- 2. During the site visit the committee came to know about the details that the proposed project is for dumping of legacy waste, where the Municipal Council*

has received the NGT orders (copy attached). Hence, as per the requirement, Municipal council applied for the Environmental clearance for the Bio-mining and Bio-remediation of legacy solid waste involving the construction of Sanitary Landfill. The Sanitary Landfill sites attract the provision of EIA notification 2006. Under the SWM Rules, 2016, provisions have been made to manage old dumps of MSW.

- 3. The proposed site is part of Kaithal draft development plan 2031 and reserved for the Solid waste management (copy of the same is attached herewith)*
- 4. It was submitted by the project proponent as well as the consultant that during online presentation to SEAC, it was not clearly conveyed that the ToR is only for managing the legacy waste and not for the upcoming fresh solid waste treatment. Thus, SEAC referred to SEIAA for the violation category*
- 5. The facts of the whole case along with the supporting documents were explained by both project proponent and the consultant during the site visit. Project Proponent also gave an undertaking that 17.11.2021 that Municipal Council Kaithal will apply for the fresh Environmental Clearances and when they'll plan/process treatment of upcoming solid waste as per the EIA notification 2006 and confirming to SWM rules 2016. Copy of undertaking for the same is attached.*
- 6. The Project proponent and the consultant further submitted copy of 66th minutes of meeting of EAC (Infra 2) held on 16th June 2021 at serial number 66.3.2 where for similar case of Municipal Corporation Panipat, ToR was recommended/granted (copy attached)*
- 7. Hence, keeping in view the above facts, it is proposed that the case may be set back to the SEAC for consideration of ToR for the above mentioned project.*

The committee considered the report of sub-committee and after deliberation asked the PP to present the case for TOR. The PP also submitted the affidavit that:

- The proposed project is for dumping of legacy waste, where the Municipal Council has received the NGT orders dated 04.05.2020 and as per the direction of NGT orders and CPCB guidelines to manage the existing waste Municipal authority are taking immediate actions of composting, MRF and Landfill.
- Hence, as per the requirement, Municipal Council applied their application for the finalization of Terms of Reference for the Environmental Clearance for the

Bio-remediation of legacy solid waste involving the construction of Sanitary Landfill.

- We have one another case of Remediation and Reclamation of existing dumpsite and construction, operation and maintenance of Sanitary Landfill at village Nimbri, Panipat which was considered by EAC Infra 2 on dated 16th June, 2021 in their 66th Meeting of Expert Appraisal Committee (Infra-2) based on the information and clarifications provided by the Project Proponent and detailed discussions held on all the issues, recommended for grant of Terms of Reference as specified by the Ministry as Standard ToR for the said project/activity
