

### **Minutes of 915<sup>th</sup> SEAC-1 Meeting Dated 21/02/2025**

The 915<sup>th</sup> meeting of SEAC-1 was held in the Directorate of Environment, U.P. through dual-mode (physically/virtually) at 11:00 AM on 21/02/2025. Following members participated in the meeting:

- |    |                             |                             |
|----|-----------------------------|-----------------------------|
| 1. | Dr. Ratan Kar,              | Vice-Chairman, SEAC-1       |
| 2. | Shri Om Prakash Srivastava, | Member, SEAC-1              |
| 3. | Dr. Brij Bihari Awasthi,    | Member, SEAC-1              |
| 4. | Shri Umesh Chandra Sharma,  | Member, SEAC-1 (through VC) |
| 5. | Shri Sushant Sharma, IFS,   | Member-Secretary, SEAC-1    |

The Chairman welcomed the members to the 915<sup>th</sup> SEAC-1 meeting which was conducted via dual-mode (virtually/physically). Nodal Officer, SEAC-1 informed the committee that the agenda has been approved by the Member Secretary, SEAC-1/Director, Directorate of Environment.

**1. “Building Stone (Khanda, Gitti & Boulder)” Project at Gata No.- 2101/2 Khand No.- 02(New), Village- Sijahri, Tehsil- Mahoba, District- Mahoba, U.P. (Leased Area : 1.214 ha.), 8641/SIA/UP/MIN/457248/2023**

The committee noted that the matter was earlier listed in 830<sup>th</sup> SEAC-1 meeting dated 07/02/2024 and directed the project proponent as follows:

*“The Secretariat informed the committee that Hon’ble National Green Tribunal, New Delhi passed an order dated 07/12/2022 in O.A. No. 142 of 2022 in the matter of Jayant Kumar Vs. Ministry of Environment, Forests and Climate Change. In compliance of above Hon’ble NGT order MoEFCC, Govt. of India vide Officer Memorandum F.No. IA3-22/11/2023-IA.III(E-208230), dated 28/04/2023 directed all concerned SEACs to re-appraise the ECs issued by DEIAAs between 15/01/2016 and 13/09/2018 and all fresh ECs in this regard shall be granted only by SEIAAs based on such appraisal.*

*The committee noted that Ministry of Environment, Forests and Climate Change, Govt. of India issued an office memorandum no. IA-22/01/2021-IA-III-Part(1), dated 15/01/2024 through which they have prescribed detailed Standard Operating Procedure (SOP) for dealing/re-appraisal of Mining Proposals covered Under Ministry OM dated 28/04/2023 wherein:*

*“... ”*

- 4. Workflow to re-appraise such mining applications has been developed and rolled out on Parivesh Portal in accordance with the procedure outlined in Ministry’s OM dated 24/04/2023. Henceforth, all such EC proposals shall be dealt in Parivesh Portal only. DC office shall scan all the EC files and upload on the Parivesh Portal, through their respective logins, for further consideration by the SEIAA.*
- 5. On receipt of any such file, MS SEIAA, shall scrutinize the proposal for validity of EC. In case EC is valid, project proponent will be informed through email to submit Form 2, duly mentioning the unique intimation number received in the email, to respective SEAC for their further consideration. Detailed step by step work flow to be followed by all three users (DC office, SEIAA and project proponent) is given in the annexure.”*

*The committee has gone through the Standard Operating Procedure (SOP) prescribed by MoEFCC and directed the project proponent to submit the above project proposal for re-appraisal as per procedure laid down in OM dated 15/01/2024.”*

The project proponent submitted their replies through online Parivesh Portal and the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was

made by the project proponent along with their consultant M/s Paramarsh (Servicing Environment and Development), Lucknow, U.P. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The terms of reference is sought for Building Stone (Khanda, Gitti, Boulder) Mining at Gata No.- 2101/2 Khand No.- 02 (New), Village- Sijahri, Tehsil- Mahoba, District- Mahoba, U.P. (Leased Area- 1.214 ha.).
2. Earlier, environmental clearance for the project proposal was issued by DEIAA, Mahoba vide letter no. 177/Parya/DEIAA/Mahoba/2018, dated 01/12/2018.
3. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/457248/2023		
2.	File No. allotted by SEIAA, UP	8641		
3.	Name of Proponent	Shri Mohammad Noman S/o Shri Mohammad Waseem		
4.	Full correspondence address of proponent	R/o- Husainganj, Maudaha, District- Hamirpur, U.P.		
5.	Name of Project	Building Stone (Khanda, Gitti, Boulder) Mining Project		
6.	Project location (Plot/ Khasra /Gata No.)	2101/2 Khand No.- 02 (New)		
7.	Name of Village	Sijahri		
8.	Tehsil	Mahoba		
9.	District	Mahoba		
10.	Name of Minor Mineral	Building Stone (Khanda, Gitti, Boulder)		
11.	Sanctioned Lease Area (in Ha.)	1.214 ha.		
12.	Max.& Min mRL within lease area	250 mRL- 234 mRL		
13.	Pillar Coordinates(Verified by DMO)	Pillars	Latitude (N)	Longitude (E)
		A	25° 14' 06.284"N	79° 49' 08.645"E
		B	25° 14' 05.413"N	79° 49' 09.033"E
		C	25° 14' 04.945"N	79° 49' 11.820"E
		D	25° 14' 01.018"N	79° 49' 08.764"E
		E	25° 14' 02.447"N	79° 49' 06.211"E
14.	Total Geological Reserves	815925m <sup>3</sup>		
15.	Total Mineable Reserves	295081 m <sup>3</sup>		
16.	Total Proposed Production (in five year)	60700 m <sup>3</sup>		
17.	Proposed Production / year	12140 m <sup>3</sup>		
18.	Sanctioned Period of Mine lease	10 Years (05.01.2019 to 04.01.2029)		
19.	Method of Mining	Opencast Semi-Mechanized		
20.	No.Of workers	36 (approx.)		
21.	Type of Land	Govt. revenue land		
22.	Ultimate Depth of Mining	6meter (average)		
23.	Nearest metalled road from site	200m		
24.	Water Requirement	PURPOSE	REQUIREMENT (KLD)	
		Drinking & Others	0.40	
		Suppression of dust	1.20	
		Plantation	2.00	
		Total	3.60	
25.	Name of QCI Accredited Consultant with QCI No and period of validity.	M/s Paramarsh (Servicing Environment and Development), Lucknow, U.P. QCI/NABET/EIA/24-27/RA0372, Validity-30/11/2027		
26.	Any litigation pending against the project or land in any court	No		
27.	Details of 500 m Cluster certificate Verified by Mining Officer	DMO (KhananAnubhag), Mahoba vide Letter No. 1463/MMC-30/2023-24, Dated 29.11.2023		
28.	Details of Lease Area in approved DSR	Page No. 65, Sr No.- 02		
29.	Proposed CER cost	1.40 Lakh		
30.	Proposed EMP cost	EMP in First Year - 13.80 Lakh EMP (Recurring Years) – 7.05 Lakh		
31.	Length and breadth of Haul Road.	Length- 200m, Width- more than 6.0 m		

32.	No. of Trees to be Planted	2000
33.	Monitoring Period	October, 2023 to December, 2023

4. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
5. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
6. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
7. There is no litigation pending in any court regarding this project.
8. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 18/02/2025 mentioning is as follows:

1. I, Pankaj Srivastava S/o Sri V.V. Srivastava am EIA Coordinator of Paramarsh Servicing Environment and Development.
2. I have prepared TOR report for the proposal Building Stone (Khanda, Gitti, Boulder) Mining at Gata No.- 2101/2 Khand No.- 02 (New), Village- Sijahri, Tehsil- Mahoba, District- Mahoba, U.P. (Leased Area- 1.214 ha.) with my team.
3. I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information submitted along with EIA are true and correct.
5. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on the online application submitted on Parivash Portal and hard copy which is submitted after acceptance of application.
7. The TOR report for the Proposal will be prepared by my team as per guideline laid down by QCI/NABET.

#### **RESOLUTION AGAINST AGENDA NO. 01**

**The committee discussed the matter and recommended to issue the standard terms of reference prescribed by MoEF&CC for the preparation of EIA. The committee also stipulated following additional TOR Points:**

#### **Additional TOR:**

1. Raw data of all the baseline monitoring parameters will be provided as an annexure to the EIA Report.
2. To ensure proper monitoring, the project proponent/consultant should provide evidence in form of (A) Logbook of their site visit along with activities carried out during monitoring (B) Real time photographs showing monitoring machine, public, lab person etc.
3. Proprietor/proprietor representative should be present at the time of monitoring and monitoring should be conducted as per CPCB SOP/NABET/QCI guidelines. Lab responsible person should be present at the time of EIA presentation.
4. EIA coordinator & FAE should give a notarized affidavit during EIA presentation that they have personally visited the site & they have also taken all the mitigating measures for any critical issues involved in the project.
5. The project proponent will have to inform the schedule of monitoring/data collection programme to the SEIAA/SEAC, UP & UP PCB before start of data collection. In case of failure, the collected baseline monitoring data will be treated as null and void.

6. The details of equipment used for baseline monitoring alongwith its photograph mentioning date, time and geo coordinates for preparation of EIA report should be clearly displayed to the people present during public hearing and the complete details related to monitoring period must be mentioned in the minutes of public hearing.
  7. Original lab analysis report of the project proposal along with EIA report should be uploaded on Parivesh Portal.
  8. Combined KML of all mines in a cluster should be submitted at the time of EIA.
  9. The project proponent/Consultant should identify the core & buffer zone (2.5 km) of the mining site.
  10. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road to be submitted at the time of EIA presentation.
  11. Proponent/Consultant should submit the plan/information along with technology (photographs of water sprinklers/ tankers) to be implemented for mitigating dust at source points in lease area and haulage road during operation activity/vehicular movement. Technology should be displayed at the time of EIA presentation.
  12. Proposed plantation plan with area specific plant species, number of plants to be planted and place of plantation along with a working map to be submitted at the time of EIA presentation.
  13. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ person to be submitted at the time of EIA presentation.
  14. Proponent/consultant shall present TOR specific/additional conditions compliance, observation/suggestions raised during the public hearing and commitment made by the project proponent in a tabular form with a time bound plan at the time of EIA presentation.
  15. Corporate Environment Responsibility (CER) to be prepared as per the MoEF&CC guidelines and present it at the time of EIA presentation.
  16. Proponent to submit latest status of project site along with the site photographs and also provide mined minerals record of the respective project site at the time of EIA presentation.
2. **“Building Stone (Khanda, Gitti, Boulder)” Project at Gata No.- 339 Khand No.- 20 (New), Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P. (Leased Area : 1.214ha.), 8642/SIA/UP/MIN/457252/2023**

The committee noted that the matter was earlier listed in 829<sup>th</sup> SEAC-1 meeting dated 31/01/2024 and directed the project proponent as follows:

*“The Secretariat informed the committee that Hon’ble National Green Tribunal, New Delhi passed an order dated 07/12/2022 in O.A. No. 142 of 2022 in the matter of Jayant Kumar Vs. Ministry of Environment, Forests and Climate Change. In compliance of above Hon’ble NGT order MoEFCC, Govt. of India vide Officer Memorandum F.No. IA3-22/11/2023-IA.III(E-208230), dated 28/04/2023 directed all concerned SEACs to re-appraise the ECs issued by DEIAAs between 15/01/2016 and 13/09/2018 and all fresh ECs in this regard shall be granted only by SEIAAs based on such appraisal.*

*The committee noted that Ministry of Environment, Forests and Climate Change, Govt. of India issued an office memorandum no. IA-22/01/2021-IA-III-Part(1), dated 15/01/2024 through which they have prescribed detailed Standard Operating Procedure (SOP) for dealing/re-appraisal of Mining Proposals covered Under Ministry OM dated 28/04/2023 wherein:*

- “... ”
4. *Workflow to re-appraise such mining applications has been developed and rolled out on Parivesh Portal in accordance with the procedure outlined in Ministry’s OM dated 24/04/2023. Henceforth, all such EC proposals shall be dealt in Parivesh Portal only. DC office shall scan all the EC files and upload on the Parivesh Portal, through their respective logins, for further consideration by the SEIAA.*
  5. *On receipt of any such file, MS SEIAA, shall scrutinize the proposal for validity of EC. In case EC is valid, project proponent will be informed through email to submit Form 2, duly mentioning the unique intimation number received in the email, to respective SEAC for their*

*further consideration. Detailed step by step work flow to be followed by all three users (DC office, SEIAA and project proponent) is given in the annexure.”*

*The committed has gone through the Standard Operating Procedure (SOP) prescribed by MoEFCC and directed the project proponent to submit the above project proposal for re-appraisal as per procedure laid down in OM dated 15/01/2024.”*

The project proponent submitted their replies through online Parivesh Portal and the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh (Servicing Environment and Development), Lucknow, U.P. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The terms of reference is sought for Building Stone (Khanda, Gitti, Boulder) Mining at Gata No.- 339Khand No.- 20 (New), Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P. (Leased Area- 1.214 ha.).
2. Earlier, environmental clearance for the project proposal was issued by DEIAA, Mahoba vide letter no. 171/Parya/DEIAA/Mahoba/2018, dated 01/12/2018.
3. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/457252/2023		
2.	File No. allotted by SEIAA, UP	8642		
3.	Name of Proponent	Mohammad Wasim S/o Late Mohammad Israil		
4.	Full correspondence address of proponent	R/o- Hussainganj, Moudaha, District- Hamirpur, U.P.		
5.	Name of Project	Building Stone (Khanda, Gitti, Boulder) Mining Project		
6.	Project location (Plot/ Khasra /Gata No.)	Gata No.- 339Khand No.- 20 (New)		
7.	Name of Village	Daharra		
8.	Tehsil	Mahoba		
9.	District	Mahoba		
10.	Name of Minor Mineral	Building Stone (Khanda, Gitti, Boulder)		
11.	Sanctioned Lease Area (in Ha.)	1.214 ha.		
12.	Max.& Min mRL within lease area	222 mRL- 195 mRL		
13.	Pillar Coordinates(Verified by DMO)	Pillars	Latitude (N)	Longitude (E)
		A	25° 20' 18.72"N	79° 57' 52.10"E
		B	25° 20' 19.46"N	79° 57' 52.88"E
		C	25° 20' 12.60"N	79° 58' 0.18"E
		D	25° 20' 12.76"N	79° 58' 0.46"E
		E	25° 20' 8.80"N	79° 58' 3.89"E
		F	25° 20' 8.84"N	79° 58' 3.07"E
14.	Total Geological Reserves	1293674 m <sup>3</sup>		
15.	Total Mineable Reserves	147694 m <sup>3</sup>		
16.	Total Proposed Production (in five year)	60700 m <sup>3</sup>		
17.	Proposed Production / year	12140 m <sup>3</sup>		
18.	Sanctioned Period of Mine lease	10 Years (05.01.2019 to 04.01.2029)		
19.	Method of Mining	Opencast Semi-Mechanized		
20.	No.Of workers	26 (approx.)		
21.	Type of Land	Govt. revenue land		
22.	Ultimate Depth of Mining	6 meter (average)		
23.	Nearest metalled road from site	300m		
24.	Water Requirement	PURPOSE	REQUIREMENT (KLD)	
		Drinking & Others	0.30	
		Suppression of dust	1.80	
		Plantation	2.00	
		Total	4.10	
25.	Name of QCI Accredited Consultant with QCI No and period of validity.	M/s Paramarsh Servicing Environment and Development, Lucknow, U.P. NABET/EIA/24-27/RA0372		

		Validity upto -30/11/2027
26.	Any litigation pending against the project or land in any court	No
27.	Details of 500 m Cluster certificate Verified by Mining Officer	DMO, Mahoba vide Letter No. 1464/Khanij-30/2023-24, Dated 29 <sup>TH</sup> November, 2023
28.	Details of Lease Area in approved DSR	Page No.- 67, S.No.- 10
29.	Proposed CER cost	1.25 Lakh
30.	Proposed EMP cost	EMP in First Year - 13.65 Lakh EMP (Recurring Years) – 6.90 Lakh
31.	Length and breadth of Haul Road.	Length- 300m, Width- more than 6.0 m
32.	No. of Trees to be Planted	2000
33.	Monitoring Period	October, 2023 to December, 2023

4. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
5. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
6. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
7. There is no litigation pending in any court regarding this project.
8. The project proposal falls under category–1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 22/12/2023 mentioning is as follows:

1. I, Pankaj Srivastava S/o Sri V.V. Srivastava am EIA Coordinator of Paramarsh Servicing Environment and Development.
2. I will prepared EIA report for EC in the name of Mohammad Waseem S/o Late Mohammad Israil for the Proposed “Building Stone (Khanda, Gitti, Boulder)” Project at Gata No.- 339 Khand No.- 20 (New), Village- Daharra, Tehsil- Mahoba, District- Mahoba, U.P. (Applied Area : 1.214 ha.) with my team.
3. I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information submitted along with EIA are true and correct.
5. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on the online application submitted on Parivash Portal and hard copy which is submitted after acceptance of application.
7. I state that all the TOR Points will be complied and all the issues raised during Public Hearing will be properly addressed in EIA report.
8. The EIA report for the Proposal will be prepared by my team as per guideline laid down by QCI/NABET.

#### **RESOLUTION AGAINST AGENDA NO. 02**

**The committee discussed the matter and recommended to issue the standard terms of reference prescribed by MoEF&CC for the preparation of EIA. The committee also stipulated following additional TOR Points:**

#### **Additional TOR:**

1. Raw data of all the baseline monitoring parameters will be provided as an annexure to the EIA Report.

2. To ensure proper monitoring, the project proponent/consultant should provide evidence in form of (A) Logbook of their site visit along with activities carried out during monitoring (B) Real time photographs showing monitoring machine, public, lab person etc.
  3. Proprietor/proprietor representative should be present at the time of monitoring and monitoring should be conducted as per CPCB SOP/NABET/QCI guidelines. Lab responsible person should be present at the time of EIA presentation.
  4. EIA coordinator & FAE should give a notarized affidavit during EIA presentation that they have personally visited the site & they have also taken all the mitigating measures for any critical issues involved in the project.
  5. The project proponent will have to inform the schedule of monitoring/data collection programme to the SEIAA/SEAC, UP & UP PCB before start of data collection. In case of failure, the collected baseline monitoring data will be treated as null and void.
  6. The details of equipment used for baseline monitoring alongwith its photograph mentioning date, time and geo coordinates for preparation of EIA report should be clearly displayed to the people present during public hearing and the complete details related to monitoring period must be mentioned in the minutes of public hearing.
  7. Original lab analysis report of the project proposal along with EIA report should be uploaded on Parivesh Portal.
  8. Combined KML of all mines in a cluster should be submitted at the time of EIA.
  9. The project proponent/Consultant should identify the core & buffer zone (2.5 km) of the mining site.
  10. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road to be submitted at the time of EIA presentation.
  11. Proponent/Consultant should submit the plan/information along with technology (photographs of water sprinklers/ tankers) to be implemented for mitigating dust at source points in lease area and haulage road during operation activity/vehicular movement. Technology should be displayed at the time of EIA presentation.
  12. Proposed plantation plan with area specific plant species, number of plants to be planted and place of plantation along with a working map to be submitted at the time of EIA presentation.
  13. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ person to be submitted at the time of EIA presentation.
  14. Proponent/consultant shall present TOR specific/additional conditions compliance, observation/suggestions raised during the public hearing and commitment made by the project proponent in a tabular form with a time bound plan at the time of EIA presentation.
  15. Corporate Environment Responsibility (CER) to be prepared as per the MoEF&CC guidelines and present it at the time of EIA presentation.
  16. Proponent to submit latest status of project site along with the site photographs and also provide mined minerals record of the respective project site at the time of EIA presentation.
3. **“Building Stone , Granite or Khanda, Ballast (Gitti), Boulder Mining Project” at Arazi No.: 60, Khand No.:06, Village: Jamala , Tehsil: Kulpahar, District: Mahoba, State: Uttar Pradesh, Area: 0.708 Ha., 8206/SIA/UP/MIN/442759/2023**

The committee noted that the above project proposal was earlier discussed in 791<sup>th</sup> SEAC meeting dated 29/09/2023 and recommended to issue the terms of reference for the preparation of EIA report before the order dated 09/05/2024 passed by Hon'ble NGT in Original Application No. 747/2023 (IA No. 877/2023, IA No. 876/2023, IA No. 119/2024 & IA No. 115/2024) Raj Kumar Vs. Ministry of Environment, Forests and Climate Change & Ors. Subsequently, the SEIAA refer back the proposal to SEAC for review in light of Hon'ble NGT order.

In view of above decision of SEIAA, the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The project proponent informed that in compliance of the above Hon'ble NGT orders the District Survey Report (DSR) of District Mahoba has been approved by SEIAA, U.P. on 09/01/2025

and approved DSR sent to Mining Department for further necessary action. The project proponent enclosed the copy of approved DSR and requested to issue the terms of reference for the project proposal.

**The committee has gone through the documents submitted by project proponent and presentation made before SEAC. The committee observed that in compliance of Hon'ble NGT orders the draft DSR of District Mahoba has already been approved by SEIAA. Hence, the committee is of the opinion that the terms of reference for the above project may be granted by SEIAA in view of SEAC recommendation dated 29/09/2023.**

**4. "Building Stone (Granite Khanda, Boulder, Ballast)" Araji No. -93 (Khand No. 24), Village: Bari, Tehsil: Sadar, District: Mahoba, State: Uttar Pradesh, Area: 1.012 Ha., 8456/7886/SIA/UP/MIN/451551/2023**

The committee noted that the above project proposal was earlier discussed in 860<sup>th</sup> SEAC meeting dated 31/05/2024 and decided that the committee withholds its recommendation in light of order dated 09/05/2024 passed by Hon'ble NGT in Original Application No. 747/2023 (IA No. 877/2023, IA No. 876/2023, IA No. 119/2024 & IA No. 115/2024) Raj Kumar Vs. Ministry of Environment, Forests and Climate Change & Ors.

The project proponent submitted their replies through online Parivesh Portal and the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Globus Environment Engineering Services. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for Building Stone (Granite Khanda, Boulder, Ballast (Gitti)) Mining Project at Araji No.- 93, Khand No.- 24, Village: Bari, Tehsil: Sadar, District: Mahoba, State: Uttar Pradesh (Leased Area 1.012 Ha).
2. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 168/Parya/SEIAA/7886/2023, Dated 07/07/2023.
3. The Public Hearing was organized on 21/09/2023. Final EIA report submitted by the project proponent on 06/02/2023.

**4. Salient features of the project as submitted by the project proponent:**

1.	On-line proposal No.	SIA/UP/MIN/451551/2023
2.	File no. allotted by SEIAA,UP	8456-7886
3.	Name of Proponent	Smt. Suvasha Singh, W/o Shri Virendra Singh
4.	Full correspondence address of proponent and mobile no.	R/O: 111/265, Harsh Nagar, Thana Nazirabad, R.K. Nagar, Distt: Kanpur Nagar, Uttar Pradesh
5.	Name of Project	Building Stone (Granite Khanda, Boulder, Ballast (Gitti)) Mine
6.	Project location (Plot/Khasra/Gata No.)	Araji No. 93, Khand No. 24
7.	Name of Village	Bari
8.	Tehsil	Sadar
9.	District	Mahoba, U.P.
10.	Name of Minor Mineral	Building Stone (Granite Khanda, Boulder, Ballast (Gitti))
11.	Sanctioned Lease Area (in Ha.)	Total Lease Area: 1.012 ha
12.	Max. & Min mRL within lease area	Highest Point :178mRL Lowest Point :166mRL
13.	Pillar Coordinates (Verified by DMO)	Sanction Lease Area Co-ordinate
		Pillars Pillars Pillars
		A 25°24'56.73"N 79°54'50.26"E
		B 25°24'56.97"N 79°54'52.24"E

**Minutes of 915<sup>th</sup> SEAC-1 Meeting Dated 21/02/2025**

		C	25°24'50.38"N	79°54'49.37"E
		D	25°24'51.16"N	79°54'47.79"E
14.	Total Geological Reserves	3,57,348 m <sup>3</sup>		
15.	Total Mineable Reserves	1,70,610 m <sup>3</sup>		
16.	Total Proposed Production (in five years)	1,61,920 m <sup>3</sup>		
17.	Proposed Production/year	32,384 m <sup>3</sup> per annum		
18.	Sanctioned Period of Mine lease	10 Years		
19.	No. Of Workers	33		
20.	Type of Land	State Government Land		
21.	Ultimate Depth of Mining	30 m (178mRL – 148 mRL) (Source: Approved Mining Plan)		
22.	Nearest metalled road from site	470 m		
23.	Water Requirement	Purpose	Requirement (KLD)	
		Drinking	0.165	
		Suppression of Dust	3.29	
		Plantation	4.0	
		Total	7.455	
24.	Name of QCI Accredited Consultant with QCI No. and period of validity.	GLOBUS ENVIRONMENT ENGINEERING SERVICES Certificate No. NABET/EIA/2124/RA0245, Validity Extension Upto March 29, 2025		
25.	Any litigation pending against the project or hand in any court	No		
26.	Details of 500 m Cluster Map & certificate issued by Mining Officer	Letter No. 2817/ एम. एम. सी -30/2022-23, Date – 17-01-2023		
27.	Details of Lease Area in approved DSR	SEIAA Approved DSR Letter No. 96/पर्या./सामान्य/2023 on Dated-24/01/2025, Details are provided in DSR LOI Details, Sr. No.- 04		
28.	Proposed EMP Cost	Rs. 26.16Lakhs		
29.	Length and width of Haul Road	Haul Road Length 470 m & Width 7 m		
30.	No. of Trees to be Planted	2000 Trees		
31.	Monitoring Period	March 2022 to May 2022 (Summer Season)		

**5. Action Plan as per Ministry's O.M. dated 30/09/2020:**

Concerns raised during the Public Hearing	Physical activity to be done	Unit of measurement			Tentative Budget (in Rs.)
		1 <sup>st</sup> Year	2 <sup>nd</sup> Year	3 <sup>rd</sup> Year	
Infrastructure Development	Distribution of Computers in school	Government School Dharaun	--	--	1,05,000
Health	Health checkup camp and general medicine distribution in the Presence of Qualified Doctors.	--	--	(Village-Bari)	1,16,000
	Distribution of wheel chair and stretcher in Community Health Center	--	Wheel Chair- Rs. 7000 x 2 Stretcher – Rs.8000 x 2 (CHC, Kabrai, )	--	30,000
	Distribution of wheel chair and stretcher in District hospital	--	Wheel Chair- Rs. 7000 x 2 Stretcher – Rs.8000 x 2 (Mahoba)	--	30,000
Total C.E.R (B)					2, 81,000
Total EMP (A+B)					26,16,000 (26.16 Lakhs)

6. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.

7. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
8. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
9. There is no litigation pending in any court regarding this project.
10. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 28/03/2024 mentioning is as follows:

1. I Mr. Akhilesh Gupta S/o Sri. Omkar Gupta is EIA Coordinator of M/s Globus Environment Engineering Services.
2. I have prepared the EIA/EMP report for the Proposal (SIA/UP/MIN/451551/2023) in Name of Building Stone (Granite Khanda, Boulder, Ballast (Gitti)) Mining Project at Araj No. 93, Khand No. 24 of Area: 1.012 Ha, Village: Bari, Tehsil: Sadar, District: Mahoba, State: Uttar Pradesh with my team.
3. I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied that all the necessary data/ information submitted along with project proposal are true and correct.
5. I certify that this project proposal has been uploaded for the first time on PARIVESH Portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on PARIVESH Portal and the hard copy/presentation which will be submitted after acceptance of application.
7. I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report.
8. The EIA/EMP Report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

#### **RESOLUTION AGAINST AGENDA NO. 04**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India. The committee also stipulated following specific conditions:**

1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void.
2. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
3. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
4. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.
5. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer/Expert Agency in this field.

6. The maximum height of the bench should be 06 meters and the width of the bench should be at least twice the height of the bench as per the mine plan approval letter by DGM, U.P
7. In case the blasting is proposed during a mining operation, the project proponent needs to assess its impact on the displacement of human beings/wild animals/birds/other species, and the suitable measures proposed and taken for their rehabilitation and resettlement need to be clearly described in first 6 monthly compliance report.
8. The project proponent shall submit a final mine closure plan/Exit protocol for rehabilitation of mined-out land to match its surrounding land use 3 years before the closure of the mine to SEIAA, UP and Department of Mines and Geology, UP for approval. The project proponent shall ensure the implementation of the approved plan under the supervision of the Dept. of Mines and Geology.
9. The project proponent shall plan and implement collection drain and siltation basins of adequate size to arrest the silt and sediment flow from the quarry area. The surface runoff rainwater harvesting and other water conservation measures on a long-term basis are to be taken in consultation with the Central/State Groundwater Board. The water so collected should be utilized for watering the haulage area, roads, and green belt development, etc.
10. The project proponent shall take all suitable measures to prevent pollution of groundwater and nearby water bodies in consultation with the State Pollution Control Board and consent to operate (if applicable) should be obtained from the State Pollution Control Board before the start of production from the mine.
11. Project proponent is directed to invest the CER amount as per the proposal and submit the compliance report regularly to the concerned authority/Directorate of environment.
12. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.
13. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
14. The project proponent should explore the possibilities of rainwater harvesting.
15. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
16. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
17. As per the proposed plan, plantation with area specific plant species, number of plants to be Planted and report of green belt development to be submitted to the Forest Department, UPPCB and Directorate of Environment, UP.
18. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and the area is less than 05 ha, but factually the distance is less than 500 mt, and the mine is located in the cluster of area equal to or more than 05 ha, the E.C issued will stand revoked.
19. Explosive cannot be stored on the site. The Project proponent shall take approval from Chief Controller of Explosive, if applicable for use or storage of explosive or any such materials.
20. Blast vibrations study shall be conducted and an observation report submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and UPPCB within six months. The report shall also include measures for the prevention of blasting associated impact on nearby houses and agricultural fields.
21. Controlled blasting techniques with sequential blasting shall be adopted. The blasting shall be carried out in the daytime only. The project proponent shall ensure prevention of displacement of human beings/wild animals/birds etc. and in case any such displacement is caused due to

- blasting/mining operation by any chance the project proponent shall take suitable measures for their rehabilitation and resettlement.
22. Maintenance of village roads used for transportation of minerals is to be done by the company regularly at its own expenses. The link roads from mining area to main road shall be constructed as all-weather road with black topping and maintained by the project proponent.
  23. The self-environmental audit shall be conducted annually. Every three years third-party environmental audit shall be carried out.
  24. Measures for prevention and control of soil erosion and management of silt shall be undertaken. Protection of dumps against erosion shall be carried out with geotextile matting or other suitable material, and thick plantations of native trees and shrubs shall be carried out at the dump slopes. Dumps shall be protected by retaining walls.
  25. Ground and surface water, if any in and near the core zone (within 5.0 km of the lease) shall be regularly monitored for contamination and depletion due to mining activity and records maintained. The monitoring data shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly. Further, monitoring points shall be located between the mine, and drainage in the direction of flow of groundwater shall be set up and records maintained.
  26. Fugitive dust generation shall be controlled. Fugitive dust emission shall be regularly monitored at locations of nearest human habitation (including schools and other public amenities located nearest to sources of dust generation as applicable) and records submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly.
  27. Overburden (OB) shall be stacked at the earmarked dump site(s) only and shall not be kept active for long period. The maximum height of the dump shall not exceed 20 m, each stage shall preferably be of a maximum of 10 m and the overall slope of the dump shall not exceed 35°. The OB dump shall be backfilled. The OB dumps shall be scientifically vegetated with suitable native species to prevent erosion and surface runoff.
  28. The slope of the mining bench and ultimate pit limit shall be as per the mining scheme approved by the Indian Bureau of Mines.
  29. Prior permission from the Competent Authority shall be obtained for the extraction of groundwater if any.
  30. A final mine closure plan, along with details of Corpus Fund, shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board 5 years in advance of final mine closure for approval.
  31. The blasting will be done only after getting permission from the Mining Department/competent authority.

**5. “Building Stone (Granite Khanda, Boulder, Ballast)” Mining Project at Araj No.- 93 (Khand No. 17) of Village: Bari, Tehsil: Sadar, District: Mahoba, State: Uttar Pradesh, Area: 1.012 Ha., 8450/7874/SIA/UP/MIN/451406/2023**

The committee noted that the above project proposal was earlier discussed in 860<sup>th</sup> SEAC meeting dated 31/05/2024 and decided that the committee withholds its recommendation in light of order dated 09/05/2024 passed by Hon’ble NGT in Original Application No. 747/2023 (IA No. 877/2023, IA No. 876/2023, IA No. 119/2024 & IA No. 115/2024) Raj Kumar Vs. Ministry of Environment, Forests and Climate Change & Ors.

The project proponent submitted their replies through online Parivesh Portal and the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Globus Environment Engineering

Services. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for Building Stone (Granite Khanda, Boulder, Ballast)" Mining Project at Araj No.- 93 (Khand No. 17) of Village: Bari, Tehsil: Sadar, District: Mahoba, State: Uttar Pradesh, (Leased Area: 1.012 Ha.).
2. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 161/Parya/ SEIAA/7874/2023, Dated 07/07/2023.
3. The Public Hearing was organized on 21/09/2023. Final EIA report submitted by the project proponent on 06/11/2023.
4. Salient features of the project as submitted by the project proponent:

5.	On-line proposal No.	SIA/UP/MIN/451406/2023		
6.	File No. allotted by SEIAA,UP	8450-7874		
7.	Name of Proponent	Shri. Virendra SinghS/o Shri Babu Singh		
8.	Full correspondence address of proponent	R/o- 111/239,Harsh Nagar, Thana Nazirabad, R.K. Nagar, Kanpur Nagar, Uttar Pradesh		
9.	Name of Project	Building Stone or Granite Khanda, Boulder, Ballast (Gitty) Mining Project		
10.	Project location(Plot/Khasra/Gata No.)	Araji No.:93, Khand No.: 17		
11.	Name of Village	Bari		
12.	Tehsil	Sadar		
13.	District	Mahoba		
14.	Name of Minor Mineral	Building Stone or Granite Khanda, Boulder, Ballast (Gitty)		
15.	Sanctioned Lease Area(in Ha.)	1.012 Ha.		
16.	Max.& MinmRL with in lease area	Highest Point :175 mRL Lowest Point :163 mRL		
17.	Pillar Coordinates(Verified by DMO)	Pillars	Latitude(N)	Longitude(E)
		A	25°24'54.77"N	79°55'1.15"E
		B	25°24'54.01"N	79°55'2.66"E

		D	25°24'48.32"N	79°54'58.44"E
18.	Total Geological Reserves	3,58,425 m <sup>3</sup>		
19.	Total Mineable Reserves	1,69,801m <sup>3</sup>		
20.	Total Proposed Production(in five year)	1,61,920 m <sup>3</sup>		
21.	Proposed Production /year	32,384 m <sup>3</sup> per annum		
22.	Sanctioned Period of Mine lease	10		
23.	No. of workers	33		
24.	Type of Land	State Government Land		
25.	Ultimate depth of mining	30 m (175 mRL – 145 mRL)		
26.	Nearest metalled road from site	430 m		
27.	Water Requirement	Purpose	Requirement (KLD)	
		Drinking	0.165	
		Suppression of Dust	3.010	
		Plantation	2.024	
		Total	5.199 KLD(5.20 KLD)	
28.	Name of QCI Accredited Consultant with QCI No and period of validity.	GLOBUS ENVIRONMENT ENGINEERING SERVICES Certificate No.: NABET/EIA/2124/RA0245, Validity Extension Upto March 29, 2025		
29.	Any litigation pending against the project or land in any court	No		
30.	Details of 5 00mClustercertificate Verified by Mining Officer	Letter No. 2815/ एम. एम. सी 30/2022-23 Date – 17-01-2023		
31.	Details of Lease Area in approved DSR	SEIAA Approved DSRLetter No. 96/पर्या./सामान्य/2023 on Dated-24/01/2025, Details are provided in DSR LOI Details, Sr. No.- 09		

32.	Proposed EM Pcost	Rs. 23.20 Lakhs
33.	Length and breadth of Haul Road.	Approach Road Length 430 m & Width 7 m
34.	No. of Trees to be Planted	1012
35.	Monitoring Period	March 2022 to May 2022 (Summer Season)

5. Action Plan as per Ministry's O.M. dated 30/09/2020:

Concerns raised during the Public Hearing	Physical activity to be done	Unit of measurement			Tentative Budget (in Rs.)
		1 <sup>st</sup> Year	2 <sup>nd</sup> Year	3 <sup>rd</sup> Year	
<b>Infrastructure Development</b>	Distribution of Computers	Primary School Dharaun	--	--	1,10,000
<b>Health</b>	Awareness camps about Blood Pressure, Oral Hygiene, Diabetes, Vaccine and medicine distribution	--	--	(Village-Kabrai)	1,10,000
	Donation of wheel chair and stretcher in hospital in CHC, Bhandar Wheel chair @ Rs 7000 x 3 numbers = 21,000 Stretcher@ Rs. 8000 x 5 numbers = Rs. 40,000	--	Bhandar	--	61,000
<b>Total C.E.R</b>					<b>Rs. 2,81,000</b>
<b>Total EMP (A+B)</b>					<b>Rs. 23,19,600 (23.20 Lakhs)</b>

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category-I(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 28/03/2024 mentioning is as follows:

- I Mr. Akhilesh Gupta S/o Sri. Omkar Gupta is EIA Coordinator of M/s Globus Environment Engineering Services.
- I have prepared the EIA/EMP report for the Proposal (SIA/UP/MIN/451406/2023) in Name of Building Stone or Granite Khanda, Boulder, Ballast (Gitty) Mining Project at Arajai No.: 93, Khand No.: 17, Area: 1.012 Ha, Village: Bari, Tehsil: Sadar, District: Mahoba, State: Uttar Pradesh with my team.
- I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
- I am satisfied that all the necessary data/ information submitted along with project proposal are true and correct.
- I certify that this project proposal has been uploaded for the first time on PARIVESH Portal.
- I certify that there will be no mismatch between information/data provided on the online application submitted on PARIVESH Portal and the hard copy/presentation which will be submitted after acceptance of application.
- I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report.

8. The EIA/EMP Report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

**RESOLUTION AGAINST AGENDA NO. 05**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India. The committee also stipulated following specific conditions:**

1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void.
2. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
3. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
4. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.
5. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer/Expert Agency in this field.
6. The maximum height of the bench should be 06 meters and the width of the bench should be at least twice the height of the bench as per the mine plan approval letter by DGM, U.P
7. In case the blasting is proposed during a mining operation, the project proponent needs to assess its impact on the displacement of human beings/wild animals/birds/other species, and the suitable measures proposed and taken for their rehabilitation and resettlement need to be clearly described in first 6 monthly compliance report.
8. The project proponent shall submit a final mine closure plan/Exit protocol for rehabilitation of mined-out land to match its surrounding land use 3 years before the closure of the mine to SEIAA, UP and Department of Mines and Geology, UP for approval. The project proponent shall ensure the implementation of the approved plan under the supervision of the Dept. of Mines and Geology.
9. The project proponent shall plan and implement collection drain and siltation basins of adequate size to arrest the silt and sediment flow from the quarry area. The surface runoff rainwater harvesting and other water conservation measures on a long-term basis are to be taken in consultation with the Central/State Groundwater Board. The water so collected should be utilized for watering the haulage area, roads, and green belt development, etc.
10. The project proponent shall take all suitable measures to prevent pollution of groundwater and nearby water bodies in consultation with the State Pollution Control Board and consent to operate (if applicable) should be obtained from the State Pollution Control Board before the start of production from the mine.
11. Project proponent is directed to invest the CER amount as per the proposal and submit the compliance report regularly to the concerned authority/Directorate of environment.

12. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.
13. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
14. The project proponent should explore the possibilities of rainwater harvesting.
15. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
16. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
17. As per the proposed plan, plantation with area specific plant species, number of plants to be Planted and report of green belt development to be submitted to the Forest Department, UPPCB and Directorate of Environment, UP.
18. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and the area is less than 05 ha, but factually the distance is less than 500 mt, and the mine is located in the cluster of area equal to or more than 05 ha, the E.C issued will stand revoked.
19. Explosive cannot be stored on the site. The Project proponent shall take approval from Chief Controller of Explosive, if applicable for use or storage of explosive or any such materials.
20. Blast vibrations study shall be conducted and an observation report submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and UPPCB within six months. The report shall also include measures for the prevention of blasting associated impact on nearby houses and agricultural fields.
21. Controlled blasting techniques with sequential blasting shall be adopted. The blasting shall be carried out in the daytime only. The project proponent shall ensure prevention of displacement of human beings/wild animals/birds etc. and in case any such displacement is caused due to blasting/mining operation by any chance the project proponent shall take suitable measures for their rehabilitation and resettlement.
22. Maintenance of village roads used for transportation of minerals is to be done by the company regularly at its own expenses. The link roads from mining area to main road shall be constructed as all-weather road with black topping and maintained by the project proponent.
23. The self-environmental audit shall be conducted annually. Every three years third-party environmental audit shall be carried out.
24. Measures for prevention and control of soil erosion and management of silt shall be undertaken. Protection of dumps against erosion shall be carried out with geotextile matting or other suitable material, and thick plantations of native trees and shrubs shall be carried out at the dump slopes. Dumps shall be protected by retaining walls.
25. Ground and surface water, if any in and near the core zone (within 5.0 km of the lease) shall be regularly monitored for contamination and depletion due to mining activity and records maintained. The monitoring data shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly. Further, monitoring points shall be located between the mine, and drainage in the direction of flow of groundwater shall be set up and records maintained.
26. Fugitive dust generation shall be controlled. Fugitive dust emission shall be regularly monitored at locations of nearest human habitation (including schools and other public amenities located nearest to sources of dust generation as applicable) and records submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly.
27. Overburden (OB) shall be stacked at the earmarked dump site(s) only and shall not be kept active for long period. The maximum height of the dump shall not exceed 20 m, each stage shall

preferably be of a maximum of 10 m and the overall slope of the dump shall not exceed 35°. The OB dump shall be backfilled. The OB dumps shall be scientifically vegetated with suitable native species to prevent erosion and surface runoff.

28. The slope of the mining bench and ultimate pit limit shall be as per the mining scheme approved by the Indian Bureau of Mines.
29. Prior permission from the Competent Authority shall be obtained for the extraction of groundwater if any.
30. A final mine closure plan, along with details of Corpus Fund, shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board 5 years in advance of final mine closure for approval.
31. The blasting will be done only after getting permission from the Mining Department/competent authority.

**6. River Bed Sand Mine Project at Gata No.- 01 Kha, 277, Khand No.-02, Village- Teharka, Tehsil-Garautha, District- Jhansi, U.P., M/s Shiv Corporation (India)Ltd., Lease Area: 13.0 ha), 5671/SIA/UP/MIN/53372/2020**

**RESOLUTION AGAINST AGENDA NO. 06**

The project proponent/consultant did not appear. The committee discussed and deliberated that the project file should be closed and be opened only after request from the project proponent. The file shall not be treated as pending at SEAC. The matter will be discussed only after submission of online requests on prescribed online portal.

**7. "Building Stone Khanda, Boulder, Ballast Mine" located at Araj No.- 8, 10, Village- Dimroni, Tehsil – Sadar, District: Jhansi, Uttar Pradesh, (Lease Area- 0.809 ha.), 8492/SIA/UP/MIN/451871/2023**

**RESOLUTION AGAINST AGENDA NO. 07**

The project proponent/consultant did not appear. The committee discussed and deliberated that the project file should be closed and be opened only after request from the project proponent. The file shall not be treated as pending at SEAC. The matter will be discussed only after submission of online requests on prescribed online portal.

**8. "Building Stone (Khanda, Boulder, Bailast & Gitti ) Mining" Project at Gata No.-310, Khand No.-06, at Village- Dagaria Rund, Tehsil -Sadar, District- Jhansi, U.P., Lease area- 1.385 ha., 8548/6393/SIA/UP/MIN/454127/2023**

**RESOLUTION AGAINST AGENDA NO. 08**

The project proponent/consultant did not appear. The committee discussed and deliberated that the project file should be closed and be opened only after request from the project proponent. The file shall not be treated as pending at SEAC. The matter will be discussed only after submission of online requests on prescribed online portal.

**9. "Building Stone, Khanda, Boulder, Ballast (Gitty) Mine" located at Araj No. - 967, Khand No.- 04 New Village Kabrai, Tehsil Sadar, District Mahoba, Uttar Pradesh, M/s Yashdeep Trade Mart Pvt. Ltd. , (Area 2.834 Ha.), 8552/6745/SIA/UP/MIN/454152/2023**

The committee noted that the above project proposal was earlier discussed in 849<sup>th</sup> SEAC meeting dated 09/05/2024 and recommended to grant the environmental clearance along with general and specific conditions before the order dated 09/05/2024 passed by Hon'ble NGT in Original Application No. 747/2023 (IA No. 877/2023, IA No. 876/2023, IA No. 119/2024 & IA No. 115/2024)

Raj Kumar Vs. Ministry of Environment, Forests and Climate Change & Ors. Subsequently, the SEIAA refer back the proposal to SEAC for review in light of Hon'ble NGT order.

In view of above decision of SEIAA, the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The project proponent informed that in compliance of the above Hon'ble NGT orders the District Survey Report (DSR) of District Mahoba has been approved by SEIAA, U.P. on 09/01/2025 and approved DSR sent to Mining Department for further necessary action. The project proponent enclosed the copy of approved DSR and requested to grant the environmental clearance for the project proposal.

**The committee has gone through the documents submitted by project proponent and presentation made before SEAC. The committee observed that in compliance of Hon'ble NGT orders the draft DSR of District Mahoba has already been approved by SEIAA. Hence, the committee is of the opinion that the environmental clearance for the above project may be granted by SEIAA in view of SEAC recommendation dated 09/05/2024.**

**10. “Building Stone or Granite Khanda, Boulder, Ballast (Gitty) at Gata/Arazi No-339 (Khand no.-37), Village– Daharra, Tehsil- Sadar & District–Mahoba, Uttar Pradesh By M/s V.R. Infrabuild India Pvt. Ltd. (Shri Jitendra Singh Bhadoriya), Area – 1.619 ha., 8626/7858/SIA/UP/MIN/456790/2023**

The committee noted that the above project proposal was earlier discussed in 849<sup>th</sup> SEAC meeting dated 09/05/2024 and recommended to grant the environmental clearance along with general and specific conditions before the order dated 09/05/2024 passed by Hon'ble NGT in Original Application No. 747/2023 (IA No. 877/2023, IA No. 876/2023, IA No. 119/2024 & IA No. 115/2024) Raj Kumar Vs. Ministry of Environment, Forests and Climate Change & Ors. Subsequently, the SEIAA refer back the proposal to SEAC for review in light of Hon'ble NGT order.

In view of above decision of SEIAA, the matter was listed in 915<sup>th</sup> SEAC meeting dated 21/02/2025. The project proponent informed that in compliance of the above Hon'ble NGT orders the District Survey Report (DSR) of District Mahoba has been approved by SEIAA, U.P. on 09/01/2025 and approved DSR sent to Mining Department for further necessary action. The project proponent enclosed the copy of approved DSR and requested to grant the environmental clearance for the project proposal.

**The committee has gone through the documents submitted by project proponent and presentation made before SEAC. The committee observed that in compliance of Hon'ble NGT orders the draft DSR of District Mahoba has already been approved by SEIAA. Hence, the committee is of the opinion that the environmental clearance for the above project may be granted by SEIAA in view of SEAC recommendation dated 09/05/2024.**

**11. “Ordinary Soil Excavation” Project at Gata No.– 787 & 911 in the Village - Devapur Mustahkam, Tehsil- Moradabad & District- Moradabad, Uttar Pradesh Area: 0.667 Ha., 9623/SIA/UP/MIN/517441/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Ind Tech House Consult. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for “Ordinary Soil Excavation” Project at Gata No.– 787 & 911 ण, Village - Devapur Mustahkam, Tehsil- Moradabad & District- Moradabad, Uttar Pradesh, (Leased Area: 0.667 Ha.).

2. Salient features of the project as submitted by the project proponent:

1 no's of Solar Lights	10,000* 01=	10,000 Rs.
02 No's of Bicycle for Girls to nearby Govt. School of village Devapur Mustahkam	5000* 02=	10,000 Rs.
1 no's of Sewing Machine to nearby Govt. Girls School of village Devapur Mustahkam	5,000* 01=	5,000 Rs.
Total (Approx 25.00 Thousand)		25,000/- Rs.

4. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
5. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
6. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
7. There is no litigation pending in any court regarding this project.
8. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 21/02/2025 mentioning is as follows:

1. I am Manish Kumar Shukla S/o Shri S.K Shukla EIA Coordinator of Ind Tech House Consult.
2. I have prepared Form-1, PFR & EMP report for the Proposal (SIA/UP/MIN/517441/2024), Project Name- Shri. Nazim Ali Proposed "Ordinary Soil Excavation" at Gata No.- 787 & 911 in the Village - Devapur Mustahkam, Tehsil- Moradabad & District- Moradabad, Uttar Pradesh Area: 0.667 Ha with my team.
3. I have personally visited the site of proposal and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information required submitted along with Application/Form-1, PFR & EMP Report are true and correct.
5. I certify that this proposal has been uploaded for this first time on Parivesh portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and hard copy/presentation submitted which has been submitted after acceptance of application.
7. The Form-1, PFR & EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/ NABET.

#### **RESOLUTION AGAINST AGENDA NO. 11**

**The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at Annexure-1 to these minutes.**

#### **12. Ordinary Soil Excavation Project" at Gata No. 1708, 1726, Village- Chainpur, Tehsil- Bighapur & District - Unnao, Uttar Pradesh by Proponent: Shri Amit Singh, Area 0.3833 Ha., 9624/SIA/UP/MIN/517382/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Environmental Research and Analysis, Lucknow (U.P.). Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for Ordinary Soil Excavation Project” at Gata No.- 1708, 1726, Village- Chainpur, Tehsil- Bighapur & District - Unnao, Uttar Pradesh, (Lease Area: 0.3833 Ha.)

2. Salient features of the project as submitted by the project proponent:

Sr. No.	Particulars	Estimated Cost	Numbers/Quantity	Total Cost
1	Installation of Solar light on haul road of the village Chainpur, Tehsil- Bighapur, District - Unnao, Uttar Pradesh	Rs. 25000 per solar light	2	50,000
4	Haul Road Maintenance			40,000
Total Developmental Budget				90,000/-

4. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
5. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
6. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
7. There is no litigation pending in any court regarding this project.
8. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 18/01/2025 mentioning is as follows:

1. I, Dr. R.K. Sharma is EIA Coordinator of M/s Environmental Research and Analysis, Lucknow (U.P.), Accreditation Certificate No. NABET/ EIA/ 24-27/RA 0341\_Rev.01, valid till-21/01/2027.
2. I have prepared EC (B2) report for the Proposal No. SIA/UP/MIN/517382/2025, (File No. 9624), Proponent- Shri Amit Singh S/o- Shri Rudrapal Singh, R/o Vill-Muskabad, Post- Manikapur, District- Unnao (U.P) – 229504 of Proposed Project of Ordinary Soil Excavation Mine Project” at Gata No. 1708, 1726, mining Lease Area 0.3833 hectares situated in Village-Chainpur, Tehsil-Bighapur & District- Unnao, Uttar Pradesh with my team.
4. I have personally visited the site of proposal and certify that no mining activity has been undertaken on the project site for the present proposal.
5. I have satisfied with that all the necessary data/information required for EC (B2) presentations are true and correct.
6. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
7. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and the hard copy/presentation which will be submitted after acceptance of application.
8. The EC (B2) report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

### **RESOLUTION AGAINST AGENDA NO. 12**

The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at Annexure-1 to these minutes.

### **13. Integrated Manufacturing and Logistic Cluster (IMLC) at Village – Saray Kativan & Village - Murtazanagar, Tehsil – Sadar, District – Unnao, Uttar Pradesh by Uttar Pradesh Expressways Industrial Development Authority (UPEIDA), 9625/SIA/UP/INFRA1/516400/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with

their consultant M/s EQMS India Pvt. Ltd. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The terms of reference is sought for Integrated Manufacturing and Logistic Cluster (IMLC) at Village – Saray Katiyan & Village - Murtazanagar, Tehsil – Sadar, District – Unnao, Uttar Pradesh by Uttar Pradesh Expressways Industrial Development Authority (UPEIDA).
2. Total area of the project is 135.264 Ha out of which 95.407 Ha is earmarked for industrial plots development, 8.515 Ha for Administration and facilities development and 21.307 Ha for common green area green area development.
3. Project brief:

S. No	Item	Details
1.	On-line proposal No	SIA/UP/INFRA1/516400/2025
2.	File No. allotted by SEIAA, U.P	9625
3.	Name of the project	Proposed Integrated Manufacturing and Logistic Cluster (IMLC) Unnao at Village – Saray Katiyan & Murtazanagar, Tehsil – Sadar, District – Unnao, Uttar Pradesh by Uttar Pradesh Expressways Industrial Development Authority (UPEIDA)
4.	Project location (Plot/Khasra/Gata No.)	Village – Saray Katiyan & Murtazanagar, Tehsil – Sadar, District – Unnao, Uttar Pradesh
5.	Project Category	Activity 7(c); Category B Industrial Estates/Parks/complexes/areas, export processing zones (EPZs), Special Economic Zones (SEZs), Biotech Parks, Leather Complexes.
6.	Types of Industries Proposed	Aquaculture/Hatcheries (Fish): Not categorized under Category A or B Automobile Manufacturing: Not categorized under Category A or B Manmade Fibers (other than Rayon): Category B Distilleries - Beer (Non-molasses-based distilleries <200 KLD): Category B Grain-Based Distilleries (Projects with ZLD): Category B Integrated Paint Industry: Category B Pulp & Paper Industry (Pulp manufacturing from wastepaper and paper manufacturing from wastepaper pulp and other ready pulp): Category B Common Effluent Treatment Plants (CETPs): Category B Metallurgical Industries (All other non-toxic secondary metallurgical processing industries >5000 tonnes/annum): Category B

4. Land use details:

S. No.	Particular	Area in Sqm	Area in Ha	Percentage of Site Area	Green Area in Ha	Percentage of Green Area
1	Total Land Area	1352640	135.264	100.00	44.690	33.04
2	Area under Industrial Plots	954073.30	95.407	70.50	21.467	15.87
3	Area under Administrative Zone	20508	2.051	1.50	0.461	0.34
4	Area for Utility Services	64635.30	6.464	4.80	1.454	1.08
	Treatment Facilities	20425.70	2.043	-	-	-
	Water works	13272.90	1.327	-	-	-
	Fire Station	7653.20	0.765	-	-	-
	Electric Substation	23283.50	2.328	-	-	-
5	Common Open Green Area/Green Belt	213074.20	21.307	15.80	21.307	15.75
6	Area under Roads	100349.20	10.035	7.40	-	-

5. Project Connectivity-

- Nearest Railway Station - Sonik Railway Station
- Nearest Highway - Kanpur- Lucknow Expressway & Greenfield Ganga Expressway
- Nearest Airport - Chaudhary Charan Singh International Airport, Lucknow

6. Water requirement details:

- **Construction Phase:** Approximately 19 KLD (Domestic- 14 KLD and Construction purpose- 5 KLD) of water will be required which will be sourced through ground /tanker supply.

- **Operation Phase:** The approximate total water requirement will be 4658.80 KLD out of which Fresh water requirement will be 2796.51 KLD and rest will be met through treated water. The fresh water will be sourced through Ground water extraction. Necessary permission will be taken from the Ground Water Department, Ministry of Jal Shakti Government of Uttar Pradesh.

7. Wastewater Generation:

- **Construction Phase-** About 11 KLD of wastewater generated will be treated in modular STP of 15 KLD and treated water will be reused for construction purposes.
- **Operation Phase-** Wastewater from domestic activity (797.62 KLD) will be treated in common sewage treatment plant CSTP (1000 KLD). While industrial effluent (1430.54 KLD) will be treated in CETP (1650 KLD). The treated water from CSTP will be reused for landscaping purposes while treated effluent from CETP will be reused in industrial process.

8. Municipal Solid Waste Generation:

- **Construction Phase:-** Approximately 90 Kg of solid waste will be generated from the construction site which will be collected, segregated and disposed of as per Solid Waste Management Rules, 2016.
- **Operation Phase:-** Waste generated would be 6344.15 Kg per day out of which 3825.35 Kg/day will be biodegradable waste and 2518.8 Kg/day will be non-biodegradable waste. Biodegradable waste will be converted to manure through the Common Organic Waste Converter (OWC) facility provided by UPEIDA, Non- Biodegradable waste will be given to authorized vendor in the area.

9. Waste generation and disposal:

S. No.	Category of Waste	Quantity	Disposal	Applicable Rule
1	Biodegradable Waste	3825.35 Kg/day	Common OWC	Solid Waste Management Rules, 2016
2	Non-Biodegradable waste (A+B)	2518.8 Kg/day	Given to Approved Recycler as per applicable Rules	Solid Waste Management Rules, 2016
A	Plastic Waste	1259.4 Kg/day		Plastic Waste Management Rules, 2022
B	Other Waste	1259.4 Kg/day		Solid Waste Management Rules, 2016
3	E-Waste	5 Kg/day		E-Waste (Handling & Management) Rules, 2024
4	Used Oil from DG Sets/Machinery	-		Hazardous Waste Management Rules, 2024

10. Power Requirement:

- **Construction Phase-** Power requirement will be sourced from Uttar Pradesh Power Corporation Limited (UPPCL) and for power backup 02 no. of DG sets of capacity 125 KVA each will be provided.
- **Operation Phase-** The power requirement will be approximately 60 MW, which will be provided by Uttar Pradesh Power Corporation Limited (UPPCL). Individual industries will set up their own power back up system as per the need and requirement.

11. Green belt:

Particular	Details
Common Green Area (to be developed by UPEIDA)	232230 m <sup>2</sup>
*Green area inside plots @ 22.5% of industrial plot area	214670 m <sup>2</sup>
Trees to be planted in Industrial plots	42934 nos.
Common Tree plantation by UPEIDA	46446 nos.
Total Trees to be planted	89380 nos.
Overall Green Area	446900 m <sup>2</sup> (33.04% of Overall Plot Area- in accordance with UPSIDA norms)

12. The project proposal falls under category-7(c) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 21/02/2025 mentioning is as follows:

1. I, Sanjay Kumar Jain, S/o Shri Nanak Chand Jain is EIA Coordinator of M/s EQMS India Pvt. Ltd.
2. I have prepared the Form-1, PFR report for the TOR proposal Integrated Manufacturing and Logistic Cluster (IMLC) at Village – Saray Katiyan & Village - Murtazanagar, Tehsil – Sadar, District – Unnao, Uttar Pradesh by Uttar Pradesh Expressways Industrial Development Authority (UPEIDA) with my team.
3. I have personally visited the proposed site along with team and certify that no mining/construction activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information submitted along with application are true and correct.
5. I certify that this project has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.
7. The Form-1, PFR report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

**RESOLUTION AGAINST AGENDA NO-13**

**The committee discussed the matter and recommended to issue following terms of reference (TOR) for the preparation of Environment Impact Assessment (EIA) report:**

1. The project proponent will take water conservation measures like reuse/recycle of treated waste water with the ZLD concept. The sewage treatment system shall be installed with an appropriate tertiary treatment system with disinfection for black and grey water. Such treated water should be used with a dual plumbing system for flushing and other non-portable use.
2. Project proponent should present latest drone videography of the project site mentioning the date, time and geo coordinates at the time of EIA presentation.
3. Details of industry come under the project along with its category.
4. Rain water harvesting recharging and other suitable water conservation measure to reduce the use of fresh water. Flow measuring devices of various components and their monitoring shall be incorporated.
5. Air, Water, Noise, Soil monitoring and surveillance protocol shall be given.
6. Prospective rolls and responsibility matrix for preventing and controlling the pollution shall be given by project proponent.
7. The project proponent shall study the displacement of humans, wildlife/bird, if any and accordingly their rehabilitation and resettlement plan shall be given.
8. Reasons for selecting the site with details of alternate sites examined/rejected/selected on merit with comparative statement and reason/basis for selection. The examination should justify site suitability in terms of environmental damage, resources sustainability associated with selected site as compared to rejected sites. The analysis should include parameters considered along with weightage criteria for short-listing selected site.
9. Submit the details of the land use break-up for the proposed project. Details of land use around 10 km radius of the project site. Analysis should be made based on latest satellite imagery for land use with raw images. Check on flood plain of any river.
10. Submit details of environmentally sensitive places, land acquisition status, rehabilitation of communities/villages and present status of such activities.
11. Examine the impact of proposed project on the nearest settlements.

**14. Ordinary Sand Mining” along riverbed of Yamuna river at Gata No 8, 9, 10, 11, 12 and 22mi, khand-1 at Village–Khartla Katri, Tehsil Bhognipur, District- Kanpur Dehat, Uttar Pradesh of M/s Maa Vaishno Rice Mill, Area - 17.90 ha., 9626/8022/SIA/UP/MIN/506873/2024**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh Servicing Environment and development. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for “Riverbed Ordinary Sand Mining” along riverbed of Yamuna river at Gata No.- 8, 9, 10, 11, 12 and 22mi, Khand No.-1, Village–Khartla Katri, Tehsil - Bhognipur, District- Kanpur Dehat, Uttar Pradesh of M/s Maa Vaishno Rice Mill, (Leased Area- 17.90 Ha).
2. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 250/Parya/SEIAA/8022/2023 dated 18/10/2023.
3. The Public Hearing was organized on 30/07/2024. Final EIA report submitted by the project proponent on 07/01/2025.
4. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/506873/2024															
2.	File No. allotted by SEIAA, UP	9358-8238															
3.	Name of Proponent	M/s Maa Vaishno Rice Mill Shri Vijay Prakash Gupta S/o Om Prakash Gupta															
4.	Full correspondence address of proponent and mobile no.	R/o 128/346 H Block, Kidwai Nagar Kanpur Nagar - 208011, Uttar Pradesh Mobile no.– E mail ID - gvijayprakash84@gmail.com															
5.	Name of Project	Proposed “Riverbed Ordinary Sand Mining” along riverbed of Yamuna river at Gata No 8, 9, 10, 11, 12 and 22mi, khand-1 Area - 17.90 ha at Village–Khartla Katri, Tehsil - Bhognipur, District- Kanpur Dehat, Uttar Pradesh of M/s Maa Vaishno Rice Mill, Shri Vijay Prakash Gupta.															
6.	Project Location (Plot. Khasra/Gata No.)	Gata No 8, 9, 10, 11, 12 and 22mi, khand-1															
7.	Name of Village	Khartla Katri															
8.	Tehsil	Bhognipur															
9.	District	Kanpur Dehat															
10.	Name of Minor Mineral	“river bed Sand/morrum mining”															
11.	Sanctioned Lease Area (in Ha.)	17.90															
12.	Max. & Min mRL within lease area	Highest mRL - 102.02 mRL Lowest mRL - 97.10 mRL Water level - 96.0 mRL

30.	No. of Trees to be Planted	18000	
31.	Monitoring period	March 2023 to May 2023	

**5. Action Plan as per Ministry's O.M. dated 30/09/2020:**

S. No.	CER/EMP Activity	1st Year	2nd Year	3rd Year	4th Year	5th Year
1	Skill Development (Carpentry, Welding, Masonry works, plumbing, tailoring etc.) for the local community will be conducted	Rs.20,000.00				
2	Solar Street Light (4@ Rs 10000/pc)			Rs. 40,000.00		
3	Books/sports goods for primary school of Village – Khartla Katri				Rs. 20,000.00	
4	Health check-up camp		20,000.00			
5	Renovation of primary school of village- Khartla Katri and nearby village's schools.					80,00,000.00

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 19/02/2025 mentioning is as follows:

- I, Dr. Surendra Vikram Ghavri S/o Shri Pratap Kumar am EIA Coordinator of Paramarsh servicing Environment and Development.
- I have prepared EIA/EMP report for the EC for proposed "Riverbed Ordinary Sand Mining" along riverbed of Yamuna river at Gata No.- 8, 9, 10, 11, 12 and 22mi, Khand No.-1, Village- Khartla Katri, Tehsil - Bhognipur, District- Kanpur Dehat, Uttar Pradesh of M/s Maa Vaishno Rice Mill, (Leased Area- 17.90 Ha) with my team.

3. I have personally visited the proposed site along with team and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information required for Form 1, PFR and EMP preparations are true and correct.
5. I certify that this project has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.
7. I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report.
8. The EIA/EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

**RESOLUTION AGAINST AGENDA NO. 14**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India. The committee also stipulated following specific conditions:**

**Specific Conditions:**

1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void.
2. The quantity mentioned in LoI or quantity mentioned in replenishment study, whichever is less, would be maximum quantity which project proponent may extract. It will be ensured by District Administration and Geology and Mining Department. Directorate of Geology and Mining will ensure conduct of replenishment study from reputed institution for subsequent years in compliance of Hon'ble NGT orders.
3. NOC from Irrigation Department/ Concerning Authority regarding river bed mining to be obtained before start of mining activity.
4. No mining activity should be carried out in-stream channel as per SSMMG, 2016.
5. The mining work will be open-cast and manual/semi mechanized (subject to orders). Heavy machine such as excavator, scooper etc. should not be employed for mining purpose. No drilling/blasting should be involved at any stage.
6. An Environmental Audit should be annually carried out during the operational phase and submitted to the SEIAA.
7. Project Proponent should submit working plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
8. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
9. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.
10. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer Expert Agency in this field
11. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.

12. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
13. The project proponent should explore the possibilities of rainwater harvesting in the premises of project area
14. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
15. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
16. As per the proposed plan, plantation with area specific plant species, number of plants to be planted and report of green belt development to be submitted to the concerning department. Selection of plants for green belt should be on the basis of pollution removal index. Project proponent should ensure survival of tree saplings. Mortality should be replaced from time to time.
17. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ water supplying agencies to be submitted.
18. Submit the Hydrological study report of lease area that the quantity given in LoI will be mined without affecting the geo-hydrology of the River.
19. Environment management in according to environmental status and impact of the project.
20. During the school opening and closing time transportation of minerals will be restricted.
21. Pakkamotorable haul road to be maintained by the project proponent.
22. A separate Environmental Management Cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
23. The capacity of trucks/tractor for loading purpose will be in tonnes as per Transport Department applicable norms and standard fixed by the Government.
24. Provision for two toilets and hand pumps should be made at mining site.
25. Mining should be done by Bar scalping methods extraction (typically 0.3 -0.6 m or 1 - 2 ft) as per sustainable sand mining management guidelines 2016.
26. If in future this lease area becomes part of cluster of equal to or more than 05 ha. then additional conditions based on the EIA shall be imposed. The lease holder shall mandatorily follow cluster conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per law shall be initiated against the authority issuing the cluster certificate.
27. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and area is less than 05 ha, but factually the distance is less than 500 mt and the mine is located in cluster of area equal or more than 05 ha, the E.C issued will stand revoked.
28. The MoEF&CC/SEIAA or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
29. A width of not less than 50 meter or 10% width of river can be restricted for mining activities from river bank. A condition can be imposed that mining will be done from river activities from river bank.
30. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Authority Act, 1997.

**15. Ordinary Soil Excavation Mining Project” at Gata No.- 293, 342, Village- Hirapur, Tehsil & District - Sambhal, Uttar Pradesh, Area 0.7099 ha., 9627/SIA/UP/MIN/517584/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Environmental Research and Analysis, Lucknow (U.P.). Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for Ordinary Soil Excavation Project” at Gata No.- 293, 342,, Village- Hirapur, Tehsil & District - Sambhal, Uttar Pradesh, (Lease Area: 0.7099 Ha.)
2. Salient features of the project as submitted by the project proponent:

**Minutes of 915<sup>th</sup> SEAC-1 Meeting Dated 21/02/2025**

1.	On-line proposal No.	SIA/UP/MIN/517584/2025

28.	Length and breadth of Haul Road	445 m length and 6 m width			
29.	No. of Trees to be planted.	5			
30.	Monitoring Season	NA			

3. Action Plan as per Ministry's O.M. dated 30/09/2020:

Sr. No.	Particulars	Estimated Cost	Numbers/Quantity	Total Cost
1	Installation of Solar light on haul road in	Rs. 25,000 per	Rs. 25,000 × 2	50,000

	the village Hirapur, Tehsil-Sambhal, District – Sambhal, U.P.	Solar light	Solar light	
2	Haul Road Maintenance	--	--	40,000
Total Developmental Budget				90,000/-

4. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
5. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
6. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
7. There is no litigation pending in any court regarding this project.
8. The project proposal falls under category–1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 14/02/2025 mentioning is as follows:

1. I, Dr. R.K. Sharma is EIA Coordinator of M/s Environmental Research and Analysis, Lucknow (U.P.), Accreditation Certificate No. NABET/ EIA/ 24-27/RA 0341\_Rev.01, valid till-21/01/2027.
2. I have prepared ToR (B2) report for the Proposal No. SIA/UP/MIN/517584/2025, (File No. 9627), Proponent- : Shri Yogesh Kumar S/o Shri ParamSingh, R/o Vill-H.No.-10 Sector-1 Naya Moradabad opp Power House-2, Sector-1 , District- Moradabad (U.P) – 244001 of Proposed Project of Ordinary Soil Excavation Mine Project” at Gata No. 293,342, mining Lease Area 0.7099 hectares situated in Village-Hirapur, Tehsil- Sambhal & District- Sambhal, Uttar Pradesh with my team.
3. I have personally visited the site of proposal and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I have satisfied with that all the necessary data/information required for EC (B2) presentations are true and correct.
5. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and the hard copy/presentation which will be submitted after acceptance of application.
7. The EC (B2) report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

#### **RESOLUTION AGAINST AGENDA NO. 15**

The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at Annexure-1 to these minutes.

#### **16. “Ordinary Earth Mining” Project at Gata No.- 272, 286, 287, 291ख, Village-Ranwan, Tehsil- Chhibramau, District-Kannauj, U.P. (Area – 0.9873 ha). Shri Yogendra Singh., 9628/SIA/UP/MIN/517856/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh Servicing Environment and development. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for “Ordinary Soil Mining” Project at Gata No.-272, 286, 287, 291<sup>अ</sup>, Ranwan, Tehsil- Chhibramau, District-Kannauj, U.P. (Area – 0.9873 ha) of Shri Yogendra Singh
2. Salient features of the project as submitted by the project proponent:

1	Sprinkling of water along the haul road (510 m)	1,00,000.00
2	Plantation (25 plants)	16,125.00
3	Tarpaulin during transportation.	10,000.00
4	Regular maintenance of machinery and Vehicles	10,000.00
5	Solar Street Light 2 nos	20,000.00
Total		1,56,125.00

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category–1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 19/02/2025 mentioning is as follows:

- I Dr. Pankaj Srivastava S/o Shri V. V. Srivastava is EIA Coordinator of Paramarsh servicing Environment and Development.
- I have prepared Form 1, PFR and EMP (Category B2) for the Environmental Clearance of Proposed “Ordinary Earth Mining” Project at Gata No.- 272, 286, 287, 291ख, Village-Ranwan, Tehsil- Chhibramau, District-Kannauj, U.P. (Area – 0.9873 ha) of Yogendra Singh, Proposal No. SIA/UP/MIN/517856/2025 with my team.
- I have personally visited the proposed site along with team and certify that no mining activity has been undertaken on the project site for the present proposal.
- I am satisfied with that all the necessary data/information required for Form 1, PFR and EMP preparations are true and correct.
- I certify that no mining activity has been undertaken on the project site for the Present proposal.
- I certify that this project has been uploaded for the first time on Parivesh Portal.
- I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.
- The Form 1, PFR and EMP for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

### **RESOLUTION AGAINST AGENDA NO. 16**

**The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at Annexure-1 to these minutes.**

**17. Sand/Morrum Mining Project River Betwa in Gata No.-1482, Khand No -01, at Village – Teekar, Tehsil- Orai, District- Jalaun, U. P. of Shri Gyan Prakash Gupta, Leased Area- 20.20 ha., 9630/8658/SIA/UP/MIN/517869/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh Servicing Environment and development. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for Sand/Morrum Mining Project River Betwa at Gata No.-1482, Khand No -01 at Village –Teekar, Tehsil- Orai, District- Jalaun, U. P. of Shri Gyan Prakash Gupta. (Leased Area- 20.20 Ha)
2. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. TO24B0107UP5309620N dated 01/05/ 2024
3. The Public Hearing was organized on 28/08/2024. Final EIA report submitted by the project proponent on 09/01/2025.

4. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/517869/2025		
2.	File No. allotted by SEIAA, UP	9630/8658		
3.	Name of Proponent	Gyan Prakash Gupta (Prop) S/o Late Om Prakash Gupta		
4.	Full correspondence address of proponent and mobile no.	R/o 128/346, H-Block, Kidwai Nagar, Kanpur Nagar, U. P.- 208011 <i>E mail ID-</i> ggyanprakash331@gmail.com		
5.	Name of Project	Environment Clearance of proposed Riverbed Sand/Morrum Mining Project having lease area- 20.20 ha along River Betwa in Gata No.1482, Khand No -01 at Village –Teekar, Tehsil- Orai, District- Jalaun, U. P. of Shri Gyan Prakash Gupta.		
6.	Project Location (Plot. Khasra/Gata No.)	Gata No.1482, Khand No -01

30.	No. of Trees to be Planted	21000
31.	Monitoring Period	Baseline Monitoring Period: March 2024 to May 2024

**5. Action Plan as per Ministry's O.M. dated 30/09/2020:**

S. No.	CER/EMP Activity	1st Year	2nd Year	3rd Year	4th Year	5th Year
1.	Skill Development (Carpentry, Welding, Masonry works, plumbing, tailoring etc.) for the local community will be conducted	Rs.20,000.00				
2.	Solar Street Light (4@ Rs 10000/pc)			Rs. 40,000.00		
3.	Books/sports goods for primary school of village – Teekar				Rs. 20,000.00	
4.	Health check-up camp		20,000.00			
5.	Rooftop solar plant or toilets will be constructed in primary school of village- Teekar and nearby village's schools					70,00,000.00

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category–1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 19/02/2025 mentioning is as follows:

- I Dr. S V Ghavri S/o Shri Pratap Kumar is EIA Coordinator of Paramarsh servicing Environment and Development.

2. I have prepared EIA/EMP report for the Environment Clearance of proposed Riverbed Sand/Morrum Mining Project having lease area- 20.20 ha along River Betwa in Gata No.-1482, Khand No -01 at Village –Teekar, Tehsil- Orai, District- Jalaun, U. P. of Shri Gyan Prakash Gupta. Proposal No. SIA/UP/MIN/517869/2025 with my team.
3. I have personally visited the proposed site along with team and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information required for EIA/EMP preparations are true and correct.
5. I certify that this project has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.
7. I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report.
8. The EIA/EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

**RESOLUTION AGAINST AGENDA NO. 17**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India. The committee also stipulated following specific conditions:**

**Specific Conditions:**

1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void.
2. The quantity mentioned in LoI or quantity mentioned in replenishment study, whichever is less, would be maximum quantity which project proponent may extract. It will be ensured by District Administration and Geology and Mining Department. Directorate of Geology and Mining will ensure conduct of replenishment study from reputed institution for subsequent years in compliance of Hon'ble NGT orders.
3. NOC from Irrigation Department/ Concerning Authority regarding river bed mining to be obtained before start of mining activity.
4. No mining activity should be carried out in-stream channel as per SSMMG, 2016.
5. The mining work will be open-cast and manual/semi mechanized (subject to orders). Heavy machine such as excavator, scooper etc. should not be employed for mining purpose. No drilling/blasting should be involved at any stage.
6. An Environmental Audit should be annually carried out during the operational phase and submitted to the SEIAA.
7. Project Proponent should submit working plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
8. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
9. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.

10. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer Expert Agency in this field
11. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.
12. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
13. The project proponent should explore the possibilities of rainwater harvesting in the premises of project area
14. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
15. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
16. As per the proposed plan, plantation with area specific plant species, number of plants to be planted and report of green belt development to be submitted to the concerning department. Selection of plants for green belt should be on the basis of pollution removal index. Project proponent should ensure survival of tree saplings. Mortality should be replaced from time to time.
17. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ water supplying agencies to be submitted.
18. Submit the Hydrological study report of lease area that the quantity given in LoI will be mined without affecting the geo-hydrology of the River.
19. Environment management in according to environmental status and impact of the project.
20. During the school opening and closing time transportation of minerals will be restricted.
21. Pakkamotorable haul road to be maintained by the project proponent.
22. A separate Environmental Management Cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
23. The capacity of trucks/tractor for loading purpose will be in tonnes as per Transport Department applicable norms and standard fixed by the Government.
24. Provision for two toilets and hand pumps should be made at mining site.
25. Mining should be done by Bar scalping methods extraction (typically 0.3 -0.6 m or 1 - 2 ft) as per sustainable sand mining management guidelines 2016.
26. If in future this lease area becomes part of cluster of equal to or more than 05 ha. then additional conditions based on the EIA shall be imposed. The lease holder shall mandatorily follow cluster conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per law shall be initiated against the authority issuing the cluster certificate.
27. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and area is less than 05 ha, but factually the distance is less than 500 mt and the mine is located in cluster of area equal or more than 05 ha, the E.C issued will stand revoked.
28. The MoEF&CC/SEIAA or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
29. A width of not less than 50 meter or 10% width of river can be restricted for mining activities from river bank. A condition can be imposed that mining will be done from river activities from river bank.
30. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Authority Act, 1997.

**18. Sand/Morrum Mining river Betwa at Khand No. 25/6 at Village-Ichhaura-Jitkari, Tehsil-Sarila, District-Hamirpur, Uttar Pradesh of M/s Anandeshwar Motors Pvt. Ltd., Area-31.120 ha., 9631/8275/SIA/UP/MIN/486632/2024**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh Servicing Environment and Development. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following

facts have emerged: -

1. The environmental clearance is sought for proposed Riverbed Sand/morrum mining from river Betwa in Khand No. 25/6 at Village-Ichhaura Jitkari, Tehsil-Sarila, District- Hamirpur, Uttar Pradesh, (Lease area 31.120 ha), M/s Anandeshwar Motors Pvt. Ltd.
2. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 332/Parya/SEIAA/8275/2023 on dated 05/12/2023.
3. The Public Hearing was organized on 11/06/2024 at Tehsil Sabhagar- Sarila, District- Hamirpur, Uttar Pradesh. Final EIA report submitted by the project proponent on 09/01/2025.

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category–1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 19/02/2025 mentioning is as follows:

- I Dr. Pankaj Kumar Srivastava S/o Shri Vindhyaasni Srivastava is EIA Coordinator of Paramarsh servicing Environment and Development Lucknow.
- I have prepared EIA/EMP report for the Environmental clearance for Proposed Riverbed Sand/morrum mining having lease area 31.120 ha along river Betwa in Khand No.25/6 at Village-Ichhaura-Jitkari, Tehsil-Sarila, District- Hamirpur, Uttar Pradesh of M/s Anandeshwar Motors Pvt. Ltd., proposal no. SIA/UP/MIN/486632/2024 with my team.

3. I have personally visited the proposed site along with team and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information required for EIA/EMP preparations are true and correct.
5. I certify that this project has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.
7. I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report.
8. The EIA/EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

**RESOLUTION AGAINST AGENDA NO. 18**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India. The committee also stipulated following specific conditions:**

**Specific Conditions:**

1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void.
2. The quantity mentioned in LoI or quantity mentioned in replenishment study, whichever is less, would be maximum quantity which project proponent may extract. It will be ensured by District Administration and Geology and Mining Department. Directorate of Geology and Mining will ensure conduct of replenishment study from reputed institution for subsequent years in compliance of Hon'ble NGT orders.
3. NOC from Irrigation Department/ Concerning Authority regarding river bed mining to be obtained before start of mining activity.
4. No mining activity should be carried out in-stream channel as per SSMMG, 2016.
5. The mining work will be open-cast and manual/semi mechanized (subject to orders). Heavy machine such as excavator, scooper etc. should not be employed for mining purpose. No drilling/blasting should be involved at any stage.
6. An Environmental Audit should be annually carried out during the operational phase and submitted to the SEIAA.
7. Project Proponent should submit working plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
8. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
9. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.
10. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer Expert Agency in this field
11. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.

12. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
13. The project proponent should explore the possibilities of rainwater harvesting in the premises of project area
14. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
15. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
16. As per the proposed plan, plantation with area specific plant species, number of plants to be planted and report of green belt development to be submitted to the concerning department. Selection of plants for green belt should be on the basis of pollution removal index. Project proponent should ensure survival of tree saplings. Mortality should be replaced from time to time.
17. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ water supplying agencies to be submitted.
18. Submit the Hydrological study report of lease area that the quantity given in LoI will be mined without affecting the geo-hydrology of the River.
19. Environment management in according to environmental status and impact of the project.
20. During the school opening and closing time transportation of minerals will be restricted.
21. Pakkamotorable haul road to be maintained by the project proponent.
22. A separate Environmental Management Cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
23. The capacity of trucks/tractor for loading purpose will be in tonnes as per Transport Department applicable norms and standard fixed by the Government.
24. Provision for two toilets and hand pumps should be made at mining site.
25. Mining should be done by Bar scalping methods extraction (typically 0.3 -0.6 m or 1 - 2 ft) as per sustainable sand mining management guidelines 2016.
26. If in future this lease area becomes part of cluster of equal to or more than 05 ha. then additional conditions based on the EIA shall be imposed. The lease holder shall mandatorily follow cluster conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per law shall be initiated against the authority issuing the cluster certificate.
27. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and area is less than 05 ha, but factually the distance is less than 500 mt and the mine is located in cluster of area equal or more than 05 ha, the E.C issued will stand revoked.
28. The MoEF&CC/SEIAA or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
29. A width of not less than 50 meter or 10% width of river can be restricted for mining activities from river bank. A condition can be imposed that mining will be done from river activities from river bank.
30. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Authority Act, 1997.

**19. “Ordinary Earth Mining” Project at Gata No.- 226क, Village-Ritukala, TehsilKannauj, District-Kannauj, U.P. (Area – 0.2910 ha), 9629/SIA/UP/MIN/517937/2025**

**RESOLUTION AGAINST AGENDA NO. 19**

The project proponent/consultant did not appear. The committee discussed and deliberated that the project file should be closed and be opened only after request from the project proponent. The file shall not be treated as pending at SEAC. The matter will be discussed only after submission of online requests on prescribed online portal.

**20. “Sand/Morrum Mining” on the Riverbed of Betwa River at Gata No.- 2257 (Khand No. 06), Village –Kharka Tehsil-Orai, District Jalaun, Uttar Pradesh, Leased Area of 11.740 Ha., 9634/SIA/UP/MIN/517446/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Environmental Research and Analysis, Lucknow (U.P). Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The terms of reference is sought for “Sand/Morrum Mining” on the Riverbed of Betwa River at Gata No.- 2257 (Khand No. 06), Village –Kharka TehsilOrai, District Jalaun, Uttar Pradesh, (Leased Area: 11.740 ha.).

2. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/517446/2025		
2.	File no. allotted by SEIAA, UP	9634		
3.	Name of proponent	M/s Hindustan Infrastructure Partner –Shri RamlaalChaudharyS/o ShriRam Asre And SmtNirmala Devi W/o ShriRamlal Chaudhary		
4.	Full correspondence address of proponent.	R/o – VillPasda ,Post Banpur District- Basti (U.P)-272177		
5.	Name of Project	Sand/Morrum Mining Project		
6.	Project location (Plot / Khasra / Gata No.)	Gata No. 2257(Khand No.06)		
7.	Name of Village	Kharka		
8.	Tehsil	Orai		
9.	District.	Jalaun		
10.	Name of Minor Mineral	Sand/Morrum		
11.	Sanction Lease Area (in Ha.)	11.740 Ha.		
12.	Max. & Min mRL within lease area	Maximum &Minimum mRL 127 mRL and 123 mRL respectively.		
13.	Pillar Coordinates (Verified by DMO)	PILLAR No.	LATITUDE	LONGITUDE
		A	25°53'46.13"N	79°35'26.48"E
		B	25°53'44.89"N	79°35'20.52"E
		C	25°53'38.04"N	79°35'09.37"E
		D	25°53'32.85"N	79°35'09.64"E
		E	25°53'33.38"N	79°35'10.59"E
		F	25°53'33.90"N	79°35'18.67"E
		G	25°53'40.29 N	79°35'27.26"E
14.	Total Geological Reserves	2,69,940 m <sup>3</sup>		
15.	Total Mineable Reserves	1,61,964m <sup>3</sup>		
16.	Total Proposed Production	5,86,000 m3 in 5years		
17.	Sanction Period of Mine lese	5 year as per LOI		
18.	No. of workers	54 workers		
19.	Type of Land	Government Land		
20.	Ultimate depth of mining	1.953 meter (as per agreement & mining plan)		
21.	Nearest metalled road from Site	Bundelkhand Express is about 12.22 Km towards South- West Direction.		
22.	Water requirement	PURPOSE	REQUIREMENT (KLD)	
		Drinking water	0.64 KLD	
		Dust suppression	5.4KLD	
		Plantation	0.06 KLD	
		Others (if any)	-	
		Total	6.1KLD approx.	
23.	Name of QCI Accredited Consultant with QCI No. and period of validity.	Environmental Research and Analysis, Lucknow (U.P) Certificate No. NABET/ EIA/24-27/RA 0341_Rev.01 and valid upto January 21, 2027.		
24.	Anv litigation pending against the	No		

	project or land in any court.	
25.	Detail of 500 m Cluster certificate verified by mining officer	Letter No.1890/खनिज-एमएमसी-30/2024-2025
26.	Detail of Lease Area in approved DSR	Letter No.- 1282/khanij-M.M.C-30 on dated 04/06/2024 Details of Lease given in DSR Jalaun 2024 on Page No. 8 of 44, S. No. 8
27.	Proposed EMP cost	₹ 11,09,880/-
28.	Length and breadth of Haul Road	300 m length and 6 m width
29.	No. of Trees to be planted.	60 saplings.
30.	Monitoring Season	01/12/2024 to 28/02/2025

3. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
4. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
5. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
6. There is no litigation pending in any court regarding this project.
7. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 14/02/2025 mentioning is as follows:

1. I, Dr. R. K. Sharma is EIA Coordinator of M/s Environmental Research and Analysis, Lucknow (U.P.), Accreditation Certificate No. NABET/ EIA/24-27/RA 0341, valid till- 21/01/2027.
2. I have prepared TOR (B1)report for the File No.-9634 & Proposal No. SIA/UP/MIN/517446/2024,M/s Hindustan Infrastructure Partner - Shri Ramlaal Chaudhary,S/o Shri Ram Asre And Smt Nirmala Devi W/o Shri Ramlal Chaudhary R/o – Vill Pasda, Post Banpur District- Basti (U.P)-272177with my team.
3. I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
4. I have satisfied with that all the necessary data/information required for TOR (B1) presentations are true and correct.
5. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and the hard copy/presentation which will be submitted after acceptance of application.
7. TheTOR (B1) report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

### **RESOLUTION AGAINST AGENDA NO. 20**

**The committee discussed the matter and recommended to issue the standard terms of reference for the preparation of EIA report. The committee also stipulated following additional TOR Points:**

#### **Additional TOR:**

1. Videography of baseline monitoring period with date, time and geo coordinates should be attached in EIA report and also presented during the EIA presentation.
2. Raw data of all the baseline monitoring parameters will be provided as an annexure to the EIA Report.

3. Project proponent should present latest drone videography of the project site mentioning the date, time and geo coordinates at the time of EIA presentation.
  4. NOC from Irrigation Department/Concerning Authority regarding river bed mining to be submitted at the time of EIA presentation.
  5. To ensure proper monitoring, the project proponent/consultant should provide evidence in form of (A) Logbook of their site visit along with activities carried out during monitoring (B) Real time photographs showing monitoring machine, public, lab person etc.
  6. Proprietor/proprietor representative should be present at the time of monitoring and monitoring should be conducted as per CPCB SOP/NABET/QCI guidelines. Lab responsible person should be present at the time of EIA presentation.
  7. EIA coordinator & FAE should give a notarized affidavit during EIA presentation that they have personally visited the site & they have also taken all the mitigating measures for any critical issues involved in the project.
  8. The project proponent will have to inform the schedule of monitoring/data collection programme to the SEIAA/SEAC, UP and UPPCB before start of data collection. In case of failure, the collected baseline monitoring data will be treated as null and void.
  9. The details of equipment used for baseline monitoring alongwith its photograph mentioning date, time and geo coordinates for preparation of EIA report should be clearly displayed to the people present during public hearing and the complete details related to monitoring period must be mentioned in the minutes of public hearing.
  10. Original lab analysis report of the project proposal along with EIA report should be uploaded on Parivesh Portal.
  11. Combined KML of all mines in a cluster should be submitted at the time of EIA.
  12. The project proponent/Consultant should identify the core & buffer zone (2.5 km) of the mining site.
  13. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road to be submitted at the time of EIA presentation.
  14. Proponent/ Consultant should submit the plan/information along with technology (photographs of water sprinklers/ tankers) to be implemented for mitigating dust at source points in lease area and haulage road during operation activity/vehicular movement. Technology should be displayed at the time of EIA presentation.
  15. Proposed plantation working with area specific plant species, number of plants to be planted and place of plantation along with a proper map to be submitted at the time of EIA presentation.
  16. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ person to be submitted at the time of EIA presentation.
  17. Proponent/consultant shall present TOR specific/additional conditions compliance, observation/suggestions raised during the public hearing and commitment made by the project proponent in a tabular form with a time bound plan at the time of EIA presentation.
  18. Corporate Social Responsibility (CSR) to be prepared as per the MoEF guidelines and present it at the time of EIA presentation.
  19. Submit the hydrological study report of lease area that the quantity given in LoI will be mined without affecting the geo-hydrology of the River.
- 21. “Ordinary Soil Excavation” Project at Gata No.- 473 in the Village - Faridnagar Mustahkam, Tehsil- Thahurdwara & District- Moradabad, Uttar Pradesh., Area: 1.283 Ha., 9632/SIA/UP/MIN/517904/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Ind Tech House Consult. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for “Ordinary Soil Excavation” Project at Gata No.– 473 in the Village - Faridnagar Mustahkam, Tehsil- Thakurdwara & District- Moradabad, Uttar Pradesh, (Leased Area: 1.283 Ha.)

2. Salient features of the project as submitted by the project proponent:

Total cost of the project	(Approx) 12.11 Lakh
2% amount allocated for CER amounting to Rs. Approx. 24,220	

1 no's of Solar Lights	10,000* 01=	10,000 Rs.
02 No's of Bicycle for Girls to nearby Govt. School of village Farid Nagar	5000* 02=	10,000 Rs.
1 no's of Sewing Machine to nearby Govt. Girls School of village Farid Nagar	5,000* 01=	5,000 Rs.
Total (Approx 25.00 Thousand)		25,000/- Rs.

4. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
5. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
6. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
7. There is no litigation pending in any court regarding this project.
8. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 21/02/2025 mentioning is as follows:

1. I, am Manish Kumar Shukla S/o Shri S.K Shukla EIA Coordinator of Ind Tech House Consult.
2. I have prepared Form-1, PFR & EMP report for the Proposal (SIA/UP/MIN/517904/2025), Project Name- Shri. Brijesh Kumar Proposed "Ordinary Soil Excavation" at Gata No.- 473 in the Village - FaridnagarMustahkam, Tehsil- Thakurdwara& District- Moradabad, Uttar Pradesh Area: 1.283 Ha with my team.
3. I have personally visited the site of proposal and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information required submitted along with Application/Form-1, PFR & EMP Report are true and correct.
5. I certify that this project has been uploaded for this first time on Parivesh portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and hard copy/presentation submitted which has been submitted after acceptance of application.
7. The Form-1, PFR & EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/ NABET.

#### **RESOLUTION AGAINST AGENDA NO. 21**

The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at Annexure-1 to these minutes.

#### **22. "Ordinary Earth Mining" Project at Gata No.- 399, 464, 433, 434, 465, 466, Village- Mahmadpur bija, Tehsil- Kannauj, District-Kannauj, U.P. (Area – 0.7008 ha). Shri Alok Kumar., 9633/SIA/UP/MIN/518006/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh Servicing Environment and Development. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for “Ordinary Soil Mining” Project at Gata No.- 399, 464, 433, 434, 465, 466, Village- Mahmampur bija, Tehsil- Kannauj, District-Kannauj, U.P. (Leased Area – 0.7008 ha).

2. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/518006/2025		
2.	File No. allotted by SEIAA, UP	9633		
3.	Name of Proponent	Shri Alok Kumar S/o Shri Anil Kumar Awasthi		
4.	Full correspondence address of proponent and mobile no.	Add. –R/o: Village-Devdhrapur, Jalalpur, Panvara , Tehsil- Kannauj, District- Kannauj, Uttar Pradesh. Email id: aloksoil1999@gmail.com		
5.	Name of Project	Environmental Clearance of Proposed “Ordinary Soil Mining” Project at Gata No. 399, 464, 433, 434, 465, 466, Village- Mahmampur bija, Tehsil- Kannauj, District-Kannauj, U.P. (Area – 0.7008 ha).		
6.	Project Location (Plot. Khasra/Gata No.)	399, 464, 433, 434, 465, 466		
7.	Name of Village	Mahmadpur bija

3. Action Plan as per Ministry's O.M. dated 30/09/2020:

S. No.	Particulars	Capital Cost (Rs.)
1	Sprinkling of water along the haul road (920 m)	1,20,000.00
2	Plantation (35 plants) @ Rs 50/Plant & 600 Tree Guards.	22,575.00
3	Tarpaulin during transportation.	15,000.00
4	Regular maintenance of machinery and Vehicles	15,000.00
5	Solar Street Light 2nos	20,000.00
Total		1,92,575.00

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category–1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 19/02/2025 mentioning is as follows:

- I, Dr. Pankaj Srivastava, S/o Shri V. V. Srivastava is EIA Coordinator of Paramarsh servicing Environment and Development.
- I have prepared Form 1, PFR and EMP (Category B2) for the Environmental Clearance of Proposed “Ordinary Soil Mining” Project at Gata No. 399, 464, 433, 434, 465, 466, Village-Mahmadpur bija, Tehsil- Kannauj, District-Kannauj, U.P. (Area – 0.7008 ha). of Shri Alok Kumar, Proposal No. SIA/UP/MIN/518006/2025 with my team.
- I have personally visited the proposed site along with team and certify that no mining activity has been undertaken on the project site for the present proposal.
- I am satisfied with that all the necessary data/information required for Form 1, PFR and EMP preparations are true and correct.
- I certify that no mining activity has been undertaken on the project site for the Present proposal.
- I certify that this project has been uploaded for the first time on Parivesh Portal.
- I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.

8. The Form 1, PFR and EMP for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

### **RESOLUTION AGAINST AGENDA NO. 22**

The committee discussed the matter and recommended grant of environmental clearance for the project proposal along with general and specific conditions as annexed at Annexure-1 to these minutes.

### **23. Proposed Group Housing Project at Plot No.- B-255, Sector-36, Greater Noida, Uttar Pradesh, M/s Sobha Limited Project, M/s Sobha Limited Project., 9635/SIA/UP/INFRA2/518044/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Aplinka Solutions & Technologies Pvt. Ltd. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The Environmental Clearance is sought for the Proposed Group Housing Project at Plot No. B-255, B Block, Sector-36, Greater Noida, Uttar Pradesh; M/s Sobha Ltd.
2. Project involves development of 02 residential towers and 01 club building along with the amenities like STP, DG Room, RWH tanks and other social services.
3. The EC application for the project was submitted online on 10.01.2025 bearing Proposal No. SIA/UP/INFRA2/518044/2025
4. Salient Features of the Project:

Parameters	Description
Type of Project	Group Housing Project
Project Proponent	M/s Sobha Limited
Location	Plot No. B-255, B Block, Sector-36, Greater Noida, Uttar Pradesh
Plot Area	14,001 sqm
Total Built Up area	1,04,960.84 sqm
Rain Water Harvesting Structure	1 Rainwater storage tank at surface with 2 deep recharge bore + 2 Rooftop rainwater storage tanks
Total Parking	736 ECS
Maximum Height of the Building (m)	148.60 m
Power Requirement	2,331 kVA
Power Backup	2,000 kVA (4 x 500 kVA)
Total Water Requirement	378 KLD
Fresh Water Requirement	228 KLD
Treated Water	150 KLD
Waste Water Generated	300 KLD
STP Capacity	400 KLD (ASP technology)
Solid Waste Generated	1,335 Kg/Day
Biodegradable Waste	800 kg/day
Number of Buildings	02 residential tower & 01 club
Stories	Max. 3B+G+47 floors
Basements	Max. 03 Basements
Dwelling Units/ EWS	422 units
Populations	2,942 individuals
Total Cost of the project	₹482.801 Cr.

5. Detailed Area Statement:

Description	Area (sqm)	% of plot area
-------------	------------	----------------

Total Site Area	14,001	
Ground Coverage	2,102.93	15.02
Proposed Green Area	6,299.24	44.99
Road & Ramp area	5,598.83	39.99
A. Proposed FAR	51,450.77	
B. NON FAR	53,510.07	
Total Built-up Area (A+B)	1,04,960.84	

## 6. Water Requirement Details:

Particular	Occupancy	Area	Total water demand (KLD)	Fresh Water Demand (KLD)	Treated water Demand (KLD)	Waste Water Generation (KLD)
Residential population	2,444.00		329.94	219.96	109.98	285.95
Staff	254.00		12.02	6.68	5.34	10.68
Visitors	244.00		3.86	1.29	2.57	3.60
Landscape area		6,299.24	32.13		32.13	
Total	2,942		378.00	228.00	150.00	300.00

## 7. Wastewater Generation Details:

DOMESTIC WATER REQUIREMENT	378 KLD
• Fresh Water	228 KLD
• Treated Water (Flushing + Landscaping)	150 KLD
Wastewater generation (@80% fresh + 100% flushing)	300 KLD
STP Capacity	400 KLD

## 8. Solid Waste Generation Details:

Sr. No.	Particular	Occupancy	Area (in acres)	Waste Generated ( per person/kg/day)	Waste Generation (kg/day)
1	Residential Population	2,444		0.5	1,222
2	Visitors population	244		0.15	36.6
3	Staff Population	254		0.3	76.2
4	Landscape Area		1.5566	0.2 kg/acre/day	0.3113
	Total	2,942			1,335.000

## 9. Total Parking Proposed: 736 ECS

## 10. Action Plan as per MoEF&amp;CC O.M. dated 30/09/2020:

S. No.	Activities	Areas proposed	Tangible outcome	Capital Cost (₹)				Total Cost (₹)
				1st year	2nd year	3rd year	4th year	
1	Adoption of Authority Park & Greenbelt development	Sector-36, Sector-150 & Sector 151, Greater Noida UP	Authority Park maintenance & Greenbelt development	30,00,000	30,00,000	40,00,000	40,00,000	1,40,00,000
2	Maintenance of Public Roads		Road Maintenance	15,00,000	30,00,000	30,00,000	30,00,000	1,05,00,000
3	RO Treatment Plant in Schools	1. Radha Vallabh Green School, Achher Village 2. Unised International School, Achher Village	Installation at three schools	15,00,000	25,00,000	25,00,000	25,00,000	90,00,000

		3. Greater Noida World School, B Block, Sector 36						
		**Any other schools, if required						
4	Installation of Smart Classes in Schools	1. Radha Vallabh Green School, Achher Village 2. Unised International School, Acher Village 3. Greater Noida World School, B Block, Sector 36  **Any other schools, if required	Installation at three schools	30,00,000	30,00,000	30,00,000	30,00,000	1,20,00,000
5	Installation of Solar Panels in Schools	1. Radha Vallabh Green School, Achher Village 2. Unised International School, Acher Village 3. Greater Noida World School, B Block, Sector 36  **Any other schools, if required	Installation at three schools	30,00,000	40,00,000	40,00,000	40,00,000	1,50,00,000
6	Installation of water coolers in nearby areas	1. Radha Vallabh Green School, Achher Village 2. Unised International School,	Installation in nearby areas	20,00,000	25,00,000	25,00,000	25,00,000	95,00,000

		Acher Village 3. Greater Noida World School, B Block, Sector 36						
Total (₹)				1,40,00,00 0	1,80,00,00 0	1,90,00,00 0	1,90,00,00 0	7,00,00,00 0

11. The project proposal falls under Category 'B'; Schedule 8(a) of EIA Notifications, 2006 (as amended thereof).

The consultant (EIA Coordinator) also submitted an affidavit dated 20/02/2025 mentioning as follows:

1. I, Mr. Ashish Rana S/o Shri NK Rana is EIA Coordinator of Building & Construction Projects; 8(a) (M/s Aplinka Solutions & Technologies Pvt. Ltd.)
2. I have prepared the EMP report for the Proposal (EC) in Name of Group Housing Project by M/s Sobha Ltd. with my team.
3. I have personally visited the site of proposal and certify that no construction activity has been undertaken on the project site for the present proposal.
4. I am satisfied that all the necessary data/information submitted along with the Application are true and correct.
5. I certify that this project proposal has been uploaded for the first time on PARIVESH Portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on PARIVESH Portal and the hard copy/presentation which will be submitted after acceptance of application.
7. The EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

### **RESOLUTION AGAINST AGENDA NO. 23**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, GoI and following specific conditions:**

#### **Specific Conditions:**

1. Project proponent is advised to explore the possibility and getting the cement in a closed container rather through the plastic bag to prevent dust emissions at the time of loading/unloading.
2. Project proponent should ensure that there will be no use of "Single use of Plastic" (SuP).
3. In compliance to Hon'ble Supreme Court order dated 13/01/2020 in IA no. 158128/2019 and 158129/2019 in Writ petition no. 13029/1985 (MC Mehta Vs. GoI and others) anti-smog guns shall be installed to reduce dust during excavation.
4. The project proponent will comply the use of fuel for backup power as per guidelines issued by CPCB from time to time.
5. The project proponent will ensure that there is no mismatch/deviation between the project proposal submitted to SEIAA for environmental clearance and maps/drawings were approved by concerned development authority. In case of any mismatch/deviation, amended environmental clearance will be obtained by project proponent. In case of failure, the granted environmental clearance shall automatically deem to be cancelled.
6. The project proponent shall ensure that the project site does not attract/infringe any buffer zone, wetland zone etc. of no activity identified/declared under law.

7. Criteria/ norms provided by competent Authority regarding the seismic zone are followed for construction work. Provision of alarm system, to timely notify the residents, in case of occurrence of earthquake/other natural disasters/fire should be provided. A well defined evacuation plan should also be prepared and regular mock drills should be arranged for the residents. Rise of stairs should be constructed in a way, so that it should provide smooth movement.
8. The project proponent should develop green belt in the said project as per the plan submitted and also follow the guidelines of CPCB/Development authority for green belt as per the norms. The project proponent will prepare working plan of plantation/green belt development showing type of plant species and their spacing in consultation with subject expert/ forest department and submit to the forest department and concerned regulatory authority and ensure their survival and sustainability.
9. The proponent should provide electric vehicle charging facility as per the requirements at ground level and allocate the safe and suitable place in the premises for the same.
10. Project proponent should invest the CER amount as per the proposal and submit the compliance report regularly to the concerned authority/Directorate of environment.
11. Proponent shall provide the dual pipeline network in the project for utilization of treated water of STP for different purposes and also provide the monitoring mechanism for the same. STP treated water not to be discharged outside the premises without the permission of the concerned authority.
12. The project proponent will ensure full exploitation of potential of rain water harvesting for storage and recharging and also treated wastewater in order to reduce the withdrawal of fresh water and accordingly use the three sources of water supply namely stored rain water, treated wastewater and the fresh water. The project proponent shall also provide a flow measuring device along with flow integrator for monitoring the various sources of water supply namely fresh water, treated waste water and stored harvested rain water.
13. The project proponent will ensure the quality of construction water as per standards and specifications of relevant codes in order to prevent possible corrosion in concrete, reinforcements and other structural components in order to avoid adverse social and environmental impacts.
14. The project proponent will ensure exploitation of maximum possible potential of solar energy generation in the proposed project area and prefer to use it instead of conventional electricity in order to reduce the Green House Gas Emission causing climate change.
15. The project proponent will make necessary arrangement to get Structural auditing conducted by an expert institution once in 05 years during life span of the building to ensure safe life of the residents and prevent environmental and social hazards.
16. The project proponent shall plan for storm water management drained with appropriate slope and length so that the flood water could get a passage to release in a short span of time.

**24. “Sand/Morrum Mining” at Gata No.- 240 (Khand No. 04), Village: Himanpura, Tehsil: Kalpi, District Jalaun, Uttar Pradesh. Project Proponent-Shri Dheerendra Gupta, Lease Area 16.195 ha., 9636/SIA/UP/MIN/518012/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Environmental Research and Analysis, Lucknow (U.P). Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The terms of reference is sought for “Sand/Morrum Mining” at Gata No.- 240 (Khand No. 04), Village: Himanpura, Tehsil: Kalpi, District Jalaun, Uttar Pradesh, (Leased Area: 16.195 ha.).
2. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/518012/2025
2.	File no. allotted by SEIAA, UP	9636
3.	Name of proponent	M/s Shri Ram Traders Prop- Shri Dheerendra Gupta S/o Shri Om Prakash Gupta
4.	Full correspondence address of proponent.	R/O – 125, Laxmanganj, District- Jhansi (U.P)- 284002
5.	Name of Project	Sand/Morrum Mining Project

6.	Project location (Plot / Khasra / Gata No.)	Gata No. 240(Khand No.04)		
7.	Name of Village	Himanpura		
8.	Tehsil	Kalpi		
9.	District.	Jalaun		
10.	Name of Minor Mineral	Sand/Morrum		
11.	Sanction Lease Area (in Ha.)	16.195 Ha.		
12.	Max. & Min mRL within lease area	Maximum & Minimum mRL 125 mRL and 119 mRL respectively.		
13.	Pillar Coordinates (Verified by DMO)	PILLARNo.	LATITUDE	LONGITUDE
		A	25°52'3.43"N	79°47'36.50"E
		B	25°52'3.78"N	79°47'22.83"E
		C	25°51'49.47"N	79°47'21.85"E
		D	25°51'49.80"N	79°47'35.77"E
14.	Total Geological Reserves	2,63,448 m <sup>3</sup>		
15.	Total Mineable Reserves	1,58,069 m <sup>3</sup>		
16.	Total Proposed Production	1,21,455m3 in 6months		
17.	Sanction Period of Mine lease	6 month as per LOI		
18.	No. of workers	70 workers		
19.	Type of Land	Government Land		
20.	Ultimate depth of mining	2.580 meter (as per mining plan)		
21.	Nearest metalled road from Site	SH91 is about 16.40 Km towards North-East.		
22.	Water requirement	PURPOSE	REQUIREMENT (KLD)	
		Drinking water	0.80KLD	
		Dust suppression	3.42KLD	
		Plantation	0.085 KLD	
		Others (if any)	-	
		Total	4.305KLD approx.	
23.	Name of QCI Accredited Consultant with QCI No. and period of validity.	Environmental Research and Analysis, Lucknow (U.P) Certificate No. NABET/ EIA/24-27/RA 0341_Rev.01 and valid upto January 21, 2027		
24.	Any litigation pending against the project or land in any court.	No		
25.	Detail of 500 m Cluster certificate verified by mining officer	Letter No.1662/खनिज-एमएमसी-30/2024 ,Dated-06/09/2024		
26.	Detail of Lease Area in approved DSR	Letter No.- 1282/khanij-M.M.C-30 on dated 04/06/2024 Details of Lease given in DSR Jalaun 2024 on Page No. 9 of 44, S. No. 40		
27.	Proposed EMP cost	₹ 7,34,790		
28.	Length and breadth of Haul Road	380 m length and 6 m width		
29.	No. of Trees to be planted.	85 saplings.		
30.	Monitoring Season	01 December 2024 to 28 February 2025		

- The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
- This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
- The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
- There is no litigation pending in any court regarding this project.
- The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 14/02/2025 mentioning is as follows:

- I, Dr. R. K. Sharma is EIA Coordinator of M/s Environmental Research and Analysis, Lucknow (U.P.), Accreditation Certificate No. NABET/ EIA/24-27/RA 0341\_Rev.01, valid till-21/01/2027.

2. I have prepared TOR (B1) report for the File No. 9636 & Proposal No. SIA/UP/MIN/518012/2025, M/s Shri Ram Traders Prop- Shri Dheerendra Gupta S/o Shri Om Prakash Gupta R/O-125, Laxmanganj, District- Jhansi (U.P) with my team.
3. I have personally visited the site of proposal and certify that no Mining activity has been undertaken on the project site for the present proposal.
4. I have satisfied with that all the necessary data/information required for TOR (B1) presentations are true and correct.
5. I certify that this project proposal has been uploaded for the first time on Parivesh Portal.
6. I certify that there will be no mismatch between information/data provided on the online application submitted on Parivesh Portal and the hard copy/presentation which will be submitted after acceptance of application.
7. The TOR (B1) report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

**RESOLUTION AGAINST AGENDA NO. 24**

**The committee discussed the matter and recommended to issue the standard terms of reference for the preparation of EIA report. The committee also stipulated following additional TOR Points:**

**Additional TOR:**

1. Videography of baseline monitoring period with date, time and geo coordinates should be attached in EIA report and also presented during the EIA presentation.
2. Raw data of all the baseline monitoring parameters will be provided as an annexure to the EIA Report.
3. Project proponent should present latest drone videography of the project site mentioning the date, time and geo coordinates at the time of EIA presentation.
4. NOC from Irrigation Department/Concerning Authority regarding river bed mining to be submitted at the time of EIA presentation.
5. To ensure proper monitoring, the project proponent/consultant should provide evidence in form of (A) Logbook of their site visit along with activities carried out during monitoring (B) Real time photographs showing monitoring machine, public, lab person etc.
6. Proprietor/proprietor representative should be present at the time of monitoring and monitoring should be conducted as per CPCB SOP/NABET/QCI guidelines. Lab responsible person should be present at the time of EIA presentation.
7. EIA coordinator & FAE should give a notarized affidavit during EIA presentation that they have personally visited the site & they have also taken all the mitigating measures for any critical issues involved in the project.
8. The project proponent will have to inform the schedule of monitoring/data collection programme to the SEIAA/SEAC, UP and UPPCB before start of data collection. In case of failure, the collected baseline monitoring data will be treated as null and void.
9. The details of equipment used for baseline monitoring along with its photograph mentioning date, time and geo coordinates for preparation of EIA report should be clearly displayed to the people present during public hearing and the complete details related to monitoring period must be mentioned in the minutes of public hearing.
10. Original lab analysis report of the project proposal along with EIA report should be uploaded on Parivesh Portal.
11. Combined KML of all mines in a cluster should be submitted at the time of EIA.
12. The project proponent/Consultant should identify the core & buffer zone (2.5 km) of the mining site.

13. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road to be submitted at the time of EIA presentation.
14. Proponent/ Consultant should submit the plan/information along with technology (photographs of water sprinklers/ tankers) to be implemented for mitigating dust at source points in lease area and haulage road during operation activity/vehicular movement. Technology should be displayed at the time of EIA presentation.
15. Proposed plantation working with area specific plant species, number of plants to be planted and place of plantation along with a proper map to be submitted at the time of EIA presentation.
16. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ person to be submitted at the time of EIA presentation.
17. Proponent/consultant shall present TOR specific/additional conditions compliance, observation/suggestions raised during the public hearing and commitment made by the project proponent in a tabular form with a time bound plan at the time of EIA presentation.
18. Corporate Social Responsibility (CSR) to be prepared as per the MoEF guidelines and present it at the time of EIA presentation.
19. Submit the hydrological study report of lease area that the quantity given in LoI will be mined without affecting the geo-hydrology of the River.

**25. "Ordinary Soil Excavation" Project at Gata No.- 364, 366, 368, 365, 370 in the Village - Abhanpur Narauli, Tehsil- Bilari, District- Moradabad, Uttar Pradesh, Area: 0.9224 Ha., 9637/SIA/UP/MIN/518145/2025**

**RESOLUTION AGAINST AGENDA NO. 25**

The project proponent/consultant did not appear. The committee discussed and deliberated that the project file should be closed and be opened only after request from the project proponent. The file shall not be treated as pending at SEAC. The matter will be discussed only after submission of online requests on prescribed online portal.

**26. Ordinary Sand Mining, Yamuna Riverbed, Gata No.-2059, 2060, Khand-4, Village- Jaisalpur Mahdeva, Tehsil Sikandara, District- Kanpur Dehat, Uttar Pradesh, (Leased Area 16.50 ha.), 9638/SIA/UP/MIN/518197/2025**

The consultant informed the committee that they are strictly following the rules, regulations and other instructions of QCI/NABET. A presentation was made by the project proponent along with their consultant M/s Paramarsh Servicing Environment and Development. Based on the documents submitted and presentation made by the project proponent along with the consultant, the following facts have emerged: -

1. The environmental clearance is sought for "Riverbed Ordinary Sand Mining" from riverbed of Yamuna at Gata No.2059, 2060, Khand-4, Village-Jaisalpur Mahdeva, Tehsil - Sikandara, District- Kanpur Dehat, U.P. (Leases area-16.50 ha.), M/s Narayanan Builders & Developers Pvt. Ltd.
2. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 299/Parya/SEIAA/8214/2023 on dated 20/11/2023.
3. The Public Hearing was organized on 09/09/2024 at Tehsil- Tehsil (Sabhagaar) - Sikandara, District- Kanpur Dehat, Uttar Pradesh. Final EIA report submitted by the project proponent on 11/01/2025.
4. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	Proposal No. SIA/UP/MIN/518197/2025
2.	File No. allotted by SEIAA, UP	8214/ 9638
3.	Name of Proponent	M/s Narayanan Builders & Developers Pvt. Ltd. Director: Niket Jain S/o Shri Paras Jain
4.	Full correspondence address of proponent	R/o Pratiksha Bhawan, Near Swad Restrunt, Residency

	and mobile no.	Road, Goleka Mandir, Murar, Gwalior - 474006, M.P.		
		Mobile no.–		
		E mail ID - niketj95@gmail.com		
5.	Name of Project	Proposed “Riverbed Ordinary Sand Mining” having lease area–16.50 ha along riverbed of Yamuna at Gata No.2059, 2060, Khand-4, Village–Jaisalpur Mahdeva, Tehsil - Sikandara, District- Kanpur Dehat, U.P. of M/s Narayanan Builders & Developers Pvt. Ltd.		
6.	Project Location (Plot. Khasra/Gata No.)	Gata No.2059, 2060, Khand-4		
7.	Name of Village	Jaisalpur Mahdeva		
8.	Tehsil	Sikandara		
9.	District	Kanpur Dehat		
10.	Name of Minor Mineral	“river bed Sand/morrum mining”		
11.	Sanctioned Lease Area (in Ha.)	16.50		
12.	Max. & Min mRL within lease area	Highest mRL - 104.05 mRL Lowest mRL - 100.02 mRL Water level - 100.0 mRL		
13.	Pillar Coordinates (Verified by DMO)	Pillar No	Latitude	Longitude
		A	26° 15' 40.54"N	79° 34' 42.16"E
		B	26° 15' 39.90"N	79° 34' 44.07"E
		C	26° 15' 36.91"N	79° 35' 00.83"E
		D	26° 15' 27.82"N	79° 35' 00.64"E
		E	26° 15' 31.21"N	79° 34' 40.61"E
		F	26° 15' 32.31"N	79° 34' 37.84"E
14.	Total Geological Reserves	4,19,309 m3		
15.	Total Mineable Reserve	2,01,060 m3		
16.	Total Proposed Production	9,90,000 m <sup>3</sup> (5 years)		
17.	Proposed Production /year (as per LoI)	1,98,000 m3/annum		
18.	Sanctioned Period of Mine lease	Lease Period 5 years		
19.	No. of worker	55		
20.	Type of Land	Govt./Non Forest Land		
21.	Ultimate Depth of Mining	3.0 m (max.)		
22.	Nearest metalled road from site	0.70 km		
23.	Water Requirement	PURPOSE		
		Drinking - 0.55 KLD		
		Suppression of dust - 8.40 KLD		
		Plantation - 1.60 KLD		
		Others (if any) - 0.00 KLD		
		Total - 10.55 KLD		
24.	Name of QCI Accredited Consultant with QCI No and period of validity.	Paramarsh Servicing Environment and development NABET/EIA/24-27/RA 0372, Valid till – 30 November 2027		
25.	Any litigation pending against the project or land in any court	No		
26.	Details of 500 m Cluster Certificate verified by Mining Officer	588/khanan Lipik – Kanpur Dehat-Cluster/2023 on dt. 21/07/2023		
27.	Details of Lease Area in approved DSR	Page no. 13, at Serial no. 18		
28.	Proposed EMP Cost	Project cost : 97.0 lacs Extended EMP Cost : 1.94 lacs Capital cost : 16.00 lacs Recurring cost : 10.76 lacs		
29.	Length and breadth of Haul Road	Length – 0.70 km, Breadth – 6.00 m		
30.	No. of Trees to be Planted	17000		
31.	Monitoring period	October 2023 to December 2023		

**5. Action Plan as per Ministry's O.M. dated 30/09/2020:**

S. No.	CER/EMP Activity	1st Year	2nd Year	3rd Year	4th Year	5th Year
1	Skill Development	24,000.00				

	(Carpentry, Welding, Masonry works, plumbing, Tailoring etc.) for the local community will be conducted					
2	Solar Street light (3@ Rs 10,000/pc) will be installed in village- Jaisalpur Mahdeva			40,000.00		
3	1 Hand pump for village - Jaisalpur Mahdeva and nearby village's schools.				20,000.00	
4	Health check-up camp		20,000.00			
5	Renovation of primary school of village- Jaisalpur Mahdeva and nearby village's schools.					90,000.00

6. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
7. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
8. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
9. There is no litigation pending in any court regarding this project.
10. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

The consultant (EIA Coordinator) also submitted an affidavit dated 19/02/2025 mentioning is as follows:

1. I Dr. Pankaj Kumar Srivastava S/o Shri Vindhyaasni Srivastava is EIA Coordinator of Paramarsh servicing Environment and Development Lucknow.
2. I have prepared EIA/EMP report for the Environmental clearance for proposed Riverbed Ordinary Sand Mining having lease area-16.50 ha along riverbed of Yamuna at Gata No.2059, 2060, Khand-4, Village-Jaisalpur Mahdeva, Tehsil - Sikandara, District- Kanpur Dehat, U.P. of M/s Narayanan Builders & Developers Pvt. Ltd., proposal no. SIA/UP/MIN/518197/2025 with my team.
3. I have personally visited the proposed site along with team and certify that no mining activity has been undertaken on the project site for the present proposal.
4. I am satisfied with that all the necessary data/information required for EIA/EMP preparations are true and correct.
5. I certify that this project has been uploaded for the first time on Parivesh Portal.
6. I certify that there is no mismatch between information/data provided on online application and hard copy/presentation submitted.
7. I state that all the TOR Points have been complied and all the issues raised during Public Hearing have been properly addressed in EIA report.
8. The EIA/EMP report for the Proposal is prepared by my team as per guidelines laid down by QCI/NABET.

#### **RESOLUTION AGAINST AGENDA NO. 26**

**The committee discussed the matter and recommended grant of environmental clearance for the proposal as above alongwith standard environmental clearance conditions prescribed by MoEF&CC, Govt. of India. The committee also stipulated following specific conditions:**

**Specific Conditions:**

1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void.
2. The quantity mentioned in LoI or quantity mentioned in replenishment study, whichever is less, would be maximum quantity which project proponent may extract. It will be ensured by District Administration and Geology and Mining Department. Directorate of Geology and Mining will ensure conduct of replenishment study from reputed institution for subsequent years in compliance of Hon'ble NGT orders.
3. NOC from Irrigation Department/ Concerning Authority regarding river bed mining to be obtained before start of mining activity.
4. No mining activity should be carried out in-stream channel as per SSMMG, 2016.
5. The mining work will be open-cast and manual/semi mechanized (subject to orders). Heavy machine such as excavator, scooper etc. should not be employed for mining purpose. No drilling/blasting should be involved at any stage.
6. An Environmental Audit should be annually carried out during the operational phase and submitted to the SEIAA.
7. Project Proponent should submit working plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
8. The project proponent shall install solar lights in their project area to minimise the consumption of electricity.
9. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.
10. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer Expert Agency in this field
11. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.
12. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
13. The project proponent should explore the possibilities of rainwater harvesting in the premises of project area
14. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
15. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
16. As per the proposed plan, plantation with area specific plant species, number of plants to be planted and report of green belt development to be submitted to the concerning department. Selection of plants for green belt should be on the basis of pollution removal index. Project proponent should ensure survival of tree saplings. Mortality should be replaced from time to time.
17. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ water supplying agencies to be submitted.
18. Submit the Hydrological study report of lease area that the quantity given in LoI will be mined without affecting the geo-hydrology of the River.
19. Environment management in according to environmental status and impact of the project.
20. During the school opening and closing time transportation of minerals will be restricted.
21. Pakkamotorable haul road to be maintained by the project proponent.

22. A separate Environmental Management Cell with suitable qualified personnel shall be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
23. The capacity of trucks/tractor for loading purpose will be in tonnes as per Transport Department applicable norms and standard fixed by the Government.
24. Provision for two toilets and hand pumps should be made at mining site.
25. Mining should be done by Bar scalping methods extraction (typically 0.3 -0.6 m or 1 - 2 ft) as per sustainable sand mining management guidelines 2016.
26. If in future this lease area becomes part of cluster of equal to or more than 05 ha. then additional conditions based on the EIA shall be imposed. The lease holder shall mandatorily follow cluster conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per law shall be initiated against the authority issuing the cluster certificate.
27. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and area is less than 05 ha, but factually the distance is less than 500 mt and the mine is located in cluster of area equal or more than 05 ha, the E.C issued will stand revoked.
28. The MoEF&CC/SEIAA or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
29. A width of not less than 50 meter or 10% width of river can be restricted for mining activities from river bank. A condition can be imposed that mining will be done from river activities from river bank.
30. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Authority Act, 1997.

MoM prepared by Secretariat in consultation with  
Chairman & Members on the basis of decisions  
taken by SEAC-1 during the meeting.

**Annexure-1**

**General and Specific Conditions for Soil Earth Mining Projects:-**

**General condition:**

1. This environmental clearance does not create or verify any claim of applicant on the proposed site/activity.
2. Any mining activity shall be undertaken only after valid permission from Mining Department/District Administration and written agreement with land owner from where earth excavation is proposed.
3. No change in mining technology and scope of working shall be made without approval of Authority.
4. Personnel working in dusty areas shall be provided with protective respiratory devices and they shall also be imparted adequate training and information on safety and health aspects.
5. The Authority reserves the right to revoke the clearance if conditions stipulated are not implemented. The Authority will also be entitled to impose additional environmental conditions or modify the existing ones, if necessary.
6. In case of any deviation or alteration in the project proposed from those submitted to this Authority for clearance, a fresh reference should be made to the Authority to assess the adequacy of the condition(s) imposed and to add additional environmental protection Measures required, if any.
7. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.

**Specific Conditions:**

1. The Environmental clearance will be co-terminus with the agreement/mining plan whichever is earlier.
2. Environment management should be in accordance with the present environment status of the project.
3. Approach kaccha road should be made motorable and maintained periodically.
4. Transportation of soil should be undertaken in covered containers.
5. Rehabilitation plan with planting of trees to be submitted along with the closure plan.
6. Land to be leveled and handed over to the owners after completion of excavation work.
7. A valid NOC from State Pollution Control Board shall be obtained for the Brick kiln prior to operation as per law and all guidelines must be followed, if applicable.
8. The mining operations shall be strictly limited to the proposed mining sites and proposed purpose.
9. Top soil should be adequately preserved and should be used for landscaping.
10. Excavated soil should be properly stored in a manner not to increase surrounding air pollution level.
11. Water sprinkling should be exercised during excavation and storage of soil for suppression of fugitive dust.
12. Excavated area should be properly reclaimed and ensured that no open bore hole is left.
13. Safety measures for the people working at the site shall be duly taken care of as per law.
14. The excavation work shall be done in day time only.
15. The project boundary shall be properly covered to restrict dust dispersion.
16. Precautionary measures during soil excavation for conservation and protection of rare and endangered flora and fauna found in the study area.
17. Noise level shall be maintained as per standards for both day and night.
18. The route map for soil transportation from excavation plots to work site should be firmed up and necessary permissions shall be sought from District Administration.
19. Vehicles hired for the transportation should be in good condition and should have Pollution Check Certificate and should conform to applicable air and noise emission standards.

20. Personnel exposure monitoring for respirable mineral dust shall be carried out for the workers and records maintained including health records of the workers. Awareness program for workers on impact of mining on their health and precautionary measures like use of personal protective equipments etc. shall be carried out periodically. First aid facilities and adequate sanitary facility in the form of temporary toilets/septic tanks.
21. Solid waste material viz gutkha rappers, plastic bags, glasses etc. to be generated during project activity will be separately stored in bins and managed as per Solid Waste Management Rules.
22. Project proponent should maintain daily register for information of (a) collection of soil/clay, (b) manpower & (c) transportation purpose.
23. Soil mining shall strictly be undertaken as per rules and regulations/permissions obtained from District Administration/Mining Department
24. Corporate Environmental Responsibility (CER) shall be prepared by the project proponent and the details of the various heads of expenditure to be submitted as per the guidelines provided in the recent CER notification No. 22-65/2017-IA.III dated 01/05/2018. A copy of resolution as above shall be submitted to the authority along with list of beneficiaries with their mobile nos./address.
25. The borrowing/excavation activity shall be restricted to a maximum depth of 2 m. below general ground level at the site.
26. The borrowing/excavation activity shall be restricted to 2 m. above the ground water table at the site.
27. The borrowing/excavation activity shall not alter the natural drainage pattern of the area.
28. The borrowed/excavated pit shall be restored by the project proponent for useful purpose(s).
29. Appropriate fencing all around the borrowed/excavated pit shall be made to prevent any mishap.
30. Measures shall be taken to prevent dust emission by covering of borrowed/excavated earth during transportation.
31. Safeguards shall be adopted against health risks on account of breeding of vectors in the water bodies created due to borrowing/excavation of earth.
32. Workers/labourers shall be provided with facilities for drinking water and sanitation.
33. A berm shall be left from the boundary of adjoining field having a width equal to at least half the depth of proposed excavation.
34. A minimum distance of 15 m from any civil structure shall be kept from the periphery of any excavation area.
