Sub: Amendment to TOR for Public Hearing Exemption.

MoEF&CC, GoI has issued TOR vide F. No. J-11011/49/2014- IA II (I) dated 18.12.2014 (copy enclosed) to ONGC, Assam Asset for the preparation of EIA/EMP report for Development Drilling of 4 wells in Borholla ML block, Jorhat District and development drilling of 8 wells in Nambar ML area, East Lakhbari ML area, Khoraghat ML and Khoraghat extension ML area in Golaghat District, Assam.

It is to inform that ONGC, Assam has conducted public hearings in Jorhat and Golaghat Districts of Assam respectively for the following projects:

1. Exploratory drilling (03 Nos.) in AA-ONN-2009/3 NELP VIII Block at Village Teok, Jorhat District, Assam. Public hearing conducted on 02.04.2015 at Kakojan, Jorhat (copy of MOM enclosed).
2. Exploratory cum Development drilling(locations-KSAD, KSAE, KSAG, KSAB) and two development locations, IKS-KSDA & IKS-KSDB and establishing GGS and laying of pipeline from location KSAC to Borholla GGS to Kasomarigaon, Golaghat District, Assam. Public hearing conducted on 20.09.2014 at Chollong Pathar, LP, School, Merapani, Golaghat (copy of MOM enclosed).
3. Development drilling of three locations (KHDE, KHDF, KHDD) in Khoraghat Extension ML Block area of Golaghat District, Assam. Public hearing conducted on 04.07.2014 at Khoraghat GGS-II (copy of MOM enclosed).

In view of above, it is requested kindly to amend the existing TOR F. No. J-11011/49/2014- IA II (I) dated 18.12.2014 of for exempting Public Hearings in Jorhat and Golaghat Districts of Assam for Development Drilling of 4 wells in Borholla ML block, Jorhat District and development drilling of 8 wells in Nambar ML area, East Lakhbari ML area, Khoraghat ML and Khoraghat extension ML area in Golaghat District, as already Public Hearings were conducted in the proposed districts.

Warm Regards,

(Sanjay Chawla)

EIA for development drilling of hydrocarbons at Khoraghat Extension ML Block

Public Hearing Document

Oil and Natural Gas Corporation Limited

Consultant:

SENES Consultants India Pvt. Ltd.

Introduction

The Khoraghat Extension ML Block part of the oil rich Assam-Arakan Basin is located in the Sarupathar Circle of Golaghat District in Assam. The Block is included under the hydrocarbon production areas of Oil and Natural Gas Corporation Limited (ONGC). ONGC already has existing facilities like exploratory wells, production wells, Group Gathering Stations (GGS) and interconnecting pipelines in the Block.

ONGC is planning to drill three development wells in the Khoraghat Extension ML area I Golaghat District, Assam. The development and testing of hydrocarbons proposed in Khoraghat Extension ML Block is included under activities specified in Schedule (Activity 1b) of the new EIA Notification dated 14th September 2006. It requires Environmental Clearance (EC) from the Ministry of Environment and Forests (MoEF).

ONGC has submitted Form-1 of the EIA Notification, along with a draft Terms of Reference (ToR) for EIA study to MoEF. MoEF has issued approved ToR vide letter J-11011/563/2011-IA II (I) dated 28th May, 2012. Initially, the ToR obtained referred to the study of two development wells –KHDE and KHDF. ONGC had included another development well KHDD in the scope of the work for which a modified ToR has been approved.

ONGC had conducted a systematic Environmental Impact Assessment (EIA) study as per approved ToR. The Draft EIA report was submitted to Assam State Pollution Control Board in the month of March 2014 for conduct of Public Hearing. ONGC had participated in a Public Hearing organized on 4th July, 2014 and accepted for consideration the views of relevant stakeholders who may be affected by the proposed project activity and the same has been incorporated in the final EIA report.

Public Hearing

A public hearing was conducted near GGS facility at Khoraghat on 4th July, 2014 as part of an EIA study for three development wells in Khoraghat Extension ML Block to understand the queries, grievances and expectations of local people due to the existing and proposed project activities (**Figure 1**). The people were made aware of the meeting through a notice in APCB website publication in two leading newspaper in English (Assam Tribune) and Assamese (Dainik Janambhumi) on 30th May, 2014.

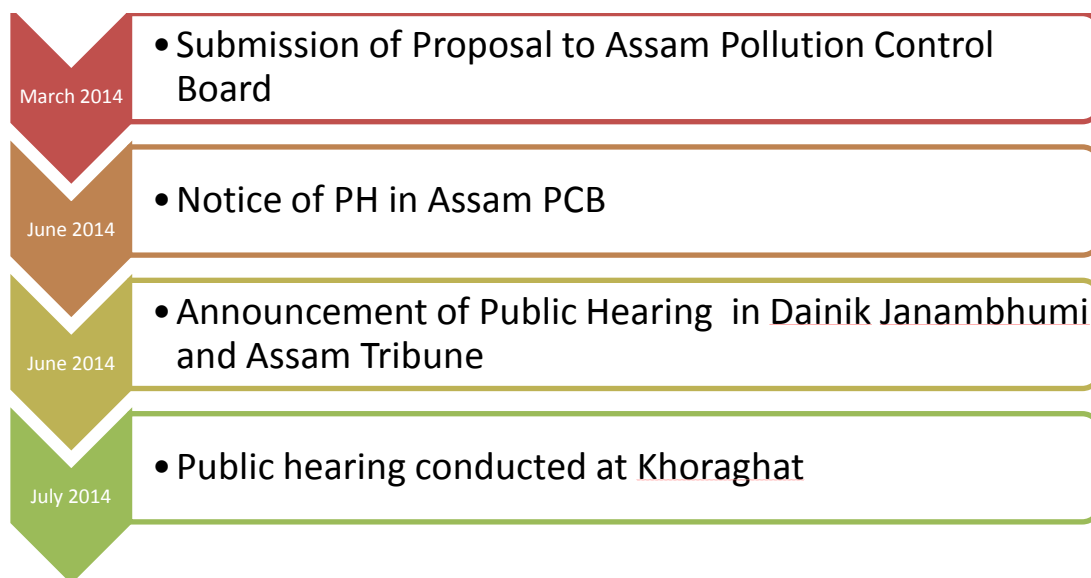

FIGURE 1. A SYNOPSIS OF PUBLIC HEARING HELD IN KORAGHAT

The local people were satisfied due to the establishment of ONGC. Though they had few expectations and grievances that have been summarized:

1. Provision of drinking water
2. Improvement of road infrastructure along with street lightning facility
3. Setting of medical check-up facility
4. Job opportunities
5. Mitigation measures for pollution abatement
6. Land Compensation.

It is to be noted that ONGC has already mobilized efforts to release funds to improve the infrastructure of the roads. Further, ONGC has commented that they will try and make provision for the other expectations. To conclude, it could be said that stakeholders had no objection to the project activities. The concise report of the Public Hearing is given in **Table 1** and the Resolution and Minutes of the Minutes in detail is given in **Annex 1**.

TABLE 0-1: RESPONSES ADDRESSED TO THE PUBLIC CONCERNS/COMMENTS THAT AROSE DURING PUBLIC HEARING

SI No.	Public Concern/comments	Response addressed by the Project Proponent and provided in the Report
1.	Shri Niren Basumatary wanted to be compensated for the worn out roofs of his house that he believes is due to activities of the ONGC. Request ONGC to improve the condition of the roads, provide pure drinking water and health facilities in the area	ONGC gave assurance to fulfil all grievances of the concerned person
2.	The Gaonburah of Haldibari Village - Shri Babu Kumar requested ONGC to provide pure drinking water and also prevent the leakage of oil in paddy fields. He further requested ONGC to provide street lights and health check-up facilities with the provision of ambulance and also develop the road traversing the village.	ONGC replied that plans are afoot to develop the road condition has begun and funds are being mobilized. ONGC further gave assurance to the Gaonburah to solve the other issues raised by him. In case of Oil spill ONGC has its own management plan and measures to combat oil spill has been outlined the EIA-EMP report
3.	The major concern of Shri Kamal Karketia inhabitant of Lachit Gaon-1 village was the impact of the burning of gas from GGS-1 on the agricultural fields. Further he wanted ONGC to do some development work from the ONGC development schemes like provision of drinking water from water that is drawn by ONGC, street lighting, health care facilities, etc	ONGC commented that the groundwater drawn by ONGC is not fit for human consumption hence cannot be supplied to the villagers. ONGC is already in the process to improve the condition of the roads and bridges in the area. ONGC further said that they can construct the building for the medical facilities but the provision of doctors, staff should be done by the State Government. The issue of impact of gas burning on agricultural fields will be probed.
4.	Shri Padma Kr Poudel was concerned about the aerial extent to which the CSR activities like drinking water, other development schemes would be implemented?	ONGC replied that the CSR activities will be implemented close to the Project locations.
5.	Shrimati Padma Basumatary of Uriamghat had queries related to the land compensation and requested ONGC to take pollution measures	The Chief Environmental Engineer explained the measures taken to combat the pollution. Pollution abatement measures to be taken by ONGC have also been outlined in this report in the EIA-EMP report
6.	Shri Policarp Khaklori, Lachitgaon -2 requested ONGC to induct local people and provide compensation for agricultural losses	The additional Deputy Commissioner replied to this query

MINUTES OF PROCEEDINGS
FOR
PUBLIC HEARING OF
M/S ONGCL OF DEVELOPMENT DRILLING
OF THREE WELLS (KHDD, KHDF & KHDE)
AT KHORAGHAT.

Certified that this book
contain page No. 1 to 33.

22/11/21
a/m

MINUTES OF THE PUBLIC HEARING HELD AT KHORAGHAT GGS-II, ONGEL COMPLEX, DISTRICT-GOLAGHAT, ASSAM ON 04th JULY, 2014 FOR THE PROPOSED 'DEVELOPMENT DRILLING AT THREE LOCATIONS (KHDE, KHDF & KHDD) IN KHORAGHAT EXTENSION ML BLOCK AREA OF GOLAGHAT DIST, ASSAM OF M/S OIL & NATURAL GAS CORPORATION LTD, ASSAM & ASSAM ARAKAN BASIN, CINNAMARA COMPLEX, JORHAT, ASSAM.

Today the 04th July, 2014 a Public Hearing was conducted for the proposed 'Development drilling' at three locations (KHDE, KHDF & KHDD) in Khoraghat Extension ML Block area of Golaghat District.

PANEL MEMBERS.

1. Sri Januj Goswami, ACS, Addl. Deputy Commissioner, Golaghat.
2. Sri B.K. Baruah, Chief Environmental Engineer, PCBA.

AGENDA OF THE PUBLIC HEARING.

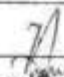

1. Selection of President.
2. Authorised Representative of Pollution Control Board, Assam will explain the purpose of the Public Hearing.
3. Presentation in details of the Project by M/s. Oil & Natural Gas Corporation Ltd.
4. Views of Public/NGOs etc. regarding environmental impact of this Project and mitigation measures.

PROCEEDINGS (MINUTES AND RESOLUTION):

At the beginning, Sri B.K. Baruah, Chief Environmental Engr, PCBA explained the purpose of the Public Hearing as per the notification, 2006.

As per the agenda, the Project proponent of M/s. Oil & Natural Gas Corporation Ltd. spoke about the projects in details in Assamese language.

B. Januj
4/7/14

Addl Deputy Commissioner
Golaghat

VIEWS OF PUBLIC:

Niren Basumatary, Gaonburah, Setonapur spoke in favour of the project. He alleged that the roads passing through the Setonapur is not developed and request the M/s. ONGCL to renovate their L.P. School and also to provide pure drinking water. He also alleged that their roofs of houses are worn out due to ONGCL works and request to provide compensation and health facilities in that area.

In this regard the representative of the M/s ONGCL asserted to fulfill the grievances.

Babu Kumar, Gaonburah of Haldhibari spoke in favour of the project and he requested to provide pure drinking water and also spoke that oil spilled to paddy field and request to take action so that oil leakages stopped. He also requested to provide street light and health check-up with ambulance facilities and also to develop the road passes by the village.

The representative of M/s. ONGCL explained that already they are trying to develop the road by sanctioning the road construction funds from the concerned authorities. They again gave assurance to fulfill their grievances.

Sri Kamal Kerkatta, Lachit Gaon No-1, near GGS-1 spoke in favour of the project and he said that due to M/s. ONGCL it developed the area and he had no objection for the upcoming project. He requested the authority of M/s. ONGCL to use their development scheme in favour of the development of the villagers and to provide pure drinking water facilities and also to provide light in that area. He also cited that due to burning of gas it affected the nearby agrifarm. At last he spoke in favour of the Project. He also request the M/s. ONGCL to do their works without spoiling the agri land by taking necessary steps and also to develop a health care Centre in that area.

BK 4/7/14

11
Addl Deputy Commissioner
Golaghat
11/7/14

The representative of M/s. ONGC said that the ground water drawn for their unit is used in the industries and that water is not fit for drinking. Moreover they are trying to develop the road, bridges etc and also gave assurance that they will try to fulfill it and regarding Health Centre they said that they can construct the building but for Doctors and Nurses the State Govt. should appoint such personnel for the purpose.

Nanda Kr. Paudel, Gaumburab, Haldhibari spoke in favour of the Project. He wanted to know from M/s ONGC that their area is large and to what extend the drinking water facilities will provide? He also wanted to know to what extend the development scheme of M/s. ONGC cover? He, at last supported the Project.

In this regard M/s. ONGC explained that CSR cover the nearby people of the Project.

Padma Basumatary, Uriamghat wanted to know — the M/s. ONGC drill in the local people land so what compensation will be granted to such people? The local people gave many proposal but not sanction by the Authority and also request the M/s. ONGC to take pollution measures.

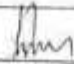

The Chief Environmental Engineer, Pollution Control Board, Assam explained the matter related to pollution.

Sri Policarp Khaklari, Cachit Gaon No-2 spoke in favour of the project and cited that they had got enough benefits from M/s. ONGC. To develop many schools, the Authority sanction many funds for that area. He also request the M/s. ONGC to absorb the local people in the job and also said to ^{provide} compensation in the agricultural labours.

The Addl. Deputy Commissioner, Golaghat spoke a few lines related to the matter.

At the end the Public present clapped their hands to show

B5
4/7/14

Addl. Deputy Commissioner
Golaghat
4/7/14

their support for the Project.

RESOLUTION OF THE PUBLIC HEARING:

Considering the ecological, technical, scientific and socio-economic aspects related to proposed "Development drilling" at three locations (KHDF, KHDF & KHDD) in Khoraghat Extension ML block area of Golaghat district and taking into account the opinions and suggestions made by the public present in the public hearing held on 4th July 2019 it is unanimously resolved to allow M/s. ONGC to take up the drilling works incorporating with all pollution control measures proposed by the project proponent and to comply with the provisions of all existing environmental laws.

Certified that this register contains 37 (Thirty-seven) pages marked on one side. This register is used for recording the proceedings of the public hearing held on 02-4-15 at Kakojan Krishi Kendra, Kakojan for 3 (Three) nos. of exploratory drill sites of m/s- ONGCL, A & AA Basin Cinnamara, Jorhat located at Teok area.

(Z. AHMED)

Regional Executive Engineer
Regional Laboratory Cum Office
Pollution Control Board, Assam
SVASAGAR

The Public hearing held on 2/4/15 in respect of Environmental impact assessment for obtaining Environmental clearance (EC) for proposed exploratory drilling Locations (3 Nos.) in AA-ON-2009/3 Block NELP-VIII at village Teok, Dist-Jorhat, Assam, M/s-ONGCL, Assam & Assam Areakan Basin, Cinnamara Complex Jorhat is held at kakojan kristi kendra, kakojan, Jorhat Assam with reference to EIA Notification S.O 1533(E) dt 14.9.06

The Panel consisted of the following officials:

1. Mr. Pradeep Kumar Das, ACS, Add. Dy. Commissioner, Jorhat
2. Mr. Zakir Ahmed, Regional Executive Engineer PCBA
RLO Sivasagar.

Mr. Pradeep Kumar Das, ACS, ADC Jorhat presided over the Public hearing, assisted by Zakir Ahmed, Regional Executive Engineer, PCBA Sivasagar Regional office as the representative of the Board.

At the outset, Mr. Zakir Ahmed, Regional Ex. Engineer PCBA, Sivasagar welcomed the panel members, the Assembled public, and the ONGCL officials & project Consultant, Then he gave a brief introduction about the guidelines to be followed for the public hearing with reference to EIA Notification 2006. He clearly explained the purpose of the public hearing as per the said notification. He explained that views, comments etc. regarding proposed exploratory drilling location may be

put forwarded over this meeting.
The p applicant of the project explained in details about the project in vernacular language i.e. Assamese and the project consultant explained in English about the objective of the project with a power point presentation.

VIEWS OF THE PUBLIC :

Rupak Ranyan

1. Sri ~~Rupkam~~ Saikia a local residents of Kakojan area said about survey conducted by M/S-ONGCL. He also said that public hearing helps seeking public opinion. He also said that though ONGCL official said after completion of drilling Equipments will be shifted out but it pollutes the area due to not taking of sufficient Pollution Control measures and asked Pollution Control Board to be vigilant. He also stressed that Gr. III & IV jobs should be 100% reserved for the local people. He also said ONGCL must ensure protection of the agricultural land nearby. He also said that sufficient advertisement was not made for the public hearing. He also said about preservation of Archaeological sites.

also a local resident,

2. Sri Samiran Barothakur said that the project well is going to effect agricultural land and He wanted clarification from ONGCL where they are going to take bioremedial measures. He also said that a Local Committee on Pollution Control should be formed for future monitoring of pollution impacts in the drilling areas..

At This point ONGCL official Mr. Pradeep Kumar DGM said it is a exploratory drilling well only. There is no surety of getting Crude &

Deputy Commissioner
2024

Gas from the drilling operations. If oil & gas is found in future then only question of bioremediation etc, restoration process will be carried out. Again Sri Borahakwe questioned about the Certification of about 9.5 Hec. land as non Agricultural land and asked for explanation from the applicant. The ONGCL official said the land is oneve Gibbon Reserve forest area. The ONGCL official said the EIA draft was for 6(six) locations, at present only 3(three) drilling sites A Teok A, Teok B & Teok F which falls on agricultural land.

The president of the hearing said that objections raised by in hearing has been noted by the PCBIA official the views expressed shall be forwarded to the MOEF. He also said about archeologically or important structures and as said by the ONGCL official that there is no such area in the near to the drilling sites. (within 200 to 300 mts)

IMPORTANT ISSUES RAISED:

1. Archeologically important sites: a - Sensowa Borpukhur
b. Badulipukhuri, c. Phukan maidam and their Preservation.
2. Employment to local youths.

Table 1-1: Responses addressed to the Public Concerns/Comments that arose during Public Hearing	3
--	---

List of Figures

Figure 1-1: A Synopsis of Public Hearing held in Challang Pothar	2
--	---

1 Public Hearing

A public hearing was held in a school at Challang Pothar on 19th September, 2014 as part of the EIA study to understand the queries, grievances and expectations of local people due to the existing and proposed project activities (**Figure 1.1**). The people were made aware of the meeting through publication in two leading newspapers in English (The Assam Tribune) and Assamese (Dainik Jagran) on 20th August, 2014.

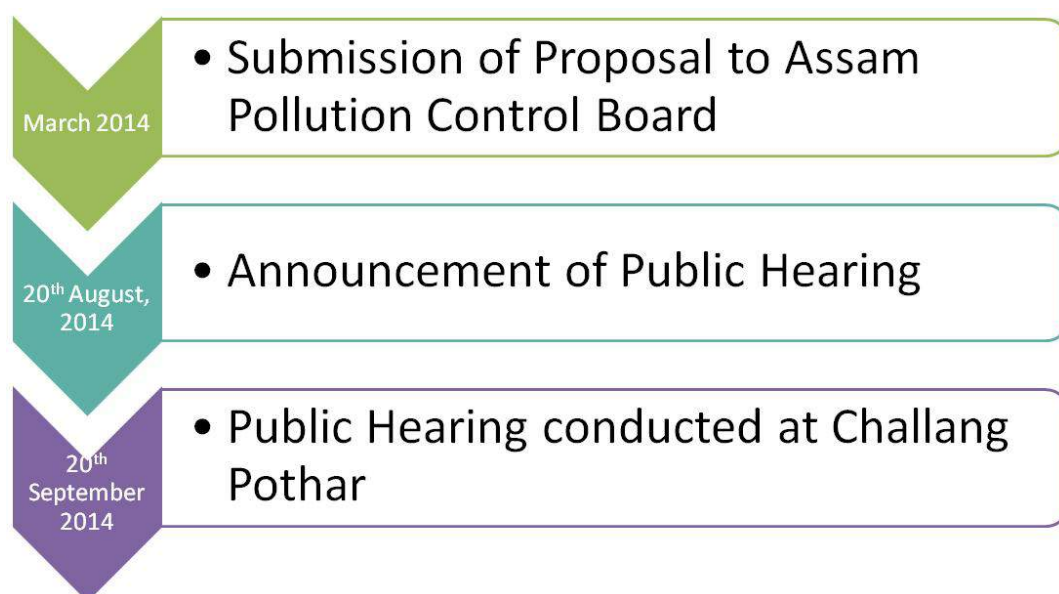

FIGURE 1-1: A SYNOPSIS OF PUBLIC HEARING HELD IN CHALLANG POTHAR

A Public Hearing was conducted in the LP School of Challdang Pothar on 20th September, 2014 as part of an EIA study for Exploratory/ development wells, GGS and Pipeline in Kasomarigaon Block to understand the queries, grievances and expectations of local people due to the existing and proposed Project activities. The people were notified of the meeting through a notice in two leading newspaper in English (Assam Tribune) and in Assamese (Dainik Janmabhoomi) on 20th August, 2014 (**Annexure 1.1**). The proposed activities qualify the Project under Category A and hence, the process of Public Hearing forms a pre-requisite for obtaining Environmental Clearance under EIA Notification, 2006.

The local people were concerned due to the activities of the ONGC. The key issues have been summarized below:

1. Road infrastructure
2. Plying of heavy vehicles
3. Mitigation measures for environmental pollution
4. Land acquisition and compensation
5. Accidents in the pipelines
6. Job opportunities

7. Funds for development of schools, church, namghor, etc
8. Channeling of waste gas that is burnt by ONGC to local people for use as fuel

It is to be noted that ONGC has already mobilized efforts to release funds to improve the infrastructure of schools of the area. Further, ONGC has commented that they will try and make provision for the other expectations. To conclude, it could be said that stakeholders had no objection to the project activities (**Annexure 1.2**). The concise report of the Public Hearing is given in **Table 1.1** and the Resolution and Minutes of the Minutes in detail is given in **Annexure 1.3** and the Attendance is given in **Annexure 1.4**.

**TABLE 1-1: RESPONSES ADDRESSED TO THE PUBLIC CONCERNS/COMMENTS THAT AROSE
DURING PUBLIC HEARING**

Sl. no.	Public Concern/Comments	Response addressed by the Project Proponent and Provided in the Report
1.	Shri Debeshwar Karmakar, raised the issue of environmental pollution due to the activities of ONGCL and requested for some mitigation measures to be adopted by ONGCL. Further he requested for construction of proper roads, restriction of plying of vehicles, provide health facilities, expressed concern on the colony establishment as it would be lead to generation of waste water.	ONGC agreed to look into the concerns raised by the villagers in the Public Hearing. They said that they will put forth the plan to construct roads in Kasomarigaon area in the next financial budget plan of CSR activities. The same will be done for the other funding request. For the people seeking employment, ONGC requested them to apply for interview in ONGC recruitment drives for the educated and skilled people. Whereas, for the uneducated, unskilled workers, temporary jobs will be available during construction of facilities.
2.	Shri Anil Bera requested for jobs for himself and other unemployed youth, construction of road, funds for church, Namghor, and requested for the supply of the gas that is burnt as waste to be supplied to the houses of the poor to be used as fuel.	ONGC requested the crown to not be worried about the pipeline as they will be underground, equipped with pressure sensors and will be under routine check for anomaly.
3.	Shri Biren Ghatwal requested for funds for schools, proper roads	Further, ONGC announced that they had pollution control systems like ETP, acoustic enclosures to control water and noise pollution.
4.	Shri Bhadreshwar Bora asked for safety measures installed to prevent fire in the pipeline	ONGC said that they will speculate about the use of the waste gas that is usually discarded.
5.	Shri Bipul Mesh requested for employment with ONGC, fund and to utilize the waste gas	
6.	Shri Hiranya Gogoi asked for the measures to protect the environment from drilling work and Safety measures for pipelines. Further he requested for funds for schools, roads, and health facilities.	

Sl. no.	Public Concern/Comments	Response addressed by the Project Proponent and Provided in the Report
7.	Shri Babul Saikia wanted to know the protection measures against pollution from drilling activities and requested for funds for the development of the area.	
8.	Shri Dayal Rangoh complained that he observed loss in crop due to the open burning of waste gas and questioned if ONGC will compensate for the loss?	PCB official opined that there is no proven evidence to show that the burning of the waste gas will lead to crop loss. However, PCB will look into the matter of open burning.
9.	Shri Babul Dungdung wanted to know the extent of land that will be required for construction and what will be the amount of compensation. What will happen if someone did not want to part with his land	ONGC replied that 9ha of land will be required for the construction of the GGS. Rs.70,000 per bigha as per Government Laws. In case anyone is unwilling, negotiation will be done with the person.

RESOLUTION OF PUBLIC HEARING

Dated Golaghat, the 20th Sept, 2014

Organized by Pollution Control Board, Assam at Chollong Pathar L.P. School, Vill- Chollong Pathar, PS-Merapani, District-Golaghat, Assam on 20th September, 2014 (at 12.00 Noon) in connection with proposed "Exploratory" cum Development Drilling (locations: KSAD, KSAE, KSAG, KSAB) and 2(two) Development locations- ISK-KSDA and ISK-KSDB' in establishing Group-gathering stations and laying pipeline from location KSAC to Borholla GGS at Kasomarigaon of Golaghat dist. Assam by M/S Oil & Natural Gas Corporation Ltd. Assam & Assam Arakan Basin, Cinnamora Complex, Jorhat, Assam.

Considering the ecological, technical, scientific and socio-economic aspects related for proposed Exploratory cum "Development drilling (locations: KSAD, KSAE, KSAG, KSAB) and 2(two) Development locations- ISK-KSDA and ISK-KSDB" at Kachomarigaon of District-Golaghat, Assam and taking into consideration of opinions and suggestion made by the public present in the public hearing held on 20th Sept, 2014, it is unanimously resolved to allow M/S ONGCL to take up the drilling works, pipe line laying works & construction of GGS incorporating with all pollution control measures proposed by the project proponent and to comply with the provisions of all existing environmental laws.

VIEWS OF PUBLIC:

Sebeswar Karanokar, a Gaonburah, talked that public hearing arranged in the area and he gave thanks for that. He spoke that the area is Xayang Gari Panchayat and why drilling in Kasomari areas Public hearing is held here. He also alleged that the works of M/s. ONGC affected the area and requested the authority to take measures to mitigate pollution. He also requested to construct the road properly and plying of heavy vehicles should be restricted. Noise pollution will be there and hence request to take steps in this regard. If Colony will be established in that area then it will affect the area due to dirt and waste water that will be discharged from the colony. Also request to provide health facilities in that area.

Anil Bora, 2nd Chollong Pathar, unemployed youth spoke that he is an unemployed so he requested to absorb him and other unemployed youth in M/s. ONGC and requested to construct the road that passes through Chollong Pathar and also request to provide funds for the Church, Nanghar, etc. He also talked that in the ONGC Colony they have seen that a gas burst in that area as waste so requested M/s. ONGC to provide these gas to the poor people.

Biren Ghatwal, Higher Madhyamik School President, spoke that they lived in a very backward place and they are mainly farmers and so he requested the authority to provide funds to the schools. He also requested M/s. ONGC to construct the road in proper way and in broader manner and also request to fulfill their grievances.

Bhadreswar Bora, Bordubi talked that the pipeline passes through the area may burst then what protection M/s. ONGC will give.

In this regard the M/s. ONGC authority spoke that the pipeline will be placed at depth of 100 to 150 cm below the soil so there is less

(2)

possibility of bursting. The authority will test the pipeline frequently and so they request the public not to construct any houses over the pipeline. Regarding gas he spoke that gas will be sold to Assam Gas Co. Ltd. and from there the public can take from that and till now the authority did not get the permission to sell the gas.

Bipul Mesh, a habitant of Mirapani spoke that M/s. ONGC gave the presentation and in that they gave some impact assessment and these are approved from the PCB or not. The gas burnt in the colony will affect the agrifarm and so he question the authority what measures they will take for pollution measures. Request to absorb the unemployed youth in the project and also request to use the CSR fund in that area and the waste gas and the works of M/s. ONGC will affect the area and the Pollution Board and M/s. ONGC will take the responsibility or not?

In this regard the PCB representative spoke that the EIA report does not need approval from the PCB. The Public hearing is held so that views of the public can be noted down. The EIA report will be forwarded to Delhi, MoEF without editing by Board's official.

In this regard the consultant of EIA report spoke that Jangra forest is not now in existence and Garampani Samalaries is also far from the area.

The PCB representative also clear the matter that the burning of the gas affected the agrifarm is not established till now.

Hiranya Gogoi, spoke that due to drilling works the environment will be affected then what measures will be taken so that the area will not be affected. The pipeline will pass through over the land and what compensation will be given to them. Requested to construct fund for schools, roads and health facilities.

In this regard the ONGC authority spoke that sound pollution will be mitigate due to acoustic enclosure in the S.G. Set. They will construct the road for the public of the area in the next year from the CSR fund. They also spoke that to absorb unemployed youth they must attend the interview and definitely got absorbed and those who are unskilled labours they will be get absorbed in the project works which will be short term employment. Regarding providing fund to the schools the ONGC will provide sanitary toilet to the schools in that area. For the land they will give compensation for the house, agrifarm etc.

Laxal Rangha, Gaonbarah spoke that due to loss for the waste gas burning in the area requested to compensate for the loss and wanted to know whether they will compensate for that loss or not.

In this regard the PCB representative spoke that the PCB will take action against the waste gas burning openly by ONGC.

Babul Saikia, spoke that in the Kasomari area some drilling well will be developed and due to ONGC works it affect the agrifarm & it also create hazard to the wildlife and so what measures will be taken by M/s ONGC to restrict these affect. What fund will be given to that area as a whole?

In this regard the ONGC authority spoke that the waste material discharge from the well will affect the area but the representative confirm that before discharging ESRP is used and no toxic chemical will be used and if sometime discharge there is a well to restrict that. As alleged that it affect the wild life it will be restricted due to development of pipeline.

Anil Kr. Xungdung, Chellongpathor he wanted to know the area

(5)

To what extent Kasomari cover. He wanted to know how much area will cover to construct GGS.

In this regard the ONGC explained to construct a gas nine (9) hectares land will needed.

He also wanted to know whether compensation will be provided to the man who loss their land.

In this regard the ONGC authority spoke that Rs 70,000/- will be provided as per Govt. Laws.

He also wanted to know that whether if they object to give land then what action will be taken.

ONGC explained that negotiation will be made.

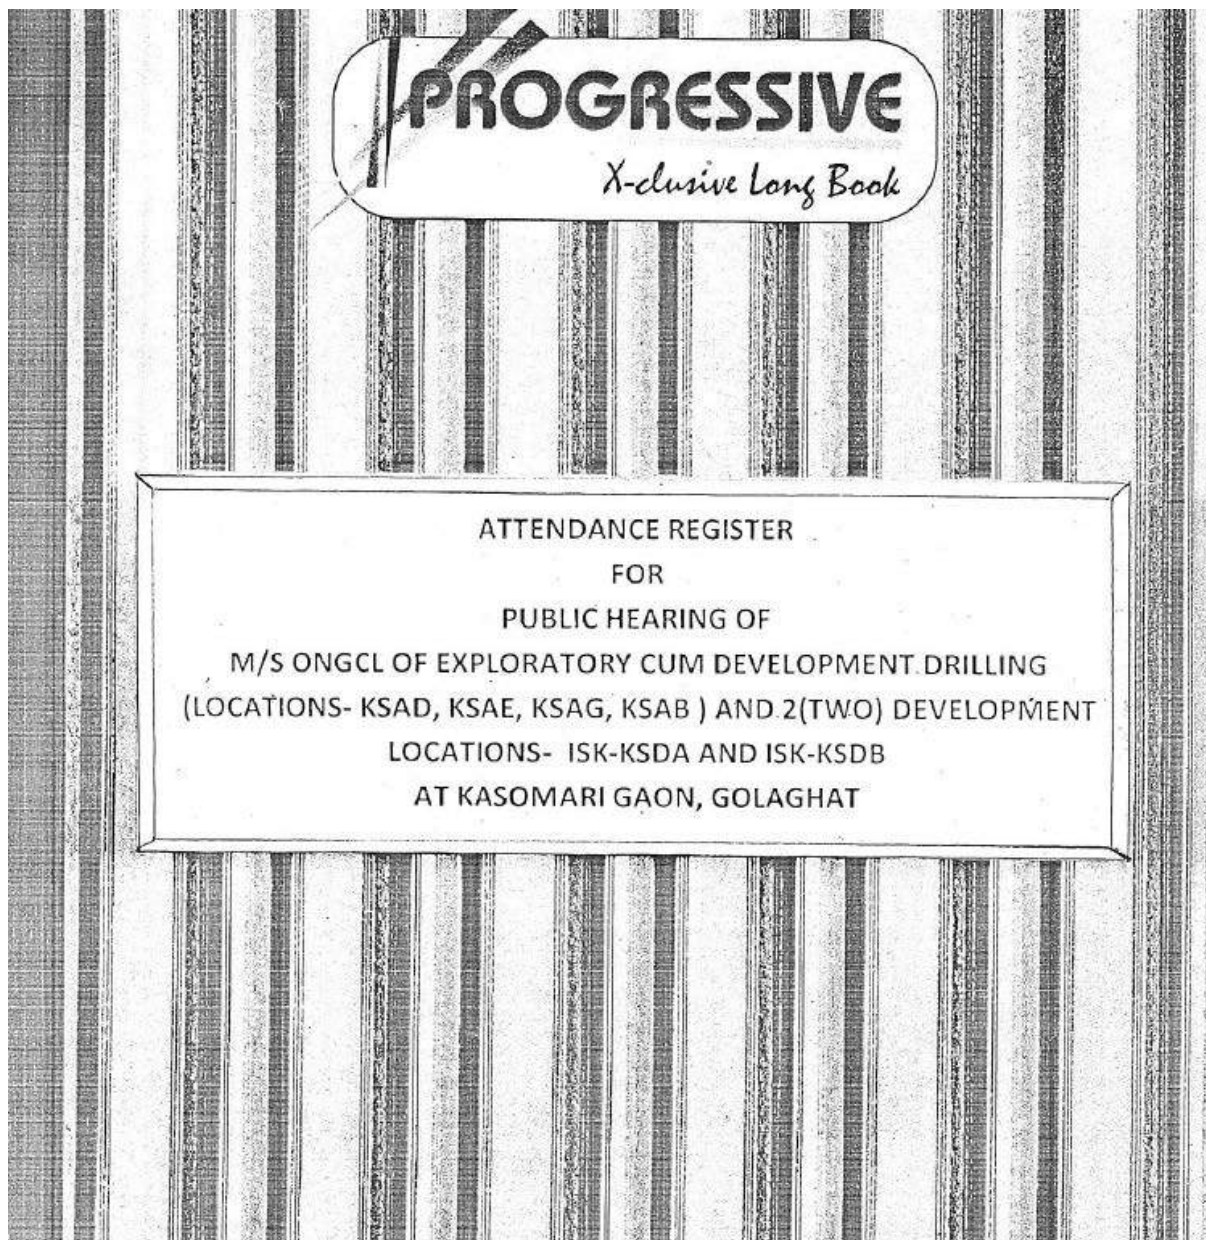

At the end the Public present clapped their hands to support the Project.

RESOLUTION OF THE PUBLIC HEARING :

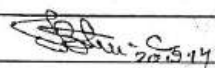

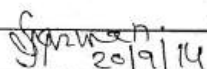

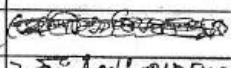

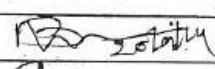

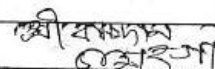

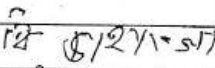

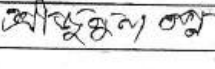

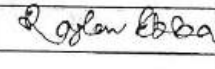

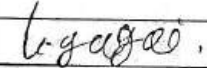

Considering the ecological, technical, scientific and socio-economic aspects related to proposed "Exploratory cum Development Drilling (locations: KSAD, KSAE, KSAQ, KSAB) and 2 (two) Development locations - ISK-KSDA and ISK-KSDB" at Kasomarigaon in Joraghat district, Assam and taking into account the opinions and suggestions made by the public present in the Public hearing held on 20th September, 2014 it is unanimously resolved to allow M/s. Oil & Natural Gas Corporation Ltd, Assam & Assam Arokan Basin, Cinnamora Complex, Joraghat, Assam to take up the drilling works, pipeline laying works and construction of GGS incorporating with all pollution control measures proposed by the Project proponent and to comply with the provisions of all existing environmental laws.

Deputy Commissioner (R&D)
GOLAGHAT
