12th November, 2014

To

The Director,
Govt. of India,
Ministry of Environment, Forest & Climate Change,
Impact Assessment Division (II), Industry,
3rd Floor, Vayu Wing,
Indira Paryavaran Bhawan,
Jorbagh Road, Aliganj,
New Delhi - 110 003

Sub. : Expansion of Sponge Iron Plant (350 TPD to 700 TPD) and setting up of Coal Wahsery (0.35 MMTPA), Power Plant (36 MW), Induction Furnace (8 No x 12 T), Ladle Refining Furnace (2 No.x30T), VOD/AOD (2 x 30 T) and Continuous Casting Machine (2x6/11 Double strand) at Plot No. 98, Kalunga Industrial Estate, Kalunga, District Sundargarh, Odisha by M/s Times Steel & Power Limited, the then Nixon Steel & Power Ltd.-Revalidation of EC - Reg.

Ref. : Ministry's Clearance Letter no. J-11011/520/2008-IA.II (I) dated 01.12.2009.

Dear Sir,

With reference to the above, we would like to inform you that we had obtained the Environmental Clearance (EC) from MoEF & CC, the then MoEF vide letter number J-11011/520/2008-IA.II (I) dated 01.12.2009 for Expansion of Existing Sponge Iron Plant to Integrated Steel Plant at Plot No. 98, Kalunga Industrial Estate, Kalunga, District Sundargarh, Odisha. Copy enclosed.

The validity period of Environmental Clearance Order will expire on 30.11.2014 as per the EIA Notification No. S. O. 1533 (E) dated 14th September, 2006.

We are furnishing below details about the plant facilities for which Environmental Clearance and subsequently Consent to Establish had been obtained. And also the details about the plant facilities already installed and rest of the units/facilities to be installed in the following Table No. 01.

Contd....P/2

Table No. 01

Project	Environmental Clearance for Total capacity	Plant facilities Installed by TSPL	Rest of the plant facilities to be installed by TSPL
	Quantity	Quantity	Quantity
DRI Plant	2,00,000 TPA	1,00,000 TPA	1,00,000 TPA
Captive Power Plant (WHRB)	16 MW	NIL	16 MW
Captive Power Plant (FBC)	20 MW	NIL	20 MW
Induction Furnace (8 X 12 T)	3,00,000 TPA	NIL	3,00,000 TPA
LRF (2 X 30 T)			
VOD/AOD (2 X 30 T)			
Double Strand CCM (2 X 6/11)			
Steel Rolling Mill (Steel Rolled Products)	3,00,000 TPA	NIL	3,00,000 TPA
Ferro Alloys Plant (2 X 10 MVA)	32,000 TPA	NIL	32,000 TPA
Oxygen & Nitrogen Plant)	250 m ³	NIL	250 m ³
Coal Washery	3,50,000 TPA	NIL	3,50,000 TPA

Here we would like to inform you that, we require another 05 (Five) years time for installation of complete project. The reasons of such delay in installations are as follows;

During the period since August 2010 due to the inquiry of Saha Commission in various mining activities in Odisha State, maximum numbers of mines had to stop their production operation. As a result there was acute shortage of Iron ore which is the main raw material for our basic plant. We could not operate our existing unit in full load. Thus, suffered a huge financial loss and could not able to continue in full swing new construction facilities as mentioned in Table 01 for which we had obtained the EC.

Presently the situation is improving and expected to be set right within six months to one year time.

We apprehend that our financial situation will improve and can able to take up new construction work. We would like to complete our pending installations for which we had previously obtained EC and Consent to Establish.

Therefore, we request you to kindly revalidate the above EC.

Your kind cooperation on the subject is appreciated.

Thanking you,
With regards,
for Times Steel & Power Limited

(H. S. Sohi)
DIRECTOR
