance with law. 81 (ii) The persons who have not filed applications on or before 31.3.2016 and filed thereafter, can be treated as violation applications and the MoEF& CC /SEIAA is directed to dispose of those applications as violation cases in accordance with law. (iii) It is also made clear that all mining leases, either major or minor, even less than 5 hectares area, has to apply and get Environment Clearance as per the amended EIA Notification dated 15.1.2016. This will apply to the existing mining leases as well. The points are answered accordingly.

This is a 1st renewal quarry.

The committee noted that the proponent operated mine from after 2016 without obtaining environmental clearance as required under EIA notification 2006 after promulgation of S.O. 141 (E) dt 15.01.2016 and hence to be treated as identified violation case as per OM 07.07.2021.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, **recommended to raise ADS for modified mining plan as per NGT norms and for uploading of latest cluster letter.**

Agenda Item No: 209.21 4.573 Ha. Ball Clay of Sri M. Venkateswara Rao, at Sy. No. 11 Dwaraka Tirumala Village, Dwaraka Tirumala Mandal, West Godavari District, Andhra Pradesh - violation TOR - Reg.

SIA/AP/MI N/405943 /2022 **Category : B2 (violation)**

The proposed project is for mining of **Ball Clay in an area of 4.573 Ha.** with a proposed production quantity of **Ball Clay - 36,000 TPA** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The project proponent and their consultant M/s. **Right source Industrial Solutions Pvt Ltd.**, have attended the meeting and presented the case.

The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Eluru vide Lr. dt. 21.10.2022, there are **04 quarry leases** within the radius of 500 m area. The total cluster area is < 5.0 Ha.

The proponent has obtained TOR with public hearing on 31.03.2022 and public hearing was held on 24.11.2022.

Public hearing details

There are no specific issues raised in the public hearing.

The project proponent have spoke for the issues raised in the PH is as follows:

Then, Sri Y Suresh, Managing Partner of M/s. KNR Construction Limited, Road metal, Building stone and Gravel mine, while addressing the concerns raised by the public informed the following:

- i. Priority shall be given to the local people on providing of employment opportunities.
- ii. Plantation programme shall be taken up as per the norms of the Government.
- iii. CSR budget will be spent for development of local villages.

The base line data was collected from March, 2022 to May, 2022.

The predominant wind direction is observed to be SW to NE.

The maximum concentration of SPM is observed to be 68.9 $\mu\text{g}/\text{m}^3$. The incremental concentration is 7.36 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall at a distance of 0.76 Km towards North West directions.

The proponent volunteered to provide water treatment plant in the Keelapattu Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 5 years.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The project proponent shall comply other assurances given in the public hearing.
6. The project proponent shall take protection measures for surface water runoff.

Chairman
SEAC

Sri Y Suresh, Managing Partner of M/s. KNR Construction Limited, Road metal, Building stone and Gravel mine, while addressing the concerns raised by the public informed the following:

- i. All the suggestions made during the public hearing will be taking into consideration and act accordingly.
- ii. Skill development programme shall be conducted.
- iii. Donations to the temple development will be done positively after discussing the higher authorities.

The base line data was collected from March, 2022 to May, 2022.

The predominant wind direction is observed to be SW to NE.

The maximum concentration of SPM is observed to be 68.9 µg/m³. The incremental concentration is 7.36 µg/m³. The GLC of SPM will fall at a distance of 0.76 Km towards North West directions.

The proponent volunteered to provide water treatment plant and Health camps in the **Nagarajukuppam** Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 5.54 years.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The project proponent shall allocate additional budget of Rs. 2.0 Lakhs for pond strengthening.
6. The project proponent shall comply other assurances given in the public hearing.
7. The project proponent shall take protection measures for surface water runoff.

Agenda Item No: 209.25 1.418 Ha. Quartz, Feldspar & Mica of Sri Kalla Sri Hari, at Sy. No. 448 & 449 Turimerla Village, Syadapuram Mandal, SPSR Nellore District, Andhra Pradesh - Environmental Clearance - Reg.

SIA/AP/MI N/411571 /2022 The project proponent has not attended the meeting hence, committee recommended to raise ADS for seeking reasons for not attending the meeting.

Chairman
SEAC

Representative of M/s Global Environment & Mining Services on behalf of M/s.Smt A.Sowjanya: He thanked everyone who participated in the Public Consultation and he explained the public for following prevention & control measures for proposed mining activity:

- Wet drilling will be adopted and controlled sequential blasting will be carried-out. Due to controlled sequential blasting, the vibrations in the surrounding areas will be minimal.
- The dust may get generated due to transport vehicles that carry the mined mineral. It will be suppressed by water spraying with tankers.
- The vehicles carrying the mines material will be covered with tarpaulins.
- It is proposed to take-up plantation of 500 trees suitable to local conditions, in the vacant government land and also on both sides of the approach road. The protection and maintenance of these trees will be the responsibility of the quarry management only.
- Once the mining operations gets started, half-yearly monitoring of Ambient Air Quality, Noise Levels, Water quality testing, etc. will be carried out and the reports will be submitted to MoEF & CC Regional Office, APPCB and SEIAA.
- In the proposed mine, around 20 people will get direct employment and another 30 persons get indirect employment. In addition, opportunities will be given to locals, in various supporting activities like transportation of mined materials, water spraying on the approach roads, tree plantation and their maintenance etc.
- As part of Corporate Social Responsibility, in association with other quarries operating in the village, it is proposed to provide Drinking Water Supply Unit to this Decheria Village. Also, it is proposed to arrange annual health camps, for the benefit of the people from surrounding villages.
- All precautionary measures will take-up for Environmental Protection.

The base line data was collected from Dec, 2019 to Feb, 2020.

The predominant wind direction is observed to be East to West

The maximum concentration of SPM is observed to be 59.74 $\mu\text{g}/\text{m}^3$. The incremental concentration is 3.26 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall at a distance of 0.4 Km towards West direction.

The proponent volunteered to provide water treatment plant and Health camps in the **Decherapalli** Village as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine is 11.81 years.

The Committee after examining the project proposals, presentations, mining plan, MoEF&CC' Notifications & Oms, EIA Report, PH minutes and detailed deliberations, recommended to issue Environmental Clearance with following conditions:

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt of 1km along approach roads & village Road sides.
3. The project proponent shall maintain 7.5mt greenbelt in buffer zone and existing buffer zone plantation should not be disturbed.
4. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
5. The project proponent shall adopt Wet drilling and controlled sequential blasting As per commitment by the proponent during public hearing.
6. The project proponent shall comply other assurances given in the public hearing.

7/2022

The proposed project is for mining of **Lime Kankar and Limestone Slabs (Black)** in an area of **4.328 Ha.** with a proposed production quantity of **60,000 TPA of Lime Kankar 56,000 TPA of Lime Stone Slabs (Black)** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).

The representative of the project and their consultant **Global Enviro Labs**, have attended the meeting and presented the case.

The proponent has obtained TOR with public hearing on 31.05.2022 and public hearing was held on 19.10. 2022.

Public hearing details

There are no specific issues raised in the public hearing.

The project consultant have spoke for the issues raised in the PH is as follows:

RESPONSE OF THE MANAGEMENT:

Sri T. Murali Krishna, Environmental Consultant, M/s Global Enviro Labs, Hyderabad: He thanked everyone who attended the public hearing and for their views and Suggestions. He expressed that as per M.Raghuram Reddy's opinion, management is ready to provide saplings to them. He informed that they will develop & protect greenbelt. He informed that these greenbelt development works will be started as mentioned in the mining plan and along with mining execution works. He informed that they will consider the request of the president and will provide drinking water and drainage facility to Deva nagar village. He requested villagers to give representations to govt regarding allotting land for grave yard and management will give its help and support that in all possible ways. He informed that management will consider the all requests and suggestions raised during the public hearing and they will carry out mining activities with cooperation of villagers and everyone. He thanked everyone for the opportunity.

The base line data was collected from Oct, 2021 to Dec, 2021.

The predominant wind direction is observed to be South East to North West

The maximum concentration of SPM is observed to be 57.54 $\mu\text{g}/\text{m}^3$. The incremental concentration is 2.66 $\mu\text{g}/\text{m}^3$. The GLC of SPM will fall at a distance of 0.5 Km towards North West direction.

The proponent volunteered to provide water treatment plant and Health camps in the **Banaganapalli** as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine. Life of the mine for lime kankar is 10.57 years and for lime slabs is 15 years.

	<p>31.3.2016 and filed thereafter, can be treated as violation applications and the MoEF& CC /SEIAA is directed to dispose of those applications as violation cases in accordance with law. (iii) It is also made clear that all mining leases, either major or minor, even less than 5 hectares area, has to apply and get Environment Clearance as per the amended EIA Notification dated 15.1.2016. This will apply to the existing mining leases as well. The points are answered accordingly.</p> <p>The committee noted that the proponent operated mine from after 2016 without obtaining environmental clearance as required under EIA notification 2006 after promulgation of S.O. 141 (E) dt 15.01.2016 and hence to be treated as identified violation case as per OM 07.07.2021.</p> <p>The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to raise ADS for latest cluster letter as the uploaded cluster letter is more than six months old.</p>
Agenda Item No: 209.34	7.991 Ha. Mining of Quartzite, Rough Stone & Gravel Quarry of M/s. VR Infra and Technologies at Sy.No. 104 of Kusuluvada Village, Anandapuram Tehsil, Visakhapatnam District, Andhra Pradesh - Terms of Reference - Reg.
SIA/AP/M IN/41264 1/2022	<p>Category : B2 at par with B1.</p> <p>The proposed project is for mining Quartzite, Rough Stone & Gravel in an area of 7.991 Ha. with a proposed production quantity of Quartzite - 34,962 m³/annum, Rough Stone - 32,631.20 m³/annum & Gravel - 1,11,018.40 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.</p> <p>The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i).
