1. Paper notification regarding public hearing : Annexure I
2. Copy of the Presentation made during the public hearing : Annexure-II
3. Names of the Public Participants : Annexure-III
4. Written views / suggestions /objections : Nil

The project proponents of M/s Mukund Alloy Steels PVT, Ltd have proposed to establish a new integrated steel plant of capacity 0.7 MTPA in the Kanakapura-Village limits of Koppal-Tq and Dist, Karnataka State in an area of 300 Acres. The proponent has reported that they are in possession of 93.33 Acres of land and balance of land is yet to be acquired and handed over to the company from Government.

According to Environment Impact Assessment (EIA) Notification published on 14.09.2006 and subsequent amendments by Ministry of Environment, Forests and Climate Change (MOEF&CC), Govt. of India, the authorities of M/s. Mukund Alloy

Steels Pvt Ltd shall obtain Environmental Clearance from MOEF for the proposed new project and it is mandatory to conduct Environmental Public Hearing.

Accordingly, MOEF&CC has issued Terms of Reference (TOR) vide No: F-No.J-11011/105/2016-1A.II(I) dated 19.05.2016, for preparing draft EIA for the proposed project and directed Project proponents to request Karnataka State Pollution Control Board to conduct Environmental Public Hearing. In view of the above, the project proponents have prepared the Draft EIA study report along with Kannada and English Executive summaries. Later, requested the Karnataka State Pollution Control Board (KSPCB) to conduct Environmental Public Hearing at the site.

Based on the request of the project proponents and in accordance with the provisions of EIA Notification, 2006, Environmental Public Hearing was scheduled at Sy.No.67/1 and 67/2 of Kanakapura-Village, Koppal Taluk and District on 30-01-2018 at 11.00 A.M.

In accordance with this, Karnataka State Pollution Control Board published about the Environmental public hearing in leading newspapers of Karnataka State viz., Vijayavani and Indian Express on 30.12.2017 and also Nagarika local paper on 28.12.2017 regarding the proposed new project by inviting responses in writing / e-mail to Karnataka State Pollution Control Board / Deputy commissioner office Koppal from the concerned persons having plausible stake in the environmental aspects of the project or activity within 30 days from the date of publication of the notification. Copies of news paper notifications are enclosed as **Annexure I**.

Further, the draft EIA report and Executive Summary of the project both in Kannada and English were kept in the designated places such as Deputy Commissioners Office, Koppal, Joint Director- District Industry Centre, Koppal, City Municipal council-Koppal, Zilla Panchayath Office -Koppal, Gram panchayath Office- Ginigera, KSPCB - Regional Office-Koppal, KSPCB- Zonal Office, Bellary, MOEF (South zone Regional office), Bengaluru and Help Desk, KSPCB, Bengaluru for public reference.

The Environmental Public Hearing was conducted on 30.01.2018 at proposed site at 11.00 AM. Shri.K.S Manjunath, Environmental Officer, Regional Office, KSPCB-Koppal, welcomed Smt. Kanagavalli. M, IAS, Deputy Commissioner, Koppal, Sri. K.M.Nagaraj, SEO and the public who attended the meeting. Sri.K.S Manjunath briefly explained the public about the provisions of EIA Notification, 2006 and the requirement of Environmental Public Hearing for the proposed project and requested the Deputy

Commissioner to chair the meeting and to proceed further for conducting public hearing.

Accordingly, Smt. Kanagavalli M. IAS, Deputy Commissioner informed about the purpose of conducting public hearing and directed the concerned project authorities to give presentation on proposed new integrated steel project. Further it is informed to the public to express their views, opinions and objections, if any regarding the said upcoming project after presentation made by the project proponents.

Sri. Sujith George representative of the M/s. Jyoti Om Chemical Research Centre Pvt Ltd Ankeleshwara and Green Circle, INC, Vadodara, consultants for preparing EIA report gave power point presentation on behalf of M/s Mukund Alloy Steels Pvt Ltd on the technical aspects of the project and explained about the anticipated impacts arising from the project and their mitigation measures proposed. The power point presentation made during the hearing is enclosed as **Annexure-II**.

After power point presentation the Deputy Commissioner invited the public / farmers to express their views / suggestions / objections about the proposed new project. Further it is indicated that the views shall be restricted to the environmental issues only.

The public who attended the meeting have expressed their views about the proposed project and are as under

1. Sri. VallappaYamunappa Katagi- Ex-President - Gram Panchayat Ginigera :

He expressed that the Company is having their existing unit adjacent to the proposed site and engaged in the production of steel. The company which had assured earlier regarding the job opportunities to the local people has not materialised so far. He stated that the new company has to adopt nearby villages for its overall development and to give jobs for local youths based on their qualification. Further it is indicated that he has no objection for the new project.

2. Sri. NoorsabHosamani Hosakanakapura-Village:

He stated that he welcomes the new project whole heartedly and expressed that the job opportunities shall be given for land losers and to the localities. Further he opined that the unit shall be established and operated without causing any environmental hazards to the nearby villagers.

3. Sri. Veerupaksha Hosagundi Hosakanakapura-Village:

He stated that he welcomes the new project and opined that environmental awareness has to be created to the local people. He expressed that more plantations has to be made in the locality to address dust nuisance.

4. Sri.Pramod Hosakanakapura :

He expressed that the job opportunities has to be given for local technically qualified persons. The company is utilising the nearby natural nala water for their old existing unit which has depleted water source.

5. Sri.Shivashankarappa Valikar Halekanakapura-Village

He stated that he welcomes the proposed project. He expressed that the environment in surrounding area was polluted due to existing industries in the vicinity and there was dust deposition due to operation of major existing units nearby the proposed site. The underground water quality is not good and needs to be addressed. Further he opined that the management of the company shall start CBSE based school for the local students and to provide jobs for localities.

6. Sri. Kurar Nayak ,Kanakapura-Tanda

He stated that he welcomes the new project and expressed that the job opportunities shall be given for land losers and to educated youths of nearby villagers those who have technical background. Further he opined that the trees shall not be cut during the course of implementation of project and take suitable measures for tree plantation work towards Kanakapura-village to avoid dust nuisance.

7. Sri. Abdul Afeeze, Kanakapura Village

He stated that he welcomes the new project. Expressed that in the present scenario, industries are required for over all developmental of the area without scarifying environment. Further he indicated that Green belt shall have to be developed in the vicinity.

8. Sri. Parashuram Hosakanakapura:

He expressed that the job opportunities are not given by the proposed company in their sister concern unit located nearby. Further he indicated that there is no

adequate plantations in the nearby villages and villagers are suffering from air pollution. He objected for the proposed project.

9 Sri B S Suresh, Ginigere

He stated that he welcomes the new project and expressed that there are environmental and employment issues in the area. He opined that the job opportunities shall be given for land losers and to the educated youths of nearby villagers those who have technical background. Further he opined that continues air quality monitoring system has to be installed covering Kanakapura village, Thanda and Ginigere in order assess the quality of air on regular basis. The Government shall on regular basis inform the public about the findings of air quality monitoring.

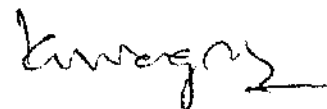

10 Sri. Kariyappa Meti, Gram Panchayat Member Ginigera:

He stated that he welcomes the new project and expressed that the job opportunities shall be given for land losers and to educated youths of nearby villages those who have technical background. Further he stated that the proposed company shall have to provide water supply for drinking purpose to the nearby villages by lifting the water from T.B River.

11. Sri. Chanappa KanakapuraTanda:

He objected the proposed project and opined that there are lot of local issues and expressed the following

- Job opportunities were not given to the local KanakapuraTanda, people in their sister concern unit nearby ie Mukund Ltd. The industry had promised many things but not implemented them.
- Their sister concern unit ie Mukund Ltd / Hospet Steel has not taken any action on distribution of plants to the local people.
- The health of the local people was affected due to pollution from the existing industries located nearby.
- The employees who are working in the industry belongs to the same company since 10 years were not confirmed their jobs and not increased the wages.
- Fluoride content in ground water is a serious issue which needs to be addressed.
- The villages are located very close to the proposed project and needs extra care.

12. Sri. Goolappa Halageri, Z.P Member, Ginigera-Village

- He stated that he welcomes the proposed project and expressed the following,
- Earlier the local people were migrating to other places for job purposes and due to industrial activities in the nearby area the migration of workers has reduced.
 - There was no degradation of environment in the local area but it needs periodical environmental auditing to know the environmental status.
 - Jobs shall be provided to the local people.
 - All possible precautionary measures shall be taken by the company for protection of environment.
 - Adequate plantations have to be taken up. Compensatory plantations have to be made by the company in the nearby Govt lands.

13. Sri. Nagaraj Guratti Hosakanakapura :

He stated that he welcomes the new project and expressed that the periodical health check-up of local people have to be made and Vanamahotsava programmes has to be conducted in the villages. The water and air quality has to be maintained.

14. Sri. Marutappa Halageri, Gram Panchayat Member Hosakanakapura :

He stated that he welcomes the new project and expressed the following,

- The environmental issues are existing and there is degradation of natural environment due to nearby industrial activity.
- The quality of ground water is not suitable for drinking purpose. The sister concern unit of proposed company M/s. Mukund Ltd and M/s. Kalyani steels has jointly taken steps for providing drinking water supply to the Ginigera Village at a cost of Rs 120 lakhs from T.B.River.
- In a similar manner the funding for water supply scheme shall be extended to Hosakanakapura, Halekanakapura and HosakanakapuraTanda- Villages by the company.
- Jobs shall be provided to the local people

There were no written suggestions/opinions/objections received at the KSPCB offices and D.C. office Koppal.

After hearing the opinion/suggestions/objections, the Deputy Commissioner informed the project proponent to express their plan of action on issues raised by the public.

In response to the direction given by the Deputy Commissioner the following company authorities have expressed their stand, on the proposals incorporated in the project.

Sri. Shviesh Burde - Advisor to the Project

The company will take all possible steps to reduce Water, Air and noise pollution by adopting latest technologies and by complying with the conditions as stipulated by the MOEF and Pollution control authority. There are more numbers of job opportunities in upcoming project in the way of direct and indirect means, and the local people will be engaged for such jobs. Further he committed that adequate environmental monitoring system will be adopted in consultation with concerned authority.

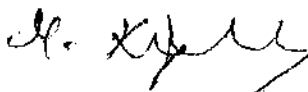

2. Sri. Subba Rao - Deputy Chief Projects.

A written commitment was made to give job for 47 number of land losers in the upcoming factory.

The Deputy Commissioner Koppal concluded that, public have expressed their views regarding the proposed project and thanked the public for their active participation and sharing their suggestions regarding the project. Further it is indicated that the proceedings of EPH along with Video and photographs will be submitted to MOEF&CC for further action through Karnataka State Pollution Control Board.
