<b>Agenda Item No : 179.01&amp; 177.01</b>	<b>Beneficiation of Beach sand minerals of M/s. Trimex Sands Private Limited at Vatsavalasa Village, Gara Mandal, Srikakulam District, Andhra Pradesh State – TOR –Refer back case - Reg.</b>
SIA/AP/IND/69360/2021	<p>Recommendations of the SEAC on 14.02.2022 <b>Category : 2(b)</b></p> <p><b>M/s. Trimex Sands Private Limited at Vatsavalasa Village, Gara Mandal, Srikakulam District, Andhra Pradesh State</b> applied for TOR for Mineral Separation Plant (MSP).</p> <p>The project proponent and their consultant, M/s. Pioneer Enviro Labs have attended the meeting.</p> <p>The proponent informed that MSP is already established in 2009-10 as part of the integrated Mining cum Beneficiation project for beach sand minerals, for which EC was obtained from MoEF&amp; CC after conducting public hearing. The project has undergone expansion in 2015 and fresh EC for expansion was also obtained after conducting PH. The policy decision of the GOI in 2019 to permit only Govt companies in the mining of beach sand minerals resulted in the stoppage of the MSP, though it is situated outside the ML area. To facilitate restarting of the MSP operations by sourcing mineral concentrate from India/abroad, the proponent submitted application for grant of TOR and also requested for exemption from Public Hearing.</p> <p>The Committee further noted that public hearing has been conducted in the year 2003 as per EIA notification 1994 for integrated proposal of Beach sand mining of 2 MTPA &amp; Mineral Separation Plant (MSP) of 0.63 MTPA and EC was obtained in 2004. Thereafter, for expansion proposal, PH has been again conducted on 29.12.2012 as per EIA notification 2006 for 6.0 MTPA mining and 0.93 MTPA MSP and obtained EC in 2015. Now applying fresh EC for MSP of 0.44 MTPA only, which is less than 50% capacity for which PH been conducted &amp; EC issued.</p>

	<p>The Mining Lease was valid till 2034. The EC granted in 2015 based on the PH conducted was also valid till 2034. The change in policy of the GOI in 2019 only resulted in the stoppage of the mining and thereby MSP. No mining is proposed now.</p> <p>The issue was placed in the 172nd SEAC and recommended for issue of Standard TOR with EIA &amp; Public Hearing. Further, the SEIAA has reviewed in 169th meeting, the Committee Referred to SEAC to examine in the light of request letter dt. 20.12.2021 submitted by the proponent.</p> <p><b>The Committee noted that as it is an established unit &amp; in operation for several years and it is 50% lower capacity than for which PH was conducted &amp; EC accorded earlier.</b></p> <p>The Committee after examining the project proposals, presentations, MoEF&amp;CC' Notifications &amp; OMs and detailed deliberations, recommended for issue of Standard TOR with EIA, without Public Hearing under 7(II) of EIA Notification, 2006.</p> <p><b>Decision of SEIAA:-</b> Agreed with the recommendation of the SEAC.</p>
