

# Agenda notes for SEIAA meeting dated 22.08.2022 etc. and minutes of the meeting

## Online Proposals

### 88<sup>th</sup> Meeting of SEIAA, Odisha dated 22.08.2022 and 23.08.2022 at 11.00 a.m.

Sl. No	Proposal Category (B1, B2) and Proposal type (TOR/EC/MO/DIEC/MODITOR/Transfer of EC)	Project Sector and EIA notification Schedule.	Auto generated File No.	Name of the Applicant/ Project PropONENT	Title of the proposal	Date of receipt of the proposal online	Status indicated in the PARI VESH portal	Decisions of SEIAA in the previous meeting	Current Status and Agenda Note	Observations / Decisions of SEIAA Meeting
1.	B1, TOR	1(a) Mining of minerals	78048/02-MIS/06-2022	SAIL Rourkela Steel Plant	Up-gradation of Rourkela Air Port (expansion case) under RCS-UDAN scheme of Govt. of India	23.06.2022	Under examination of SEIAA after SEAC	Online proposal for TOR	<p>This is regarding a <b>new</b> proposal for <b>up-gradation of Airport</b>. The project has submitted at SEIAA under Category 'B' as the lease area is <math>\geq 5.0</math> Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for <b>ToR of Up-gradation of Rourkela Airport (Expansion case) under RCS-UDAN scheme of Gol. Over plot area-250 acres in Sector-14, Rourkela, Dist-Sundargarh by SAIL-Rourkel Steel Plant over an area 41.2779 Ha</b></p> <p><b>The following documents have been received</b> Form-1, Earlier EC and certified EC compliance and scrutiny fee</p> <p><b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><b>Other Points</b></p> <ol style="list-style-type: none"> <li>1. This is an existing airport operating since 1970 as private airstrips for Rourkela Steel Plant. Earlier Rourkela airstrips were function with private license which was converted to Code-2B day VFR category Airport with issue of public. Use license in the year 2018. The Ministry of Civil Aviation (MoCA) has decided to develop the Rourkela Air Strip</li> </ol>	The MoEF&CC, Govt. of India OM No. J-11011/321/2016-IA.II(I), dated 27.04.2018 mentions about exemption from public consultation. As provided under para 7(i) III Stage (3)(i)(b) of EIA Notification, 2006, the projects or activities located within the

								<p>for operation of commercial flights under the regional connectivity UDAN scheme of Govt. of India and therefore the EC was obtained for up-gradation of Rourkela airport from code-2B to Code-3C for operation of ATR-72/Q-400 Air Crafts, under UDAN-Regional Connectivity Scheme of Govt. of India. EC was issued by MoEF &amp; CC on dated 06.11.2019. Now proposal for up-gradation of the project.</p> <p>2. The project involves Up-gradation of Rourkela Air Port. The proposal involves shifting of the existing runway without any change in dimensions, construction of ATC Tower, Taxiway, Apron. The allied facilities proposed are construction of ATC Tower, separate utility block, internal roads, landscaping, PHE works etc. The total area of RSP Airport after the proposed up-gradation will be 250 Acres (Existing: 102 Acres, proposed 148 acres). The details of the proposed development are summarized as under:</p> <p>3. The project requires prior Environmental Clearance under the provisions of EIA Notification, 2006 and subsequent amendment vide Gazette notification <b>S.O. 1886(E) dated 20.04.2022</b> covered under item 7(a) column (4) "<b>All expansions projects, including airstrips, which are for commercial use</b>" to the schedule of the EIA Notification &amp; classified as B category project.</p> <p>4. Total area-250 acres(Existing-102 acres + proposed-148 acres)</p> <p>5. Keeping in view of the forth Hockey World Cup, to be hosted by Govt. of Odisha, it was decided in the month of Feb, 2021 to go for up-gradation of Rourkela Airport from Code-2B to Code -3C.</p> <p>6. The proposal involves Extension &amp; strengthening of Runway of dimensions 605m × 45 m having total usable runway of 1810m × 45m suitable for Q-400, construction of ATC Tower, Provision of Taxiway of length 128m, width 23m, construction of Apron of dimension 105m × 80m with shoulder of width 5.5m on all sides for parking of two Q-400, construction of prefabricated terminal building of area 3505 sq.m. The allied facilities proposed are additional utility building for housekeeping and support staff (200 sqm.), construction of a new toilet block, utility vehicle shed (100 sqm) separate utility block, CNS equipment, PAPI, Internal roads, landscaping PHE works etc.</p> <p>7. <b>Water-</b> During operation phase, wastewater generation mainly consists of domestic sewage from airport terminal. Waste water generated to the tune of <b>60.50 KLD</b> will be treated in proposed Sewage Treatment Plant (STP) of <b>capacity 75 KLD</b>. The treated water from the STP (<b>60.45 KLD</b>) will be recycled for maintaining the greenery in Airport. No untreated effluent will be discharged on land or in water body.</p> <p>8. <b>Public hearing was done on 13.09.2021.</b></p> <p>9. <b>Solid waste-</b>Total municipal solid waste generation will be 260 Kg/day</p> <p>10. <b>Area provision for parking-2000 sqm, green belt-2000 sqm</b></p>	<p>industrial estates or parks which were notified by the Central Government or the State/UT Governments, prior to the said EIA Notification coming into force on 14<sup>th</sup> September, 2006 are eligible for such exemption. The Rourkela airstrip, under expansion proposal now, was developed in Rourkela Steel Township in 1970's and is therefore located inside the Notified Industrial Township of SAIL -Rourkela Steel Plant which itself was notified even earlier. This is more or less similar to any notified industrial estate. Hence, public hearing for the present</p>
--	--	--	--	--	--	--	--	---	---

									<p>11. In the certified EC compliance report the MoEF &amp; CC regional Office has mentioned that Zero Liquid discharge (ZLD), 35% green cover and wildlife conservation have yet to achieve.</p> <p>12. The SEAC recommended the proposal for ToR with specific conditions</p> <p>The proposal may be placed in the SEIAA meeting for consideration of TOR.</p>	<p>airstrip expansion project may be exempted, as the project is located in Industrial Township of SAIL -Rourkela Steel Plant, notified much earlier than the EIA notification of 2006. ToR be issued (Standard + Specific) NABET accredited consultant to do EIA / EMP study. The entire land be verified from records and DLC report to be non forest land. Compliance of previous EC t the Airstrip project to be ensured in one year time.</p>
2.	B2, EC	1(a) Mining of minerals	2606 77/74 5-MINB 2/05-2022	Bishnupriya Dalai	Bhagabanpur Stone Quarry over an area of 11.12 acres or 4.50 hectares bearing khata no. 215 plot no. 11 in village Bhagabanpur	10.05. 2022	Under examination of SEIAA after SEA	Online proposal for EC	<p>This is regarding a <b>new</b> proposal for mining of minor mineral <b>Stone</b>. The project has submitted at SEIAA under Category '<b>B2</b>' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under SI.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for <b>EC Bhagabanpur Stone Quarry</b> over an area of 11.12 acres or 4.50 hectares bearing khata no. 215 plot no. 11 in village Bhagabanpur Tahasil Kukudakhandi District ganjam State Odisha and the PP is <b>Smt. Bishnupriya Dalai</b>.</p>	<p>EC be given with usual conditions. Safety of road at less than 200m distance has to be ensured against blasting.</p>

					Tahasil Kukudakhandi District Ganjam		C		<p><b>The following documents have been received</b> Form-1, Form-2, PFR, EMP, D.L.C, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate, topomap etc.</p> <p><b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><b>Distance from nearest sanctuary/ESZ-Lakahri Valley WLS-32.50km</b> <b>Whether the lease area coming in D.L.C. report-No</b> <b>Whether the lease area reflecting in DSR-Yes</b> Method of mining-Semi-mechanized <b>Distance from Nearest Road Bridge-0.75 km, RD road-0.10Km, village road-0.30 Km</b> <b>Whether it is part of cluster –No</b> <b>Whether EC obtained earlier-Yes</b> and submitted earlier EC compliance <b>Production capacity per annum-5000 cum/annum (max.), Geological reserve-506600 cum, Mineable reserve-314984 cum</b> <b>This is a B2 category project.</b> <b>Other points</b></p> <ol style="list-style-type: none"> <li>1. The PP has obtained EC earlier from DEIAA, Ganjam vide letter no. 406 on dated 04.06.2018 with maximum production 1363 cum/annum. The lease executed on dated 05.09.2018 and lease valid upto 04.09.2023 to complete 5 years lease period.</li> <li>2. Now, the PP has applied application for enhancement of production capacity from <b>1363 cum/annum to 5000 cum/annum</b> and along with extension of lease period.</li> </ol> <p><b>Whether SEAC recommended the proposal –Yes</b> In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
3.	B2, MOD IEC	1(a) Mining of minerals	SIA/ OR/ MIN/ 2676 81/20 22	Pradeep Samal	Modification of EC of Brahmani River Sand Bed, Kakudikuda Quarry over an area of 2.00 Acres or 0.80 ha at village Kakudikuda, Tahasil-Jajpur, Dist-Jajpur of Sri Pradeep Kumar Samal	12.07.2022	Under examination of SEIAA after SEAC	Online proposal for Modification of EC	<p>This is regarding <b>an old proposal for Modification of EC of Sand Bed</b>. The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for <b>Modification of EC of Brahmani River Sand Bed</b>, Kakudikuda Quarry over an area of 2.00 Acres or 0.80 ha at village Kakudikuda, Tahasil-Jajpur, Dist-Jajpur and the PP is <b>Sri Pradeep Kumar Samal</b>.</p> <p><b>The following documents have been received</b> Application through form-4, earlier EC copy, EC compliance, replenishment study report, PFR, EMP and Tahasildar forwarding letter.</p> <p><b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><b>Other points</b></p>	Let the replenishment study be repeated this year by employing the drone method. EC may be given. The quantity of 3120 cum is approved.

									<ol style="list-style-type: none"> <li>1. As per the mining plan <b>annual production was-4320 cum, depth-2.0 meter</b> and river-<b>Brahamani, Geological reserve-48000 cum, mineral reserve-21600 cum.</b></li> <li>2. The project proponent(PP) had obtained EC earlier from SEIAA, Odisha vide letter no. 9787/SEIAA dated 26.11.2020 with conditions that the <b>max. production =4320 cum, maximum depth-2.0 meter</b> in the 1<sup>st</sup> year.</li> <li>3. As per the stipulated conditions in EC "Pending carrying out of the study &amp; submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after 15<sup>th</sup> November, 2021 if satisfactory replenishment study report is not submitted".</li> <li>4. Sand extracted for the 1<sup>st</sup> year (i.e. 2021-22) is 3210 cum</li> <li>5. As per the replenishment study report the quantity of <b>sand deposit is 5200 cum with 1.0 meter depth.</b></li> <li>6. Now, proposed for production of 3120 cum sand for the next year.</li> <li>7. Submitted earlier EC compliance.</li> <li>8. The SEAC recommended the proposal for Modification of EC.</li> </ol> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
4.	B2, MOD IEC	1(a) Mining of minerals	SIA/OR/ MIN/ 2677 25/20 22	Pradeep Samal	Modification in EC of Kharasrota River Sand Bed, Kalaspur over an area of 2.00 Acres or 02.81 Ha, at village Kalaspur under Jajpur Tahasil of Jajpur district, Odisha of Sri Pradeep Kumar Samal	12.07. 2022	Under examination of SEIAA after SEA C	Online proposal for Modification of EC	<p>This is regarding <b>an old proposal for Modification of EC of Sand Bed.</b> The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl. No-1(a) –"mining of mineral" of non-coal mining sector. The project proponent has submitted proposal for <b>Modification of EC of Kharasrota River Sand Bed</b>, Kalaspur over an area of 2.00 Acres or 02.81 Ha, at village Kalaspur under Jajpur Tahasil of Jajpur district, Odisha and the PP is <b>Sri Pradeep Kumar Samal.</b></p> <p><b>The following documents have been received</b> Application through form-4, earlier EC copy, EC compliance, replenishment study report, PFR, EMP and Tahasildar forwarding letter. <b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><b>Other points</b></p> <ol style="list-style-type: none"> <li>1. As per the mining plan <b>annual production was-4384 cum, depth-2.0 meter</b> and river-<b>Kharasrota, mineral reserve-21924 cum.</b></li> <li>2. The project proponent (PP) had obtained EC earlier from SEIAA, Odisha vide letter no. <b>519/SEIAA dated 15.02.2021</b> with conditions that the <b>max. production =4384 cum, maximum depth-2.0 meter</b> in the 1<sup>st</sup> year.</li> <li>3. As per the stipulated conditions in EC "Pending carrying out of the study &amp; submission of the report, this clearance is being granted in</li> </ol>	EC be given with usual conditions. The quantity of 3300 cum is approved.

									<p>an adhoc manner and is liable to be revoked after one year i.e. after 15<sup>th</sup> November, 2021 if satisfactory replenishment study report is not submitted".</p> <ol style="list-style-type: none"> <li>4. Sand extracted for the 1<sup>st</sup> year (i.e. 2021-22) is <b>3300 cum</b></li> <li>5. As per the replenishment study report the quantity of <b>sand deposit is 5500 cum with 1.0 meter depth.</b></li> <li>6. Now, proposed for production of <b>3300 cum</b> sand for the next year.</li> <li>7. Submitted earlier EC compliance.</li> <li>8. The SEAC recommended the proposal for Modification of EC.</li> </ol> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>	
5.	B2, MOD IEC	1(a) Mining of minerals	SIA/OR/MIN/267739/2022	Sangita Dhal	Modification in EC of Budhanadi Sand Bed, Kalindrabad over an area of 1.20 Acres or 0.49 Ha at village-Kalindrabad, Tahasil-Jajpur, Dist-Jajpur, Odisha of Smt. Sangita Dhal	12.07.2022	Under examination of SEIAA after SEAC	Online proposal for Modification of EC	<p>This is regarding <b>an old proposal for Modification of EC of Sand Bed.</b> The project has submitted at SEIAA under Category 'B2' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-1(a) –“mining of mineral” of non-coal mining sector. The project proponent has submitted proposal for <b>Modification of EC of Budhanadi Sand Bed, Kalindrabad</b> over an area of 1.20 Acres or 0.49 Ha at village-Kalindrabad, Tahasil-Jajpur, Dist-Jajpur, Odisha of Smt. Sangita Dhal and the PP is <b>Smti. Sangita Dhal</b></p> <p><b>The following documents have been received</b> Application through form-4, earlier EC copy, EC compliance, replenishment study report, PFR, EMP and Tahasildar forwarding letter.</p> <p><b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><b>Other points</b></p> <ol style="list-style-type: none"> <li>1. As per the mining plan the <b>mineral reserve-5616 cum, annual production was-1123 cum, depth-2.0 meter</b> and river-Budhanadi,.</li> <li>2. The project proponent (PP) had obtained EC earlier from SEIAA, Odisha vide letter no. <b>513/SEIAA dated 15.02.2021</b> with conditions that the <b>max. production =1123 cum, maximum depth-2.0 meter</b> in the 1<sup>st</sup> year.</li> <li>3. As per the stipulated conditions in EC “Pending carrying out of the study &amp; submission of the report, this clearance is being granted in an adhoc manner and is liable to be revoked after one year i.e. after 15<sup>th</sup> November, 2021 if satisfactory replenishment study report is not submitted”.</li> <li>4. Sand extracted for the 1<sup>st</sup> year (i.e. 2021-22) is <b>660 cum in depth 1.0 meter.</b></li> <li>5. As per the replenishment study report the quantity of <b>sand deposit is 1100 cum with 1.0 meters depth.</b></li> </ol>	EC be given with usual conditions. Maximum production of 600 cum in a year is approved.

									<p>6. Now, proposed for production of <b>600 cum</b> sand for the next year.</p> <p>7. Submitted earlier EC compliance.</p> <p>8. The SEAC recommended the proposal for Modification of EC.</p> <p>In view of the above the proposal may be placed in the SEIAA meeting for consideration</p>													
6.	B1, MOD IEC	1(a) Mining of minerals	SIA/OR/IND/239110/2021	Dalmia Cement Bharat, Unit Kapilas Cement	Proposal for transfer of EC from Kapilas Cement Manufacturing Works to Dalmia Cement (Bharat) Ltd. for the proposal of cement grinding unit, expansion from 1.70 MTPA to 4.20 MTPA at Vill- Biswali	16.11.2021	Deferred by SEIAA	The proposal is placed in the 80 <sup>th</sup> meeting of SEIAA and was decided as follows: "Separate lay out plan, separate EIA study & EMP and separate waste and input management plan be submitted".	<p>This is regarding an <b>Old</b> proposal for <b>Cement Plant</b>. The project has submitted at SEIAA under Category '<b>B2</b>' as the lease area is ≤5.0 Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No-3(b) –“Cement Plants”. The project proponent has submitted proposal for change of Name in EC from <b>Kapilas Cement Manufacturing Works to Dalmia Cement (Bharat) Ltd.</b> for the proposal of cement grinding unit, expansion from 1.70 MTPA to 4.20 MTPA at Vill-Biswali and the project proponent is <b>M/s. Dalmia Cement Bharat Unit Kapilash Cement.</b></p> <p><b>The following documents have been received</b> Earlier EC copy issued by SEIAA, Odisha, CTO copy</p> <p><b>The following deficiencies/omission have been noticed in the above documents.</b></p> <ul style="list-style-type: none"> <li>• Nil</li> </ul> <p><b>Other points</b> EC obtained earlier for this project vide letter no. 7482/SEIAA dt. 06.11.2019.</p> <p>M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works was granted Environmental Clearance for cement grinding Unit (4.2 MTPA) at village- Biswali, P.O-Barunia, Tehsil-Tangi, District- Cuttack, Odisha vide letter No.-895/SEIAA dated 12th March 2021.</p> <p>Further, M /s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works was granted Environmental Clearance for expansion of the Cement Grinding Unit vide letter no. 21592/02-IND/04-2019 dated 6<sup>th</sup> November 2019 for addition of new facilities as below:</p> <table border="1"> <thead> <tr> <th>Sl. No.</th> <th>Unit</th> <th>Existing</th> <th>Modification</th> <th>New facility</th> <th>Configuration accorded in EC</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Cement Grinding Unit-I</td> <td>1.7 MTPA</td> <td>-</td> <td>--</td> <td>1.7 MTPA</td> </tr> </tbody> </table>	Sl. No.	Unit	Existing	Modification	New facility	Configuration accorded in EC	1	Cement Grinding Unit-I	1.7 MTPA	-	--	1.7 MTPA	Are they two identifiable separate industrial units, in terms of location, plant and machinery, process and end product? The PP may clarify fully on this point, and also submit what is the objective of bifurcating the EC already granted.
Sl. No.	Unit	Existing	Modification	New facility	Configuration accorded in EC																	
1	Cement Grinding Unit-I	1.7 MTPA	-	--	1.7 MTPA																	

2	Cement Grinding Unit-II	--	--	2.5 MTPA	5 MTPA
---	-------------------------	----	----	----------	--------

The status of implementation of the project at village-Biswali, P.O-Barunia, Tehsil- Tangi as per Environmental Clearances accorded to M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works, for cement Grinding Unit vide Letter No. 895/SEIAA, dated 6<sup>th</sup> November 2019 for Expansion, as below:

Sl. No.	Facility	Capacities as per EC	Existing Installation
1	Cement Grinding Unit-I	1.7 MTPA	1.7 MTPA
2	Cement Grinding Unit-II	2.5 MTPA	2.5 MTPA

4. M /s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works, has proposed to transfer the existing Cement Grinding Unit of capacity 1.7 MTPA to M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited) and capacity 2.5 MTPA to M/s Dalmia DSP (a unit of Dalmia cement (Bharat) Limited).

5. It was reported that the 1.7 MTPA Cement Grinding Unit is located in 311 Ac. of land within the premises of the Plant of M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works within the bounded coordinates as given below:

S. No.	LONGITUDE	LATITUDE
1	89° 59' 45"	20° 37' 26"

6. The raw material requirement for M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited ) for 1.7 MTPA Cement Grinding Unit will be 1.7 MTPA.

Sl. No.	Raw Materials Details	Quantity
1	Clinker	629595TPA
2	Fly Ash	150450TPA

										<table border="1"> <tr> <td>3</td> <td>Slag</td> <td>885955TPA</td> </tr> <tr> <td>4</td> <td>Gypsum</td> <td>34000TPA</td> </tr> <tr> <td>5</td> <td>Coal</td> <td>40000 TPA</td> </tr> <tr> <td>6</td> <td>Power</td> <td>7.5 MW</td> </tr> <tr> <td>7</td> <td>F.O. (KLPA)</td> <td>32</td> </tr> </table> <p>The water requirement for the Cement Grinding Unit will be 400 m3/day and the power requirement will be 10MVA.  The capital cost of the 1.7 MTPA Cement Grinding Unit was Rs.487.64 Cr and the Rs. 20 Cr was earmarked for the Environmental Protection measures as a capital.  No court case or violation under EIA Notification, 2006 to the project or related activity reported by project proponent.  The SEAC recommended for the transfer of Environmental Clearance of Cement Grinding Unit (1.7 MTPA) from M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works to M/s Kapilash Cement Manufacturing Works (a unit of Dalmia cement (Bharat) Limited ) (new company) and transfer of Environmental Clearance of Cement Grinding Unit (2.5 MTPA) from M/s Dalmia cement (Bharat) Limited Unit: Kapilash Cement Manufacturing Works to M/s Dalmia DSP (a unit of Dalmia cement (Bharat) Limited ) (new company) with specific conditions.  The proponent shall register two bifurcated industrial units with Directorate of Factories and Boilers, Government of Odisha under the provision of Factories Act 1948.  The proponent shall prepare and submit separate layout plans for both the units to Directorate of Factories &amp; Boilers, Government of Odisha for their Approval.  The proponent shall submit Plant and Machinery, Buildings, and any other structure in the proposed independent Boundary of two Adjacent units to the Directorate of Factories &amp; Boilers for their Approval.  The proponent shall obtain Consent to Establish and Consent to Operate from the State Pollution Control Board, Odisha for both bifurcated industrial units under the provision of Water (P &amp; CP) Act 1974 and Air (P &amp; CP) Act 1981.  In view of the above the proposal may be placed in the SEIAA meeting for consideration.</p>	3	Slag	885955TPA	4	Gypsum	34000TPA	5	Coal	40000 TPA	6	Power	7.5 MW	7	F.O. (KLPA)	32

							<p>micro-composting site be shown on map. Rainwater harvesting has to be maximised ”.</p>	<p>9. <b>Power Requirement:</b> The power supply will be supplied by State Electricity Board. The requirement load for the project will be approx. 3310 kVA. Power Backup : There is provision of 5 nos. of DG sets total 4,215 kVA (1*1250kVA+1*1010 kVA+1*625 kVA &amp; 1*320 kVA) capacity for power back up in the project. The DG sets will be equipped with acoustic enclosure to minimize noise generation and adequate stack height for proper dispersion.</p> <p>10. <b>Solid waste Management</b> - The solid waste generated from the project shall be approx. 1472 kg per day. The solid waste will be collected then segregated at source. Adequate number of colored bins (green, blue &amp; dark grey) separate for biodegradable and non-biodegradable are proposed to be provided at the strategic locations within the site. STP sludge is proposed to be used for horticultural purpose as manure. Horticultural Waste/ Biodegradable waste will be composted by Organic Waste Converter. 100 sqm area has been proposed for OWC. Spent oil from DG sets will be sold to CPCB authorised recyclers.</p> <p>11. <b>Green Belt-</b> Total green area measures <b>4,435.439 m2</b> i.e. (28.7 % of the net plot area) which will include Plantation area-3400.00 m2 (22%) + Lawn area-1,035.439 m2 (6.7%) Evergreen tall and ornamental trees have been proposed to be planted inside the premises. No. of trees required = 1 tree/80 sqm. of net plot area = <math>15,454.633/80 = 193.2</math> say 194 Nos. Total no. of trees proposed = 200 nos.</p> <p>12. <b>Parking Details</b> –Total parking area requirement will be <b>17,784.57 m2</b> and provision will be 25,622 m2. And Total Parking i.e., 820 ECS (683 ECS + 137 Visitor parking) will be provided.</p> <p>13. The project cost is ` 110.42 crores and Environmental Monitoring programme – 102 lakhs.</p> <p>14. The proponent along with the consultant <b>M/s Grass Roots Research &amp; Creation India (P) Ltd. Noida</b> made a detailed presentation before the SEAC on the proposal.</p> <p>15. The SEAC recommended for grant of Environmental Clearance valid for 10 years with stipulated conditions as per <b>Annexure-C</b> in addition to the following specific conditions.</p> <p>i) The Proponent, before implementation of the project, shall</p>
--	--	--	--	--	--	--	---	--

									<p>convert the land to Gharabari and shall take the ownership of the land if not already taken.</p> <p>ii) The Proponent, before implementation of the project, shall obtain permission/NOC from Executive Engg (PHD) and / or from the appropriate authority for disposal of excess STP treated water to the nearest drain. Also, in case of the connecting drain passing through others land (Govt. or Private land), the Proponent shall obtain the permission/ possession as the case may be.</p> <p>iii) The proponent shall use solar energy at least to the tune of 5% of total power requirement as proposed.</p> <p>iv) The proponent shall increase the capacities of DG sets and decrease the number and make a common duct for exhaust pipe.</p> <p>v) Trees located within the project area shall be transplanted in green belt along boundary.</p> <p>vi) Use of STP treated water shall be increased by planting more trees in green belt, car &amp; floor washing and discharge to drain should be reduced.</p> <p>vii) As proposed 3 tier green belt/tree cover over minimum 20% of the land area should be maintained meticulously.</p> <p>viii) The project proponent shall obtain NOC from CGWA, Approval of Water Resource Department, Govt. Of Odisha for use of ground water.</p> <p>ix) Water Treatment Plant (WTP) shall be provided if ground water is not potable. Adequate Number and Capacity of Over Head Tank for Fresh Water and treated Water shall be made. Rain Water harvesting pits should be refreshed periodically and its number be increased for greater ground water recharge.</p> <p>x) Permission of Drainage Division and Sewerage Board/WATCO shall be obtained for Discharge of excess STP treated water.</p> <p>xi) The proponent shall implement the Pollution Control Measures and safeguards as proposed in the Environment Management Plan (EMP) of project report.</p> <p>xii) The proponent shall Comply to the provision of structural stability certificate as per the bye- law of the Development Authority.</p> <p>xiii) Permission from WR Deptt. shall be obtained for water in case of ground water usage.</p>	
--	--	--	--	--	--	--	--	--	---	--

									<p>xiv) When the public water supply will be available adjacent to/ in the vicinity of the proposed project in future, the PP shall avail it following due procedure of the Govt if the concerned authority agrees and dispense with the drawl of ground water except one borewell for emergency purpose. The PP shall take up suitably for the purpose with the concerned authority of the Government.</p> <p>xv) Separate Entry and Exit Gate for Residential and Commercial building shall be implemented</p> <p>xvi) Parking in terms of ECS &amp; space, both for 4 wheelers / 2 wheelers / Bicycle for residential apartment shall be provided as per the norms considering the residents and visitors.</p> <p>xvii) 40% parking for commercial and 30% parking for residential and 10% of total parking for visitors shall be maintained minimum with separate area for residential and commercial parking</p> <p>xviii) All compliances submitted/ committed by PP(s) shall be strictly adhered to them in addition to all the conditions/ specific conditions of EC.</p> <p>However, the Sub-Committee of SEAC will visit the site within 3 months from the date of issue of Environmental Clearance to verify the progress of the project as well as conditions stipulated in Environmental Clearance. However, either during the visit of the SEAC Sub-committee and/or at any time, if it is noticed that stipulated conditions on which EC is granted is not in place or found otherwise, steps will be taken for revocation of EC granted.</p> <p>The proposal was placed in the 83<sup>rd</sup> meeting of SEIAA and was decided as follows "Disposal of surplus waste water after treatment in STP and recycling has to be concretised by showing all the planned drains and other structures and clearcut permission of competent authority to these plans. NOC has to be submitted from competent authority for drawal of ground water for building construction and subsequent use when the project becomes operational. Solid waste disposal protocol for the building has to be elaborately reported, and final disposal site of all bio-nondegradable waste has to be indicated clearly. Also detailed layout of parking area, exit and entry gates, micro-composting site be shown on map. Rainwater harvesting has to be maximised".</p> <p>Accordingly, the ADS letter issued to the PP and now the PP has submitted their clarification for consideration of EC.</p>

Failure may cause revocation of EC.
--	--	--	--	----------------	--	----------	--	--	--

and final disposal site of all bio-nondegradable waste has to be indicated clearly. Also detailed layout of parking area, exit and entry gates, microcomposting site be shown on map. Rainwater harvesting has to be maximised".

**7. The building details of the Project:**

S. NO.	PARTICULARS	AREA (SQ.M.)
1.	Total Plot area	5,038.33
2.	Road Affected Area	520.69
3.	Net Plot Area (Total Plot Area- Road Affected Area)	4,517.64
4.	Permissible Ground coverage (@40% of Net Plot Area)	1,807.05
5.	Proposed Ground coverage (@ 39.75% of Net Plot Area)	1,795.76
6.	Permissible F.A.R (@ 7 of Net Plot Area)	31,623.48
7.	Proposed F.A.R (@ 6.88 of Net Plot Area)	<b>31,091.40</b>
a.	Residential (@ 6.58 of Net Plot Area)	29,731.04
b.	Commercial (@ 0.30 of Net Plot Area)	1,360.36
8.	Non F.A.R	4,520.44
9.	Basement Area	<b>7,169.86</b>
	Basement-1	3,584.93
	Basement-2	3,584.93
10.	Total Built-up Area (7+8+9)	<b>42,781.70</b>
11.	Maximum Height of the Building (m) (Till Terrace T.O.S)	67.85
12.	Landscape area (36 % of Net Plot Area)	<b>1,626.58</b>
	Plantation Area (24.93 % of Net Plot Area)	1,126.45
	Lawn Area (11.07 % of Net Plot Area)	500.10

8. **Water Requirement** – The total water requirement will be met through Ground Water and Bore well which is approx. **174 KLD**, out of which total domestic water requirement is 165 KLD. The total domestic water will be 165 KLD, out of which fresh water requirement is approx. 108 KLD & flushing water will 57 KLD. Makeup water for swimming pool will be 1 KLD.

9. **Waste water details:** The project will generate approx. **139 KLD** of wastewater. The wastewater will be treated in an onsite **STP of 170 KLD capacity**. The treated water (139 KLD @ 90%

									<p>of total waste water) will be reused for flushing (57 KLD), horticulture (8 KLD). Surplus treated water during dry season (60 KLD), monsoon season 67 KLD) and winter season (65 KLD) will be discharged to external sewer with the requisite permission.</p> <p>10. <b>Total no. of Rain water Harvesting pits</b> – 10 nos for the project.</p> <p>11. <b>Power Requirement</b> - The power supply will be supplied by State Electricity Board. The requirement load for the project will be approx. 2,502 kW or 3,127 kVA. Power Backup : There is provision of 3 nos. of DG sets total 1515 kVA (1*750 kVA+1*625 kVA+1*140kVA) capacity for power back up. The DG sets will be equipped with acoustic enclosure to minimize noise generation and adequate stack height for proper dispersion.</p> <p>12. <b>Solid waste Management</b> - The solid waste generated from the project shall be approx. 673 kg per day. The solid waste will be collected then segregated at source. Adequate number of colored bins (green, blue &amp; dark grey) separate for bio-degradable and non-biodegradable are proposed to be provided at the strategic locations within the site. STP sludge is proposed to be used for horticultural purpose as manure. Horticultural Waste/ Biodegradable waste will be composted by Organic Waste Converter.150 sqm area has been proposed for OWC.Spent oil from DG sets will be sold to CPCB authorised recyclers.</p> <p>13. <b>Green Belt</b>- Total green area measures <b>1,626.58 m2</b> i.e. (36 % of the plot area) which will include Plantation area = 1126.45 m2 (24.93%) + Lawn area = 500.10 m2 (11.07%) No. of trees required = 1 tree/80 sq.m. of plot area =4,517.64/80 = 56.4 say 56 Nos.Total no. of trees proposed = 62</p> <p>14. <b>Parking Details</b> –Total parking area proposed <b>10,096.88 m2 and 332 ECs</b> will be required.</p> <p>15. The project cost is ` 81.93 crores and Environmental Monitoring programme – 48Lakhs.</p> <p>16. The proponent along with the consultant <b>M/s Grass Roots Research &amp; Creation India (P) Ltd. Noida</b> made a detailed presentation before the SEAC on the proposal.</p> <p>17. The SEAC recommended for grant of Environmental Clearance valid for 10 years with stipulated conditions as per <b>Annexure-B</b></p>
--	--	--	--	--	--	--	--	--	---

									<p>in addition to the following specific conditions.</p> <ul style="list-style-type: none"> <li>i) The Proponent, before implementation of the project, shall convert the land to Gharabari and shall take the ownership of the land if not already taken.</li> <li>ii) The Proponent, before implementation of the project, shall obtain permission/NOC from Executive Engg (PHD) and / or from the appropriate authority for disposal of excess STP treated water to the nearest drain. Also, in case of the connecting drain passing through others land (Govt. or Private land), the Proponent shall obtain the permission/ possession as the case may be.</li> <li>iii) The proponent shall use solar energy at least to the tune of 5% of total power requirement as proposed.</li> <li>iv) The proponent shall increase the capacities of DG sets and decrease the number and make a common duct for exhaust pipe.</li> <li>v) Trees located within the project area shall be transplanted in green belt along boundary.</li> <li>vi) Use of STP treated water shall be increased by planting more trees in green belt, car &amp; floor washing and discharge to drain should be reduced.</li> <li>vii) As proposed 3 tier green belt/tree cover over minimum 20% of the land area should be maintained meticulously.</li> <li>viii) The project proponent shall obtain NOC from CGWA, Approval of Water Resource Department, Govt. Of Odisha for use of ground water.</li> <li>ix) Water Treatment Plant (WTP) shall be provided if ground water is not potable. Adequate Number and Capacity of Over Head Tank for Fresh Water and treated Water shall be made. Rain Water harvesting pits should be refreshed periodically and its number be increased for greater ground water recharge.</li> <li>x) Permission of Drainage Division and Sewerage Board/WATCO shall be obtained for Discharge of excess STP treated water.</li> <li>xi) The proponent shall implement the Pollution Control Measures and safeguards as proposed in the Environment Management Plan (EMP) of project report.</li> <li>xii) The proponent shall Comply to the provision of structural stability certificate as per the bye- law of the Development Authority.</li> </ul>	
--	--	--	--	--	--	--	--	--	---	--

									<p>xiii) Permission from WR Deptt. shall be obtained for water incase of ground water usage.</p> <p>xiv) When the public water supply will be available adjacent to/ in the vicinity of the proposed project in future, the PP shall avail it following due procedure of the Govt. if the concerned authority agrees and dispense with the drawl of ground water except one bore well for emergency purpose. The PP shall take up suitably for the purpose with the concerned authority of the Government.</p> <p>xv) Parking in terms of ECS &amp; space, both for 4 wheelers / 2 wheelers / Bicycle for residential apartment shall be provided as per the norms considering the residents and visitors.</p> <p>xvi) All compliances submitted/ committed by PP(s) shall be strictly adhered to them in addition to all the conditions/ specific conditions of EC.</p> <p>However, the Sub-Committee of SEAC will visit the site within 3 months from the date of issue of Environmental Clearance to verify the progress of the project as well as conditions stipulated in Environmental Clearance. However, either during the visit of the SEAC Sub-committee and/or at any time, if it is noticed that stipulated conditions on which EC is granted is not in place or found otherwise, steps will be taken for revocation of EC granted.</p> <p>The proposal was placed in the 83<sup>rd</sup> meeting of SEIAA and decided as follows: "Disposal of surplus waste water after treatment in STP and recycling has to be concretised by showing all the planned drains and other structures and clearcut permission of completent authority to these plans. NOC has to be submitted from completent authority for drawal of ground water for building construction and subsequent use when the project becomes operational. Solid waste disposal protocol for the building has to be elaborately reported and final disposal site of all bio-nondegradable waste has to be indicated clearly.</p> <p>Also detailed layout of parking area, exit and entry gates, microcomposting site be shown on map. Rainwater harvesting has to be maximised".</p> <p>Now the PP has submitted their clarification / ADS for consideration of EC.</p>	
52.	B2, EC	8(a) Building and Construction project	SIA/ OR/ MIS/ 2633 34/20 22	M/s BC Constructions; Sri. Chetan Kumar	Proposal of M/s BC Constructions for EC of Proposed Construction of	24.05. 2022	Under examination of SEIA	The proposal was placed in the 83 <sup>rd</sup> meeting of	<p>This is regarding a <b>new proposal building and construction project</b>. The project has submitted at SEIAA under Category 'B' Ha. As per the EIA Notification, 2006, this project falls in the schedule under Sl.No. 8(a) –"Building &amp; Construction" project. The project proponent has submitted proposal for <b>grant of EC</b> for construction of residential building over total plot area 14,144.85 sq.m, built-up area (5+6+7) 1,15,568.68 sq.m located Khasra No.-372, 375, 392 to 400, 406, 531, 538, 542, 543, 1015 consist</p>	EC may be given with SEAC conditions, specifying that

		s		Tekariwal, Partner	Residential Project Over a plot area of 11,408.16 Sqmt. with Builtup area of 1,15,568.68 Sqmt. at Mouza- Bomikhal Rasulgarh Square, Tahasil- Bhubaneswar, Dist-Khordha by Sri. Chetan Kumar Tekariwal, Partner	A after SEA C	SEIAA and decided as follows: "Disposal of surplus waste water after treatment in STP and recycling has to be concretised by showing all the planned drains and other structures and clearcut permission of competent authority to these plans. NOC has to be submitted from competent authority for drawal of ground water for building construction and subsequent	of 28 nos. of revenue plot, Mouza- Bomikhal, Rasulgarh Sqaure, Bhubaneswar, District-Khurda, Odisha M/s. B.C. Construction and the project proponent is Sri Chetan Kumar Tekaiwal (Partner). <b>The following documents have been received</b> Form-1, PFR, Form-1A, conceptual plan etc. <b>The following deficiencies/omission have been noticed in the above documents.</b> <ul style="list-style-type: none"> <li>Not submitted checklist, Land schedule</li> <li>Not mentioned the quantity of rain water to be conserve and reuse.</li> </ul> <b>Other Points.</b> <ol style="list-style-type: none"> <li>Total built up area of the project is <b>1,15,568.68 m<sup>2</sup></b> and it is coming Category "B", Project or Activity 8(a) Building and Construction projects (EIA Notification).</li> <li>The project facilities include: Dwelling Units (438 nos.)
