Sub: 2x660 MW of (2x600 + 2x660) MW Malwa Thermal Power Project (Shree Singaji TPP Stage-II) at Purni, District Khandwa, Madhya Pradesh by M/s M.P. Power Generating Co. Ltd - reg. EC.

Sir,

This has reference to refer to your letters dated 19.09.2013, 17.01.2014, 27.06.2014, 01.07.2014 and 02.07.2014 on the subject mentioned above. The Ministry of Environment & Forests has examined the application.

- It is noted that EC was accorded for only 2x600 MW out of the 4x600 MW for the above project on 01.10.2008 as firm coal linkage was available only for 2x600 MW. However, the EJA/EMP and PH was conducted for the 4x600 MW. Further, extension of validity of EC was accorded on 05.02.2014 subject to certain additional conditions.
- The Ministry was requested to consider the proposal for the other two units i.e. 2x600 MW proposed earlier and now proposed to be changed to 2x660 MW (which are more environment friendly) in view of the firm coal availability for the two units (2x660 MW). The Ministry of Coal vide letter No. 13016/26/2004-CA-I (Pt) dated 05.08.2013 has allocated 532 Million Tonnes of estimated geological coal reserve Gondbahera- Ujhani, Singrauli, to MPPGCL for Shree Singaji TPP Stage-II. The EC and FC for the coal block is awaited. FC application has been submitted in November 2013 and EC application is yet to be made for the Gondbahera Ujhani coal block allotted. FSA has been signed in 2009 for 20 years. The transportation of coal shall be only by rail from WCL and from Gondbahera Ujhani coal block also.
- Annual Contracted Quantity (ACQ) of 6.6 MTPA coal is allocated to MPPGCL for units of capacity 5x62.5 MW + 1x200 MW + 3x210 MW (total 1142.5 MW) located at Satpura Thermal Power Station, Sarni, Distt. Betul. As per clause No. 3.2 of FSA executed with WCL, coal meant for purchaser's one power plant can be transferred to any other power plant fully owned by the purchaser. The coal requirement of 2x660 MW supercritical units is 5.3 MTPA at 85 % PLF. In case of non availability of coal to (2x660 MW) Shree Singaji Thermal Power Project (Stage-II) from the linked Gondbahera-Ujhani coal block, before commissioning of the unit/ project, MPPGCL will divert the required quantity of coal from the 6.6 MTPA coal allocated for above units at Satpura Thermal Power Station, Sarni, Distt Betul by shutting down/phasing out these old units. There would be transportation of coal by rail only.

5. Based on the information submitted by you, as at Paras 3-4 above and others and presentation made by you before the Expert Appraisal Committee (Thermal Power) in its 16th Meeting held during July 1-2, 2014, the Ministry hereby accords environmental clearance to the above project under the provisions of EIA Notification dated September 14, 2006, subject to compliance of the conditions (as applicable) stipulated in the EC dated 01.10.2008 and its extension of validity dated 05.02.2014.

6. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
