area of 1.92 Ha. with a proposed production quantity of Road Metal, Building Stone: 74,508 m<sup>3</sup>/annum with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<100 ha of mining lease area in respect of non-coal mine lease).

The issue was placed in the 178<sup>th</sup> SEAC meeting. The proponent and their consultant M/s. Global Environment & Mining Services have attended the meeting.

The Committee noted that the extent of proposed mine lease area is 1.92 Ha. The project falls under B2 at par with B1 category. Mine life is 6 years.

The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Vizianagaram vide Lr.No.2390/Q/2017, dt.22.09.2021 there are four existing quarry leases and 5 LOIs are present and within the radius of 500 mtrs.

**Decision of SEAC In 178<sup>th</sup> meeting:**

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue additional Terms of Reference (TOR) with public hearing.

1. Cluster EIA & EMP
2. The proponent is liable to pay the penalties as per the OM No.28.1.2022 and clause no 12 of SOP dated 07-07-2021, duly incorporating the total production during the violation period and submit the calculation of penalties based on the project cost and the total turnover during the violation period.

The 178<sup>th</sup> meeting recommendation of the SEAC forwarded to the SEIAA for further process. The SEIAA refer back the application to SEAC to examine the violation and the date of application within the window period.

The consultant Sri Aswath Narayana, M/s GEMS has attended the meeting.

The Committee after re-examining the project proposals, presentations, MoEF&CC' Notifications & OMs, detailed deliberations, decided that the application is beyond the violation window period and lateral entry into violation.

The mining was started without obtaining EC and DEIAA acknowledgment as proof of applying for the EC. The committee directed the proponent to submit AD,M&G proceedings copy. The proponent has submitted letter from the AD,M&G, Vizianagaram vide Lr dt.17.05.2022.

The Committee after re-examining the project proposals, presentations, MoEF&CC' Notifications & OMs, detailed deliberations noted that this is not a violation case and recommended to issue **STOR with public hearing** stipulating that:

The issue was placed in the 187<sup>th</sup> SEAC committee meeting. The representative of the project proponent and their consultant M/s. Global Environment & Mining Services have attended the meeting.

4. After due consideration of the spirit of the Hon'ble Court's directions, the Ministry hereby clarifies that the purpose behind conduct of public hearing is not to determine the violation but only to assess the impact that the project may have on local environment and living. Therefore, if in the first place nature of the project does not call for public hearing, violation does not cast additional requirement of public hearing. Wherever, public hearing is required, it should be undertaken bringing out all facts before the public.

5. In this regard, while considering the applications for Environmental Clearance under the violation category as per the provisions of S.O. 804(E) dated 14.03.2017, the EACs/SEACs may insist upon public hearing to be conducted only for those categories of projects for which the EIA Notification, 2006 itself requires public hearing to be conducted.

The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Vizianagaram vide Lr. No. 1405/Q/2013, dated 13.07.2021, there is One existing quarry lease present within the radius of 500 mtrs area with an extent of 2.0 Ha. Thus the cluster will have 3.64 Ha including this proposal. Life of mine is 10 years.

The Committee after re-examining the project proposals, presentations, MoEF&CC' Notifications & OMs, EIA report and detailed deliberations, Opined that the project does not call for public hearing as it is less than 5 Ha Cluster and hence recommended to issue **Violation TOR without Public Hearing.**

1. PFR should be submitted

The Committee noted that as per cluster letter issued by the Asst. Director of Mines & Geology, Vizianagaram vide Lr. No. 4015/Q/2014, dated 13.07.2021, there is One existing quarry lease present within the radius of 500 mtrs area with an extent of 2.0 Ha. Thus the cluster will have 3.64 Ha including this proposal.

The project proponent has filed application in window period proposal no. IA/AP/MIN/70078/2 017 and dated on dt. 03-10-2017.

The issue was placed in the 175<sup>th</sup> SEAC meeting and decision is as follows.

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs, Hon'ble Court Orders and detailed deliberations, recommended for issue of Standard TOR and Specific TOR (STOR) without Public Hearing and following additional TOR :

- (i)PFR should be submitted.
- (ii)Cluster EIA & EMP.
- (iii)Remediation plan & Bank Guarantee.
- (iv)Credible action against the unit.
- (v) Geo-coordinates for poultry form with photographs.

The 166<sup>th</sup> meeting recommendation of the SEAC forwarded to the SEIAA for further process.
