Vehicle Registration Code	TS-34
Administrative headquarters	Vikarabad town

Vikarabad District is the newly formed district, carved out from the erstwhile Rangareddy District, sharing its boundaries with Sangareddy, Rangareddy, Mahabubnager districts and the state of Karnataka. The district already has good road and railway line connectivity and the headquarters is located at a distance of 75 KMs from the State capital and is in close proximity to already industrialized areas like Sangareddy which is 42 Kms away (Mominpet mandal of this district is just 18 Kms), Shadnagar at 56 Kms away (Kulkacherla mandal is 36 Kms), Pashamylaram 47 Kms, Patancheru 52 kms, kothur 58 Kms and adjoining Chevella and Shamshabad.

### Infrastructure and Resources

**Major Crops of the District:** The major crops from this district are Cotton, Maize, Pulses, Chilli, Ground Nut, Paddy, Wheat, Sugarcane, Turmeric and vegetables growing. Tandur area is famous for Redgram (Pigeon pea) production and many toor dal mills located in and around town and the dal from from area created its own brand name as Tandur Pappu.

**MINING AND MINERALS****VIKARABAD DISTRICT REVENUE DIVISIONS**

Sr.No.	Tandur revenue division	Resources available	Vikarabad revenue division	Resources available
1	Basheerabad	Limestone	Doma	Granite, Stone & Metal, Quartz & Feldspar
2	Bommaraspet	Stone & Metal, Granite	Dharur	Fuller's Earth
3	Doulthabad	Quartz, Feldspar	Bantwaram	Limestone, Laterite
4	Kodangal	Granite, Limestone	Kulkacherla	Granite, Quartz & Feldspar
5	Peddemul	Fuller's Earth, Laterite, Stone & Metal	Kotepally	Fuller's Earth, Stone & Metal
6	Tandur	Limestone	Marpalle	Clay & others, Laterite, Stone & Metal
7	Yelal	Granite	Mominpet	Stone & Metal, Laterite
8			Nawabpet	Laterite
9	–	–	Pudur	Fuller's Earth, Stone & Metal, Laterite
10	–	–	Pargi	Stone & Metal
11	–	–	Vikarabad	Fuller's Earth, Stone & Metal, Laterite

**Tourism and Infrastructure:**

Ananthagiri hills area of this district is an attractive tourist spot where the river Musi, originates and flows through city of Hyderabad. The presence of ancient Anantha Padmanabha Swamy (Lord Vishnu) Temple and the mesmerizing scenic beauty of the hills attract many nature lovers and devotees to this area. The district is also home for many temples like Pambanda Rama lingeshwara temple, Bugga Rameshawaram, Bhukailas, Ekambareshawar, Jhuntutally Rama and Kodangal Venkteshwara Swamy temples. Projects such as Kotipally, Jhuntutally, Laknapur, Sarpan Pally, besides also being the places of tourists' interest, also cater to the irrigation needs of the district.

**Existing Industrial Scenario of the district**

EnterpriseType	Units	Investment (inRsCrores)	Employment
Mega	05	2,627.32	1870
Large	11	532.35	814
Medium	02	16.82	231
Small	40	1275.22	868
Micro	2312	80.92	4936
Total	2,372	4,240.31	8,719

### Mega Enterprises in the District

Name of the unit	Village/Mandal	Product	Invest.in Rs Crs	Employment
1).CCI Ltd, Tandur unit	Karankot/Tandur	Cement	485.00	850
2).Penna Cement Inds LTD	Belkator/Tandur	Cement	485.00	450
3).India Cement LTD	Malkapur/Tandur	Cement	500.00	450
4).Mytrah Vayu (Godavari) Pvt. Ltd	Nazeerabad/Parigi	Power Gen (Power generation by Wind turbines)	600.00	120
5).Clean solar Renewable Energy Pvt.Ltd	Zingruthy/Tandur	Power Gen (Power generation by Solar panels)	557.32	50

### Mega Enterprises in the District

**M/s Mytrah Vayu, a 100 MW wind power generation** unit in Nazeerabad, Parigi Mandal is the first Wind Park in Telangana and is operating at the highest wind turbine height in Asia.

Tandur, the industrial town of this district has reputed cement industries due to availability of raw material minerals like Limestone, Shale and Laterite. Tandur is famous for its blue & yellow colour Limestone and has about 500 micro stone polishing units, These stone units have created a brand name of its own as Tandur flooring stones. There are around 100 Mining units and 35 Bentonite mineral processing units, indirectly contributing to the export revenue of the State.

### Existing Industrial Estates:

**Industrial Estate, Shivareddypet-Vikarabad:** This is one of the old estates, established for setting up of general engineering units in the district. This estate comprises of 79 plots with total area of about 1 Lakh Square meters and 19 working units at present.

**Industrial Park-Ramkamcherla-Parigi:** This estate was established to shift the steel rerolling industries of Hyderabad. This estate comprises of 45 plots with total area of about 3 Lakhs square meters. Only one unit is working in this estate and 33 plots are available for establishing new units in this estate.

Sl.No	I.E/I.P	Mandal	Total No of sheds/Plots	Allotted	Working	Closed	vacant	Remarks
1	I.E Shivareddy Pet	Vikarabad	79	62	19	18	7 (for Sc Entrepreneurs)	25 under implementation. (Few Govt offices are in the estate)

2	I.P Rakamcherla	Pudur	45	3	1	0	33	Plot no 28,29 &30 for GEPIL
								Plots 43 & 45 for Sub-station
								Plots 1,2, & 3 for common facilities
								Plot 33 for steel Rerolling
								Plot 9 & 10 others

#### Identified areas by DIC, suitable for development of new Industrial Parks:

1).Mominpet area of this district is suitable for establishing new parks as there is not much of green belt in this area and moreover it is a junction connecting sadashivpet (14 KMs) shankarpally(28KMs) and Vikarabad (24KMs) and in close proximity to already industrially developed areas like Sangareddy (42 KMs) and Pashamylaram IDA (40 KMs) and Patancheruvu (50Kms). The proposed 4 lane road from Vikarabad-Sadashivpet connecting to Mumbai highway is a added advantage.

2). Areas of Pargi Mandal and 3).Kulkacherla Mandal are close to already industrialised areas Shadnagar (42 KMs), Kothur (60 KMs) and Balanagar (45 Kms) of Mahabubnagar District.

3).The is a good scope for establishing Mineral processing units Park in Peddemul mandal which can process or manufacture products from the Feldspar, Clay, quartz and Bentonite minerals.

#### Large & Medium Enterprises in the District:

Name of the unit	Village/Mandal	Product	Invest.in Rs Crs	Employment
1).Savitri Steel & Rerolling (P) Ltd.	Somangurthy/Pudur	TMT Bars	20.00	63
2).Radical Bio-Organics Ltd.	Jakkampaly/Yalal	Power gen.	27.00	121
3).Bhagyanagar Green. Energy Ltd	Peddamenthal Pudur	Solar power	34.50	18
4).Abiram Steel Ltd	Chityal/Parigi	TMT Bars	20.00	80
6).GEPIL Infrastructure Pvt Ltd	Rakamcherla IP/Pudur (Energy from Industrial Hazardous waste)	Alternate Fuel	10.85	50
7).Penner Industries Ltd	Velchal	Power Gen	15.00	7
8).SSJ Power Projects & Infra Strucuer PVT ltd	Uddamarri/Parigi	Power Gen	30.00	15
9).Maheswari minig & Energy PVT Ltd	Peerampally/Vbd	Power Gen	60.00	30
10).Maheswari mining & Energy PVT Ltd	Kothagadi/Vikrabad	Power Gen	60.00	30
11).Global Coal & Mining PVT Ltd	Naskal /Parigi	Power Gen	60.00	30
12).Vijaya Stone Quarry	Tandur	Stone Cutting & pollishing	10.00	200

13).M/S Photon Energy	Mominpet(v & M)	Power Gen	6.00	6

### Present challenges to overcome for industrialisation

Some Mandals of Vikarabad district like Nawabpet, Vikarabad, Pudur, Pargi are in the upper region of the Catchment area (Shamshabad, Chevalla, Shahbad and Moinabad) of major water bodies of Hyderabad like Gandipet, Osman sagar and Himayath sagar. The origin of river Musi also starts from here. Proper care should be taken keeping Encouraging unplanned industrialisation may affect the

Vikarabad is famous and has its identity for pleasant climate and cleaner environment especially Ananthagiri hills. This has to be preserved as it carries the old saying “Vikarabad ki hava (air), har marz (sickness) ki dawa (medicine)”. Non-polluting white and green category industries can only be encouraged in these areas. Other industries may be

encouraged in areas nearer to neighbouring Sangareddy, Mahbubnagar districts and also mineral based industries in border areas to Karnataka State.

Lack of four lane road high speed connectivity to ORR and Hyderabad and the existing two lane road has too many turns and sharp curves.
