

Agenda notes for SEIAA meeting dated 17.05.2022 etc. and minutes of the meeting

Online Proposals

80th Meeting of SEIAA, Odisha dated 17.05.2022, 18.05.2022 and 19.05.2022 at 11.00 a.m.

| Sl. No. | Proposal Category (B1, B2) and Proposal type (TOR/EC/MO/DIEC/MODITOR/Transfer of EC) | Project Sector and EIA notification Schedule. | Auto generated File No. | Name of the Applicant/ Project Proponent | Title of the proposal | Date of receipt of the proposal online | Status indicated in the PARI VESH portal | Decisions of SEIAA in the previous meeting | Current Status and Agenda Note | Observations / Decisions of SEIAA Meeting |
|---------|--|---|--------------------------|--|---|--|--|--|--|--|
| 1. | B2, EC | 5(f) Synthetic organic chemicals industry | 241796/01 - IND3/12-2021 | Sapigen Biologix Private Limited | Manufacturing of Vaccines and Bio-therapeutics including bio-processing, bulk formulation, filling, packaging and R&D for vaccine development | 06.12.2021 | Under examination of SEIAA after SEA C | Online proposal for EC | <p>This is regarding a new proposal for Manufacturing of Vaccines. The project has submitted at SEIAA under Category 'B2' as the Industrial project-3. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-5(f)-"Synthetic organic chemicals industry (dyes & dye intermediates)". The project proponent has submitted proposal for EC of Manufacturing of Vaccines and Bio-therapeutics including bio-processing, bulk formulation, filling, packaging and R&D for vaccine development in village Odisha Biotech Park, Sub Plot No. B1/24 & ITBT1/7, Daspur Road, Mouza-Andharua, Bhubaneswar, District Khordha and the project proponent is M/s. Sapigen Biologix Pvt. Ltd.</p> <p>The following documents have been received Form-1, PFR topomap etc. The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p><u>Other points</u> The proposal is for Environmental Clearance of M/s Sapigen Biologix Private Limited for proposed manufacturing of Vaccines and Bio-therapeutics including bio-processing, bulk formulation, filling,</p> | <p>The following points need clarification and elaboration.</p> <ol style="list-style-type: none"> 1. Safe handling of raw material and end products, (storage and transport) including intermediate products. 2. Waste (solid, liquid, water, hazardous |

| | | | | | | | | <p>packaging and allied R&D works at Odisha Biotech Park, Village-Andharua, Tahasil- Chandaka, Dist.-Khordha, Odisha of Sri A. Arunachalam.</p> <p>The MoEF&CC, Govt. of India Notification vide S.O 2859 (E), dated 16.07.2021 stipulates "All proposals for projects or activities in respect of active pharmaceuticals ingredients (API) received from 16.07.2021 to 31.12.2021, shall be appraised as category B2 projects, provided that any subsequent amendment or expansion or change in product mix after the 31.12.2021 shall be considered as per provisions in-force at that time" and this shall be substituted after the 3rd paragraph of column 5 of item 5 (f) of schedule of EIA Notification , 14th September, 2006 and amendment thereafter.</p> <p>M/S. Sapigen Biologix Private Limited has obtained the land possession from Odisha Biotech Park of 8.86 Acres. Proposed Built-up area:- 25889.5 SqM Plot Area - 35,889.22 m2 or 8.86 acres /3.58 Ha of land have been earmarked for development of the Production facility to manufacture multiple Vaccines including Covid vaccines and Bio therapeutics Manufacturing Unit at Odisha Biotech Park. The proposed project is a Manufacturing Project. The proposal also pertains to construction of infrastructure and Manufacturing buildings for proposed unit as per BDA.</p> <p>Location and Connectivity - Total land for this proposed project is 35,889.22 m2 or 8.86 acres /3.58 Ha. over Sub Plot no.: B1/24 & ITBT1/7, Village-Andharua, Tahasil-Chandaka, Dist.-Khordha, Odisha. The Geographical co-ordinate of the project site is: Latitude 20°18'58.06" N to 20°19'4.11" N & Longitude 85°46'21.95" E TO 85°46'15.03"E and fall under Topo Sheet No.- 73H/11,73H/15,73H/12,73H/16.The Site is connected to AH-45 (Kolkata-Krishnagiri Road) at 7.23 K.M and also is well connected to Khandagiri Chandaka road at distance of 0.8 km from the project site. The nearest railway station is Bhubaneswar Railway Station is 16.6Km from project site. The nearest airport is Biju Pattnaik Airport, Bhubaneswar at a distance of approx.13.9 Km from project site. Nearest sanctuary is Chandaka Dampada Sanctuary – 0.62km. Nearest water body is Botanical Garden Lake – 3.20km. Nearest Habitation is Andharua Village – 1 km.</p> <p>The site is coming under Bhubaneswar Development Authority.</p> <p>The total plot area is 35,889.22 m2 or 8.86 acres /3.58 Ha. with total built-up area 25889.5 SqM.</p> <p>The land use details of the Project:</p> | <p>biochemical, gaseous) management and safe disposal procedure.</p> <ol style="list-style-type: none"> Water sourcing, use, reuse disposal. Scale of operation. Protocol and procedure for pre-empting any chance of leakage of virus and pathogens. <p>The PP may be asked to make a detailed presentation before us on 25th May at 11.30 AM.</p> |

for

Water requirement: Total water requirement will be 744 KLD. Around 628 KLD of water will be met out from PHED Supply. The sewage generated due to domestic usages from with the Plant will be treated in STP. The Park is expected to set up the common STP of 25 KLD with expandable capacity up to 50 KLD. The Park is expected to install 1 no. of 600 KLD Central Effluent Treatment Plant (CETP) with expandable capacity and the effluent network will be extended to required industries. All output from biotechnology units is decontaminated and sterilized to ensure safe disposal of effluents and to ensure all pathogens will be killed prior to liquid disposal. Every unit within the Park is expected to be equipped with a Kill Tank system (Decontamination System) using Thermal based decontamination technology. In case, the Park does not set up the ETP & STP units, Sapigen Biologix undertakes to set up its own ETP and STP catering to its individual need.

Power requirement: The daily power requirement for the proposed complex is assessed as 5836 KW. The power will be entirely supplied by 11 KV source of TPCODL of Odisha. Also, in case of power cut, 100 % power backup generator will be provided in the hospital. For this purpose diesel generator having DG Set (4x2000KVA) capacities will be provided.

Rain Water Harvesting: Rain Water will be harvested and recharge through 41 recharge pits from the plot area.

Parking Requirement: Total parking area provided 16686 m² Sq.mt./667 ECS and basement parking area will be provided.

Fire fighting installations: Fire fighting system will be installed as per recommendation of the Fire fighting Officer, Odisha and as per the guideline of NBC (part-4).

Green Belt Development: Green belt area allocated within Layout Plan = 7278 Sq M (20% of Land Area). Parking area allocated inside

| | | |
|-------|--------------|------------|
| S.NO. | FACILITY | AREA (sqm) |
| 1 | Main Block | 11238.09 |
| 2 | Parking Area | 6305.20 |
| 3 | Greenbelt / | 11843.43 |
| 4 | Total Road | 4100.00 |
| 5 | Utility & | 2402.36 |
| | TOTAL | 35889.10 |

is 10870sqm (33% of land area require =11843 SqM requirement for Green development per MoEF guideline Therefore, required additional Green area allocation from the Parking space = 4565 Sq M. The proposed land area shall be planted with vegetation.

Solid Waste Management: Solid Waste generated will be segregated into components such as biodegradable (Waste vegetables and food etc.), hazardous wastes, Bio Medical Wastes, oil waste and E-waste. Solid wastes will be collected in separate bins with different colors. The wastes will be disposed through authorized vendors.

| Name of waste | Item | Quantity per Ann um | Unit | Mode of Transport | Mode of Disposal |
|---------------------------------|---------------------------------------|---------------------|-----------|-------------------|---|
| Used Oil | Hazardous Waste (as per Hazardous and | 3.6 | Kilolitre | Road | Authorized Recyclers |
| General waste scrap | Paper, Plastic and Other mixed waste | 360 | Tons | Road | Authorized Recyclers |
| Electrical and electronic waste | E Waste | 0.6 | Tons | Road | Authorized Recyclers |
| ETP sludge | Industrial Waste | 14.4 | Tons | Road | Treatment, Storage and Disposal Facility(TSD) |
| Empty containers | Hazardous Waste (as per Hazardous and | 7.2 | Tons | Road | Authorized Recyclers |

Employment Potential – During the operation phase, total manpower will be 325 persons (Temporary – 200nos and Permanent – 125nos). Baseline Data from 01 January 2021 to 31st January 2021 (Winter Season)

The estimated project cost is ` 314.6 Crores and cost for EMP is 3.16 crores.

The project proponent along with the consultant M/s Visiontek Consultancy Services Pvt. Ltd., Bhubaneswar made a detailed presentation on the proposal.

| | | | | | | | | | | |
|----|--------|-------------------------|-----------------------------|------------------------|---|-------------|--|------------------------|--|---|
| | | | | | | | | | <p>The proponent made an appeal before the committee to consider the proposal as category B2 as per MoEF&CC, Govt. of India Notification vide S.O 2859 (E), dated 16.07.2021 as they have applied for EC before 31.12.2021.</p> <p>The SEAC recommended the proposal for EC with following conditions:</p> <ol style="list-style-type: none"> i) The proposal may be considered as category B2 as per MoEF&CC, Govt. of India Notification vide S.O 2859 (E), dated 16.07.2021 as they have applied for EC before 31.12.2021. ii) Environmental Clearance may be granted valid for 10 years with stipulated conditions as per Annexure-C and in addition to the following specific conditions: <ol style="list-style-type: none"> a) Land use pattern indicates the land as Agriculture, water bodies, forest & settlement lands etc. The 'Kisam' of the land needs to be converted to "Industrial use" before construction of the unit by appropriate Revenue Authority b) All the compliances submitted/ committed by PP (s) shall be strictly adhered to by them. c) Since, schools are stated to be located at 300 mtrs distance, the proponent shall take adequate measures for the traffic management as per recommendation of Traffic Study. d) STP & ETP shall be standalone system and shall not be inter-connected or integrated. e) Since effluents of ETP is very health hazardous, it shall not be connected to dual plumbing and not to be discharged to drain also. <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p> | |
| 2. | B2, EC | 1(a) Mining of minerals | SIA/ OR/ MIN/ 2452 86/20 21 | Sri Ajit Kumar Sadangi | Environmental Clearance for Charmula Decorative Stone Deposit over an area of 4.553 Ha. in Village Charmula, Tehsil-Boriguma, Dist-Koraput, for | 04.02. 2022 | Under examination of SEIAA after SEA C | Online proposal for EC | <p>This is regarding a new proposal for mining of mineral Decorative Stone. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for EC of Charmula Decorative Stone quarry over an area of 4.553 Ha. in Village Charmula, Tehsil-Boriguma, Dist-Koraput, Odisha for production of decorative stone @ 1150 CuM/annum and the project proponent is Sri Ajit Kumar Sadangi.</p> <p>The following documents have been received Form-1, Form-2, PFR, checklist, EMP, Mining Plan and approval letter, D.L.C., DSR, Village sheet, Cluster certificate, topomap etc.</p> <p>The following deficiencies/omission have been noticed in the</p> | EC be given with usual conditions for such quarry operation with blasting. After mining closure, top has to be covered by soil to a depth of 1m by bringing soil from the areas |

| | | | | | | | | <p>a. Demand for plantation, regular maintenance of natural nala, transportation route and preventive measure for dust pollution.</p> <p>b. Local employment, fund provision for development of temple of local village</p> <p>c. Regular Health camp for villagers etc.</p> <p>3. Govt. of Odisha, Dept. of Steel & Mines, has issued the Letter of Intent vide their letter no. 5879/S & M, Bhubaneswar, dated 09.08.2019 for grant of mining lease in favor of Sri Ajay Agarwal for a period of 30 years.</p> <p>4. Mining Plan was approved by the Director of mines, Bhubaneswar vide letter No. MXXII-(a) 7/2019/3905/DM dated 17.06.2020. As per EIA Notification, 2006 and subsequent amendments, the project is coming under Category B1 (New Mines) Lease area > 5.0 Ha (Minor Minerals).</p> <p>5. The area of mining lease area is located in the Survey of India Toposheet no. E 45 A 10 (74 A/10), latitude 19°4'41.08" to 19°4'53.98" and longitude 84°43'08.33"E to 84°43'31.78"E. The land use pattern of the mining lease area comes under the non forest agricultural land (Abada Ajogya Anabadi), bearing Khata no.1173, Plot no.671 (50.72Acres) and 672 (0.12Acres), Kissam: Parbata.</p> <p>6. Nearest railway stations is Berhampur Railway Station at an aerial distance of 45Km. and about 15Km from Aska. The lease area can be approached from NH: 59 to Berhampur and SH: 33 to Aska, at a distance of 15Km from the applied area. The maximum altitude of the isolated hillock is 116.00 m. at the top of the hillock and the lowest altitude is 83.00m. The overall slope of the hill is towards north-south side of the area. The nearest reserved forest is Sandhasolia RF which is located at a distance of 1 Km from the lease area. There is no national park, sanctuary or other eco sensitive zone located within the buffer zone of the lease area. The major drainage in the buffer zone is regulated by Rushikulya river which flows at a distance of 11 Km from the lease area. The Bara River – a tributary of Rushikulya river is flowing at a distance of 5 Km, in the western side of the lease area. A water reservoir is existing in the North west side at a distance of 200m from the lease area.</p> <p>7. Total geological reserve of the area is 1384929 cu.m. and mineable reserve is 1044216 cu.m. The proposed production from the lease area will be 5000 (c.u.m)/annum of decorative stone with total excavation of 16667 Cu.m/ Annum of rock mass. The method of mining proposed is semi mechanised open cast mining method on single shift basis. The volume of total waste likely to be generated during the proposed plan period will be 58335 Cu.m. However about 40% of the generated waste will be utilized</p> | <p>development, etc. raised in the public hearing shall be fulfilled. For safety of free roaming black buck of the area, the standard prescriptions conditions earlier finalized shall be given here also.</p> |

Ltd.</p> <p>The following documents have been received PFR, Form-1A, EMP, Checklist and scrutiny fee etc.</p> <p>The following deficiencies/omission have been noticed in the above documents.</p> <ul style="list-style-type: none"> • Nil <p>Other points</p> | EC be given with all stipulations proposed by SEAC and standard water conservation and waste water treatment and recycling and waste disposal norms finalized for such projects. |

1. The project falls under category "B" or activity 8 (a)-Building and Construction projects under EIA Notification dated 14th September 2006 as amended from time to time.

2. M/s. Chhend Heritage Homes Pvt. Ltd. has proposed project for construction of Residential Apartments at Plot No. 288(P) & 289/432(P) Khata No. 9, Mouza- Chhend, R.T.U - 3, P.S. Chhend, Tehsil-Rourkela, Sundargarh, Odisha over an area of 1.75 Acres (7081.94 sq.mts) through Public Private Partnership (PPP) mode by Chhend Heritage Homes Pvt. Ltd. and Rourkela Development Authority (RDA). A total area of 5.05 Acres is divided into Affordable Housing Area (AHA) of 3.30 acres on which AHA is undertaken and Developer's area (DA) of 1.75 Acres on which this proposed project (PDP) will be undertaken. The project measuring about to construct 91 Units in 2B + GF + 16 storied building for sale.

3. **Location and connectivity** - The area is located in Survey of India Toposheet No. 73H/15. Nearest Railway station is Panposh Railway station at a distance of 1.5 Km from the project site. The nearest road is Rourkela Ring road, Chhend main Road & Panposh Road at a distance of 1.5Km, 0.3Km & 1.5Km respectively. The site is well connected to NH-23 at a distance of 1.7Km. Nearest airport is Rourkela airport at a distance of 1.7Km from the project site. The nearest river is Brahmani River & Koel River located at a distance of 1.3 Km & 2.0 Km respectively. Rourkela Steel Plant & Rourkela industrialship located at a distance of 4.5 Km & 2.5Km respectively.

4. The site is coming under development plan of Rourkela Development Authority.

5. The Building Details Of The Project:

| Area details | Area in Sq.mt |
|------------------------------|---------------------|
| Total Plot area | 7081.94 (1.75 Acre) |
| Built-up area | 47889.13 |
| Ground floor coverage area % | 39.94% (3069.85 mt) |
| Total open space | 4012.09 |
| Green Area | 1421.91 |
| Service area | 62.5 |
| Parking area | 10768.3 |
| Area for Internal Roads | 1950 |
| Area of STP & Sewerage | 97.2 |

| | | | |
|-----|---|--------------------|--|
| 10. | Maximum height of the building | 59.15 meters | |
| 11. | FAR (with respect to project Area of 1.75 Acre) | 4.92 | |
| 12. | No. of Apartments/flats. | 91 Units | |
| 13. | No. of population (office, retail area, residential area) | 700 nos. (Approx.) | |

6. **Water requirement:** The Total amount of water required will be 95 KLD (approx) out of which fresh water requirement will be 63 KLD & it will be made available by PHED, Rourkela and 20 KLD of water will be used for gardening purpose.

7. **Waste water details:** Every building generates wastewater amounting about (80 % of fresh water consumed + 95 % of flushing water). The major source of wastewater includes the grey water from kitchens, bathrooms and black water from toilets. It is expected that the project will generate approx. 89 m³/day of wastewater. The wastewater will be treated in the STP of capacity of 125KLD provided within the apartment. Out of which 80 m³/day will be recycled within the project for flushing (32 m³/day), landscaping & plantation (20 m³/day), STP loss & for washing purposes (20 m³/day) and discharged to the drain (8 m³/day).

8. The storm water disposal at the site will be made through the peripheral drain system connecting to main drain along with 60-0' wide BT road existing. This work will be taken up during the time of site development work. Total 280 Kg per day amount of solid waste will be generated which will be disposed through the Rourkela Municipal Corporation (RMC).

9. **Power requirement:** The Electricity requirement for the apartment will be 750 KW which will be supplied from the TPWODL, Odisha and 3.4% of the electricity i.e. 25.85 KW will be met through solar energy. Energy conservation measures will be adopted by using maximum use of sunlight and minimize the use of electricity during day time.

10. **Rain Water Harvesting:** Rain Water will be harvested and recharge through 31 recharge pits from the plot area.

11. **Parking Requirement:** Total parking area provided is 10768.36 m² Sq.mt. and space provided are lower and upper basement, ground floor and open parking area.

12. **Fire fighting Installations:** Fire fighting system will be installed as per recommendation of the Fire fighting Officer, Odisha and as per the guideline of NBC (part-4).

| | | | | | | | | | |
|--|--|--|--|--|--|--|--|--|---|
| | | | | | | | | | <p>13. Green Belt Development: Green belt will be developed over an area of 1421 sqm which is 20.0 % of the plot area; by using the local species like Mango, Sisoo, Chakunda, Karanja, Neem, Sirisa, Kadamba, Krushachuda, Radhachuda, Bottle brush, Gangasiuli, Aonla, Sunari, Coconut, Mango, Guava, Baula, Ashok, Kanchan, Bela, Harida, Bahada, Kanchana, Mandar, Tagar, Kaniar, Karabira, Kamini, Godibana, Ixora, Sugandha raj, Brazil flower, Kagajaphula, Ixora, Kunda, Shtalapadma, Ma, etc.</p> <p>14. Solid Waste Management: From the residential complex solid waste in form of food waste from kitchen and miscellaneous waste will be generated @ 0.4 kg/person/day, which will be about 1000 kg/day for around 750 persons in operational phase. The generated solid waste from the residential apartment will be segregated as biodegradable and non-biodegradable. This will be collected in separate colored bins. Proper waste management practices will be adopted during the collection, storage and disposal of the generated solid waste and construction and demolition waste. Two nos of Portable organic converter will be installed.</p> <p>15. The total population of project will be 700 persons for residential.</p> <p>16. The estimated project cost is ` 110 Crores.</p> <p>17. The project proponent along with the consultant M/s Kalyani Laboratories Pvt. Ltd. Bhubaneswar, made a detailed presentation on the proposal on 17.01.2022.</p> <p>18. The proposed site was visited by the Sub-Committee of SEAC on 28.01.2022. Following are the observations of the Sub-Committee.</p> <ol style="list-style-type: none"> No construction has been carried out in the designated area; only preparatory work such as levelling of the surface is being carried out. Adequate provision has been earmarked in the proposed project for movement of fire tender on all sides. The proposed locations of the water treatment plant, sewage treatment plant and the drainage layout are found to be satisfactory. The proposed DG set location is on the south west corner of the project. The proponent was advised to decide the location DG set based on the local meteorological data. <p>19. The SEAC recommended for grant of Environmental Clearance valid for 10 years with stipulated conditions as per Annexure – F in addition to the following specific conditions.</p> <ol style="list-style-type: none"> "Khatian" (Patta after Mutation) for the entire land from the |

The proposal is for Environmental Clearance of Ganganapur Decorative Stone Deposit over 4.974 Ha. in village Ganganapur, Tahasil - Purusottampur, Ganjam for production of decorative stone @ 2980.50 Cum(Maximum)/annum, of Sri Sibaram Pattnayak. 2. As per the EIA Notification S.O. 1533, dated 14th September 2006 and subsequent amendments, this project falls under Category B (B1) Project or Activity 1(a) Mining of minerals. 3. Mining Plan was approved by Directorate of Mines vide letter no. 9777, dated 31st October 2016. 4. Environmental Clearance was granted in favour of Ganganapur Decorative Stone Deposit by DEIAA, Ganjam, vide letter no.255/DEIAA, dated 29th April 2017, valid till 31st March 2021 for production of Decorative Stone @ 2980.50 CuM/Annum (Maximum). 5. Mining Lease for the said mine has been granted by Steel & Mines Department, Govt. of Odisha vide letter no.8326/SM, Bhubaneswar, dated 16th October 2021 valid for 30 years. 6. Mine is not operated yet due to delay in grant of Lease. 7. Proponent proposes for Extension of Environmental Clearance. 8. Location and Connectivity - Ganganapur Decorative Stone Deposit, over an area of 12.290 Acres or 4.974 Hectares is located in village Ganganapur under Purusottampur Tahasil of Ganjam District. The proposed lease area is bounded by latitude N19° 30' 11.00" – N19° 30' 17.80" and longitude E84° 47' 04.20" – E84° 47' 16.40" & It is a part of the area covered in the Survey of India Toposheet No. E 45 A 14 (74A/14). The lease area is accessible from Ganjam, the district headquarter, covering a distance of 25 km State Highway on Ganjam-Hinjilicut road up to Hinjilicut, further 12km metal road between Hinjilicut and | <p>spread out from the top surface of the hill. The quantity of granite stone to be available or quarrying in the said manner shall be correctly calculated. Waste material generated shall be reused in road making and SPM pollution shall be curbed at all costs. All demands on pollution control, water conservation, peripheral development, etc. raised in the public hearing shall be fulfilled. For safety of free roaming black buck in the area, the standard prescriptions conditions earlier finalized shall be given here also. Waste management and</p> |

Ganganpur via Sikiri. The nearest Railway station is Berhampur located at a distance of 40 km from the mine area. Other facilities like electricity, water are available at Hanumantapalli which is situated at 0.50 km from the lease area. Education upto class-V is available at Hanumantapalli village while education up-to high school level is available at Kolidaspur. Police station and Tahsil are located at Hinjilicut and Purushottampur respectively. Primary Hospital is located at Purushottampur and Postal facility is available at Kolidaspur.

9. The area is a hill ridge trending NE-SW with parts of intervening valleys with small bushes. There is no forest land in the M.L. area. The highest hill peak is in the northeastern part of the area and lowest is at the southwestern corner of the lease area. The highest and lowest altitude of the lease area is 61 mRL and 33 mRL respectively. There is neither any seasonal nor any perennial nalafloes within the lease M.L. area. The drainage pattern of the area is dendritic. Surface run-off of the lease area is drained through the natural gradient. A canal is flowing almost parallel to the southern boundary of the lease M.L. joins with the Rushikulya River which flows at a distance of 0.50 km from the western boundary of the lease M.L. area and controls the drainage system of the region.

10. **Method of Mining** - During the mining plan period mining will be done by opencast semi-mechanized method will be adopted using machineries such as Excavator, Line offset, compressor, jack hammer, wire ropes & drill rod etc. Firstly the weathered zone of 0.5-1.0 m will be scraped from the top. After removal of weathered zone, drilling will be carried out by using jack hammers driven by air compressors as per the requirements adhering to the drilling norms. Both vertical & horizontal holes will be done to expedite wire saw cutter to detach the stone blocks from the quarry face. The Depth of the hole is proposed to be 2 m, 3 m & diameter will be 32mm.

11. **Geological and Mineable Reserves** - It has been estimated that the geological resource of the decorative stone deposit is 183621.00 m³ and mineable reserve is 98140.50 m³.

12. **Production and waste management details** - The details of production of decorative stone and waste is mentioned in below table.

disposal conditions be as per our earlier stipulations in such cases.

| Year | Volume of Rocks | Volume of Marketable Ore | Volume of Blocks | Volume of Tiles | Volume of Waste |
|----------|------------------|--------------------------|------------------|------------------|------------------|
| | ³ (m) | ³ (m) | ³ (m) | ³ (m) | ³ (m) |
| 1st Year | 8415.00 | 2524.50 | 1691.42 | 833.09 | 5890.50 |
| 2nd Year | 8685.00 | 2605.50 | 1745.69 | 859.82 | 6079.50 |
| 3rd Year | 8865.00 | 2659.50 | 1781.87 | 877.64 | 6205.50 |
| 4th Year | 9150.00 | 2745.00 | 1839.15 | 905.85 | 6405.00 |
| 5th Year | 9935.00 | 2980.50 | 1996.94 | 983.57 | 6954.50 |
| Total | 45050.00 | 13515.00 | 9055.05 | 4459.95 | 31535.00 |

13. **Solid Waste Management** - The waste generated from the quarry is proposed to be dumped in earmarked site. 3.762 Ha. in conceptual period. About 40 % of wastes will be utilized in construction and maintenance of road. The wastes are proposed to be stacked maintaining the overall slope at less than 280 and to be sequentially graded, compacted and leveled. Retaining wall of 80 mtr and garland drain of 75 mtr will be erected around the dumping yard to arrest the washing off of loose sediments. Since the dump constitutes of rocky mass, no plantation of saplings on the dump slope is envisaged.

14. **Power Requirement** - 100 KVA shall be required which shall be met through DG Set.

15. **Water Requirement** - 1.5KLD of water shall be required which will be sourced from nearby villages.

16. **Green Belt**- Total area provided for green belt is 2600sqm and 400 nos of saplings will be planted around safety zone.

17. **Employment Potential** - Total number of employee will be

M /s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works was granted Environmental Clearance for cement grinding Unit (4.2 MTPA) at village- Biswali, P.O- Barunia, Tehsil- Tangi, District- Cuttack, Odisha vide letter No.- 895/SEIAA dated 12th March 2021. 3. Further, M /s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works was granted Environmental Clearance for expansion of the Cement Grinding Unit vide letter | Separate lay out plan, separate EIA study & EMP and separate waste and input management plan be submitted. |

no. 21592/02-IND/04-2019 dated 6th November 2019 for addition of new facilities as below:

| Sl. No. | Unit | Existing | Modification | New facility | Configuration |
|---------|-------------------------|----------|--------------|--------------|---------------|
| 1 | Cement Grinding Unit-I | 1.7 MTPA | - | -- | 1.7 MTPA |
| 2 | Cement Grinding Unit-II | -- | -- | 2.5 MTPA | 2.5 MTPA |

3. The status of implementation of the project at village-Biswali, P.O-Barunia, Tehsil- Tangi as per Environmental Clearances accorded to M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works, for cement Grinding Unit vide Letter No. 895/SEIAA, dated 6th November 2019 for Expansion, as below:

| Sl. No. | Facility | Capacities as per EC | Existing Installation |
|---------|-------------------------|----------------------|-----------------------|
| 1 | Cement Grinding Unit-I | 1.7 MTPA | 1.7 MTPA |
| 2 | Cement Grinding Unit-II | 2.5 MTPA | 2.5 MTPA |

4. M /s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works, has proposed to transfer the existing Cement Grinding Unit of capacity 1.7 MTPA to M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited) and capacity 2.5 MTPA to M/s Dalmia DSP (a unit of Dalmia cement (Bharat) Limited).

5. It was reported that the 1.7 MTPA Cement Grinding Unit is located in 311 Ac. of land within the premises of the Plant of M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works within the bounded coordinates as given below:

| S. No. | LONGITUDE | LATITUDE |
|--------|-----------|----------|
|--------|-----------|----------|

1

89° 59' 45"

20° 37' 26"

6. The raw material requirement for M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited) for 1.7 MTPA Cement Grinding Unit will be 1.7 MTPA.

| Sl. No. | Raw Materials Details | Quantity |
|---------|-----------------------|-----------|
| 1 | Clinker | 629595TPA |
| 2 | Fly Ash | 150450TPA |
| 3 | Slag | 885955TPA |
| 4 | Gypsum | 34000TPA |
| 5 | Coal | 40000 TPA |
| 6 | Power | 7.5 MW |
| 7 | F.O. (KLPA) | 32 |

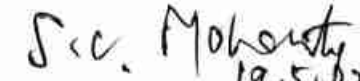

7. The water requirement for the Cement Grinding Unit will be 400 m³/day and the power requirement will be 10MVA.
8. The capital cost of the 1.7 MTPA Cement Grinding Unit was Rs.487.64 Cr and the Rs. 20 Cr was earmarked for the Environmental Protection measures as a capital.
9. No court case or violation under EIA Notification, 2006 to the project or related activity reported by project proponent.
10. The SEAC recommended for the transfer of Environmental Clearance of Cement Grinding Unit (1.7 MTPA) from M/s almia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works to M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited) (new company) and transfer of Environmental Clearance of Cement Grinding Unit (2.5 MTPA) from M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works to M/s Dalmia DSP (a unit of Dalmia cement (Bharat) Limited) (new company) with specific conditions.
- a. The proponent shall register two bifurcated industrial units with Directorate of Factories and Boilers, Government of Odisha under the provision of Factories Act 1948.
- b. The proponent shall prepare and submit separate layout
