

## Agenda notes for SEIAA meeting dated 10.08.2022 etc.

### Online Proposals

**87<sup>th</sup> Meeting of SEIAA, Odisha dated 10.08.2022 and 12.08.2022 at 11.00 a.m.**

Sl. No	Proposal Category (B1, B2) and Proposal type (TOR/ EC/MO/ DIEC/ MODIT/ OR/Transfer of EC)	Project Sector and EIA notification Schedule.	Auto generated File No.	Name of the Applicant/ Project Proponent	Title of the proposal	Date of receipt of the proposal online	Status indicated in the PARI VESH portal	Decisions of SEIAA in the previous meeting	Current Status and Agenda Note	Observations / Decisions of SEIAA Meeting
1	B2, EC	1(a) Mining of minerals	249676/333-MINB2/07-2022	Tahasil darHara bhanga	Uania Sand Quarry Over An Area Of 12.355 Acres Or 5.00 Ha Bearing Khata No. 81, Plot No. 221/A, 224/A In The Village Uania, Tahasil Harabhanga, District Boudh, State Odisha	07.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) -"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Uania Sand Quarry over an area of 12.355 acres or 5.00 Ha bearing khata No-81, Plot No. 221/A, 224/A in the village Uania, Tahasil Harabhanga, District Boudh, State Odisha and the PP is Tahasil dar, Harabhanga.</p> <p>The following documents have been received Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p>Distance from nearest sanctuary/ESZ-Salakosia WLS-42.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Mahanadi, Depth of sand deposition-3.0 Meter Distance from Nearest Road Bridge-1.2 km, Village road- 0.70Km Whether it is part of cluster -No</p>	Depth of mining and production made in previous EC have to be reported immediately. EC be given with usual conditions. The maximum depth of mining be 1 meter. Proposal for removing 5000 cum in a year is

									<p>Whether EC obtained earlier-Yes and submitted earlier EC compliance  Production capacity per annum 5500 cum/annum (max.), Geological reserve 15000 cum, Mineable reserve-129486 cum  This is a B2 category project.  Whether SEAC recommended the proposal -Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	<p>approved. Rate of replenishment study be carried out by November 2023.</p>
2	B2, EC	1(a) Mining of minerals	2496 95/33 4-MINB 2/07-2022	Tahasil darHarabhanga	Dianghat Sand Quarry Over An Area Of 12.355 Acres Or 5.00 Hectares Bearing Khata No. 82, Plot No. 76/A In The Village Dianghat, TahasilHarabhanga District Boudh, State Odisha	07.07.2022	Under examination of SEIAA after SEAC	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is <math>\leq 5.0</math> Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) -"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Dianghat Sand Quarry over an area of 12.355 acres or 5.00 hectares bearing Khata No. 82, Plot No. 76/A in the village Dianghat, TahasilHarabhanga District Boudh, State Odisha and the PP is Tahasilidar, Harabhanga.</p> <p>The following documents have been received  Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p>Distance from nearest sanctuary/ESZ-Satakosia WLS-25.0km  Whether the lease area coming in D.L.C. report-No  Whether the lease area reflecting in DSR-Yes  Method of mining-Manual  River-Mahanadi, Depth of sand deposition-3.0 Meter  Distance from Nearest Road Bridge-3.2 km, Village road- 0.15Km  Whether it is part of cluster-No  Whether EC obtained earlier-Yes and submitted earlier EC compliance  Production capacity per annum-8000 cum/annum (max.), Geological reserve 15000 cum, Mineable reserve-130482 cum  This is a B2 category project.  Whether SEAC recommended the proposal -Yes</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	<p>EC be given with usual conditions. Maximum depth = 1meter production of 8000 cum sand in a year is approved. Rate of replenishment study be carried out by November 2023.</p>

3.	B2, EC	1(a) Mining of minerals	2826 89/34 1-MINB 2/07-2022	Gajindra Pradhan	Proposal For Grant Of Environmental Clearance For Taranja Sand Bed Over An Area Of 12.35 Acres Or 4.997 Hectares In Village Taranja Under Dharmagarh Tahasil of Kalahandi District.	09.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is 55.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) - "mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Taranja Sand Bed over an area of 12.35 Acres or 4.997 Hectares in village Taranja under Dharmagarhtahasil of Kalahandi district and the PP is Sri Gajendra Pradhan.</p> <p>The following documents have been received Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>Nil</li> </ul> <p>Distance from nearest sanctuary/ESZ-Karalapat WLS-34.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Tel. Depth of sand deposition-1.0 Meter Distance from Nearest Road Bridge-2.0 km, Village road-0.90Km Whether it is part of cluster -No Whether EC obtained earlier-Yes and submitted earlier EC compliance Production capacity per annum-5300 cum/annum(max.), Geological reserve-48252 cum, Mineable reserve-130482 cum This is a B2 category project. Whether SEAC recommended the proposal -Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC be given with usual conditions. Maximum production is approved at 5000 cum in a year. Maximum depth permissible is 0.5 meter. Rate of replenishment study be carried out by November 2023.
4.	B2, EC	1(a) Mining of minerals	2826 34/34 0-MINB 2/07-2022	Bikash Agrawal	Proposal for EC of Kanker Sand Bed Over An Area Of 12.050 Acres Or 4.876 Hectares In Village Kanker Under Dharmagarh Tahasil Of Kalahandi District.	09.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is 55.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) - "mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Kanker Sand Bed over an area of 12.050 Acres or 4.876 Hectares in village Kanker under Dharmagarhtahasil of Kalahandi district and the PP is Sri Bikash Agrawal.</p> <p>The following documents have been received Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>Nil</li> </ul>	EC be given with usual conditions. Maximum production is allowed 4800 cum in a year. Maximum depth permissible is 0.5 meter. Rate of

								Distance from nearest sanctuary/ESZ-Karalapat WLS-39.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Tel, Depth of sand deposition-1.0 Meter Distance from Nearest Road Bridge-1.7 km, Village road- 1.1Km Whether it is part of cluster -No Whether EC obtained earlier-Yes and submitted earlier EC compliance Production capacity per annum-5385 cum/annum(max.), Geological reserve-33247 cum, Mineable reserve-26925 cum This is a B2 category project. Whether SEAC recommended the proposal -Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.	replenishment study be carried out by November 2023.
5.	B2, EC	1(a) Mining of minerals	2720 04/33 5-MINB 2/07-2022	PramodaParida	Proposal for EC of Ghodadian Road Metal Quarry Over An Area Of 5.62 Acres Or 2.274 Hectares At Village Ghodadian Under OdapadaTahasil Of Dhenkanal District Odisha	09.07.2022	Under examination of SEIAA after SEAC	Online proposal for EC This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease Area is 55.0 Ha. As Per The Eia Notification, 2006, This Project Falls In The Schedule Under Sl.No-1(A) -"Mining Of Mineral" Of Non-Coal Mining Sector. The Project Proponent Has Submitted Proposal For EcOf Ghodadian Road Metal Quarry Over An Area Of 5.62 Acres Or 2.274 Hectares At Village Ghodadian Under OdapadaTahasil Of Dhenkanal District Odisha And The Pp Is Sri PramodaParida. The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. • Nil Distance from nearest sanctuary/ESZ-Kapilash WLS-44.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-10.0 km, village road-0.8 Km Whether EC obtained earlier-Yes and submitted earlier EC compliance. Production capacity per annum-6000 cum/annum (max.), Geological reserve-122568 cum, Mineable reserve-55676 cum This is a B2 category project. Whether SEAC recommended the proposal -Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.	EC be given with usual conditions for stone quarry.

6.	B2, EC	1(a) Mining of minerals	2829 92/34 2-MINB 2/07-2022	Jiban Panda	Proposal for EC of Gadijore Stone Quarry I Over An Area Of 12.30 Acres Or 4.977 Hectares In Village Gadijore Under DharmagarhTahasil Of Kalahandi District.	12.07 2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease Area is ≤5.0 Ha. As Per The Eia Notification, 2006, This Project Falls In The Schedule Under Sl.No-1(A) –"Mining Of Minerals" Of Non-Coal Mining Sector. The Project Proponent Has Submitted Proposal for EC of <b>Gadijore Stone Quarry- I</b> over an area of 12.30 Acres or 4.977 Hectares in village Gadijore under Dharmagarhtahasil of Kalahandi district and the PP is <b>Sri Jiban Jyoti Panda</b>.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C., EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p>Distance from nearest sanctuary/ESZ-Karatapal WLS-37.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-3.2 km, village road-1.1 Km Whether coming in cluster- No Whether EC obtained earlier-No. Production capacity per annum-10350 cum/annum (max.), Geological reserve-961488 cum, Mineable reserve-849991 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC be given with usual conditions for stone quarry.
7.	B2, EC	1(a) Mining of minerals	2776 08/29 4-MINB 2/06-2022	Office Of The Tahasil dar, Keonjhar	Gopinathpur Nuagaon stone quarry over an area of 5.00 acres or 2.023 Hectares in village GopinathpurNuagaonsadartahasilKeonjhar	10.06 2022	Under examination of SEIAA after SEA C	The proposal was placed in the 85 <sup>th</sup> meeting of SEIAA and was decided as follows: "He has to submit full compliance of all previous EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of <b>GopinathpurNuagaon stone quarry</b> over an area of 5.00 acres or 2.023 Hectares in village GopinathpurNuagaonsadartahasilKeonjhar of Tahasil dar, Keonjhar.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C., checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>• College road road is 262 meter away from proposed quarry and road bridge-314 meter</li> <li>• Not submitted earlier EC compliance</li> </ul> <p>Distance from nearest sanctuary/ESZ-Hadagarh WLS-83.0km</p>	EC may be issued. Report of Tahasil dar does not spell out compliance of earlier EC conditions for the lease area. Now, the Tahasil dar has proposed new lease area for mining. After

							conditions first, on consideration of which the case fresh EC may be taken up".	Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-0.314 km, College road-0.26 Km Whether it is part of cluster -No Whether EC obtained earlier- Yes but not submitted EC compliance Production capacity per annum-8091 cum/annum (max.), Geological reserve-223257 cum, Mineable reserve-74313 cum This is a B2 category project Whether SEAC recommended the proposal -Yes The proposal was placed in the 85 <sup>th</sup> meeting of SEIAA and was decided as follows: 'He has to submit full compliance of all previous EC conditions first, on consideration of which the case fresh EC may be taken up'. Accordingly, the ADS letter issued to the Tahasildar/PP and now the Tahasildar has submitted their clarification for consideration of EC	receiving full scale compliance of earlier EC conditions for the earlier lease area which was operated earlier within one month, this proposal for EC can be taken up.
8.	B2, EC	1(a) Mining of minerals	2369 47/33 6-MINB 2/07-2022	Tahasil darAul	Proposal for EC of BrahmaniNadi Sand, Gangadharpur over an area of 4.653 ha. at village Gangadharpur, Tahasil-Aul, Dist- Kendrapara	12.07. 2022	Under examination of SEIAA after SEAC	Online proposal for EC This is regarding a new proposal for mining of minor mineral Sand. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2005, this project falls in the schedule under Sl No-1(a) -"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of BrahmaniNadi sand Bed, Gangadharpur over an lease area11.50 acres/4.65 Hain village-Gangadharpur, Tahasil-Aul, Dist-Kendraparaand the PP is Tahasildar, Aul. The following documents have been received Form-1, Form-2, PFR, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. • Nil Distance from nearest sanctuary/ESZ-Bhitarkanika WLS-29.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Manual River-Brahmani, Depth of sand deposition-1.0 Meter Distance from Nearest Road Bridge-4.2 km, Village road- 0.65Km Whether it is part of cluster -No Whether EC obtained earlier-Yes and submitted earlier EC compliance but some conditions is not complied. Production capacity per annum-500 cum/annum(max.), Geological reserve-6816 cum, Mineable reserve-4863 cum This is a B2 category project Whether SEAC recommended the proposal -Yes	EC be given with usual conditions. Maximum depth of mining- 0.5 meter. Rate of replenishment study be carried out by November 2023.

									In view of the above the proposal may be placed in the SEIAA meeting for consideration.	
9.	B2, EC	1(a) Mining of minerals	2832 57/34 4-MINB 2/07-2022	Tahasil darJaipatna	Proposal For Grant Of Environmental Clearance For Lakhbahali Stone Quarry II Over An Area Of 4.20 Acres Or 1.699 Hectares In Village Lakhbahali Under JaipatnaTahasil Of Kalahandi District.	13.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease Area is ≤5.0 Ha. As Per The Eia Notification, 2006. This Project Falls in The Schedule Under Sl.No-1(A) –"Mining Of Mineral" Of Non-Coal Mining Sector. The Project Proponent Has Submitted Proposal for EC of Lakhbahali Stone Quarry II over an area of 4.20 Acres or 1.699 Hectares in village Lakhbahali under Jaipatnatahasil of Kalahandi district and the PP is Tahasildar, Jayapatna.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>Not submitted earlier EC compliance.</li> </ul> <p>Distance from nearest sanctuary/ESZ-Karalapat W/ S-39.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-0.8 km, village road-0.7 Km Whether coming in cluster- Yes, total lease area under cluster is 4.90 ha and submitted cluster EMP Whether EC obtained earlier-Yes, but not submitted earlier EC compliance. Production capacity per annum-24543 cum/annum(max.), Geological reserve-266382 cum, Mineable reserve-192860 cum This is a B2 category project. Whether SEAC recommended the proposal –Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC be given with usual conditions for stone quarry. Full scale earlier EC compliance be submitted within 2 month's period positively
10.	B2, EC	1(a) Mining of minerals	2722 66/33 8-MINB 2/07-2022	Sodi Reddy	Tarinipalli-III Stone Quarry Over an Area Of 3.00 Acres Or 1.214 Hectares Bearing Khata No. 264 Plot No. 21 in Village Tarinipalli, Tahasil-	13.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Tarinipalli-III Stone Quarry over an area of 3.00 acres or 1.214 hectares bearing Khata no. 264, Plot no. 21 in village Tarinipalli, Tahasil- Ganjam, District- Ganjam State Odisha and the PP is Sri Sanjeev Reddy Reddy.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above</p>	EC be given with usual conditions for stone quarry. Full scale earlier EC compliance be submitted within 2 month's period

					Ganjam, District- Ganjam State Odisha				documents. • After our EDS on dated 26.06.2022 the Tahasdar has clarified that a 200 meter safety zone will be mentioned from the road. Distance from nearest sanctuary/ESZ-Lakahn Valley WLS-57.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-10.6 km, State Highway (SH-31) road-0.13Km Whether it is part of cluster -No Whether EC obtained earlier-Yes and submitted earlier EC compliance but not satisfactory. Production capacity per annum-5400 cum/annum(max.), Geological reserve-125731 cum, Mineable reserve-11060 cum This is a B2 category project. Whether SEAC recommended the proposal -Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.	positively. 200 meters safety zone from the State Highway-31 to proposed stone quarry should be mentioned.
11	B2, EC	1(a) Mining of minerals	2795 11/33 7- MINB 2/07- 2022	DiptiMahanty	Hantosh Stone Quarry Over An Area Of 5.00 Acres Or 2.023 Hectares Bearing Khata No. 192, Plot No. 1153 In Village Hantosh, Tahasil- Hinjilicut, District- Ganjam State Odisha.	13.07 2022	Under examination of SEIAA after SEA. C	Online proposal for EC	This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) - "mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Hantosh Stone Quarry over an area of 5.00 acres or 2.023 hectares bearing Khata no. 192, Plot no. 1153 in village Hantosh, Tahasil- Hinjilicut, District- Ganjam State Odisha and the PP is Smt. Diptirani Mohanty.  The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents. • Not submitted earlier EC compliance. Distance from nearest sanctuary/ESZ-Lakahn Valley WLS-44.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining- Semi-mechanized Distance from Nearest Road Bridge-6.0 km, Village road-0.60Km Whether it is part of cluster -No Whether EC obtained earlier-Yes from DEIAA but not submitted EC compliance. Production capacity per annum-20007 cum/annum(max.), Geological reserve-504000 cum, Mineable reserve-244755 cum This is a B2 category project.	EC be given with usual conditions for stone quarry. Full scale earlier EC compliance be submitted within 2 month's period positively.

									<b>Whether SEAC recommended the proposal –Yes</b> In view of the above the proposal may be placed in the SEIAA meeting for consideration.	
12.	B2: EC	1(a) Mining of minerals	2831 89/34 3- MINB 2/07- 2022	Tahasildar, Pallahara	Proposal For Fresh Ec Of Rengali Stone Quarry Over An Area Of 5.00 Acres Or 2.023 Hectares At Village Rengali Under PallaharaTahasil Of Angul District, Odisha	13.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is 5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) – "mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Rengali Stone Quarry over an area of 5.00 acres or 2.023 hectares in village Rengali, Tahasil- Pallahara, District-Angul State Odisha and the PP is Tahasildar, Pallahara.</p> <p><b>The following documents have been received</b> Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Cluster certificate, topomap etc.</p> <p><b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Not submitted earlier EC compliance.</li> <li>• There are two stone quarries in the name Regali stone quarry as it appears in the DSR but not clarify their map distance.</li> <li>• Not submitted village sheet, topmap, ESZ map and 500 radius cluster map</li> </ul> <p>Distance from nearest sanctuary/ESZ-Ushakothi WLS-34.0km <b>Whether the lease area coming in D.L.C. report-No</b> <b>Whether the lease area reflecting in DSR-Yes</b> Method of mining-Semi-mechanized Distance from Nearest Road Bridge-4.0 km, Village road-1.0Km <b>Whether it is part of cluster –No</b> <b>Whether EC obtained earlier-Yes</b> from DEIAA but not submitted EC compliance. Production capacity per annum-1500 cum/annum(max.), Geological reserve-221923 cum Mineable reserve-126378 cum This is a B2 category project. <b>Whether SEAC recommended the proposal –Yes.</b> In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	<p>The concerned Tahasildar has to submit the following:</p> <p>(a). The exact map distance between the Regali stone quarry and other stone quarries as appear in the DSR.</p> <p>(b). Village sheet, Topomap, 500 meter radius to see if any other quarry is situated there.</p> <p>(c). Nearest Wildlife Sanctuaries like Kapilas WLS &amp; Satakosia WLS and its map distance from proposed quarry.</p> <p>(d). Full scale compliance of earlier EC conditions.</p>

13.	B2, EC	1(a) Mining of minerals	2834 78/34 6-MINB 2/07-2022	Kanhaiya Agrawal	Proposal For Grant EC of Lambarupali Stone Quarry Over An Area 0.60acre Or 0.243hec In Village Lambarupali Under SohelaTahasil Of Bargarh District Odisha.	14.07.2022	Under examination of SEIAA after SEA C	Online proposal for EC	<p>This is regarding a new proposal for mining of minor mineral Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is <math>\leq 5.0</math> Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) - "mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of LAMBARUPALI STONE QUARRY over an area 0.60acre or 0.243hec in village Lambarupali under SohelaTahasil of Bargarh district Odisha and the PP is Sri KanhaiyaLalAgrawal.</p> <p>The following documents have been received Form-1, Form-2, PFR, D.L.C, EMP checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc. The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>Not submitted earlier EC compliance</li> </ul> <p>Distance from nearest sanctuary/ESZ-Debrigarh WLS-35.0km Whether the lease area coming in D.L.C. report-No Whether the lease area reflecting in DSR-Yes Method of mining-Semi-mechanized Distance from Nearest Road Bridge-4.5 km, Village road-0.65Km Whether it is part of cluster -Yes, the total lease area under cluster is 1.08 Ha B2-project and submitted cluster EMP. Whether EC obtained earlier-Yes, but not submitted earlier EC compliance Production capacity per annum-1008 cum/annum(max.), Geological reserve-35721 cum, Mineable reserve-6246 cum This is a B2 category project. Whether SEAC recommended the proposal -Yes In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	EC be given with usual conditions for stone quarry. Full scale earlier EC compliance be submitted within 2 month's period positively.

- 0.70 km in E direction. NH-203 (Cuttack-Puri Road) at the distance of 0.95 km in NW direction.
8. The total water requirement is approx. 356 KLD (domestic + flushing), out of which total domestic water requirement for residential and shops are 244 KLD & flushing water is 112 KLD. The total fresh water requirement is approx. 244 KLD on daily basis. The wastewater will be treated up to tertiary level in one STP of 350 KLD capacity provided within the complex generating 260 KLD of recoverable treated waste water from STP which will be recycled within the project site and excess treated waste water will be discharge to existing municipal drain.
  9. The power supply shall be supplied by TPCODL. The maximum demand load is estimated at 3655KW There is provision of Power backup for the residential project will be through DG sets of total capacity -1x2000 KVA & 1x1500 KVA silent DG Set.
  10. Solid waste generation will be approximately 970 KG/DAY which will be supplied to Bhubaneswar Municipality for further disposal. Recyclable and non-recyclable wastes will be disposed through Govt. approved agency. Hence, the Municipal Solid Waste Management will be conducted as per the guidelines of Solid Wastes Management Rules, 2016.
  11. During the operational stage, operation of Standby DG Sets and Vehicular Movements are main source for air pollution. Low sulfur diesel oil (LDO or HSD) will be used in DG sets. Water will be sprinkled to suppress dust, while cleaning and sweeping the roads and pavements. Proper traffic management and provision of acoustic enclosure for silent type DG sets will control noise level. Plantation along the peripheral boundary walls will also act as acoustic screen or vegetative barrier against the propagation of noise and pollutants.
  12. Total project cost is 153.84 Cr
  13. The Environment consultant **M/s Visiontek Consultancy Services Pvt. Ltd. Bhubaneswar** along with the proponent has made a presentation on the proposal before the Committee on 04.02.2022.
  14. The proposed site was visited by the sub-committee of SEAC on 22.03.2022. Following are the observations of the sub-committee and proponent needs to submit relevant documents as below:
    - a) Provision of bio waste or compost converter.
    - b) Management of other solid wastes with documentary evidence.
    - c) Agreement copies of BDA on Santipali slum development.
    - d) No of OHT and Tanks for Dual Plumbing
    - e) Traffic study from reputed institute.
    - f) All other points of Proceeding to be complied if not done.
  15. The SEAC in its meeting held on dated 12.04.2022 decided to take decision on the proposal after receipt of information / documents as

SP

pointed out at para 15 above.

16. The project proponent has furnished the compliance and the SEAC verified the same as follows:

Sl. No.	Information Sought by SEAC	Compliance furnished by the proponent
1.	Provision of bio waste or compost converter.	Attached as Annexure-1.
2.	Management of other solid wastes with documentary evidence.	Attached as Annexure-2.
3.	Agreement copies of BDA on Santipali slum development.	Attached as Annexure-3.
4.	No of OHT and Tanks for Dual Plumbing.	Attached as Annexure-4.
5.	Traffic study from reputed institute.	Attached as Annexure-5.
6.	All other points of proceeding to be complied if not done.	All other points of proceeding has been complied.

17. The SEAC recommended for grant of Environmental Clearance valid for 10 years with stipulated conditions as per Annexure – C in addition to the following specific conditions.

- i) The Proponent before implementation of the project shall convert the land to Gharabari and shall take the ownership of the land if not already taken.
- ii) The Proponent shall obtain permission/NOC from Executive Engg (PHD) and / or from the appropriate authority for disposal of excess STP treated water to the nearest drain without which the Proponent will not start construction work. Also, in case of the connecting drain passing through others land (Govt. or Private land), the Proponent shall obtain the permission and possession as the case may be
- iii) The proponent shall use solar energy at least to the tune of 5% of total power requirement as proposed.
- iv) Trees located within the project area shall be transplanted to alongside the boundary green development area.
- v) To reduce discharge of treated water to open drain, the proponent shall use more water for increased number of trees proposed to be planted in the green belt area & shall also utilize this treated water for car washing, floor washing to minimize the surplus discharge to drain.
- vi) The proponent shall implement the Pollution Control Measures and safeguards as proposed in the Environment Management

									<p>Plan (EMP) of project report.</p> <p>vii) The proponent shall Comply to the provision of structural stability certificate as per the bye-law of the Development Authority.</p> <p>viii) When the public water supply will be available adjacent to/ in the vicinity of the proposed project in future, the PP shall avail it following due procedure of the Govt. if the concerned authority agrees and dispense with the drawl of ground water except one bore well for emergency purpose. The PP shall take up suitably for the purpose with the concerned authority of the Government.</p> <p>ix) The structural stability shall be vetted by NIT or IIT before construction</p> <p>x) The PP shall adhere to terms of Agreement with BDA</p> <p>xi) All compliances submitted/ committed by PP(s) shall be strictly adhered to them in addition to all the conditions/ specific conditions of EC.</p> <p>The proposal was placed in the 86<sup>th</sup> meeting of SEIAA and was decided as follows: "The PP may clarify if there is adequate drainage space and drainage system for the estimated volume of storm water likely to flow into this site. Is there proper structural design for separating storm water flow from the waste water of the project? All bio-degradable solid wast of the building complex has to be treated in situ by micro composting. Ultimate disposal point of these wastes has to be reported"</p> <p>Now the PP has submitted their clarification / ADS for consideration of EC.</p>

58.	B1, MOD IEC	1(a) Mining of minerals	SIA/OR/1 ND/2 3911 0/202 1	Dalmia Cement Bharat, Unit Kapilash Cement	Proposal for transfer of EC from Kapilash Cement Manufacturing Works to Dalmia Cement (Bharat) Ltd for the proposal of cement grinding unit, expansion from 1.70 MTPA to 4.20 MTPA at Vill- Biswal	16.11.2021	Deferred by SEIAA	<p>The proposal is placed in the 60<sup>th</sup> meeting of SEIAA and was decided as follows:</p> <p>"Separate lay out plan, separate EIA study &amp; EMP and separate waste and input management plan be submitted".</p>	<p>This is regarding an Old proposal for Cement Plant. The project has submitted at SEIAA under Category 'B2' as the lease area is <math>\leq 5.0</math> Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-3(b) -"Cement Plants". The project proponent has submitted proposal for Proposal for change of Name in EC from Kapilash Cement Manufacturing Works to Dalmia Cement (Bharat) Ltd. for the proposal of cement grinding unit, expansion from 1.70 MTPA to 4.20 MTPA at Vill-Biswal and the project proponent is M/s. Dalmia Cement Bharat Unit Kapilash Cement.</p> <p>The following documents have been received</p> <p>Earlier EC copy issued by SEIAA, Odisha, CTO copy</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><u>Other points</u></p> <p>EC obtained earlier for this project vide letter no. 7482/SEIAA dt. 06.11.2019.</p> <p>M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works was granted Environmental Clearance for cement grinding Unit (4.2 MTPA) at village- Biswal, P.O-Barunia, Tehsil-Tangi, District- Cuttack, Odisha vide letter No.-895/SEIAA dated 12th March 2021.</p> <p>Further, M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works was granted Environmental Clearance for expansion of the Cement Grinding Unit vide letter no. 21592/02-</p>	Deferred to next meeting

IND/04-2019 dated 6<sup>th</sup> November 2019 for addition of new facilities as below:

Sl. No.	Unit	Existing	Modification	New facility	Configuration accorded in EC
1	Cement Grinding Unit-I	1.7 MTPA	-	--	1.7 MTPA
2	Cement Grinding Unit-II	-	-	2.5 MTPA	5 MTPA

The status of implementation of the project at village-Biswall, P.O-Barunia, Tehsil-Tangi as per Environmental Clearances accorded to M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works, for cement Grinding Unit vide Letter No. 895/SE/IAA, dated 6<sup>th</sup> November 2019 for Expansion, as below:

Sl. No.	Facility	Capacities as per EC	Existing Installation
1	Cement Grinding Unit-I	1.7 MTPA	1.7 MTPA
2	Cement Grinding Unit-II	2.5 MTPA	2.5 MTPA

4. M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works, has proposed to transfer the existing Cement Grinding Unit of capacity 1.7 MTPA to M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited) and capacity 2.5 MTPA to M/s Dalmia DSP (a unit of Dalmia cement (Bharat) Limited).

5. It was reported that the 1.7 MTPA Cement Grinding Unit is located in 311 Ac. of land within the premises of the Plant of M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works within the bounded coordinates as given below:

S. No.	LONGITUDE	LATITUDE
--------	-----------	----------

1	89° 59' 45"	20° 37' 26"
---	-------------	-------------

6. The raw material requirement for M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited ) for 1.7 MTPA Cement Grinding Unit will be 1.7 MTPA.

Sl. No.	Raw Materials Details	Quantity
1	Clinker	629595TPA
2	Fly Ash	150450TPA
3	Slag	885955TPA
4	Gypsum	34000TPA
5	Coal	40000 TPA
6	Power	7.5 MW
7	F.O. (KLPA)	32

The water requirement for the Cement Grinding Unit will be 400 m<sup>3</sup>/day and the power requirement will be 10MVA.

The capital cost of the 1.7 MTPA Cement Grinding Unit was Rs.487.64 Cr and the Rs. 20 Cr was earmarked for the Environmental Protection measures as a capital.

No court case or violation under EIA Notification, 2006 to the project or related activity reported by project proponent.

The SEAC recommended for the transfer of Environmental Clearance of Cement Grinding Unit (1.7 MTPA) from M/s Dalmia cement (Bharat) Limited Unit, Kapilash Cement Manufacturing Works to M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited ) (new company) and transfer of Environmental Clearance of Cement Grinding Unit (2.5 MTPA) from M /s Dalmia cement (Bharat) Limited Unit, Kapilash Cement Manufacturing Works to M/s Dalmia DSP (a unit of Dalmia cement (Bharat) Limited ) (new company) with specific conditions.

The proponent shall register two bifurcated industrial units with Directorate of Factories and Boilers, Government of Odisha under the provision of Factories Act 1948.

The proponent shall prepare and submit separate layout plans for both the units to Directorate of Factories & Boilers, Government of Odisha for their Approval.

The proponent shall submit Plant and Machinery, Buildings, and any other structure in the proposed independent Boundary of two Adjacent units to the Directorate of Factories & Boilers for their Approval.

									The proponent shall obtain Consent to Establish and Consent to Operate from the State Pollution Control Board, Odisha for both bifurcated industrial units under the provision of Water (P & CP) Act 1974 and Air (P & CP) Act 1981. In view of the above the proposal may be placed in the SEIAA meeting for consideration.
