

- people present during public hearing and the complete details related to monitoring period must be mentioned in the minutes of public hearing.
20. Original lab analysis report of the project proposal along with EIA report should be uploaded on Parivesh Portal.
 21. Combined KML of all mines in a cluster should be submitted at the time of EIA.
 22. The project proponent/Consultant should identify the core & buffer zone (2.5 km) of the mining site.
 23. Agreement/Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road to be submitted at the time of EIA presentation.
 24. Proponent/Consultant should submit the plan/information along with technology (photographs of water sprinklers/ tankers) to be implemented for mitigating dust at source points in lease area and haulage road during operation activity/vehicular movement. Technology should be displayed at the time of EIA presentation.
 25. Proposed plantation plan with area specific plant species, number of plants to be planted and place of plantation along with a working map to be submitted at the time of EIA presentation.
 26. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ person to be submitted at the time of EIA presentation.
 27. Proponent/consultant shall present TOR specific/additional conditions compliance, observation/suggestions raised during the public hearing and commitment made by the project proponent in a tabular form with a time bound plan at the time of EIA presentation.
 28. Corporate Environment Responsibility (CER) to be prepared as per the MoEF&CC guidelines and present it at the time of EIA presentation. Proposal should be site specific and monitorable. At least 2% of the project cost should be earmarked towards Corporate Environment Responsibility (CER).
 29. The project proponent shall prepare and submit a detailed Progressive and Final Mine Closure Plan in accordance with Rules.
 30. Proponent to submit latest status of project site along with the site photographs and also provide mined minerals record of the respective project site at the time of EIA presentation.

16. "Building Stone Sand Stone (Khanda, Gitti, Boulder) Mining Project" at Bhukhand No.: 2062, Khand No.: 65 A, Village: Bhatauti, Tehsil: Meja, District: Prayagraj, State: Uttar Pradesh, Area: 2.020 Ha., 8273/SIA/UP/MIN/444788/2023

The project proponent has made an online application vide proposal no. SIA/UP/MIN/444788/2023, dated 18/09/2023 along with the application in prescribed format (Form-1), copy of pre-feasibility report, Mine Plan and proposed ToRs for undertaking detailed EIA study as per the EIA Notification, 2006 for the project mentioned above. The proposed project activity is listed at Item No. 1(a) under Category "B" of the schedule of the EIA Notification, 2006.

The SEAC observed that the matter was earlier listed in the 800th SEAC- meeting dated 17/10/2023 and recommended to issue the terms of reference for the project proposal for the preparation of EIA report. Subsequently, the matter was listed in 776th SEIAA meeting dated 18/11/2023 and SEIAA decided as follows:

"SEIAA noted that SEAC has recommended to grant ToR to the above project. SEIAA gone through file and documents and found that documents regarding DSR has not been submitted neither mentioned in MOM of SEAC hence SEIAA opined to refer back the project to SEAC for review."

As per the above decision of SEIAA, the matter was again listed in SEAC meeting dated 27/05/2024 and the committee decided that in the light of decision of Hon'ble NGT order dated 09/05/2024 in Original Application No. 747/2023 (IA No. 877/2023, IA No. 876/2023, IA No. 119/2024 & IA No. 115/2024), Raj Kumar Vs. Ministry of Environment, Forests and Climate Change & Ors., the committee withholds its recommendation. SEIAA may like to take response from DGM, UP on this issue.

The project proponent has submitted the copy of District Survey Report (DSR) approved by SEIAA on 20/05/2025 in compliance of above decision and the matter was listed in 971st SEAC-2 meeting dated 08/12/2025.

A presentation was made by the authorized representative of project proponent Shri Chandra Kumar Maurya along with their consultant Mr. Akhilesh Kumar Gupta, EIA Coordinator, M/s Globus Environment Engineering Services and informed the committee about the project as follows:

1. The terms of reference is sought for “Building Stone Sand Stone (Khanda, Gitti, Boulder) Mining Project” at Bhukhand No.: 2062, Khand No.: 65 A, Village: Bhatauti , Tehsil: Meja, District: Prayagraj, State: Uttar Pradesh, Area: 2.020 Ha.,
2. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/444788/2023		
2.	File no. allotted by SEIAA,UP	8273		
3.	Date of Letter of Intent (LoI) issued by DGM	06/06/2023		
4.	Date of approval of Mining Plan	22/08/2023		
5.	Name of Proponent	Shri Chandan Kumar Maurya S/o Shri Ram Khelawan Maurya		
6.	Full correspondence address of proponent and mobile no.	41, Pipri, Pyaari, District :Sant Ravidas Nagar, Uttar Pradesh		
7.	Name of Project	Building Stone, Sand Stone (Khanda, Gitti, Boulder) Mining Project		
8.	Project location (Plot/Khasra/Gata No.)	Gata No./Bhukhand No. 2062mi, Khand No. 65A		
9.	Name of Village	Bhatauti		
10.	Tehsil	Meja		
11.	District	Prayagraj		
12.	Name of Minor Mineral	Building Stone Sand Stone (Khanda/ Gitti,/ Boulder)		
13.	Sanctioned Lease Area (in Ha.)	Total Lease Area: 2.020 ha		
14.	Max. & Min mRL within lease area	Highest Point :135 mRL Lowest Point :105 mRL		
15.	Pillar Coordinates (Verified by DMO)	Sanction Lease Area Co-ordinate		
		Pillars	Latitude (N)	Longitude (E)
		A	25° 8'54.90"N	82° 2'18.80"E
		B	25° 8'53.90"N	82° 2'24.02"E
		C	25° 8'48.09"N	82° 2'23.04"E
	D	25° 8'49.79"N	82° 2'19.92"E	
16.	Total Geological Reserves	9,17, 898 m ³		
17.	Total Mineable Reserves	4,13,979 m ³		
18.	Total Proposed Production (in five years)	1,01,000 m ³		
19.	Proposed Production/year	20,200 m ³ per annum		
20.	Sanctioned Period of Mine lease	20 Years		
21.	No. Of Workers	35		
22.	Type of Land	State Government Land		
23.	Ultimate Depth of Mining	12 m (135 mRL – 123 mRL) (Source: Approved Mining Plan)		
24.	Nearest metalled road from site	820 m		
25.	Water Requirement	Purpose	Requirement (KLD)	
		Drinking	0.175	
		Suppression of Dust	4.69	
		Plantation	6.0	

		Total	10.865
26.	Name of QCI Accredited Consultant with QCI No. and period of validity.	GLOBUS ENVIRONMENT ENGINEERING SERVICES Certificate No. NABET/EIA/25-28/IA 0173, Valid Till July 20, 2028	
27.	Any litigation pending against the project or hand in any court	No	
28.	Details of 500 m Cluster certificate Verified by Mining Officer	Letter No. 950/ खनिज/2023-24, Date: 04-07-2023.	
29.	Details (Page no.) of mining lease area, Geo coordinates & Mineable quantity mentioned in approved DSR	DSR approved by SEIAA in Minutes 891st dated 28.04.2025 DSR PDF Pg. No. 54& 76, Sr. No. 07 DSR PDF Pg. No. 154, Annexure II & PDF Pg. No. 160, Annexure III, Sr. No. 07	
30.	Proposed EMP Cost	Rs. 20.65 Lakhs	
31.	Length and width of Haul Road	Haul Road Length 670 m & Width 7 m	
32.	No. of Trees to be Planted	3000 Trees (1000 Trees/Ha.)	
33.	Monitoring Period	October to December 2023 (Post Monsoon Season)	

3. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
4. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
5. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
6. There is no litigation pending in any court regarding this project.
7. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 14/10/2023 mentioning is as follows:

1. I Mr. Akhilesh Gupta S/o Sri. Omkar Gupta is EIA Coordinator of M/s Globus Environment Engineering Services.
2. I have prepared the TOR report for the Proposal (SIA/UP/MIN/444788/2023) in Name “Building Stone Sand Stone (Khanda, Gitti, Boulder) Mining Project” at Bhukhand No.: 2062, Khand No.: 65 A, Area: 2.020 Ha, Village: Bhatauti, Tehsil: Meja, District: Prayagraj, State: Uttar Pradesh with my team.
3. I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied that all the necessary data/ information submitted along with Application are true and correct.
5. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and the hard copy/presentation which will be submitted after acceptance of application.
7. I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report. (If and as required): Not Applicable.
8. The TOR report for the Proposal is prepared by me as per guidelines laid down by QCI/NABET.

Deliberation by Committee

The committee observed that the in the approved DSR for District Prayagraj details of the present project are listed at Serial No. 7, Page 91 with Gata Number as “2062mi”, Khand No. 65A, Village: Bhatauti, Tehsil: Meja, District: Prayagraj, State: Uttar Pradesh. However, in the present application submitted to SEIAA, Uttar Pradesh, as well as in the Letter of Intent dated 06/06/2023

issued by the District Magistrate, Prayagraj, the site is mentioned as “2062”, Khand No. 65A, Village: Bhatauti, Tehsil: Meja, District: Prayagraj, State: Uttar Pradesh. The committee also noted that the total geological reserve mentioned in the approved DSR is 3,73,700 cum, whereas the total geological reserve mentioned in the approved mining plan is 9,17,898 cum.

The Committee deliberated that this discrepancy/mismatch in gata number and geological reserve should be explained, removed and rectified by the project proponent not below the rank of ADM.

Recommendation by Committee

The committee directed the project proponent to furnish the above information for further consideration of the matter.

17. “Sand Stone (Gitti- Patthar, Boulder)” Project at Gata No.- 03 (Khand No.- 09) , Village- Garha, Tehsil- Bara, District- Prayagraj, U.P. (Leased Area : 3.64 ha.), 8593/SIA/UP/MIN/446097/2023

The project proponent has made an online application vide proposal no. SIA/UP/MIN/446097/2023, dated 16/12/2023 along with the application in prescribed format (Form-1), copy of pre-feasibility report, Mine Plan and proposed ToRs for undertaking detailed EIA study as per the EIA Notification, 2006 for the project mentioned above. The proposed project activity is listed at Item No. 1(a) under Category “B” of the schedule of the EIA Notification, 2006.

The project proponent/consultant informed the committee that the matter was earlier listed in 827th SEAC meeting dated 24/01/2024 and recommended to grant the environmental clearance along with general and specific conditions. Subsequently, the matter was listed in SEIAA meeting and in light of Hon’ble NGT order in OA No. 120/2024 dated 02/04/2020 and OA No. 747/2023 dated 09/05/2024, SEIAA decided to defer the matter till appropriate action is taken by concerned authorities.

Subsequently, the project proponent in its meeting dated 28/05/2025 informed that in compliance of the above Hon’ble NGT orders the District Survey Report (DSR) of District Prayagraj has been approved by SEIAA, U.P. and approved DSR sent to Mining Department for further necessary action. The project proponent enclosed the copy of approved DSR and requested to grant the environmental clearance for the project proposal.

The committee has gone through the documents submitted by project proponent and presentation made before SEAC. The committee observed that in compliance of Hon’ble NGT orders the DSR of District Prayagraj has already been approved by SEIAA. Hence, the committee is of the opinion that the environmental clearance for the above project may be granted by SEIAA in view of SEAC recommendation dated 24/01/2024.

Further, the matter was listed in 911th SEIAA meeting dated 22/09/2025 and decided as follows:

“SEIAA noted that the project was recommended for EC on 24/01/2024 when DSR was not approved and no comments regarding it has been made in SEAC MoM dated 28.05.2025. Hence SEIAA opined to refer back the project to SEAC for detail review/comments in reference to approved DSR.”

As per the above decision of SEIAA, the matter was listed in 971st SEAC-2 meeting dated 08/12/2025. A presentation was made by the authorized representative of project proponent Shri Anupam Singh along with their consultant Shri Shamshad Ahmad, EIA Coordinator, M/s Paramarsh

Servicing Environment and Development, Lucknow and informed the committee about the project as follows:

1. The environmental clearance is sought for Sand Stone (Gitti- Patthar, Boulder) Mining at Gata No.- 03Ga Mi (Khand No.- 09) , Village- Garha, Tehsil- Bara, District- Prayagraj, U.P. (Applied Area- 3.643 ha./ 9.0 Acre) M/s Harsh Associates, Prop.- Smt. Vandana Chaurasia W/o Shri Deepak Chaurasia
2. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/446097/2023		
2.	File No. allotted by SEIAA, UP	8593		
3.	Date of Letter of Intent (LoI) issued by DM	Lease deed is executed on 07.12.2016 for a period of Ten years from 07.12.2016 to 06.12.2026.		
4.	Date of approval of Mining Plan	08.01.2022		
5.	Name of Proponent	M/s Harsh Associates, Prop.- Smt. VandanaChaurasia W/o Shri Deepak Chaurasia		
6.	Full correspondence address of proponent	Add.- 393/161 Ashok Nagar, District- Prayagraj, U.P.		
7.	Name of Project	Sand Stone (Gitti- Patthar, Boulder) Mining Project		
8.	Project location (Plot/ Khasra /Gata No.)	Gata No.- 03Ga Mi (Khand No.- 09)		
9.	Name of Village	Garha		
10.	Tehsil	Bara		
11.	District	Prayagraj		
12.	Name of Minor Mineral	Sand Stone (Gitti- Patthar, Boulder)		
13.	Sanctioned Lease Area (in Ha.)	3.643 ha. (9.0 Acre)		
14.	Max.& Min mRL within lease area	141 mRL- 139 mRL		
15.	Pillar Coordinates (Verified by DMO)	Pillars	Latitude (N)	Longitude (E)
		A	25° 13' 14.90"N	81°34' 32.10" E
		B	25° 13' 16.33"N	81°34' 35.73" E
		C	25° 13' 10.32"N	81°34' 42.25" E
		D	25° 13' 07.70"N	81°34' 36.40" E
16.	Total Geological Reserves	1425535 m ³		
17.	Total Mineable Reserves	1350117 m ³		
18.	Proposed Production / year	270000 m ³		
19.	Sanctioned Period of Mine lease	10 Years (07.12.2016 to 06.12.2026)		
20.	Method of Mining	Opencast Semi-Mechanized		
21.	No. of workers	48 (approx.)		
22.	Type of Land	Govt. revenue land		
23.	Nearest metalled road from site	200m		
24.	Water Requirement	PURPOSE	REQUIREMENT (KLD)	
		Drinking & Others	0.50	
		Suppression of dust	1.20	
		Plantation	4.00	
		Total	5.70	
25.	Name of QCI Accredited Consultant with QCI No and period of validity.	M/s Paramarsh (Servicing Environment and Development), Lucknow, U.P. QCI/NABET/EIA/24-27/RA0372, Validity-30/11/2027		
26.	Any litigation pending against the project or land in any court	No		
27.	Details of 500 m Cluster certificate Verified by Mining Officer	DMO, Prayagraj vide Letter No. 1408/Khanij/2023-24, Dated 16 th August, 2023		
28.	Details (Page no.) of mining lease area, Geo coordinates& Mineable quantity mentioned in approved DSR	Page No.-35, S.No.- 05		
29.	Proposed CER cost	1.65 Lakh		
30.	Proposed EMP cost	EMP in First Year – 19.85 Lakh EMP (Recurring Years) – 8.50 Lakh		
31.	Length and breadth of Haul Road.	Length- 200m, Width- more than 6.0 m		

32.	No. of Trees to be Planted	4000
-----	----------------------------	------

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 14/09/2023 mentioning is as follows:

- I, Pankaj Srivastava S/o Sri V.V. Srivastava am EIA Coordinator of Paramarsh Servicing Environment and Development.
- I have prepared EMP report for EC in the name of M/s Harsh Associates, Prop.- Smt. Vandana W/o Shri Deepak Chaurasia for the Proposed “Sand Stone (Gitti- Patthar, Boulder)” Project at Gata No.- 03 (Khand No.- 09), Village- Garha, Tehsil- Bara, District- Prayagraj, U.P. (Applied Area : 3.64 ha./ 9.0 Acre) with my team.
- I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
- I am satisfied with that all the necessary data/information submitted along with EMP are true and correct.
- I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
- I certify that there is no mismatch between information/data provided on the online application submitted on Parivash Portal and hard copy which is submitted after acceptance of application.
- The EMP report for the Proposal is prepared by my team as per guideline laid down by QCI/NABET.

Deliberation by Committee

The committee deliberated on the matter and observed that the project proponent informed the committee that the environmental clearance for the above project proposal was issued by DEIAA, Prayagraj vide letter no. 614/Parya(DEIAA)-871/2017-18, dated 23/10/2017 for the lease area 3.64 ha along with mining quantity 2,70,000 m³/annum. Lease deed executed for a period of 10 years 07/12/2016 to 06/12/2026.

The committee also observed that the District Survey Report (DSR) for District Prayagraj was approved and issued by SEIAA, Uttar Pradesh, vide letter dated 20/05/2025. The mining plan for the project was approved on 08/01/2022. The Cluster Certificate was issued vide letter dated 16/08/2023 by the Mining Officer, Prayagraj, wherein the mining project has been classified under Category B-2.

Recommendation by Committee

The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India and following specific conditions:

- The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of valid mine plan whichever is earlier, after this period the EC will automatically become null and void.

2. Before commencing mining operations, the Mining Department must re-demarcate the area based on the geo coordinates mentioned in the DSR.
3. The project proponent should obtain an NOC from the Forest Department confirming that no wildlife sanctuary or eco-sensitive zone area exists within a 10 km radius of the project site.
4. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
5. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
6. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.
7. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer/Expert Agency in this field.
8. The maximum height of the bench should be 06 meters and the width of the bench should be at least twice the height of the bench as per the mine plan approval letter by DGM, U.P
9. In case the blasting is proposed during a mining operation, the project proponent needs to assess its impact on the displacement of human beings/wild animals/birds/other species, and the suitable measures proposed and taken for their rehabilitation and resettlement need to be clearly described in first 6 monthly compliance report.
10. The project proponent shall submit a final mine closure plan/Exit protocol for rehabilitation of mined-out land to match its surrounding land use 3 years before the closure of the mine to SEIAA, UP and Department of Mines and Geology, UP for approval. The project proponent shall ensure the implementation of the approved plan under the supervision of the Dept. of Mines and Geology.
11. The project proponent shall plan and implement collection drain and siltation basins of adequate size to arrest the silt and sediment flow from the quarry area. The surface runoff rainwater harvesting and other water conservation measures on a long-term basis are to be taken in consultation with the Central/State Groundwater Board. The water so collected should be utilized for watering the haulage area, roads, and green belt development, etc.
12. The project proponent shall take all suitable measures to prevent pollution of groundwater and nearby water bodies in consultation with the State Pollution Control Board and consent to operate (if applicable) should be obtained from the State Pollution Control Board before the start of production from the mine.
13. Project proponent is directed to invest the CER amount as per the proposal and submit the compliance report regularly to the concerned authority/Directorate of environment.
14. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.
15. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
16. The project proponent should explore the possibilities of rainwater harvesting.
17. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
18. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.

19. As per the proposed plan, plantation with area specific plant species, number of plants to be Planted and report of green belt development to be submitted to the Forest Department, UPPCB and Directorate of Environment, UP.
20. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and the area is less than 05 ha, but factually the distance is less than 500 mt, and the mine is located in the cluster of area equal to or more than 05 ha, the E.C issued will stand revoked.
21. Explosive cannot be stored on the site. The Project proponent shall take approval from Chief Controller of Explosive, if applicable for use or storage of explosive or any such materials.
22. Blast vibrations study shall be conducted and an observation report submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and UPPCB within six months. The report shall also include measures for the prevention of blasting associated impact on nearby houses and agricultural fields.
23. Controlled blasting techniques with sequential blasting shall be adopted. The blasting shall be carried out in the daytime only. The project proponent shall ensure prevention of displacement of human beings/wild animals/birds etc. and in case any such displacement is caused due to blasting/mining operation by any chance the project proponent shall take suitable measures for their rehabilitation and resettlement.
24. Maintenance of village roads used for transportation of minerals is to be done by the company regularly at its own expenses. The link roads from mining area to main road shall be constructed as all-weather road with black topping and maintained by the project proponent.
25. The self-environmental audit shall be conducted annually. Every three years third-party environmental audit shall be carried out.
26. Measures for prevention and control of soil erosion and management of silt shall be undertaken. Protection of dumps against erosion shall be carried out with geotextile matting or other suitable material, and thick plantations of native trees and shrubs shall be carried out at the dump slopes. Dumps shall be protected by retaining walls.
27. Ground and surface water, if any in and near the core zone (within 5.0 km of the lease) shall be regularly monitored for contamination and depletion due to mining activity and records maintained. The monitoring data shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly. Further, monitoring points shall be located between the mine, and drainage in the direction of flow of groundwater shall be set up and records maintained.
28. Fugitive dust generation shall be controlled. Fugitive dust emission shall be regularly monitored at locations of nearest human habitation (including schools and other public amenities located nearest to sources of dust generation as applicable) and records submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly.
29. Overburden (OB) shall be stacked at the earmarked dump site(s) only and shall not be kept active for long period. The maximum height of the dump shall not exceed 20 m, each stage shall preferably be of a maximum of 10 m and the overall slope of the dump shall not exceed 35°. The OB dump shall be backfilled. The OB dumps shall be scientifically vegetated with suitable native species to prevent erosion and surface runoff.
30. The slope of the mining bench and ultimate pit limit shall be as per the mining scheme approved by the Indian Bureau of Mines.
31. Prior permission from the Competent Authority shall be obtained for the extraction of groundwater if any.
32. A final mine closure plan, along with details of Corpus Fund, shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board 5 years in advance of final mine closure for approval.

33. The blasting will be done only after getting permission from the Mining Department/competent authority.
