

STATE EXPERT APPRAISAL COMMITTEE – TAMIL NADU

Minutes of the Meeting of 221st State Expert Appraisal Committee (SEAC) held on 23rd July 2021 (FRIDAY) at SEIAA Conference hall, 2nd Floor, Panagal Maligai, Saidapet, Chennai 600015 for Appraisal of Building & Construction Projects, Township and Area Development projects & Mining Projects through video conference.

Agenda No: 221-01

(File No: 7715/2020)

Proposed Gravel quarry lease over an extent of 1.20.5Ha at S.F.Nos.39/36 Kurumpoondi Village, Gandharvakottai Taluk, Pudukottai District, Tamil Nadu by Thiru.Sankaravadivel- For Environmental Clearance.

(SIA/TN/MIN/166908/2020, dated: 06.08.2020)

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The project proponent gave a detailed presentation. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru.Sankaravadivel, has applied for Environmental Clearance for the proposed Gravel quarry lease over an extent of 1.20.5Ha at S.F.Nos. 39/36 Kurumpoondi Village, Gandharvakottai Taluk, Pudukottai District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the two year states that the total quantity of recoverable as 17596 cu.m of Gravel and the ultimate depth of mining is 2m.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
2. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
3. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
4. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
5. Ground water quality monitoring should be conducted once in every six months and the report should be submitted to TNPCB.
6. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
7. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
8. Proper barriers to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
9. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
10. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
11. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.

12. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
13. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
14. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A.No.843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016(M.A.No.981/2016, M.A.No.982/2016 & M.A.No.384/2017).
15. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance, as per the existing law from time to time.
16. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
17. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mining activities.
18. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 and 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities as proposed in the CER and furnish the same before placing the subject to SEIAA.
19. All the conditions imposed by the Assistant Director, Geology & Mining, Pudukottai District in the mining plan approval and the Precise area communication letter issued by concerned District Collector should be strictly followed.

Agenda No: 221-02

(File No: 7725/2020)

Proposed Rough Stone quarry lease area over an extent of 1.00.0Ha at S.F.No122/1 (Block-5) Therani Village, Alathur Taluk, Perambalur District Tamil Nadu by Thiru.D.Manjunath- For Environmental Clearance.

(SIA/TN/MIN/165843/2020, dated: 07.08.2020)

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru.D.Manjunath, has applied for Environmental Clearance for the proposed Rough Stone quarry lease area over an extent of 1.00.0Ha at S.F.No122/1 (Block -5) Therani Village, Alathur Taluk, Perambalur District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 139650 cu.m of Rough Stone and the ultimate depth of mining is 41m.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Restricting the depth of mining to 35m ultimate depth and quantity of 136900 cu.m of Rough stone for five years with a bench height of 5m as per the approved mining plan considering the hydrogeological regime of the surrounding area as well as to ensure sustainable and safe mining.

Agenda No: 221-03

(File No: 7786/2020)

Proposed Gravel quarry lease area over an extent of 3.24.0Ha at S.F.Nos. 391(P) Sengarai Village, Uthukottai Taluk, Thiruvallur District, Tamil Nadu by Thiru.K.Muthu- For Environmental Clearance.

(SIA/TN/MIN/170517/2020, dated: 31.08.2020)

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

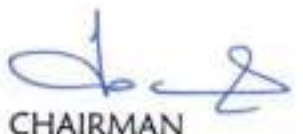

The SEAC noted the following:

1. The project proponent, Thiru.k.Muthu, has applied for Environmental Clearance for the proposed Gravel quarry lease area over an extent of 3.24.0Ha at S.F.Nos. 391(P) Sengarai Village, Uthukottai Taluk, Thiruvallur District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the 55 Days states that the total quantity of recoverable as 29160 cu.m of Gravel and the ultimate depth of mining is 0.90m.

Based on the presentation and documents furnished by the project proponent, SEAC noted that, the project proponent obtained the Executive Engineer, PWD letter No.B/JDO.1/F.203/Savudu/2018 dated 20.12.2018. Since the letter was obtained more than 2.5 years back the committee advised the project proponent to obtain a fresh letter whether the same resources are available.

Agenda No: 221-05

(File No: 6914/2020)

Proposed Rough stone quarry lease area over an extent of 2.82.0Ha at S.F.Nos. 1151, 1155, 1212 to 1219, 1222, 1225 & 1226/A(Part) Kamandoddi village, Shoolagiri Taluk, Krishnagiri District Tamil Nadu by Thiru-K. Murugesh - For Environmental Clearance. (SIA/TN/MIN/204178/2021, dated: 19.03.2021).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru-K.Murugesh, has applied for Environmental Clearance for the proposed Rough stone quarry lease area over an extent of 2.82.0Ha at S.F.Nos. 1151, 1155, 1212 to 1219, 1222, 1225 & 1226/A(Part) Kamandoddi village, Shoolagiri Taluk, Krishnagiri District Tamil Nadu.
2. The project/activity is covered under Category "B1" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. Terms of Reference issued by SEIAA-TN vide LrNo.SEIAA-TN/F.No.6914/SEAC/TOR- 708/2020 Dated: 27.05.2020
4. Public hearing conducted by TNPCB on 22.01.2021
5. EIA report submitted to SEIAA-TN on 19.03.2021
6. The production for the five years states that the total quantity of recoverable as 2826467 cu.m of Rough stone and the ultimate depth of mining is 36m.

The EIA Co-ordinator has not attended the meeting. Hence SEAC has not taken the project for appraisal. Further the SEAC request the SEIAA office to obtain the reason for not attending the meeting by the EIA Co-ordinator.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Restricting the depth of mining to 48m ultimate depth and quantity of 1362131 cu.m of Rough stone & 43557 cu.m of Topsoil for five years with a bench height of 7m as per the approved mining plan considering the hydrogeological regime of the surrounding area as well as to ensure sustainable and safe mining.
2. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
3. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
4. The AAQ data presented by the EIA Co-ordinator is not correct. Hence the correct data shall be submitted to SEIAA before obtaining EC.
5. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
6. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
7. Ground water quality monitoring should be conducted once in every six months and the report should be submitted to TNPCB.
8. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
9. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed

due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.

10. Proper barriers to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
11. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
12. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
13. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.
14. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
15. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
16. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A.No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No.758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A.No.843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016(M.A.No.981/2016, M.A.No.982/2016 & M.A.No.384/2017).
17. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance, as per the existing law from time to time.

18. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
19. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mining activities.
20. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 and 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities particularly sanitizing facility for schools proposed in the CER and furnish the same before placing the subject to SEIAA.
21. All the conditions imposed by the Assistant Director, Geology & Mining, Krishnagiri District in the mining plan approval and the Precise area communication letter issued by concerned District Collector should be strictly followed.

Agenda No: 221-07

(File No: 7954/2020)

Proposed Rough Stone quarry lease area over an extent of 1.22.0Ha at S.F.Nos. 76 & 140 (Part – 4) Nathathahalli Village, Nallampalli Taluk, Dharmapuri District, Tamil Nadu by Thiru-P.Periyannan For Environmental Clearance.

(SIA/TN/MIN/174650/2020, dated: 22.09.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru-P.Periyannan, has applied for Environmental Clearance for the proposed Rough stone quarry lease area over an extent of 1.22.0Ha, S.F.Nos. 76 & 140 (Part-4) Nathathahalli Village, Nallampalli Taluk, Dharmapuri District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.

3. The production for the five years states that the total quantity of recoverable as 96154 cu.m of Rough Stone & 5904 cu.m topsoil and the ultimate depth of mining is 20m.

Based on the presentation and documents furnished by the project proponent, SEAC noted that a complaint letter has been received from the Member Secretary/TNPCB vide Lr. No.TNPCB/F.22649/DMP/Complaint section/2020 dated 17.12.2020 enclosing the copy of complaint received from the Public of the Nathathahalli Village against the proposed quarry. SEAC decided that only after receipt of the action taken report from competent authority on the said complaint the project will be appraised by the committee. The SEIAA office shall address the said complaint to the competent authority as early as possible.

Agenda No: 221-08

(File No: 7958/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 1.79.7Ha at S.F.Nos. 202/2A2, 202/2B2, 203/1A2 (P), Thenkumarapalayam Village, Anaimalai Taluk, Coimbatore District, Tamil Nadu by Tvl.Sri Rayaar Blue Metals For Environmental Clearance.

(SIA/TN/MIN/178062/2020, dated: 08.10.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Tvl.SriRayaar Blue Metal, has applied for Environmental Clearance for the proposed Rough stone & Gravel quarry lease area over an extent of 1.79.7Ha, at S.F.Nos. 202/2A2, 202/2B2, 203/1A2 (P),Thenkumarapalayam Village, Anaimalai Taluk , Coimbatore District, Tamil Nadu.

2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 167189 cu.m of Rough Stone & 10976 cu.m of Gravel and the ultimate depth of mining is 42m.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Restricting the depth of mining to 37m ultimate depth and quantity of 163349 cu.m of Rough stone & 10976 cu.m of Gravel for five years with a bench height of 7m as per the approved mining plan considering the hydrogeological regime of the surrounding area as well as to ensure sustainable and safety mining.
2. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
3. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
4. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
5. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
6. Ground water quality monitoring should be conducted once every six months and the report should be submitted to TNPCB.
7. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.

8. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
9. Proper barrier to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
10. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
11. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
12. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.
13. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
14. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
15. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A.No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A.No.843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016(M.A.No.981/2016, M.A.No.982/2016 & M.A.No.384/2017).
16. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wildlife as applicable shall be obtained before starting

the quarrying operation, if the project site attracts the NBWL clearance, as per the existing law from time to time.

17. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
18. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mining activities.
19. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 and 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities particularly sanitizing facility for school as proposed in the CER and furnish the same before placing the subject to SEIAA.
20. All the conditions imposed by the Assistant Director, Geology & Mining, Coimbatore District in the mining plan approval and the Precise area communication letter issued by concerned District Collector should be strictly followed.

AgendaNo:221-09

(FileNo:7963/2020)

Proposed Rough Stone quarry lease over an extent of 1.44.0Ha at S.F.Nos.84 (Part) & 485 (Part) K.Paramathi village, Pugalur Taluk, Karur District, Tamil Nadu by Tvl. Vel Blue Metals - For Environmental Clearance

(SIA/TN/MIN/179928/2020, dated: 21.10.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Tvl.Vel Blue Metals, has applied for Environmental Clearance for the proposed Rough stone quarry lease area over an extent of 1.82.0Ha, S.F.Nos. 484 (Part) & 485 (Part) K.Paramathi village, Pugalur Taluk, Karur District, Tamil Nadu.

2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 81486 cu.m of Rough Stone & 3960 cu.m of Gravel and the ultimate depth of mining is 27m.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. The project proponent shall not mine and leave the existing mined out area of 0.38.0Ha. Hence the project proponent shall now consider only 1.44.0Ha for mining area.
2. Restricting the depth of mining to 22m ultimate depth with area of 1.44.0Ha and quantity of 38486 cu.m of Rough stone & 3960 cu.m of Gravel for five years with a bench height of 5m as per the approved mining plan considering the hydrogeological regime of the surrounding area as well as to ensure sustainable and safe mining.
3. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
4. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.

the quarrying operation, if the project site attracts the NBWL clearance, as per the existing law from time to time.

16. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
17. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mining activities.
18. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 and 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities particularly sanitizing facility for schools proposed in the CER and furnish the same before placing the subject to SEIAA.
19. All the conditions imposed by the Assistant Director, Geology & Mining, Tiruppur District in the mining plan approval and the Precise area communication letter issued by concerned District Collector should be strictly followed.

Agenda No: 221-12

(File No: 7979/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 0.64.0Ha at S.F.Nos: 396/4, Myvadi Village, Madathukulam Taluk, Tiruppur District, Tamil Nadu by Thiru-S.Thangavel - For Environmental Clearance.

(SIA/TN/MIN/168830/2020, dated: 19.08.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru-S.Thangavel, has applied for Environmental Clearance for the proposed Rough stone & Gravel quarry lease area over an extent of 0.64.0Ha, S.F.Nos:396/4, Myvadi village, Madathukulam Taluk, Tiruppur District, Tamil Nadu.

2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 43400 cu.m of Rough Stone & 1400 cu.m of Gravel and the ultimate depth of mining is 37m below ground level.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Restricting the depth of mining to 32m ultimate depth and quantity of 43000 cu.m of Rough stone & 1400 cu.m of Gravel for five years with a bench height of 5m as per the approved mining plan considering the hydrogeological regime of the surrounding area as well as to ensure sustainable and safe mining.
2. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
3. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
4. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
5. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
6. Ground water quality monitoring should be conducted once in every six months and the report should be submitted to TNPCB.

7. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
8. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
9. Proper barriers to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
10. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
11. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
12. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.
13. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
14. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
15. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A.No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 &

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru-k.Dineshkumar, has applied for Environmental Clearance for the proposed Rough stone quarry lease area over an extent of 2.00.0Ha, S.F.Nos. 416/35 (Part-4)Vinnamangalam Village, Ambur Taluk, Vellore District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 385648 cu.m of Rough Stone and the ultimate depth of mining is 51m below ground level.

Based on the presentation and documents furnished by the project proponent, SEAC noted that there are 3 existing pits on totaling exceeds 5Ha, but AD mines in his letter hidied the fact and given letter. Hence SEIAA shall get a clarification from the collector, Vellore District.

Agenda No: 221-15

(File No: 7987/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 2.00.0Ha at S.F.Nos.1422/1 AND 1422/2B Bodinaickkam Village, Bodinaickkanur Taluk, Theni District Tamil Nadu by Thiru.S. Velusamy - For Environmental Clearance.

(SIA/TN/MIN/178554/2020, dated: 31.10.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

Agenda No: 221-18

(File No: 7999/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 2.42.8Ha at S.F.Nos.252/2B (P) Kangayampalyam Village, Dharapuram Taluk, Tiruppur District Tamil Nadu by Thiru.K. Senthilkumar - For Environmental Clearance. (SIA/TN/MIN/181232/2020, dated: 30.10.2021).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru.K. Senthilkumar, has applied for Environmental Clearance for the proposed Rough stone and Gravel quarry lease area over an extent of 2.42.8Ha, at S.F.Nos. 252/2B (P) Kangayampalyam Village, Dharapuram Taluk, Tiruppur District Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 276585 cu.m of Rough Stone & 5740 cu.m of Gravel and the ultimate depth of mining is 42m below ground level.

Based on the presentation and documents furnished by the project proponent, SEAC

**MEMBER SECRETARY

decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC,

1. Restricting the depth of mining to 32m ultimate depth and quantity of 217150Cu.m of Rough stone & 5740Cu.m of Gravel for five years with a bench height of 5m as per the approved mining plan considering the hydrogeological regime of the surrounding area as well as to ensure sustainable and safe mining.
2. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
3. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
4. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
5. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
6. Ground water quality monitoring should be conducted once in every six months and the report should be submitted to TNPCB.
7. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
8. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
9. Proper barriers to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt

and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.

10. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
11. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
12. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.
13. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
14. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
15. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A.No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A.No.843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016(M.A.No.981/2016, M.A.No.982/2016 & M.A.No.384/2017).
16. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance, as per the existing law from time to time.
17. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
18. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mining activities.

19. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 and 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities particularly sanitizing facility for schools proposed in the CER and furnish the same before placing the subject to SEIAA.
20. All the conditions imposed by the Assistant Director, Geology & Mining, Tiruppur District in the mining plan approval and the Precise area communication letter issued by concerned District Collector should be strictly followed.

Agenda No: 221-19

(File No: 8003/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 2.83.0Ha at S.F.Nos.32/3 & 32/4 kodukkamparai village, kovilpatti Taluk, Thoothukudi District, Tamil Nadu by Thiru.P.P.Shanavas - For Environmental Clearance.

(SIA/TN/MIN/181003/2020, dated: 05.11.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru.P.P.Shanavas, has applied for Environmental Clearance for the proposed Rough stone & Gravel quarry lease area over an extent of 2.83.0Ha at S.F.Nos.32/3 & 32/4 kodukkamparai village, kovilpatti Taluk, Thoothukudi District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 370850 cu.m of Rough Stone, 34652 cu.m of weathered rock & 36112 cu.m of Gravel and the ultimate depth of mining is 44m below ground level.

Based on the presentation and documents furnished by the project proponent, SEAC decided that the project proponent shall,

- (i) Study impact of mining on tank nearby which is situated at 48m
- (ii) Prepare lithological study
- (iii) Study the effect of mining for different depths

After assessing lithology, fractures and fissures, the SEAC would further deliberate on this project and decide the further course of action.

Agenda No: 221-20

(File No: 8004/2020)

Proposed Rough Stone, Jelly & Gravel quarry lease area over an extent of 2.37.40Ha at S.F.Nos.1721/1 & 1722 (Part) Mathavakurichi village, Manur Taluk, Tirunelveli District Tamil Nadu by Thiru-S. Kuttabsultan For Environmental Clearance.

(SIA/TN/MIN/182197/2020, dated: 05.11.2020).

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The details of the project furnished by the proponent are given in the website (parivesh.nic.in).

The SEAC noted the following:

1. The project proponent, Thiru -S.Kuttabsultan, has applied for Environmental Clearance for the proposed Rough stone quarry lease area over an extent of 2.37.40Ha, at S.F.Nos.1721/1 & 1722(Part) Mathavakurichi village, Manur Taluk, Tirunelveli District Tamil Nadu.
2. The project/activity is covered under Category "B2" of Item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 336430 cu.m of Rough Stone, 17049 cu.m of weathered rock & 53820 cu.m of Gravel and the ultimate depth of mining is 49m below ground level.

The project proposal was placed in 180th SEAC Meeting held on 08.10.2020. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

SEAC noted the following:

1. The project proponent, Tmt.S.Shanmugammal Rough stone and Gravel quarry lease over an extent of 0.64.5 ha in S.F.Nos. 99/4, 99/5A & 99/5B at Kotanatham Village, Virudhunagar Taluk, Virudhunagar District, Tamil Nadu.
2. The project/activity is covered under Category "B2" of item 1(a) "Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
3. The production for the five years states that the total quantity of recoverable as 73626 cu.m of Rough Stone and 35345 cu.m of Gravel and the ultimate depth of mining is 37m below ground level.

Based on the presentation made and documents furnished by the Project proponent, SEAC directed, project proponent to furnish the following details:

1. Several wells (around 108 wells) were present around 500m surrounding the proposed quarry. Hence a detail study on the hydro-geological shall be carried out to know the impact on the surrounding wells by a reputed/ Government institution and the same shall be furnished.
2. The photograph evidence for the fencing carried out for the already mined quarry should be produced.
3. The photographic evidence of the Trees planted available at proposed quarry site to be produced.

On receipt of the aforesaid details, SEAC would further deliberate on this project and decide the further course of action.

The Project proponent furnished the above said details to SEIAA-TN on 20.11.2020.

The subject was once again placed in the 209th SEAC meeting held on 09.04.2021.

After detailed discussion the committee decided that, the project proponent shall

make a re-presentation with all details along with hydrological studies.

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
2. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
3. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
4. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
5. Ground water quality monitoring should be conducted once in every six months and the report should be submitted to TNPCB.
6. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
7. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
8. Proper barriers to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt and/or

metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.

9. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
10. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
11. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.
12. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
13. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
14. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A.No.843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016(M.A.No.981/2016, M.A.No.982/2016 & M.A.No.384/2017).
15. Prior clearance from Forestry & Wild Life including clearance from committee of the National Board for Wildlife as applicable shall be obtained before starting the quarrying operation, if the project site attracts the NBWL clearance, as per the existing law from time to time.
16. To ensure safety measures along the boundary of the quarry site, security guards are to be posted during the entire period of the mining operation.
17. The mine closure plan submitted by the project proponent shall be strictly followed after the lapse of the mining activities.

18. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 and 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities particularly sanitizing facility for school as proposed in the CER and furnish the same before placing the subject to SEIAA.
19. All the conditions imposed by the Assistant Director, Geology & Mining, Virudhunagar District in the mining plan approval and the Precise area communication letter issued by concerned District Collector should be strictly followed.

Agenda No: 221-24

(File No: 6607/2018)

Proposed construction of Residential Group development project at S.F.Nos.445/2D3, 446/3, 447/1B, 2A, 451/1,2,3, 452/1, 2A1, 2B,2A2,453/1A,3C,547/4A, 5, 6, 548/2, 551/1, 2, 3, 4, 5, 6A, 7A, 8, 552/3, 4A, 5, 553/1,2, 554/1, 555/1A, 572 ,573/1, 574/1, 2A, 575/1, 2A, 575/1, 2A, 576 In padur Village, Thiruporur Taluk, Kanchipuram District, Tamil Nadu by M/S. Urbanrise constructions LLP- For Environmental Clearance.

(SIA/TN/MIN/31039/2018 dated: 04.02.2019).

The proposal was placed in the 143rd SEAC Meeting held on 03.02.2020.

The SEAC noted the following:

1. The Proponent, M/s. Urbanrise Constructions LLP has applied for EC to SEIAA-TN for the Plan Revision and Amendment in Residential Group Development at S. No. 445/2D3, 446/3, 447/1B, 2A, 451/1,2,3, 452/1, 2A1, 2B, 2A2, 453/1A, 3C, 547/4A, 5, 6, 548/2, 551/1, 2, 3, 4, 5, 6A, 7A, 8, 552/3, 4A, 5, 553/1,2, 554/1, 555/1A, 572 ,573/1, 574/1, 2A, 575/1, 2A, 575/1, 2A, 576 In padur Village, Thiruporur Taluk, kanchipuram District, Tamil Nadu
2. The project/activity is covered under Category "B" of Item 8(b) "Townships and area development project" of the Schedule to the EIA Notification, 2006.

The SEAC call upon earlier deliberation of the same project proposal seeking EC and noted the minutes of 130th SEAC meeting held on 10.06.2019 vide Agenda item no: 130- TA-07 wherein it was recorded that,

"The proponent has submitted the copy of the DTCP planning approval. However the inspection team requested the proponent to furnish the Compliance report for the DTCP planning approval".

The Survey no. 447/28 is mentioned at property of Veeranam Water supply pipe line Scheme. But the proponent mentioned the same as the approach road to OSR area of the project. Hence, approach Road to the OSR area should be provided and earmarked in the CMDA plan.

The project proponent informed that the survey no. 447/2B is mentioned as property of veeranam water supply pipe line Scheme only and as per the revenue record it has been earmarked as a public road. They have already approached DTCP and DTCP have inspected the site and confirmed that it has been used as public road. Hence, DTCP have given concurrence for the approach road to OSR.

The SEAC decided for the point No.4 the copy of the concurrent letter for the approach road to OSR given by the DTCP as reported by the proponent Shall be furnished to 'SEIAA'.

Based on the above the proponent was requested to furnish the concurrent letter for the approach road to OSR given by the DTCP as reported by the proponent. However, the proponent has not furnished said letter during the presentation.

Hence, it was decided that the SEAC would further deliberate on this project on receipt of recordal conversion of Veeranam pipeline land as road.

The project proponent has submitted the reply on 15.07.2021.

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. Now the project proponent has submitted the approval letter approved by DTCP on 12.12.2018, further the SEAC has noted that Environmental clearance was already issued to the project proponent on 29.07.2019. Further based on the plan revision in the building plan, Terms of Reference has been issued for increase in built-up area of 68.222.23sq.meters on 06.11.2019.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. The project proponent shall continuously operate and maintain the Sewage treatment plant & Grey Water Treatment Plant to achieve the standards prescribed by the TNPCB/CPCB.
2. The project proponent shall submit the stability certificate from the competent authority.
3. The height of the stacks of DG sets shall be provided as per the CPCB norms.
4. The project proponent shall allot necessary area for the collection of E-waste and strictly follow the E-Waste Management Rules 2016, as amended for disposal of the E-waste generation within the premises.
5. The proponent shall earmark the greenbelt area with dimension and GPS coordinates all along the boundary of the project site with atleast 3meters wide and the same shall be included in the layout out plan to be submitted for CMDA/DTCP approval. The total green belt area should be minimum 15% of the total area and the same shall not be used for car parking.
6. The proponent shall make proper arrangements for the disposal of the excess treated water from the proposed site for Toilet flushing, Green belt development & OSR.
7. The sludge generated from the sewage Treatment plant shall be collected and dewatered using filter press and the same shall be utilized as manure for greenbelt development after composting.
8. The proponent shall provide the separate wall between the STP and OSR area as per the layout furnished and committed.
9. The project proponent shall provide entry and exit points for the OSR area, community Hall, play area as per the norms for the public usage as committed.

10. The Proponent shall provide rain water harvesting sump of adequate capacity for collecting the runoff from roof tops, paved and unpaved roads as committed.
11. The project proponent shall obtain the necessary authorization from TNPC Board and shall strictly follow the Hazardous & Other Wastes (Management and Transboundary Movement) Rules, 2016, as amended for the generation of Hazardous waste within the premises.
12. No waste of any type shall be disposed off in any other way other than the approved one.
13. The Proponent shall provide the dispenser for the disposal of Sanitary Napkins.
14. All the mitigation measures committed by the proponent for the flood management, to avoid pollution in Air, Noise, Solid waste disposal, Sewage treatment & disposal etc., shall be followed strictly.
15. Solar energy should be at least 10% of total energy utilization. Application of solar energy should be utilized maximum for illumination of common areas, street lighting etc.
16. As per the MoEF&CC Office Memorandum F.No. 22-65/2017-IA.III dated: 30.09.2020 & 20.10.2020 the proponent shall furnish the detailed EMP mentioning all the activities as proposed in the CER and furnish the same before placing the subject to SEIAA.
17. The SEIAA may issue the Environmental clearance after the receipt/verifying the letter/ record on conversion of Veeranam pipeline land as road for the project site and OSR from DTCP /competent authority .

Agenda No: 221-25

(File No: 7991/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 1.05.0Ha at S.F.Nos.909, 911/2(Part) Panaiyadipatti Village, Vembakottai Taluk, Virudhunagar District Tamil Nadu by Thiru.A. Subbaraman – For Terms of Reference.

(SIA/TN/MIN/58046/2020, dated: 04.11.2020).

The proposal was placed for appraisal in this 198th meeting of SEAC held on 05.02.2021. The details of the project furnished by the proponent are available in the website (parivesh.nic.in).

The project proponent gave detailed presentation. SEAC noted the following:

1. The project proponent, Thiru.A. Subbaraman has applied for Terms of Reference For the proposed Rough Stone quarry lease over an extent of 1.05.0 Ha at S.F.No: 909, 911/2 (Part) at Panaiyadipatti Village, Vembakottai Taluk, Virudhunagar District, Tamil Nadu.
2. The project/activity it covered under Category "B1" of Item I(a) "Mining Projects" of the schedule to the EIA Notification' 2006.

Based on the documents furnished and presentation made by the Proponent. The SEAC after detailed deliberations, SEAC decided to seek the following from the Proponent.

As many explosive units are located at a distance of 195m from the mine lease area, SEAC decided to seek the Proponent to obtain NOC from the explosive department. On receipt of the same the committee would further deliberate on this Project and decide the future course of action.

The project proponent has submitted the reply on 12.04.2021, which states that,

"The Proposed project site is about 195m from the Crackers Godown. As per FORM DE-2 (Rule 113 of the Explosives Rules, 2008) dated 29.12.2008, A safety distance of 70m is mandated, as per the above act, whereas the site is 195m away. Hence our site is in the distance of 195m and there is sufficient distance has been provided and we are in compliance to the Explosives Rules, 2008."

The proposal was once again placed for appraisal in this 221st meeting of SEAC held on 23.07.2021.

Based on the presentation and documents furnished by the project proponent, SEAC

decided to recommend the proposal for the grant of Terms of Reference (ToR) with Public Hearing, subject to the following ToR in addition to the standard terms of reference for EIA study for non-coal mining projects and details issued by the MoEF& CC to be included in EIA/EMP report:

1. A detailed study of the lithology of the mining lease area shall be furnished.
2. The proponent shall form the proper benches as per the approved mining plan during the operation of the quarry considering the hydro-geological regime of the surrounding area as well as for safe mining.
3. The proponent shall furnish photographs of adequate fencing, green belt along the periphery including replantation of existing trees, & safety distance between the adjacent quarries & water bodies nearby provided as per the approved mining plan.
4. The Project Proponent shall conduct the hydro-geological study considering the contour map of the water table detailing the number of groundwater pumping & open wells, and surface water bodies such as rivers, tanks, canals, ponds etc. within 1 km (radius) along with the water levels for both monsoon and non monsoon seasons from the PWD / TWAD so as to assess the impacts on the wells due to mining activity.
5. The Proponent shall carry out the Cumulative impact study due to mining from all the mines on the environment in terms of air pollution, water pollution, & health impacts, accordingly the Environment Management plan should be prepared.
6. The Socio-economic studies should be carried out within a 10 km buffer zone from the mines.
7. A tree survey study shall be carried out (nos., name of the species, age etc.,) both within the mining lease applied area & 300m buffer zone and its management during mining activity.
8. The proponent shall furnish details of environmental and ecological preservation activities proposed by the proponent need to be included in the EMP along with its cost of implementation including CER activities proposed

considering the requirement raised during public hearing by the local habitants in regard to as per Office Memorandum of MoEF& CC.

9. A detailed mining closure plan for the proposed project shall be submitted.
10. A detailed report on the safety and health aspects of the workers and for the surrounding habitations during operation of mining for drilling and blasting shall be submitted.
11. The recommendation for the issue of "Terms of Reference" is subjected to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A No.186 of 2016 (M.A.No.350/2016) and O.A. No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 & M.A. No.843/2017) and O.A.No.405/2016 and O.A.No.520 of 2016 (M.A.No. 981/2016,M.A.No.982/2016 & M.A.No.384/2017).
12. The project proponent shall furnish the details of the existing green belt area earmarked with GPS coordinates and list of trees planted with a copy of photos/documents, and be included in the EIA Report.
13. The project proponent should provide a detailed plan regarding the green belt area surrounding the mining area atleast with a width of 3m.

Agenda No: 221-TA-01

(File No: 7483/2020)

Proposed Rough Stone & Gravel quarry lease area over an extent of 3.22.5Ha at S.F.Nos.81/1, 81/2, 81/3, 81/4, 81/5, 82/1, 82/3, 82/4, 82/6, and 82/7 Sevur Village, Thiruppathur Taluk, Sivagangai District, Tamil Nadu by Thiru.S.Vairavan - For Environmental Clearance.

(SIA/TN/MIN/142080/2020, dated: 10.02.2020).

The proposal was placed in this 157th SEAC Meeting held on 20.06.2020. The details of the project furnished by the proponent are available in the website. (parivesh.nic.in).

**MEMBER SECRETARY
SEAC -TN**

Dr. S. SELVAN
Member Secretary
SEAC - TN
Chennai-15

**CHAIRMAN
SEAC- TN**

Dr. S. MOHAN
Chairman
SEAC - TN
Chennai-15

The SEAC noted the following:

1. The Proponent, Thiru. S.Vairavan, has applied for Environmental clearance for the proposed Rough stone & Gravel quarry lease over an extent of 3.22.5 Hain S.F.Nos. 81/1,81/2,81/3,81/4,81/5,82/1,82/3,82/4, 82/6 & 82/7 of Sevur Village, Thiruppathur Taluk, Sivagangai District. Tamil Nadu.
3. The project/activity is covered under Category "B" of Item 1(a), Mining of Minerals Projects" of the Schedule to the EIA Notification, 2006.
4. The production for the five years states that the total quantity of recoverable as 164275 cu.m of Rough Stone and 23220 cu.m of Top soil and the ultimate depth of mining is 37m below ground level.

Based on the presentation made by the proponent and the documents furnished, the committee noted that the Letter obtained from the Assistant Director, Department of geology and Mining, Sivagangai District vide RoC.No.M2/97/2019 dated 04.12.2019 for the details of quarries are situated within 500 meter radial distance from this proposed quarry is not in the order. Hence the Proponent shall obtain the updated letter from the Assistant Director, Department of Geology and Mining, Sivagangai District for the details of proposed quarries, existing quarries and abandoned quarries situated in 500 meter with year of operation/ Period of lease as per the MoEF&CC notification. If the cluster within 500 meter radial distance from the proposed mine lease area exceeds 5 hectare, then the proponent has to resubmit the proposal for ToR under 1(a) "Mining of Minerals Projects" category.

On receipt of the above details, the SEAC would take further course of action on the proposal.

The project proponent furnished reply to SEIAA-TN on 04.11.2020 and the total cluster area is less than 5Ha as per AD letter dated 23.06.2020.

The proposal was once again placed in 205th SEAC Meeting held on 03.03.2021. The proponent has not turned up for the appraisal meeting. Hence the

SEAC decided to defer the proposal. Further the project proponent shall furnish the reason for not attending the meeting to SEIAA/SEAC.

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021.

SEAC noted that, as per 500m AD mines dated 23.06.2020, the total cluster area is less than 5Ha.

Based on the presentation and documents furnished by the project proponent, SEAC decided to recommend the proposal for the grant of issue of Environmental Clearance subject to the following specific conditions in addition to normal conditions stipulated by MoEF & CC.

1. Restricting the maximum depth of mining from to 32m considering the environmental impacts due to the mining, safety of the working personnel and following the principle of the sustainable mining and consequently the maximum minable quantities of 162525 cu.m of Rough stone & 23220 cu.m of Top soil are permitted for mining over five years.
2. Fugitive emission measurements should be carried out during the mining operation at regular intervals and submit the consolidated report to SEIAA once in six months.
3. Proponent shall ensure that the Noise level is monitored during mining operation at the project site and adequate noise level reduction measures undertaken.
4. The proponent shall erect fencing all around the boundary of the proposed area with gates for entry/exit as per the conditions and shall furnish the photographs/map showing the same before obtaining the CTO from TNPCB.
5. Greenbelt needs to be developed in the periphery of the mines area so that at the closure time the trees would have grown well.
6. Ground water quality monitoring should be conducted once in every six months and the report should be submitted to TNPCB.

7. After mining is completed, proper leveling should be done by the Project proponent & Environmental Management Plan furnished by the Proponent should be strictly followed.
8. The Project proponent shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition that is fit for the growth of fodder, flora, fauna etc.
9. Proper barriers to reduce noise level, dust pollution and to hold down any possible fly material (debris) should be established by providing greenbelt and/or metal sheets along the boundary of the quarrying site and suitable working methodology to be adopted by considering the wind direction.
10. The operation of the quarry should not affect the agricultural activities & water bodies near the project site and a 50m safety distance from water body should be left vacant without any activity.
11. Transportation of the quarried materials shall not cause any hindrance to the Village people/Existing Village road.
12. The Project Proponent shall comply with the mining and other relevant rules and regulations wherever applicable.
13. The proponent shall develop an adequate greenbelt with native species on the periphery of the mine lease area before the commencement of the mining activity, in consultation with DFO of the concerned district/agriculture.
14. The quarrying activity shall be stopped if the entire quantity indicated in the Mining plan is quarried even before the expiry of the quarry lease period and the same shall be monitored by the concerned District Authorities.
15. The recommendation for the issue of environmental clearance is subject to the outcome of the Hon'ble NGT, Principal Bench, New Delhi in O.A.No.186 of 2016 (M.A.No.350/2016) and O.A.No.200/2016 and O.A.No.580/2016 (M.A.No.1182/2016) and O.A.No.102/2017 and O.A.No.404/2016 (M.A.No. 758/2016, M.A.No.920/2016, M.A.No.1122/2016, M.A.No.12/2017 &

Notification,2006.

The project proponent has applied 2 online applications in Parivesh website for issue of TOR vide SIA/TN/NCP/57880/2021,dated:30.10.2020 and SIA/TN/MIS/60639/2021,dated:09.02.2021. Both of these 2 online applications have same offline no.7994 with the same name M/s.Vinplex India Private Limited. In these 2 applications the proponent has withdrawn one application no.57880. In Lr.No.SEIAA-TN/SEAC Communications/2020 dated: 29.12.2020, the SEIAA office while forwarding the file to SEAC for appraisal has given the application no.57880. The same application now as included in the schedule and circulated to committee members for appraisal.

The committee members stated that, though the said application is withdrawn it was placed in today's meeting. When verified with kml file during appraisal, many building are in place in the withdrawn file. The project proponent shall submit reply for EDS raised in the withdrawn file and shall furnish the reason for withdrawing the file. Also the new application no. 60639 in Parivesh portal is not accessible online for scrutiny and appraisal as no record was found in that number.

Further the correct online number was not mentioned in the Agenda. The members felt that a thorough check on the online numbers need to be done by the Concerned Engineers/Scientists before sending the finalized agenda to all the concerned.

The proposal was again placed in this 220th meeting of SEAC held on 20.07.2021 for presentation.

The SEAC committee members before the presentation stated that the said online application No.60639/2021 Dt: 09.02.2021 seeking Environmental Clearance through parivesh website was found to be not accessible to verify the details/mandatory documents pertaining to the application uploaded in the parivesh website. Therefore, the project was not again taken up for the SEAC meeting on 20.07.2021 and the SEAC directed the proponent to rectify the said

problem of accessing their application in parivesh website and to communicate the same to SEAC so that the appraisal for the proposed project to be taken up in any one of the forthcoming SEAC meetings.

The proposal was placed for appraisal in this 221st meeting of SEAC held on 23.07.2021. The project proponent made an presentation about the salient feature of the project .However, based on the scrutiny of the additional details submitted by the project proponent in online vide project proponent's reply letter dated 18.01.2021, SEAC noted the followings

1. The Environmental clearance was issued for this project site on 15.04.2014 with total built-up area of 44320 sq. meters for the development of ware house.
2. Another Environmental clearance was issued for this project site on 24.02.2015 for the total built-up area of 23973.4sq. meters for the development of ware house.
3. Further one more application was pending at SEIAA office with File No.2659 dated 16.06.2014 .

The EC was already issued to this project site and the present proposal shall come under expansion project .

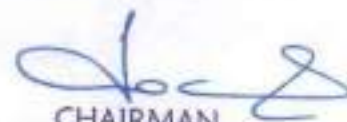

In the office memorandum of MoEF&CC dated 30th May, 2012, the followings were given.

"2.It has been now decided that while submitting the application for consideration for grant of environmental clearance of all expansion projects under the EIA Notification, 2006, the project proponent shall henceforth submit a certified report of the status of compliance of the conditions stipulated in the environmental clearance for the ongoing / existing operation of the project by the Regional Offices of the Ministry of Environment and Forests.

3. The status of compliance of the conditions stipulated in the environmental clearance as highlighted in the report(s) will be subsequently discussed by the respective Expert Appraisal Committees during the appraisal of the expansion proposal and duly recorded in the minutes of the meeting. Applications for expansion project received without the compliance status as mentioned in para no.2 above shall not be accepted and placed for consideration before the Expert Appraisal Committees."

Based on the above observations, the SEAC decided to direct the proponent to file a fresh application under expansion with the following details,

1. The proponent shall submit the detail of all the consent obtained from TNPCB for this project .
2. The project proponent shall submit a certified compliance report for the conditions stipulated in the environmental clearances dated 15.04.2014 and 24.02.2015 from the competent authority as per the office memorandum of MoEF&CC dated 30th May 2012.
3. This project is an expansion project, hence the project proponent shall furnish the existing building details with built up area and the project proponent shall furnish the date of completion for all earlier buildings.
4. The project proponent shall submit a plan on type of industries to be planned in the industrial shed.

Further the SEAC also request the SEIAA office to verify the above facts and furnish the detailed note before placing any application related this project namely M/s M/s.Vinplex India Private Limited at Maduravasal Village, Uthukottai Taluk, Tiruvallur District.

Finally, the meeting ended with thanks to the Chairman and members at 08:30 P.M.
