**Recommendations of the SEAC on 08.09.2022**

**Category: B2 at par with B1.(Violation)**

The proposed project is for mining of **Ballast, Road Metal & Boulders** in an area of **0.809 Ha.** with a proposed production quantity of **Ballast/Road Metal- 5064 m<sup>3</sup>/Annum** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals ( $\leq 250$  ha of mining lease area in respect of non-coal mine lease).

The Project proponent smt.Jayalaxmi and their consultant Sai Universal Mining Services have attended the meeting and presented the case.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Eluru, vide Lr.No.1321/Q/2020 dated: 10.08.2021, There are 08 existing quarries within the radius of 500 mts area. 2 quarries are in LOI stage and 2 quarries are not working condition since 2014 and 2018 and remaining will be the cluster area i.e., 18.389 Ha.( applicable cluster 15.609 Ha). Hence total cluster area is  $> 5$  Ha. And whereas, pursuant to the order of the Hon'ble Supreme Court dated the 27th February, 2012 in I.A. No.12-13 of 2011 in Special Leave Petition (Civil) No.19628-19629 of 2009, in the matter of Deepak Kumar etc. Vs. State of Haryana and Others etc., prior environmental clearance has now become mandatory for mining of minor minerals and the Central Government has published notification number S.O.141(E), dated the 15th January, 2016 making prior environment clearance mandatory for all minerals (major as well as minor) irrespective of size of the mine lease; And whereas, all mine lease holders are required to obtain prior environment clearance.

The committee noted that the proponent operated mine after 2016 without obtaining environmental clearance as required under EIA notification 2006 after promulgation of S.O. 141 (E) dt 15.01.2016 and hence to be treated as identified violation case as per OM 07.07.2021.

The Committee noted that the extent of proposed mine lease area is **0.809 Ha.** The project falls under **B2 at par with B1** category. Life of mine is 5 years.

The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, recommended to issue specific **(Violation) Terms of Reference with Public Hearing and following conditions:**

1. The proponent shall prepare cluster EIA & EMP.
2. The proponent shall submit Plantation Plan.
3. The proponent shall submit latest cluster letter at the time of applying for EC.
4. The proponent shall submit land use plan after closure of mine.
5. The proponent is liable to pay the penalties as levied by the concerned competent authority, as per the OM No.28.1.2022 and clause No 12 of SOP dated 07-07-2021, duly incorporating the total production during the violation period and submit the calculation of penalties based on the project cost and the total turnover during the violation period.

	<p>6. Credible action to be initiated through concerned Regional office, APPCB under section 15 read with section 19 of E(P) Act 1986.</p> <p>7. The project proponent shall carry assessment of ecological damage, remediation plan and natural and community resource augmentation plan and it shall be prepared as an independent chapter in the environment impact assessment report by the accredited consultants. The collection and analysis of data for assessment of ecological damage, preparation of remediation plan and natural and community resource augmentation plan shall be done by an environmental laboratory duly notified under Environment (Protection) Act, 1986, or an environmental laboratory accredited by National Accreditation Board for Testing and Calibration Laboratories, or a laboratory of a Council of Scientific and Industrial Research institution working in the field of environment.</p> <p>8. The project proponent shall ensure implementation of Environmental Management Plan, comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefit derived due to violation.</p> <p>9. The project proponent will be required to submit a bank guarantee equivalent to the amount of remediation plan and Natural and Community Resource Augmentation Plan with the State Pollution Control Board.</p> <p>10. The project proponent shall give an undertaking by way of affidavit to comply with all the statutory requirements and judgment of Hon'ble Supreme Court dated the 2<sup>nd</sup> August 2017 in writ petition (Civil) No.144 of 2014 in the matter of common cause verse union of India and Ors. Before grant of TOR/EC. The undertaking inter-alia includes commitment of the PP not to repeat any such violation in future.</p> <p><b>Decision of SEIAA:- Deferred.</b></p>

	<b>Recommendations of the SEAC on 08.09.2022</b>

**Refer back case:**

**Recommendations of the SEAC on 10.08.2022**

**Category: B1.**

The proposed project is for mining of **Quartzite** in an area of **8.908 Ha.** with a proposed production quantity of **Quartzite – 224705 TPA** with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).

The representative of proponent and their consultant SV Enviro Labs & Consultants have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Vizianagaram, vide Lr. dated: 15.12.2020. There are **no** existing quarry leases within the radius of 500 mts area.

Earlier, TOR obtained on 08.10.2021 and PH hearing held on 23.04.2022.

The project proponent shall fulfill the assurances given to the public in public hearing.

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to raise **ADS** for Modified mining plan as per the NGT order due to presence of Temple is at a distance of 150M towards North East.

Accordingly ADS was raised on 15.07.2022. The proponent submitted reply on 04.08.2022. Again the issue is placed in the meeting.

The Committee noted that the extent of proposed mine lease area is **8.908 Ha.** The project falls under B1 category. Mine life 18 years. Earlier, ADS was raised for want of modified mining plan on 15.07.2022 and proponent submitted reply on 04.08.22 by uploading modified mining plan by leaving 1.15 Ha as non-mining zone to comply with NGT norms. 210m left as buffer in North –East side of the mine.

The proponent volunteered to provide infrastructure to the **Chinnachamalapalli** village school under Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The Committee after examining the project proposals, final EIA, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, **recommended to issue Environmental Clearance with additional conditions.**

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt along road side and shall take dust suppression measures.

3. The proponent shall maintain buffer zone & proper benches.
4. The project proponent shall provide 780m trench on South East and North-East boundary of lease area to prevent surface runoff.
5. The project proponent shall maintain buffer zone plantation.
6. The proponent shall fulfill the assurances given to the public in public hearing.

**Decision of SEIAA:-** Refer to SEAC to examine the environmental issues / safety issues raised in the public hearing and while recommending, the issues may be addressed.

Again the case was placed in 197<sup>th</sup> meeting . The committee appraised the public hearing minutes and noted that the public have raised general issues like village developmental activities , drinking water supply, drainage problems , employment, library, panchayath funds , utilization of CSR funds for village etc . No significant environmental issues raised except dust generation due to mining and transportation activity with a request to ensure water sprinkling for dust suppression.

For ensuring the safety, the proponent submitted modified mining plan by leaving 1.15 Ha as non- mining zone to comply with NGT norms due to presence of Temple at a distance of 150M towards North East.. 210m left as buffer in North – East side of the mine.

The proponent reply :

Sri Srinivasarao proponent in response to the villager's suggestions has informed that they will carry out sprinkling, will provide jobs to M Gadabavalasa & Uttaravalli villagers , provide RO plant with CSR funds. He also stated that they will carryout sprinkling to avoid dust nuisance to the mango garden , shall operate the mine by following the norms and will consider all the remaining suggestions given by the participants and requested the villagers to support them. He also informed that the earlier court case is regarding operation of mine without EC in the name of Smt . Vasanth and now the mine was transferred the min in the name of Srinivasa mines & minerals and can operate after obtaining EC.

Hence the committee opined that earlier recommendation of SEAC holds good as the non mining area is ensured in the modified mining plan as safety precaution and in compliance with NGT norms.

The Committee after examining the project proposals, final EIA, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, **recommended to issue Environmental Clearance with additional conditions.**

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt along road side and shall take dust suppression measures.
3. The proponent shall maintain buffer zone & proper benches.
4. The project proponent shall provide 780m trench on South East and North-East boundary of lease area to prevent surface runoff.
5. The project proponent shall maintain buffer zone plantation.

	<p>6. The proponent shall fulfill the assurances given to the public in public hearing.</p> <p><b>Decision of SEIAA:-</b> Refer to SEAC to constitute a committee for site visit. The proposal may appraised after obtaining report.</p>

	<p>Again the case was placed in 197<sup>th</sup> meeting. The committee appraised the public hearing minutes and noted that the public have raised general issues like village developmental activities, employment, flies problem from the nearby poultry etc.,.</p> <p>The court case mentioned is between Smt. Appalarasamma and villagers. RG minerals is not a party to the case.</p> <p>On behalf of management Sri vijaya Bhaskar consultant informed that they will approach zoological expert, Andhra university to solve the fly menace. The proposed mine is 1 km distance from the Sri K. Suribabu's land. They will talk with Smt. Appalarasamma and president and see that the case is withdrawn and will consider all the remaining suggestions given by the participants and requested the villagers to support them.</p> <p>No significant environmental issues raised. This mine is located far off from villages.</p> <p>The committee appraised the final EIA and noted that the predominant wind direction is from North-east to south-west and maximum GLCs observed is within the standards and falls at a distance of 1.13 KMs in south and south-west direction of the mine.</p> <p>The Committee after examining the project proposals, final EIA, presentations, MoEF&amp;CC' Notifications &amp; OMs and detailed deliberations, recommended to issue <b>Environmental Clearance</b> with additional conditions.</p> <ol style="list-style-type: none"> <li>1. The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).

The representative of the proponent and NVSPL Ravikanth, RQP have attended the meeting.

The Committee noted that as per cluster letter issued by Asst. Director of Mines & Geology, Banaganapalle, vide Lr. dated: 16.06.2022. There is an existing quarry lease within the radius of 500 mts area and this one quarry lease was granted before 09.09.2013. Forest is at 50 mts distance. Submitted forest NOC dt 20.02.13.

The Committee noted that the extent of proposed mine lease area is **2.599 Ha**. The project falls under B2 category. **Life of mine is 10 years**.

The proponent volunteered to provide Wheel chairs, Surgical beds and General beds to **Bhanumukkala** PHC as a part of Corporate Social Responsibility (CSR) activity and shall maintain till the life of the mine.

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue Environmental Clearance with additional conditions.

1. The proponent shall comply with the proposals furnished in Environmental management plan.
2. The project proponent shall develop greenbelt along road side and shall take dust suppression measures.
3. Buffer zone Plantation should not be disturbed.
4. The project proponent shall implement conditions stipulated in the Forest NOC.
5. The project proponent shall maintain proper benches.
6. The project proponent shall adopt controlled blasting as the habitation Existing within 500m.

**Decision of SEIAA:-** Refer to SEAC to appraise with latest Forest NOC. The proponent submitted the NOC dated 20.02.2013 which is before the issue of mine lease.

Again the case was placed in 197<sup>th</sup> meeting. The committee noted that the mine operator applied for mine lease in the year 2009 for 13Ha . The AD mines department obtained Forest NOC for 13Ha as per the procedure and granted 2.599 Ha. Hence the submitted Forest NOC holds good.

The Committee after examining the project proposals, presentations, MoEF&CC' Notifications & OMs and detailed deliberations, recommended to issue Environmental Clearance with additional conditions.

1. The proponent shall comply with the proposals furnished in Environment management plan.
2. The project proponent shall develop greenbelt along road side and shall take dust suppression measures.
