The Authority after detailed discussion and deliberation decided the following:

1. **Serial No. 1:** This proposal was Close and Delisted on the recommendations of SEAC in 5.64 meeting of SEIAA. However, the Project Proponents have submitted a request to relist the case citing the reasons for delay in submission of the ADS. The Authority discussed the issue and **decided to relist this proposal.**
2. **Serial No. 2:** This is an old existing mine where original mining lease was granted on 20/09/1963 and production was commenced prior to 1993-94. Both of which are prior to the order of the Hon'ble SC order dated 16/12/2002.

MoEF has also granted EC to this project on 16/03/2006, which is subsequent to the Hon'ble SC order dated 16/12/2002 and 08/04/2005. Mining certificate issued by

the Mining department dated 17/02/2023 has also stated that lease area does not infringe with SC order dt. 08/04/2005 (Godavarman v/s. Union of India).

MoEF in similar cases has continued to grant EC in similar cases for expansion in production, mineral inclusion etc. In view of the above, as well as decision of SEIAA in similar cases, **ToR may be granted to this proposal** with the condition to submit the correct Past Production figures at the time of EC.

3. **Serial No. 3:** This is an old existing mine where original mining lease was granted on 08/10/1969 and production was commenced prior to 1993-94. Both of which are prior to the order of the Hon'ble SC order dated 16/12/2002.

MoEF has also granted EC to this project on 16/03/2006, which is subsequent to the Hon'ble SC order dated 16/12/2002 and 08/04/2005. Mining certificate issued by Mining department dated 17/02/2023 has also stated that lease area does not infringe with SC order dt. 08/04/2005 (Godavarman v/s. Union of India).

MoEF in similar cases has continued to grant EC in similar cases for expansion in production, mineral inclusion etc. In view of the above, as well as decision of SEIAA in similar cases, **ToR may be granted to this proposal** with the condition to submit the correct Past Production figures at the time of EC.

4. **Serial No. 4:** This proposal was deferred in 5.66 meeting of SEIAA for "*DSR submitted for Barmer and proposal is of Jodhpur district*". Now, the PP has submitted the correct DSR. Hence, the Authority accepted the recommendations of SEAC and decided to **grant EC to this proposal** subject to the conditions laid down by SEAC.
5. **Serial No. 5:** This proposal was deferred in 5.65 meeting for "*Proposed parking is inadequate wherein, the car units proposed for parking are less than 1 per flat. The project has flats upto 4 BHK wherein the present day expected parking required is about 2 per flat and No plan found in file for excess Treated water (58 KLD)*" and PP/Consultant were called for personal hearing.

During the personal hearing PP/Consultant have submitted the revised plan for parking and plan for excessive treated water disposal, which were found satisfactory. Hence, the Authority accepted the recommendations of SEAC and decided to **grant EC to this proposal**.

6. **Serial No. 6:** This proposal was deferred in 5.65 meeting of SEIAA for "*There is a conflict with the forest boundary in the KML provided by PP and some mining is also*

visible adjacent to the lease area” and PP/Consultant were called for personal hearing.

During the personal hearing, consultant submitted that “no mining has been carried out in the forest area and also DCF certificate says that forest is at a distance of 51 m”. However, in the documents submitted by project proponent there is a letter from DCF, Bundi dated 28/12/2022 which says that ACF, Bundi has reported that the pillars of the lease area have not been constructed and therefore a site inspection cannot be done. DCF, Bundi in his letter has directed Mining Engineer Div. II, to get the pillars of the lease area constructed and send the photographs of the same.

The Authority was of the view that since there is a conflict of the KML provided with the forest boundary and mining is clearly visible in the forest area, also DCF, Bundi has not certified the distance as 51 meters. Hence, the Authority decided to call for a site inspection report from the concerned DCF and decided to **defer this proposal** for additional information.

7. **Serial No. 7:** This proposal was deferred in 5.65 meeting of SEIAA for “*Uploaded KML is not accessible & Mining is visible in the lease area as per the Screenshot of KML in presentation*” and PP/Consultant were called for personal hearing.

During the personal hearing, consultant submitted the fact that it was an existing mining area earlier which was relapsed and again sanctioned as new lease due to which there is an existing pit in the lease area and submitted requisite documents in regard. Hence, the Authority accepted the recommendations of SEAC and decided to **grant EC to this proposal**.

8. **Serial No. 8:** This proposal was deferred in 5.59 meeting of SEIAA for “*DSR submitted is for other mineral and the proposal is for another mineral*”. Now the PP has submitted the correct DSR. Hence, the Authority accepted the recommendations of SEAC and decided to **grant EC to this proposal**.

9. **Serial No. 9:** In this proposal, production has already been carried out without obtaining prior EC and PP/ Consultant have also admitted the same in their affidavits. Hence, the Authority accepted the recommendations of SEAC and decided to **grant ToR (violation) under category 1a (Mining of Mineral) and 2b (Mineral Beneficiation)** to this proposal, subject to the conditions laid down by SEAC and also the Authority noted that habitation is falling within the lease area, this point may be raised during Public Hearing hence, a comprehensive R&R plan may be submitted.

10. **Serial No. 10, 11, 12, 13, 15, 16, 17, 18, 19, 22, 23, 24, 25:** The Authority accepted the recommendations of SEAC and decided to grant ToR to these proposals subject to the conditions laid down by SEAC.
11. **Serial No. 14 & 29:** The Authority accepted the recommendations of SEAC and decided to grant ToR to these proposals subject to the conditions laid down by SEAC and submission of LOI with extended validity at the time of final EC.
12. **Serial No. 20:** In this proposal, production has already been carried out without obtaining prior EC and PP/ Consultant have also admitted the same in their affidavits. Hence, the Authority accepted the recommendations of SEAC and decided to grant ToR (violation) to this proposal.
13. **Serial No. 21:** The Authority accepted the recommendations of SEAC and decided to grant ToR to this proposal subject to the conditions laid down by SEAC and submission of LOI with extended validity & correct DSR for sandstone mineral at the time of EC.
14. **Serial No. 26 & 47:** The Authority accepted the recommendation of SEAC and decided to close & delist these proposals.
15. **Serial 27, 31, 32, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 48, 49, 50:** The Authority accepted the recommendations of SEAC and decided to grant EC to these proposals.
16. **Serial No. 28:** SEAC has recommended this proposal for grant of EC along with bank guarantee of **Rs. 9,05,000/-** for remediation plan, natural resource augmentation plan & community augmentation plan and also a penalty of **Rs. 53000/-**
- Hence the Authority decided to accept the recommendations of SEAC and grant EC to this proposal subject to deposition of penalty as per MoEF&CC SOP dated 07.07.2021 of Rs. 53000/- by online/ Demand Draft mode and also submit the Bank Guarantee of Rs. 9, 05,000/- towards remediation plan with RSPCB within 15 days of the receipt of the letter in this regard failing which action shall be initiated to stop this project.
17. **Serial No. 30:** This proposal is submitted under EC instead of ToR hence, the Authority decided to reject this proposal and directed the PP that he may re-apply for ToR and at the time of applying, ATR for non-compliance of conditions of CCR has to be submitted along with the reasons for non-compliance of conditions of EC issued earlier.

18. **Serial No. 33:** The Authority accepted the recommendations of SEAC and decided to grant ToR to this proposal subject to the submission of valid cluster certificate at the time of EC.
19. **Serial No. 34:** In this proposal, "*DSR is submitted for Granite but the project is for Marble & Phyllite Schist*" hence, the Authority decided to defer this proposal for additional information.
20. **Serial No. 35:** This proposal is submitted under EC instead of ToR hence, the Authority decided to reject this proposal and directed the PP that he may re-apply for ToR under violation and at the time of applying, recent past production certificate may be submitted.
21. **Serial No. 51:** The Authority accepted the recommendations of SEAC and decided to approve EIA/ EMP and grant EC to this proposal and PP shall also ensure to raise a dense plantation in the 7.5m green belt around the lease area to mitigate the pollution effects subject to the conditions laid down by SEAC.
22. **Serial No. 52, 53, and 54:** In these proposals, it has come to the notice that production has been exceeded from the base year. Hence, the authority decided to grant Transfer of EC to these proposals and directed the PP to apply for ToR under violation within next 30 days failing which action shall be initiated against the PP.
23. **Serial No.: 55 & 56:** The Authority decided to grant Transfer of EC to these proposals.
24. **Serial No. 57:** SEAC has recommended this proposal for grant of EC along with bank guarantee of **Rs. 180.40 Lacs** for remediation plan, natural resource augmentation plan & community augmentation plan and Rs. 44,64,760/- against the penalty to be deposited with the RSPCB, as per the Provisions of the EIA Notification, 2006 and OM dated 28.07.2022 of the MoEF & CC. Penalty provision for violation cases as per OM dated 7th, July.2021 for new projects, where operations has not commenced as on date 1% of the total project cost incurred up to the date of filling application along with EIA/EMP. As the violation declaration is done suo-moto, the SEAC agreed on it and percentage rate was halved, which will be 88.00 Lacs/2= 44.00 Lacs. In addition to it PP has submitted the amount of Rs. 64,760/- as the penalty amount against the 0.25% of the total turnover. The PP is required to submit **Rs. 44,64,760/-** against the penalty to be deposited with the RSPCB.

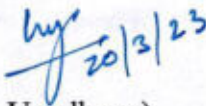

Hence, the Authority decided to accept the recommendations of SEAC and grant EC to this proposal subject to deposition of penalty as per MoEF&CC

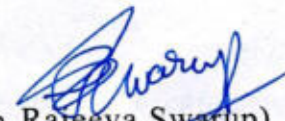

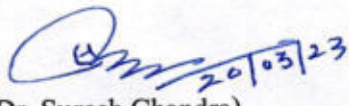

SOP dated 07.07.2021 of Rs. 44, 64,760/- by online/ Demand Draft mode and also submit the Bank Guarantee of Rs. 180.40 Lacs towards remediation plan with RSPCB within 15 days of the receipt of the letter in this regard failing which action shall be initiated to stop this project and subject to the condition that JDA will ensure compliance of Court orders regarding Charagah land.

Meeting ended with vote of thanks to the chair.
